Elsewhere in this issue will be found a list of the new road supervisors appointed by the court for 1898.

W. D. Connell, Chas. Merrill, Ed Barnes, and Alvin Merril, of Deer Island, will go to Skagway about the 20th of the present month, so we understand.

Judge McBride and District Attorney Cleeton left for Oregon City on Monday afternoon, where an adjourned term of court was held, beginning Wednesday.

We print this week the names of the judges and clerks of election, appointed by the court, for the two ensuing years. The polling-places in each precinct are also named.

Prof. A. E. Breece, professor of mathematics at Portland University, will lecture to the reading circle in this city this Friday evening on the "Size, Distance, and Velocity of the Heavenly Bodies."

Assessor White is now in his office again preparing for this year's assessment work. He and his wife have spent most of the winter at their place on Beaver, but are now again residing at Houlton.

Miss Willie Caples, of Columbia City, will leave in a short time for Wisconsin, where she will join her brother, Dr Byron Caples, who is to operate a sanitarium at the famous summer resort of Waukesha, that state.

The regular January term of county court adjourned Monday evening, the board having completed its long list of duties. THE MIST will furnish its readers with a complete report of the proceedings in its next issue.

Mr. Henderson Orchard, well known here, was in town Tuesday on business. Mr. Orchard will sail on the Elder, this trip, for Skagway, where he will take up the water system business with other gentlemen, and put in a plant to supply the city of Skagway.

At the request of five members of the McKinley Republican Club, of this city, the secretary has called a meeting of that club for Wednesday evening, January 19th, at the courthouse, for the purpose of electing delegates to the State League meeting.

A board of immigration in Columbia county might do much good in the way of bringing people into our county. If our resources were a little better advertised and our advantages laid before eastern people, in a truthful manner, no doubt the result would be highly satisfactory to us.

Rev. Plowman will preach at Warren, Sunday, January 16, at 11 o'clock a. m., and at Yankton in the evening; on Sunday, the 20th, at Mayger, continuing the services over the following Sunday, when he will preach at the Sanborn schoolhouse at 2:30 in the afternoon. All are cordially invited.

Messrs. Cole & Quick, of this city, received on Tuesday a letter from a gentleman in Iowa who says he wants to come to Columbia county. He has twenty families who are anxious, also, to locate here with him. His letter asked for information regarding our resources, and prices of land and farm produce.

A teacher in a public school not many miles from Milton, having instructed a pupil to purchase a grammar, received a note thus worded from the child's mother: "i do not desire for Lulu shall engage in grammar as i prefer her engage in youseful studies and can learn her how to spoke and rite properly myself. i have went through two grammars myself and can't say as they did me no good. i prefer her engage in german and drawing and vokal music on the piano.

The following clipping was taken from a Wawatosa, Wis., paper of recent date: "Dr. Byron M. Caples has secured property at Waukesha of which he will take possession Jan. 1. in which he will establish a Sanitarium at the famous summer resort. The building is a spacious brick structure, located on College Avenue, and will be remodelled and handsomely furnished. Dr. Caples has had long experience in conducting a Sanitarium, and has been making a special study of nervous diseases in Europe, during his late travels."

Columbia county is now reaping good results from its efforts to collect delinquent tax in the past. When the county has secured a lien upon the land, it has been demonstrated that that lien works to complete satisfaction, so far as the county is concerned. During the recent term of county court, over $700 were collected on land redemptions, which the county held as security for taxes. Out of this amount the county made a profit of over $200, accruing from costs and interests, the latter averaging 25 per cent. The good results of this will be to force payment of taxes, because the county has demonstrated its intention to proceed in the proper manner in the premises.

FLUME COMPLETED.—Last Friday the wood flume was completed, having reached its destination on the Wilkstrom dock in this city. A trial was given it on Saturday to test its merits and good qualities, and it was pronounced a complete success by those interested. Several thousand cords of wood is cut waiting to be flumed, and when everything is in readiness on the wharf, it will be brought here and offered for sale. THE MIST has several times commented upon the good results of this enterprise, and we believe that in no instance have we been overzealous. Its presence will prove a direct benefit to our town and surrounding country, and the efforts of its promoters should receive the hearty encouragement of all our people. The flume is a success, and that is all that is necessary to say.

A MISSING MAN.—An anxious father, George W. Farr, the hotel keeper at Near City, near Goble, came to Portland last evening, looking for his son, Charles Jackson Farr, aged 30 years, who has not been heard from since last Thursday. The elder Farr left a description of his son at police headquarters, with the statement that he had sent the missing man to the city to collect a little more than $d00, and of the collection of which he had no doubt. "I don't believe any harm has befallen him," said Mr. Farr, "unless he lost the money at gambling. For once he gets seated at a gambling table he sticks there. And may be he's gone to Alaska. While I need the money he collected to pay bills, yet neither I nor his mother would say anything about the matter if he would come home."—Wednesday's Telegram.

FRIDAY EVENING'S ENTERTAINMENT.—On Friday evening of last week the people of this place and Houlton were treated to an excellent musical and literary entertainment by persons from University Park and Portland. The entertainment was given in the interest of the Methodist church of this city, and was under the management of Rev. Mr. Haley, the pastor. The entertainers arrived on the Young America, and were escorted to the lower hall of the Masonic building, where supper was in waiting for them. About 8 o'clock, the large hall being comfortably filled, the announcement was made that the programme would begin with a vocal solo by Mr. George Hoadley. A piano solo by Miss Hatfield was well received, as was a piano solo by Prof. Schnauffer, and a recitation by Miss Vincent. Mr. Frank Motter was the life of the entertainment, outside of the orchestra. In his songs and comic recitations he was first-class, and in his impersonations of people, representing quite all nationalities, he showed himself to be an orator of ability, and that at all times he was complete master of the art. He appeared several times, and on each occasion brought forth hearty applause from an appreciative audience. He rendered each difficult part without error. The orchestra, composed of nearly a dozen boys, are musicians of promise, and the rendering of many selections was received with much praise. In fact the entire programme was well rendered, and the entertainment heartily appreciated. The total receipts were $23 85.

"What's the matter with Hanna?"

Mr. C. H. Piggott left yesterday for Skagway.

Attorney Gantenbein, of Portland, was in the city yesterday.

"It hardly seems right," said the Cornfed Philosopher, "yet it is undoubtedly true that many a young woman is willing to trust her heart with a young man that no butcher will trust with a pound of liver."

A great many of Columbia county's people are preparing to go to Alaska this spring, many of them expecting to go to Dawson City. Several will start during this month, and a great number will go in February.

A man by the name of Damn, somewhere in the state of Washington, got married lately to a young lady in Portland named Smith. The two families sent a conjoint telegram of congratulations as follows: "Accept congratulations of the whole Damn-Smith family."

The jury in the case of the United States vs. Julian A. Epping and Geo. Watson, in Multnomah county, indicted on two counts for conspiring to break into the Portland postoffice, for the purpose of committing larceny, and for conspiring to steal letters and packages from the registry department, at 10:30 Wednesday morning returned a verdict finding Epping guilty as charged in the second count, and Watson not guilty at all.

Persons who are troubled with indigestion will be interested in the experience of Wm. H. Penn, chief clerk in the railway mail service at Des Moines, Iowa, who writes: "It gives me pleasure to testify to the merits of Chamberlain's Colic, Cholera and Diarrhœa Remedy. For two years I have suffered from indigestion, and am subject to frequent severe attacks of pain in the stomach and bowels. One or two doses of this remedy never fails to give perfect relief. Price 25 and 50 cents; sold by Dr. Edwin Ross.

A case in Justice Clark's court in this city Wednesday afternoon, wherein John Manson was the defendant, answering to a charge of assault with intent to kill, the complaining witness being John Demeyer. After proceeding in the premises but a short time the defendant was discharged and the costs assessed to complainant, whereupon the court ordered Constable Robinson to proceed to Goble, where the principals reside, and attach sufficient of complainant's property to pay costs.

The progressive ladies of Westfield, Ind., issued a "Woman's Edition" of the Westfield News, bearing date of April 3, 1896. The paper is filled with matter of interest to women, and we notice the following from a correspondent, which the editors printed, realizing that it treats upon a matter of vital importance to their sex: "The best remedy for croup, colds and bronchitis that I have been able to find is Chamberlain's Cough Remedy. For family use it has no equal. I gladly recommend it. Twenty five and fifty cent bottles for sale by Dr. Edwin Ross.

A way is said to have been temporarily provided for getting a horse around the slide at Palm's mill where a portion of the county road went down to the railroad track about a month ago. The road has been impassible until recently.

Lincoln Meserve's new house has tenants already, some of the family of C. B. Fisher having taken possession to go to school. The house is in a very unfinished condition, certainly in no shape to be occupied, but the young people are taking chances in order to go to school.

The young ladies of the basket-ball club were getting their pictures taken recently, taxing both the photographic apparatus and the patience of the operator, who is a sedate gentleman and does not like much levity mixed with business, and a crowd of twelve girls that can all keep perfectly sober for five minutes does not seem to be found about Clatskanie.
