

SPeAKING AT MAYER.—Hon. C. B. Moore, speaker of the house of representatives, will deliver a political speech to the people of Mayer and Oak Point precinct this (Friday) evening.

VISITED CLATSkanie.—Last week County Judge J. B. Don and Commissioner Frakes visited Clatskanie for the purpose of making an examination of the Clatskanie river with reference to its navigability.

ON THREE CHARGES.—Suit against Geo. F. McConnell, defaulting treasurer and keeper of records and seal of the Oregon Knights of Pythias, was instituted last week in Portland on three charges of forgery of a bill of exchange. The first is the forgery of a bill of exchange for \$33 on the First National bank of Corvallis, July 14, 1896. The name of E. M. Sargent was forged. Eight witnesses appeared before the grand jury. The second is a bill of exchange on the First National bank of Hillsboro for \$53, with the name of E. M. Sargent forged on the back. The third is for \$54 on the Eugene Loan and Savings bank, issued on the London and San Francisco bank of Portland. McConnell's trial is set for November 6th.

A POPULAR DIME.—A sample of popular currency was exhibited in this city last week, and seen by a Mint representative, which, if Bryan is elected, and that style of currency comes in common use, it will require a stout man to wag along under a load of more than six bits. The coin was a dime, which, in size, was about one-third larger than one of our present silver dollars, and in proportion to that specimen a dollar coin would be larger than a dinner plate. We did not learn the ingredients of the object, but on one side were the words "one dime," and on the other side, in a brace are its essentials, as follows: "Bryanism, luxury, anarchy, incendiarism, Coxeyism, repudiation, fatism," and other such pleasing terms, the whole number being sixteen, we suppose to represent the 16 to 1 proposition, and on the right of the brace are the words "Honest Money."

THE OREGON CITY FALLS.—Persons visiting Oregon City at present are much astonished to find that owing to the low stage of the river, there are practically no falls there. The Portland General Electric Company constructed a low dam clear across the river a year or two since, a short distance above the brow of the falls, and now the dam holds all the water and turns it down the canal in which the locks are, and one now walks on the shod across the river on the brink of the falls. This is not likely to happen often, as owing to the dry season the river is unusually low. The present would be a good time to fix up a fish ladder to enable the salmon to get past the falls. It would be possible to blast out any kind of a channel now or build a regular staircase, which would enable the salmon to walk over the falls at any stage of water. The height of the falls is about forty feet, and during the flood in February, 1890, the river ran level there, the fall being completely obliterated. Now the other extreme has arrived, and there is no water going over the falls.

EASTERN STAR ANNIVERSARY.—Last Saturday evening Mizpah chapter, order Eastern Star, of this city, celebrated its second anniversary in an appropriate and pleasing manner. Visitors from other chapters were present, besides a number of outsiders who had been invited to enjoy the hospitality of the stars. The early part of evening was devoted to initiatory work of the order, after which the guests were asked to proceed to Masonic hall, where all were entertained in a delightful manner by the members of the order until about 10:30, when all were invited to the lower hall, where a luncheon was in waiting for the throng.

NOMINATED LINCOLN.—The first republican delegates elected in this state, to the Chicago convention in 1860, were Hon. A. G. Hovey of Eugene, Dr. W. Warren, and Lander Holmes. At that time no railway lines spanned the continent and the quickest way of reaching the East was by water around Cape Horn. Messrs. Hovey, Warren, and Holmes had planned to go East on a visit to where this became known that they were selected at the state convention held in Salem in 1859 as the delegates, being instructed to cast their votes for Seward. When the time came for going owing to sickness and other causes the delegates did not go to the convention but sent their proxies to Horace Greeley, supposing that he would cast his votes for Seward. However, Mr. Greeley was opposed to Seward and cast his entire vote for Abe Lincoln, who received the nomination, and was afterwards elected president. Of these delegates Mr. Hovey is the only survivor. The first republican presidential electors from this state, elected in 1860, were Th. J. Dwyer, B. J. Penra, and W. H. Watkins. Mr. Penra is the only survivor of these three. It was through the Oregon delegation that Lincoln received the nomination, the three from this state giving him a majority.

A BODY FOUND.—Wednesday morning at Luo Bay and Sam Chamboagne went down to the Columbia, which opens into the Columbia about three miles below town, to raft some logs for Myler Bros., they found the body of a man floating among the logs, and securing it, immediately came to town and notified Coroner McLaren, who went at once to the scene and summoned a jury. The only witnesses who could be found were the two afore-said men who found the body and they knew nothing save what has been told. An examination showed that the man was about fifty years of age, quite gray with very light hair, and mustache with only a few days' growth; teeth sound, height about five feet six inches, weight probably 140 pounds. There were no visible marks indicating violence, on the contrary symptoms indicated drowning. The body was dressed in a dark three-button cutaway coat, a blue duck jumper, three shirts, the outside one being fastened at the neck with a small rope, two pairs overalls and a pair of boots. The pockets contained one pocket knife, two cents in money, and six handkerchiefs, three of which were common red cotton, one silk with red border, and two linen. The name of "E. Laidlaw" was upon one of these. As the body was in a state of rapid decomposition it was buried on the east bank of said slough. It is quite probable that the man was trying to find his way down the river and rather than go around that long slough, tried to cross upon the logs and fell in.—Rainer Review, Oct. 9.

A SUCCESSFUL HATCHERY.—The government hatchery on the Little White Salmon is likely to prove a success this season. The remains of the big school of chinook salmon, which entered the river a short time before the close of the fishing season, did not reach the cascades until after the season closed, and it was expected that they would be scooped in by the wheels at The Dalles after the end of the close month. The fish dallied along the middle river, and instead of attempting to force the passage of the dalles, turned up White Salmon and other tributaries, and any number could be taken at the Hatchery on Little White Salmon. The capacity of the hatchery is 3,000,000 eggs, which have been secured, and a lot more besides to send to the Clackamas hatchery. A fine lot of eggs has also been secured on Salmon river, a tributary of the Sandy, and sent to the Clackamas. At the cannerymen's hatchery, on the upper waters of the Clackamas, 2,750,000 eggs have been secured, and about 2,000,000 have already been hatched. Mr. Reed, ex-fish commissioner, who is in charge, expects that the establishment will place 2,500,000 young salmon in the river before the season closes.

UPWARD.—What is gradually ascending in price, a fact that will be pleasing to everybody. It is now \$1 cents with an upward tendency. The Examiner says: "The primary cause of the advance in prices is the war scare in England over the situation in Turkey. England needs wheat and is forced to buy it in America. The wheat crop on the continent is small. In Russia, in the Danube countries, in the Argentine and in India the crop this year does not by any means meet expectations. In the warehouses at Liverpool and London the stock of wheat has been smaller in the last six months than it has been in many years. The supply has been little more than enough to satisfy the demand. The prospect of war has increased the demand to a very large degree, and England, as already indicated, must come to America. This condition of affairs has strengthened prices greatly. It is expected that prices will be maintained as long as the English market remains firm."

KNIGHTS OF PYTHIAS GRAND LODGE.—The Knights of Pythias grand lodge of Oregon was in session in Portland last week, where they elected the following officers for the ensuing year: Grand chancellor, Turner Oliver, of La Grande; grand vice-president, Otis Patterson, of Heppner; grand prelate, William M. Cake, of Portland; grand master-at-arms, J. F. Kennedy; grand inner guard, J. R. Beagle, of St. Helens; grand outer guard, Charles Fellows, Supreme Chancellor Colgrove was in attendance during the session. Wednesday evening was the Pythians' night at the exposition, and is reported to be the greatest of the order nights at the fair this season. The street parade was a grand affair, nearly 2000 members of the order being in line.

A NARROW ESCAPE.—Last Saturday morning during the prevalence of a heavy fog, the section hands on the Northern Pacific railroad, for the Houli-ton section, had a narrow escape for their lives. It was below Columbia City that the section hands were wending their way along the track on a hand-car, when a freight train came suddenly and unexpectedly bore in upon it, and it was so close to them when they saw it that they had only time to look after their own safety, and let their car take care of itself. No loss of life or injuries to any of the men were sustained, but the hand car was frightfully demolished, and the men all feel grateful to Divine Providence that their lives were spared.

MUST ATTEND INSTITUTE.—State Superintendent Irwin has issued a circular to those teachers holding state certificates who have failed to attend county institutes, directing them to report to the county superintendent and give reasons for such non-attendance. The law gives the county superintendent the right to revoke certificates, reduce the grade or refuse to grant certificates to teachers failing to attend institutes, and Superintendent Irwin is of the opinion that the same right is invested in his office with regard to teachers holding state diplomas.

SENT TO HIS NORTHERN IN GERMANY.—Mr. Jacob Ebensohn, who is in the employ of the Chicago Lumber Company, at Des Moines, Iowa, says: "I have just seen some medicine back to my mother in the old country, that I know from personal experience to be the best medicine in the world for rheumatism, and I am giving it to my family several years. It is called Chamberlain's Pain Balm. It always does the work." Fifty cent bottles for sale by Dr. Edwin Ross.

On Wednesday forenoon a horse belonging to Mrs. Stripling, of Seapooose, broke loose from the cart to which it was hitched and ran down the main street, where it was caught. The harness was pretty badly torn up. In a recent letter to the manufacturers, Mr. W. F. Benjamin, editor of the Spectator, Rushford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote me, asking if they were sold here, stating that if they were not she would bring a quantity with her, as she did not like to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and croup; Chamberlain's Pain Balm for rheumatism, lame back, pains in the side and chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for cholera complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit, and unequaled by any other. Surprise Party Near Mist.

A very pleasant surprise party was given by Mr. and Mrs. C. B. Fisher, at their residence near Mist, on the evening of the 3rd inst., in honor of their daughter, Hattie's, seventeenth birthday.

The affair having been quietly arranged without her knowledge, Miss Hattie was not a little surprised when, early in the evening, the guests began to arrive; but she was not long in divining the meaning of their presence, and with her usual composure and cheerful manner gave each a hearty welcome. The evening was spent in social games in which all took part, and report having enjoyed themselves very much. Just after the clock told the hour of eleven, refreshments were announced, and when the young man and their best girls had been comfortably seated, a delicious luncheon was served to which all did ample justice. When all had partaken of the delicacies served, and imbued freely of lemonade, — thus which there could be no better made — the remainder of the time was devoted to social chat. Many expressions of good wishes and happy returns of the day were extended to Miss Fisher as the guests took leave for their respective homes.

Among those present were Mr. and Mrs. C. B. Fisher, Miss Minnie Baker, Sadie Orwig, Ruby and Mary Hatt, Louise Bergman, Hattie, Eva, Bertha, and Ada Fisher, Messrs. F. York, Louis Orwig, L. J. Meserve, Wm. and Arthur Hatt, and Oliver Fisher, and Masters Clifton Orwig, Lonnie Thomas, and Ezra Fisher.

ALLEN & CLETON, Attorneys for Plaintiff.

Citation to Heirs.

In the Circuit Court of the State of Oregon, for the County of Oregon, Plaintiff,

Lindley Meeker, and all heirs at law of Levi French, deceased, defendants.

INFORMATION HAVING BEEN FILED in the above-entitled Court and Cause on the 29th day of March, 1896, by W. N. Barrett, then district attorney of the 9th Judicial District of Oregon, wherein it is averred and shown that Levi French, then a resident of Columbia county, Oregon, died intestate in the county of Multnomah in said state, on the 19th day of March, 1895.

That said French, at the time of his death, owned in fee all that portion of the following described real estate lying within the county of Multnomah, to-wit: Beginning at a point 87 degrees 10 minutes E 5.60 chs from that corner of the Assessor's donation land claim that is situated N 66 degrees 06 minutes E 7.45 chs from the quarter post on the west side of section No. 4, township 20 N 4 E, range No. 1 W of Willamette Meridian; and thence running N 92 degrees 10 minutes E 8.35 chs to a stake; thence S 62 degrees 10 minutes E 30 chs to a point 30 feet from the center of the N. W. railroad, as the same is now built; thence S 77 degrees W, and parallel with the center line of said railroad to a point in the center of Milton creek; thence up the center of Milton creek to a point where a line extended S 52 degrees 16 minutes W from the beginning post would intersect the center of said creek; thence N 32 degrees 10 minutes E to the place of beginning; all in Columbia county, Oregon; and then had in his possession a large amount of money.

All of said property is within this judicial district, and within Columbia county, Oregon.

That the estate of Levi French has been fully settled, and the same is free from debts. That said Levi French left no heirs at law, and by reason thereof and of his intestacy all of said property has escheated to the state of Oregon; and that the defendant Lindley Meeker is in possession of the same. That about the 1st day of November, 1894, the governor of Oregon was informed of all the foregoing facts, and he then gave leave to said district attorney, Dillard & Cole to prosecute this action, and authorized the employment of said district attorney herein, and asking judgment that said estate has escheated, and that the State of Oregon be seized and possessed of all of said property and directing the sheriff of Columbia county, Oregon, to sell said real estate and make return of his proceedings according to law.

It is hereby ordered that all persons interested in the estate of said Levi French, deceased, or in said property, appear in this cause within sixty days from the date hereof and show cause, if any they have, why title to all of said property should not vest in the State of Oregon, and be sold as required by law; and that this order be published for at least six consecutive weeks from this date in the Oregonian, a weekly newspaper published regularly in Columbia county, Oregon.

Donalds ordered in open Court, at this May term, 1896-August 28, 1896.
