

**NOVELTY.**—Harrison Allen and B. S. Hattan have an election agreement that if McKinley is elected Hattan is to wear a pair of civet shackles all day and if Bryan is elected Allen is to wear the shackles. It was mutually agreed that if the losing party refuses to comply with the stipulations the other is to summon assistance and by force compel compliance with the agreement.

**RETURNED MONDAY.**—Mr. N. A. Perry, of Houlton, who has been on a two weeks' visit to Muscatine, Iowa, returned home Monday, much pleased with his trip. His mother, who accompanied him East, will return in about ten days. Mr. Perry visited St. Paul, Chicago, and other of the large cities. He says two votes were taken on board the train on his trip and the majority for McKinley was three to one, and that the indications all along his line of travel was exceedingly favorable to the republican candidate.

**HALF FARE RATE.**—A grand republican rally will take place in Portland tomorrow. On the steamer Thompson tonight and the Potter tomorrow passengers will be carried to Portland at half fare, the tickets being good to return on the Thompson Saturday night and on the Bailey Gatzert Sunday night. Round trip tickets from St. Helens will be sold for 50 cents. The greatest street demonstration ever seen in the Northwest will be seen in Portland on that occasion. Prominent speakers from different parts of the country will deliver addresses.

**JUMPED AT CONCLUSIONS.**—A prominent young minister of this city was standing in close proximity to two young men at the speaking this afternoon, when he suddenly missed his purse, says the Eugene Guard. Hastily jumping to the conclusion that the young man had picked his pockets, he seized both of them and called to Marshal Day who was near at hand. The young men were taken to headquarters but objected to being searched. Marshal Day retained the young men in custody while the minister went home to see if a search would reveal his purse there. He found it in another pair of jeans.

**THE ORDER GROWING.**—The report of the supreme representatives from Oregon to the 19th biennial convention of the supreme lodge Knights of Pythias, at Cleveland, Ohio, August 25, shows the receipts of the order for the year ending December 31, 1895, to be \$4,032,895.79. This shows a gain during the past year of \$48,246.36 over previous years. The subordinate lodge assets December 31, 1895, were \$8,010, \$11,651, being an increase of \$471,328.59. The expenditures for relief in the year 1895 were \$1,250,696.43. The number of subordinate lodges December 31, 1895, was 6,494, being an increase in the two years preceding of 496. The membership of the order December 31, 1895, was 464,539, being an increase during the preceding two years of 9,924.

**HIGH HANDED OUTLAWRY.**—The Crook County Journal gives the following account of a transaction that occurred in the South Fork country in Grant county: "Some sheep from the Mitchell country moved in on territory which the cattlemen say shall not be heard by sheep. One day last week fourteen armed men visited this trespassing band of sheep, and one of the party, who was masked, relieved the herder of his gun, at the same time giving him some pointers as to the advisability of his remaining in that section of the country if he placed any valuation on his life. The whole party then fired into the band of sheep, killing and wounding from 200 to 250 head, burned the camp out fit and departed; promising to return again if the sheep were in that locality at a given time."

**JUDGE MORELAND'S ADDRESS.**—Judge J. C. Moreland, of Portland, addressed the citizens of St. Helens and vicinity at the courthouse in this city last Friday evening. The courthouse was comfortably filled by an interested audience. Preceding Judge Moreland, Judge Frank J. Taylor, of Astoria, discussed the political situation for about an hour, and presented sound argument upon the questions at issue. Judge Moreland, in his able address, especially appealed to the patriotism of his hearers to strive to preserve the good name of the nation, that its standing at home as well as abroad might be pointed to with pride by every citizen of this country and by every nation of the world. At the conclusion of his speech three cheers were offered for McKinley and Hobart which was followed by three cheers for the speakers.

**ASKED TOO MUCH.**—The case of the Astoria Railroad vs. S. H. and Minnie Tryon came up in the circuit court on Thursday last week before a jury of twelve men. The plaintiff brought suit to acquire right of way across the land of the defendants, whom the plaintiff claims to have offered \$500 for such privilege, although Tryon denies this and says the most he was ever offered was \$25 and in his answer to the complaint avers that he would be damaged to the amount of \$9,000. Some of the evidence was taken Thursday. Friday morning the little steamer Hoo-Hoo took the jury down to inspect the premises and brought them back late in the evening. The arguments by opposing counsel took most of the forenoon Saturday and then the jury retired. About 4 o'clock they returned a verdict allowing the defendant the sum of \$400 damages. It is not known as to whether or not the case will be carried to a higher court.

**Election Laws.**  
The law touching upon the qualifications of voters is as follows:  
"That every white male citizen of the United States of the age of 21 years and upwards, who shall have resided in this state during the six months immediately preceding such election, and every foreign born male who shall have resided in this state six months and declared his intention to become a citizen one year preceding the election, shall be entitled to vote at all elections. Voters can vote in any precinct in the state for president. If a man lives in Salem and wishes to be in St. Helens on election day, he can vote in St. Helens. He must be a resident of the state six months. No time of residence is required in the county. A foreigner does not have his full papers on vote. If he has taken out his first papers, on vote prior to November 3, 1895, he is entitled to vote."

The building is to be two stories in height, 28x40 feet, the upper room to be used as a meeting place for secret societies, and when completed will be an adornment to the town and a convenient building for the public. Mr. Tarbell will occupy the lower part of the building just as soon as it is completed.

In a recent letter to the manufacturers, Mr. W. F. Benjamin, editor of the Spectator, Rushford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote me, asking if they were not she would bring a quantity with her, as she did not like to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and croup; Chamberlain's Pain Balm for rheumatism, lame back, pains in the side and chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit, and are unequalled by any other. They are for sale here by Dr. Edwin Ross.

**National Flag Day.**

HEADQUARTERS REPUBLICAN LEAGUE OF OREGON.

PORTLAND, Oct. 27, 1895.—Saturday, October 27, having been designated by Chairman Hanna, of the republican national committee, as "Flag day," when all who intend to vote for McKinley and Hobart and maintain the honor of the nation and the perpetuity of its institutions, are requested to decorate their homes and places of business with the national colors and display the stars and stripes to remain until after election. The executive committee of the Republican League of Oregon urge the display of the national colors as requested; also that each individual member of the clubs do the same and wear a bow or knot of the national colors on the lapel of the coat. It is the desire of the national committee that all clubs get up a large local demonstration as possible, winding up with a procession and speeches. This should be the program in every locality.

H. L. WELLS, Secretary.

**Smith at Warren and Yankton.**

Last Monday evening, as has been announced, Mr. R. G. Smith, of Grants Pass, spoke in behalf of the republican doctrine to a large audience at the schoolhouse at Warren. Mr. Smith certainly presented a logical and persuasive argument as any speaker has yet presented in this county. His remarks were confined strictly to the money question, upon which he is thoroughly versed in every detail. Mr. Smith took the history of finance from the founding of our nation, and in his inimitable manner he plainly proved the correctness of every statement as he proceeded in his able discourse. His remarks were particularly directed to those who are in favor of the free coinage of silver at the 16 to 1 ratio, and to a liberal mind he proved the policy adverse to the best interests of our country.

Hon. Robert G. Smith, of Grants Pass, addressed a large audience at Yankton Tuesday evening. The schoolhouse was inadequate to accommodate those present, and standing room, for a time, was at a premium. Many ladies were present, and seemed to take great interest in what was being said. For an hour and a half Mr. Smith discussed the financial question in detail. His logic was so clear that the smallest child, not blinded by prejudice, could have understood it. Reviewing the history of the money of this country from the time the Pilgrim fathers landed on the Atlantic shores until the present day, the speaker illustrated the changes which had been made and the result which followed each change in our monetary system—matters of history which are not so closely studied as they should be—and showed beyond a question of doubt in the mind of reasonable men that labor received its lowest compensation under a free coinage law. A little amusement was occasioned at the close of Mr. Smith's address when a Mr. Johnson, who had been noticed taking some notes during the speech, asked for time to make a few remarks. The request was granted and the gentleman proceeded by saying, first, that the money was the money of the constitution, or that a piece of paper bearing the government stamp was as good as gold or silver because of the guarantee of the government to pay it, or in other words that the guarantee of the government made a thing worth a certain sum, regardless of its commercial value. In the next sentence he declared that money was a commodity and its price was regulated by the well established law of supply and demand—two statements which directly contradict each other, as the audience could readily see. He went on further to say that he stood on the republican platform of 1888 and 1892, but that the party had left both the platform and himself, and in conclusion that he favored protection for the people of this country regardless of any other. Since the gentleman claims to stand upon the republican platform of 1888 and 1892, it might not be out of place to ask "Do these platforms bear any similarity to the platform upon which Mr. Bryan seeks election?" and if he "believes in protection for this country" how is he going to get it by voting for free trade as declared for by Mr. Bryan and his platform? At the close of Mr. Johnson's remarks Mr. Smith took about five minutes to dissect the inconsistencies he had advanced and the meeting adjourned.

**VERNONIA VARIETIES.**  
John Taylor has returned to California.  
T. J. Brink visited the county seat last Monday.  
W. W. Allen has opened a meat market on Second street.  
Miss Nettie Guild has returned to her home near McMinnville.  
Miss Bird Brown, of Hillsboro, made a flying visit to her claim on Crooked creek last week.  
Alex. Sword and wife, who have been visiting in Illinois for the past year, have returned to Vernonia.  
T. E. Mills has been appointed county central committee man for Auburn precinct in place of S. B. Rose.  
Miles Everett, of the Hillsboro pharmacy, left his pillrolling for a few days last week and visited his farm on Rock creek.  
Mr. Miller, of Hopkins, was at Vernonia on Monday and reports McKinley voters plentiful in that part of the Nehalem.  
A pleasant party met at the residence of Clarence Adams last Friday night and enjoyed themselves until nearly morning.  
A sample of rock from one of the new Rock Creek mines was assayed in Portland last week and found to contain \$1.78 per ton.  
The directors turned out and set an example to the residents of the district by cleaning off the ground for the new schoolhouse.  
A little child of Louis Boeck, of Upper Rock creek, had a finger chopped off last week and was brought to Vernonia for treatment.  
The Vernonia school directors have secured the Webster hall to hold school in for the coming five months, the present school building being crowded beyond its limit.  
Joseph Vanbariccom has again shown his interest in Vernonia by very generously donating a whole block of land for a school site, and before next winter we expect to have a schoolhouse sufficient for the needs of the district.  
Hon. H. V. Gates, of Washington county, addressed the people of Vernonia upon the political issues last Saturday night. The people were well entertained by a concise and logical presentation of the fallacies of the claims of the Bryanites. He defied any one to refute his arguments and the populist opened not his mouth, except to ask a question relating to the action of the supreme courts forty years ago. He showed conclusively that the populists were being made tools of, and that their candidate Watson was being used as a catspaw to get their votes (cheese) out of the fire.

**Two Lives Saved.**  
Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her, and she says saved her life. Mr. Thomas Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery, and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Dr. Edwin Ross' drug store. **Mr. Spangh Protests.**

W. H. Spangh, whose name appears on the fusion ticket as a presidential elector, writes a letter to the secretary of state protesting against his being designated as an official ballot as a "people's, democratic, silver republican." The letter is as follows:

"FLORENCE, Or., Oct. 16, 1895.—Hon. H. R. Kincaid, secretary of state, Salem, Or.—Sir: The newspapers inform me that in preparing the ballot for the approaching election, you have designated me as a candidate of the democratic party, people's party, and silver republican party for presidential elector, and have so certified my name to the various county clerks. This does not conform to the facts. I was duly nominated for elector by the people's party, and as their candidate I have accepted that nomination and filed my acceptance, under the law in your office. I have never filed any other acceptance, and I hereby protest to you and through you to the county clerks of the various counties of the state, against being designated as either a democrat, or a free-silver republican on the official ballot. I cannot consent that the people of the state shall be under any misapprehension as to my political position or party relations.

"I therefore request that you give this letter out for publication, so that the people, if they choose to vote for me, may know exactly what my political affiliations are."

W. H. SPANGH.

"The Workingman's Friend."

Mr. E. Hofer, editor and proprietor of the Salem Journal and also fusion candidate for presidential elector, goes about the country posing as the friend of the workingman. The Salem Typographical Union, No. 210, is a labor organization, united for the purpose of upholding the intellectual, moral and pecuniary standard of the working classes, as law-abiding citizens; it is, therefore, the bounden duty of each and every member and member as a whole to further our interests by any legitimate action aiming to that end. Therefore, it is not only in harmony with good unionism, but it is the duty of each and every member to resist to our right of suffrage when all other efforts have failed to accomplish such purposes; and when an enemy to our cause and an antagonist to our principles seeks political preferment at the hands of the voters we, as organized people with the right to vote, should exercise that right in accordance to the welfare of our obligation; and

"Whereas, We are such a man in E. Hofer, editor and proprietor of the Salem Journal, and candidate for United States presidential elector on the Bryan fusion ticket to be voted for on the 30 day of November, this year. For years Mr. Hofer has been a menace to labor and its union in this city, working his employees at starvation wages.

"He had been petitioned many times to grant this union some concessions, but without avail, until in the year 1891 his office was declared 'unfair,' and again in 1895, in the month of March, for the last time. A boycott was then ordered by the union, and the following notice printed in the Statesman on April 1 by the secretary:

"To Business Men—By order of Capital Typographical Union, No. 210, the following are the 'fair' printing offices, which have been recommended to the members of this union, to wit:

"The dastardly un-American method of dictating to business men whom they shall employ and whether they shall be employed, is played out and ought to be smashed here in Salem, as it has been everywhere.

"A few cigarette-smoking blatherers cannot dictate to the business men of this city who they may or may not order printing of. 'Men who cannot run their own business have no right to dictate to others how they shall run theirs.' It remains to be seen whether a few labor agitators can hold up the town."

"In the face of all this Mr. Hofer has and is now attempting the state declaring that he is the friend of the farming and laboring classes, while one week ago he discharged a typewriter with a family that he was paying \$4 a week and hiring two men to work for him at \$3.50 per week and the other \$1.50. He said he did it to 'cut down expenses'—of \$1 per week. 'Three more typewriters be paid \$4 each per week, and he worked years at the business; another \$1 a week, and his pressman \$3 per week, making a total of \$21 per week for seven people; an average of \$3 per week for each man's wages for one man. His foreman is a 'rat' and receives \$10 per week. And yet Mr. Hofer says that he is the workingman's friend and that his employees can be no worse. His employees are all poor people and depend upon their wages for their bread. One young woman keeps herself and needs to support her mother and a man and his wife subsist on \$3.50 per week. These are truths on record; there fore be it.

"Resolved, That we denounce such damnable oppression of the poor laborers and refuse to support any man that is responsible for it. We, therefore, ask the laboring classes and unions to join with us in the defeat of Mr. Hofer for presidential elector."

"W. D. TORREY.

"Sec. Typographical Union, No. 210."

Attached to the foregoing is a part of the circular is the following affidavit: State of Oregon, County of Marion—s. a. I, O. D. Rennie, being first duly sworn, do hereby certify that the wages paid by the Salem Capital Journal to its employees, as set forth in the resolutions adopted by the Salem Typographical Union, No. 210, at its last session, are correct up to the 17th of October, 1895, the time when I severed my connection with that paper.

Subscribed and sworn to before me this 26th day of October, A. D. 1895. J. C. Booth, notary public for Oregon.

**CLATSkanie.**

It is reported that the city hotel is soon to reopen.

Clatskanie schools are being somewhat interfered with on account of an epidemic of measles that is threatening to prevent the attendance of scholars for awhile.

N. Merrill was taken to the Good Samaritan hospital in Portland, leaving here Friday evening. It was thought as a surgical operation for his relief might be undertaken but it has not yet been done. He was better at last accounts.

The distinguished Hofer, of Salem, did not reach this place to fill his appointment Monday evening, so our local adventurist orator, Perrine, ever ready to preach, sing or talk free silver, took the platform and gave his audience the usual declamation 'against Europe and the money question.'

The teachers of our schools seem to work in full accord, which is very commendable. They go out on an occasional evening either boat riding or carriage riding to study astronomy, and on a Saturday afternoon to study geology, and in general keeps up their interest in the natural sciences. Autumn leaves are quite an attraction these days also.

Judge Moreland gave one of the splendid speeches of the campaign on Tuesday evening of this week. His presentation of the issues involved in this presidential contest was as candid and sensible as we have ever privileged to hear. He was full of protection, for honest money, and above all for supremacy of law and order and for increased devotion to the flag as the emblem of our national honor was calculated to appeal to our patriotism rather than our party prejudices, but at the same time was a convincing speech that the success of the republican party and the principles it stands for success to the nation at large. His reasoning was logical and sensible and was in marked contrast to the class prejudice of the free silver oratory that we have listened to.

sent it to His Mother in Germany.

Mr. Jacob Eshenson, who is in the employ of the Chicago Lumber Company, at Des Moines, Iowa, says: "I have just sent some medicine back to my mother in the old country, that I know from personal experience to be the best medicine in the world for rheumatism, having used it in my family for several years. It is called Chamberlain's Pain Balm. It always does the work. Fifty cent bottles for sale by Dr. Edwin Ross."
