

HUSBAND GETS ALIMONY.—A Chicago judge has decided in cases where women who possess property bring suit for divorce the defendant can claim alimony. The case in question was between a couple of 60 summers who had been married but two years, and the woman had a large amount of property and the man asked, therefore the husband getting for alimony and was awarded it.

A DOUBLE MURDER.—Two men were murdered at Point Ellis, on the Washington side of the Columbia. The mystery which surrounds the tragedy is hard to fathom. The two men were in a boat at the time leaving a whisky scow which was anchored in the bay, and it is not known whether they killed each other or some one else killed them. Their names are Chris Vejins and Frank Nelson.

KNOWN HERE.—J. H. Swager has leased the Merchants hotel, and was in Portland, Monday, Tuesday and Wednesday, buying new furniture with which the house will be equipped throughout, says the Kelo Journal. Mr. Swager is experienced, and under his management the traveling public will find the Merchants second hotel in the county. W. L. Watson, the former landlord, has gone with his family to Ainley and will engage in the hotel business in that place.

BOAT CAPSIZED.—A. J. Surber, while attempting to sail across the river in front of this place Monday evening was capsized. Those on shore who saw the accident at once started in small boats to Mr. Surber's assistance, but before they reached him the steamer Mascot happened along and rescued him from the bottom of the boat to which he was clinging. The river was unusually rough and every sea washed over the man. He was brought to this city and secured the services of Young America work back and picked up his boat and brought it to shore. Monday was perhaps the roughest day ever on the river here, and it was with great difficulty the small craft was able to navigate. Mr. Surber wishes to thank those who assisted him.

GONE TO PENNSYLVANIA.—Ex-Sheriff, Charles F. Doan and family, left Tuesday for Coatsville, Pa., where Mr. Doan has purchased the old home place where he was raised and will engage in farming. The farm is but 30 miles from Philadelphia and in the best part of the state. This transaction was consummated more than six months ago which accounts for Mr. Doan not being a candidate for sheriff to succeed himself. While Mrs. Doan and the children have not long resided in St. Helens they have made many warm friends here who are indeed sorry to see them change their home to such a distance. However, they go with the best wishes of the community. The trip will be made over the Great Northern railroad to St. Paul where a transfer will be made.

THEIR NATIONALITY.—Knut Nelson, of Minnesota enjoys the somewhat singular distinction of being the only member of the United States senate born on the European continent—Europe outside of the British Isles. He is a native of Norway, and the most conspicuous representative in office of the Scandinavian population of the great Northwest. It is a fact, not generally known, that there are four Englishmen in the present United States senate, or more properly, four natives of England—Pasco, of Florida; Mantle, B. of Montana; Wetmore, of Rhode Island; and Jones, of Nevada. There are two Canadians—McMillan, of Michigan and Gallinger, of New Hampshire. There is one Irishman—William J. Sewell, of New Jersey. There are nine Ohio men.

RATHER HARD.—Oregon City Enterprise: "Ex-Superintendent E. B. McElroy and Hon. H. B. Miller are mentioned among the possibilities for the position vacated by President Bloss of the state agricultural college. It may be a puzzle to some people to know where Mr. Miller obtained his experience to fit himself for a college position, but he evidently has some strong supporters for that position. General Killeather, who had the contract of building the basement of the Willamette block last fall, was the originator of the following: "After an Irishman comes to this country and reads the Oregonian for a few years, he becomes so well acquainted that he applies for a professorship in a college." Mr. Miller is a splendid business man we are told, and we are informed that is what the regents of the agricultural college are looking for.

VISITORS FROM PORTLAND.—The city council of Portland, consisting of M. L. Nicholas, J. A. Martin, William H. Mead, George H. Strowbridge, L. D. Cole, J. M. Nickum, T. O. Malone, J. McBrien, S. L. Woodward, T. Peary, W. E. Spurrier, visited this city Sunday afternoon. Accompanying the city council were, City Attorney William M. Caka, Superintendent of Streets, W. B. Chase, Peter McCubbin, superintendent of the crematory, James Monks, ex-councilman, J. L. Poole, J. Sailer of the custom house, M. C. Banell, W. H. Creighton, E. A. Cadwell, J. F. Beddy and Napoleon Davis, Secretary Columbia Telephone Co. Captain E. D. Laman, with his steamer Hoo Hoo, brought the party. The city council had come down to the crematory located at Rocky Point to inspect that institution which is under their control, and after completing their investigation of that institution they came on to this city where they remained about three hours enjoying the refreshing air of a country village and renewing the acquaintance of our people, many of them having been here before, and all of them having substantial business men of Portland. Captain Inman is one of Oregon's leading sawmill men, and Mr. Cole is manager of the J. M. Moyer & Co. clothing and manufacturing establishment. Mr. Caka is a prominent lawyer, and the others are well known to the political and business world. These gentlemen expressed satisfaction at the pleasure of the day and started on the return trip about 5 o'clock much pleased with their days out.

TO IMPROVE WILLAMETTE.—Money is now on hand for improving Willamette and Yamhill rivers, \$40,000, to be expended in accordance with report submitted February 21, 1896, for Willamette river from Portland to Eugene, and in accordance with report of survey dated March 8, 1896, for lock and dam on Yamhill river. Provided, that contracts may be entered into by the secretary of war for such materials and work as may be necessary to complete such improvements, or said materials may be purchased and work may be done otherwise than by contract, to be paid for as appropriations may from time to time be made by law, not exceeding in the aggregate \$200,000, including the amount herein appropriated, and provided further, that the sum of \$10,000 or so much thereof as may be necessary shall be available for the construction or purchase of a snag boat with suitable appliances. Provided further, that the secretary of war may in his discretion use as much of the money herein appropriated as may be necessary to prevent the erosion of the west bank of the Willamette river opposite Salem, and to maintain the river channel at that point.

BASEBALL AT SCAPPOOSE.—A friendly game of baseball was played at Scappoose last Sunday between the St. Helens and Scappoose clubs which resulted in a victory for the former. The contest was witnessed by a large crowd. Many going from St. Helens to Scappoose. The game was very exciting at times and the contestants that occasionally arose were decided promptly and the game proceeded in a good natured way. On the ball ground at times disputes arise which are indulged in very earnestly by the contending sides but as soon as these are disposed of the players are friends and the game proceeds. This was the case at Scappoose. Of course much chaffing took place which was received in good part by either side and when the contest was over it was discovered that the friendly relations between the players had not been disturbed. Two umpires were chosen. St. Helens choosing David Davis and Scappoose selecting Mr. Villians, whose decisions were marked with fairness and readily accepted by the players.

FINED TWENTY-FIVE DOLLARS.—Jack Moran and Ada Lawrence, mention of whose arrest on a charge of adultery was made in these columns last week were accorded a change of venue from Justice Henderson's court at Mayer and were arraigned before Justice Clark of this city Saturday afternoon, at 2 o'clock. Meantime a charge of resisting an officer had been entered against Moran. Subpoenas had been issued for the necessary witnesses, but they could not be found, so by agreement between District Attorney Cleaton for the state and Mr. G. W. Cole for the defendant, the charge of adultery was dismissed on condition that Moran plead guilty to simple assault in resisting an officer. The defendant did, whereupon the court sentenced him to pay a fine of \$25 and costs, in default of which he was remanded to the custody of the sheriff and is now serving his time in the county jail. Lawrence and the woman, husband and wife, left the court room together and probably things will pass along smoothly for a time between them.

A LONG WALK.—David Fraser who started from Aberdeen, Wash., one day last week to walk to Boston, Mass., passed through Houlton, Thursday night, stopping with Mr. L. Meeker. Mr. Fraser is a member of Aberdeen athletic club, and is also correspondent for the weekly Recorder of that city. He has undertaken to walk the entire distance to Boston in 178 days without the use of money except what he earns on the trip. The distance is 3224 miles which would be an average of about 21 miles a day for the entire time. He is to receive \$600 for making the attempt, and if he reaches his destination within the specified time he will receive \$1000 additional. He wears a pair of shoes donated by a St. Paul shoe house, and if they last him the entire trip he returns them to the house and receives \$50 for them. It is said that the London Times will have a man enter the contest with Fraser at Denver for the rest of the journey. This is by all odds the longest journey ever attempted on foot, and no doubt if winter does not overtake the athletic pedestrian he will succeed.

VERNONIA VARIETIES. A son of Dr. Bailey of Hillsboro is one of the many who are fishing in the Nehalem head waters for health and pleasure. Before these lines are printed the wedding bells will have tolled in the marriage of Miss Sophronia Wilkinson, one of our best known and most respected young ladies, to Edward Joseph of St. Helens.

I am sorry to have to chronicle the death of T. H. Lavender, a hard working pioneer, known among his neighbors as an honest, conscientious citizen. He carried on a blacksmith shop at Vernonia for several years and was prominently identified with the upbuilding of the town and surrounding country. He leaves a wife and four children to mourn his loss.

Last Saturday Jos. Coulter discovered a fire in the brush dangerously near his barn. On investigation it was found to have been set out either carelessly or maliciously by some scoundrel or dastardly scoundrel. The law cannot be so severe on the crime of setting out timber fires in a new country. Necessity compels the settlers to build houses and barns in clearings, altogether too small clearings for safety from forest fires, and no man with a spark of humanity will endanger a neighbor's barn and house, the results of perhaps a lifetime of hardship, by carelessly setting out fires at this time of the year. This summer is unusually dry, and consequently fires are more than usually dangerous, and I would suggest that a synopsis of the law relating to setting out fires in Oregon would be interesting reading for Tim Misk's subscribers.

Circuit Court. An adjourned term of circuit court was held here Monday, with the following officers present: Hon. T. A. McBride, judge; C. E. Rynon, official reporter; Judson Weed, clerk; J. N. Rice, sheriff. Due proclamation being made, the following proceedings were had:

MARRIED. DILLARD-HOLCOMB.—At Taylor street M. E. chapel in Portland, on Monday evening, July 6, 1896, by Rev. Charles E. Locke, Mr. W. B. Dillard and Miss Susie B. Holcomb. Mr. and Mrs. Dillard returned to St. Helens last Saturday and have taken up their permanent abode in the nest cottage recently erected on Honesty hill by Mr. Dillard. While the groom is well known throughout Columbia county and therefore needs no introduction to our people, it is but just to say that his bride is one of Portland's most highly esteemed young ladies and a recent graduate of the High school of that city. Tax Misk extends congratulations and welcomes the bride of our esteemed townman to the social circle of our city.

OBORG-OLSEN.—At the home of the bride at Deer Island, on Saturday, July 11, by Justice Edwin Merrill, Mr. H. A. Oborg and Mrs. Christine Olsen. Those present were: Mr. and Mrs. I. Bumgardner, Mr. and Mrs. Frank Swager, Mr. and Mrs. B. C. Enyart, Mr. and Mrs. S. B. Spilwa, Mr. and Mrs. Hoven, Mr. and Mrs. Charles Smith, Mr. and Mrs. C. L. Olsen, Mrs. Nancy Gore, the Misses Mattie and Mary Bumgardner, Allie Lyons and May Enyart, and others whose names our reporter could not remember. After the ceremonies an elaborate dinner was indulged in. The happy couple were the recipients of numerous presents. A laughable incident of the occasion was the failure of the groom's father to witness the ceremony. He was up stairs making his toilet and the wedding party, forgetting about him, announced that all was ready and the proceedings began and were finished before the old gentleman appeared, who, by the way, was much disappointed to find that it was all over with the guests, after wishing the newly wedded couple a long and prosperous life, took their departure.

BORN. NELSON.—At Warren, Oregon, on Wednesday, July 15, 1896, to the wife of John Nelson, a son.

DIED. MESERVE.—At Oregon City, on Wednesday, July 15, 1896, of consumption, Louise, wife of Charles Meserve.

STUMP.—At Scappoose on Saturday, July 12, 1896, Outhbert Stump, sr., aged 87 years. Deceased was born in Hardy county, Virginia, in 1809. In 1837 he emigrated to Missouri, where he resided for fourteen years. In 1851 he again emigrated, this time coming to Oregon, where he has resided ever since in Multnomah and Columbia counties. He was a respected citizen and was well known to most of the old settlers. The interment took place at Scappoose Monday.

Governor Lord has issued a circular calling the attention of the public to the law, relating to the setting out of fire. Our people will remember that there is a heavy penalty attached where fire set out by one person does damage to another, consequently great care should be taken in the premises.

PERSONAL AND LOCAL. The Mier and Oregonian one year for \$2.00 in advance. Mrs. M. O. Case, of Houlton was a Portland visitor Tuesday. Mr. James Muckle has been down on the Coweman this week looking after his logging interests there. Adam Stump and Dan Balch, of Scappoose were among the visitors to the county seat this week. License to wed were issued by the county clerk Tuesday to Edward Joseph and Fronie Wilkinson.

Taylor, of Astoria was attending to business before the circuit court in this city last Monday. George E. Davis, and E. E. Coover of Portland, were in this city Monday looking after legal business before the circuit court.

Miss Allie Lyons, who last Friday closed a successful term of school at Reuben, was a pleasant caller at this office Monday. Chamberlain's Cough Remedy cures colds, croup and whooping cough. It is pleasant, safe and reliable. For sale by Dr. Edwin Ross. A. H. Powell of Pittsburg was in the city Wednesday, having brought his son, William, and wife this far on their return to Cottage Grove.

Mr. Arthur Moore and his sister, Miss Kittie, of Salem, came down last week and visited several days with relatives and friends in and about St. Helens. Edward Philbrook of Astoria spent Sunday with his parents in this city. Ed. has a position as stenographer in the cannery of J. O. Hanthorn & Co., at Astoria.

David Davis of THE MIER, started Tuesday for Roseland, B. C., where he expects to enjoy about two weeks recreation and at the same time visit his brother and examine into the mining operations in that district. County clerk Weed and family, and Mr. E. E. Quick and family expect to take a vacation soon and will go to Nehalem for the purpose of enjoying the mountain, air and scenery.

The bills incurred by the state militia while at Astoria during the recent strike, were audited by the state board at Salem last Tuesday, and the aggregate expense to the state in quelling the strike that cost individuals thousands of dollars, was but \$3000.

Mr. Frank Daw and family, Captain and Mrs. Hoogkirk expect to go to Nehalem about the last of this month for a few weeks outing. They will camp at the farm of Mr. Fitzgerald on Rock creek, where it is said there is good trout fishing and also plenty of blackberries in their season.

The political omelet which now confronts the country, furnishes food for reflection twenty four hours out of every day, and the more one reflects the less certain the mind becomes as to future prospects. This is an exceptional year, in which questionable politicians take a prominent part. It will be interesting to know what the result of this state of chaos will be after the smoke of battle clears away next November.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy—Mrs. Mary Sibley, Sidney, Mich. For sale by Dr. Edwin Ross.

The Good Templars of this city gave an ice cream party at the picnic grounds Wednesday evening at which time nine gallons of that delicious article was disposed of in short order. A large crowd and a warm day are two essentials necessary to dispose of ice cream, and these two conditions prevailed Wednesday. The city council of St. Helens gave to the water works company a bonus of \$400 under a contract to supply the city with pure water. Now the company permit the entire supply of the reservoir to be drawn off for irrigating gardens. Then they pump up Columbia river water to fill up the reservoir, and we citizens are forced to drink mixed spring water and Portland sewerage water. Gentlemen of the water works company, see to it that your part of the contract is filled, even if you shut off all irrigation. And perhaps that is the best after all, as there is a question of forfeiting the \$400 paid you. Wm. H. DOLMAN.

It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected.
