The Most Common of All.

The most common of all ailments from sports of all kinds are sprains and bruises. The most common and surest cure of them is by the use of St. Jacobs Oil, which is prompt in its action.

The Art of Walking.

To be thoroughly graceful long steps and quick short steps should be equally avoided, remarks a French woman. A stiff walk is also very ungraceful, and that is the great fault of English girls. The walk too stiffly and take too long strides.

Spanish women have a very pretty walk, naturally, as also have Italian country girls and all accustomed to carrying weights on their heads.

The French are also very graceful walkers. Study your walk, girls. Take dancing lessons to begin with and then repeat your lessons before your long toilet glass. A pretty walk is a beauty in itself, and every one who will can acquire this beauty. Do it, then, at once—now—without losing another day.

The Lincoln county (Wash.) commissioners have fixed the tax levy for all purposes at 14 mills, on a valuation of $5,666,732. The levy for road purposes was increased from 0.82 to 1.25 mills.

The floating indebtedness against the new town of Kent, Wash., will be paid off January, after which the city's income will be sufficient to pay all current expenses and leave a handsome surplus.

The prune crop of Clackamas county, Oregon, has been gathered and marketed with very little loss, and growers are elated over present profits and future prospects. At Clackamas station, 82 tons were evaporated.

A cargo of 100,073 bushels of barley was shipped from Tacoma the week before last direct to England. The barley was all raised in Columbia county, Washington, and being of prime quality, netted the producers a good price.

The charter has been granted for the building of the Golden-Fort Steele, B. C., railroad, and work will be started in early spring. The contract for the Nelson & Bedlington railway has been let to Larson & Foley, work to commence this month.

Controller of the Currency Dawes has decided that he has no authority to charter a national bank in Honolulu until congress passes laws for the government of the islands. Consequently Perry S. Heath and San Francisco capitalists will not have their applications granted at present.

The Carbonado coal mines shipped 85,000 tons during September, beating all previous records. Roslyn had held the record with 80,000 tons. The Carbonado mines, owned by the Southern Pacific Railroad Company, are running full time and employ 600 men, averaging $3.29 a day wages.

The Scully Steel & Iron Company, of Chicago, has just closed a contract for the delivery of 25,000 tons of steel plates at Victoria, B. C., to be used in the construction of five British steamships by one of the largest shipbuilding firms at that point. The value of the contract exceeds $100,000.

A scheme is on foot to construct a logging road about three miles in length from the head of Gray's river, Oregon. It will be operated by A. L. Saldren, who has in operation a similar road at Clatskanie, and will tap a district of 5,000 acres of spruce timber belonging to C. H. Green, of Saginaw, Mich.

The new association does not contemplate any general regulation of coast lumber values. Its aims are simply to control the situation at San Francisco, where the trade has been for some time in a badly demoralized condition. Puget Sound values, foreign trade or other departments of the lumber business, are not affected.

Henry Miller, of Cathlamet, Wash., has contracted to furnish the North Pacific mills, at Portland, over 2,000,000 feet of spruce and fir logs this season. The Astorian says that this cut will come from Eulokium, the principal logging stream flowing into the Columbia, w here over 150 men were employed at logging during the past summer.

According to the Lumberman there is a good field on the coast for a small turpentine factory. There are two species of wood rich in turpentine and allied porducts, Douglas fir and "bull" pine, wood alcohol, pitch and other so-called naval products. The yield is by no means as large as the pitch pine of the South, but there is certainly room for a factory that will utilize the stumps and refuse of pitch-bearing trees on the coast.

Harvesting in the Palouse country has been completed. Every threshing machine has pulled in, and the hauling of grain to different shipping points will be finished by November 1, or perhaps a little sooner. So far this season, the total shipment of new wheat has not exceeded 275,000 bushels, most of this being to Spokane for milling, and to the Sound. Since the completion of harvesting, farmers and graindealers have concluded that the crop of this year is the largest ever harvested in the Palouse country. Although the average yield is less than in 1897 and several other former seasons, the aggregate yield has been greater.

One feature of the new fishery law enacted by the Oregon legislature in special session, is likely to receive considerable attention. It is that "the persons appointed to the position of fish commissioner shall hold the office herein provided for for the period of four years from the time of his appointment." This would make the appointment by Governor Lord, for the law carries the emergency clause, hold nearly through the term of Governor Geer.

WEEKLY MARKET LETTER.

[Reported by Downing, Hopkins & Co., Inc., Board of Trade Brokers, 711 to 714 Chamber of Commerce building, Portland, Oregon.]

Since Leiter failed the outsider has not been interested in Chicago prices. The disastrous outcome to the man with so many millions was a terrifying lesson to the small bull. Explanations did not count. Whether Leiter made egregious errors or not was of little consequence. The defeat, after a year's campaign, of the bull leader who for so long seemed the greatest who had ever arisen, took the heart from everyone who had believed in his cause. It was only last June that the disaster took place; about four months ago. It seems a long interval, but it is really a short one, and it would be remarkable if it were not still in everyone's mind. What new bull leader would now invite the comparisons which would inevitably be made; what banking concern would hazard the criticism which would follow any favors toward a buying campaign in grain? Have the losses of last summer's collapse been forgotten yet? There must be a good deal imaginative about any bull deal. Not one advance in twenty is a mere matter of consumptive demand or of actual scarcity. There must be a great deal of theory with advancing prices; people must forget prudence, become venturesome, permit more or less exhiliration.

Would it not be like holding a picnic at the close of a funeral to permit much bull spirit within four months of the Leiter failure?

The present movement of wheat to market is the heaviest ever known—11,000,000 bushels received at primary points last week. There was never any such total as that in six days before. Is not the speculator doing pretty well in taking care of that property and in also maintaining prices? Is not the fact that such a volume of grain is financed and the price sustained evidence that the volume of speculation is larger than the very narrow fluctuations would indicate?

POLISHING HER GUNS.

Preparations for War Continue in France—Naval Reserves in Readiness.

Paris, Oct. 22.—The alleged war preparations of France are the absorbing topic of discussion here. According to French papers there were important naval experiments at Toulon last evening. A flotilla of torpedo-boats was detailed to make an endeavor to force the entrance of the harbor and the whole garrison was called to arms and forts and batteries were manned ready for instant action. The result of the experiments has not been made public.

Vice-Admiral Barrea presided yesterday at a secret council of war at Brest, in which the chiefs of the maritime forces took part. Confidential orders were subsequently issued to the garrison.

Aurore asserts that five vessels of the naval reserves around Brest have been ordered to hold themselves in readiness for active service.

M. Del Case, minister of foreign affairs, has ordered that the report of Major Marchand, as to the situation at Fashoda, which is expected at Cairo tonight, be telegraphed textually. Owing to its probable length it is expected that at least 48 hours will be required to reduce it to the French cipher code at Cairo and to translate it in Paris.

A CHINESE EXECUTION.

The Event Turned Into a Hideous Festival.

Vancouver, B. C., Oct. 22.—According to the latest mail advices from China eight subordinate leaders of the Kwangsi rebellion have been beheaded at Wu Chow. They were carried in baskets through the principal streets as a warning spectacle, amidst the laughter and jeers of men, women and children.

Ten thousand people witnessed the decapitation, and made it a gala day. Little children copied their parents, who joked the dying rebels a second before the ax fell. When all was over the children played among the headless, bleeding corpses and made sport with the black disfigured heads.

Mandarins and headsmen improvised a sort of Maypole, and the heads of the rebels were placed on top in tiers, the children dancing around them. The governor advised the mandarins to make the beheading as festive as possible, so as to inspire disgust for the rebels in the hearts of the people. A banquet was afterward spread.

The Japan Mail says a petition has been sent to the government by foreign consuls requesting that beheading be discontinued.

STORM IN TEXAS.

Several Lives Lost as the Result of the Gale.

St. Louis, Mo., Oct. 22.—A special to the Republic from Houston, Tex., says: The electric and wind storm which swept over Texas last night was very severe in South Texas. Damage to cotton is enormous. At Deer Park, 20 miles from Houston, the residence of G. F. Adams was demolished. Adams, his wife and baby sustained minor injuries, while A. J. Cook was crushed to death.

At Pasadena, the residence of John Stout was turned over and completely wrecked. Six occupants were injured.

The wind was so high at Missouri City, 35 miles west of Houston, that it blew a number of freight cars from the siding on to the main track. The California express, running 40 miles an hour, dashed into the cars at full speed. The engine turned over, instantly killing George Johnson, of San Antonio, the engineer, and badly scalding the fireman and injuring the head brakeman. None of the passengers were badly hurt.

LA GRANDE FACTORY'S RECORD

Three Hundred and Seventy Tons of Beets Handled in One Day.

La Grande, Or., Oct. 22.—The Oregon Sugar Company is making a record. The capacity of its plant is 350 tons of beets every 24 hours, but today 370 tons were handled, and there are now on hand 675,000 pounds of sugar. Today Spokane telegraphed for three cars "B. S. O. E" (best sugar on earth.) Portland ordered three cars, Walla Walla one, Pendleton one, Baker City one, and three have been sold here. La Grande has been sending $3,000 drafts about twice a month to San Francisco for sugar. Now this money is distributed among the farmers and workmen here. This year's crop will produce 3,000,000 pounds of sugar at a conservative estimate. Today's tests showed a greater percentage of sugar than has yet been obtained from beets grown in any other country.

ANARCHY IN VISAYAS.

Insurgents in Control of the Southern Philippines.

Manila, Oct. 22.—The United States cruiser Boston and the collier Nero, which October 5 were ordered to proceed to Hong Kong in connection with the recent disturbances at and near Peking, have arrived at Amo, in the province of Fo Kien, the former short of coal and the latter with her cargo afire.

Well authenticated reports have reached here of a terrible state of anarchy in the southern Philippines. The Spaniards there are cooped up in the principal towns.

The Americans continue capturing the rebel vessels as they arrive at Cavite. Two have been captured this week.

Waved American and British Flags.

New York, Oct. 22.—A dispatch to the Tribune from Halifax says: The regimental reports of the Royal Canadian battalion of imperial troops were marked by an unusual incident. At the conclusion of the sports 100 men, the pick of the garrison, formed a pyramid by mounting upon one another's shoulders and the man at the apex, a fine specimen of the British soldier, stood waving in one hand the Union jack and in the other the Stars and Stripes.

Two Miners Killed.

Butte, Mont., Oct. 22.—Emil Flankey and Herman Keekkle, miners employed in the Otisco mine, were instantly killed while ascending the shaft today. The crosshead got hung in the shaft, and when loosened struck both men, knocking them from the bucket.

City of Mexico, Oct. 22.—El Mundo announces that a syndicate with $20,000,000 capital has been formed in New York to purchase estates in various agricultural regions in this country, being the most extensive business of the kind ever undertaken here.

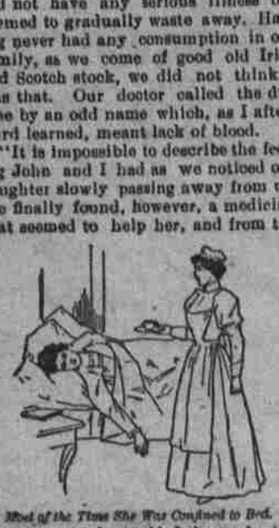
A Benefactress' Kind Act.

From the Evening News, Detroit, Mich.

Mrs. John Tansey, of 130 Baker street, Detroit, Mich., is one of those women who always know just what to do in all trouble and sickness. One that is mother to those in distress. To a reporter she said:

"I am the mother of 10 children and have raised eight of them. Several years ago we had a serious time with my daughter, which began when she was about sixteen years old. She did not have any serious illness but seemed to gradually waste away. Having never had any consumption in our family, as we come of good old Irish and Scotch stock, we did not think it was that. Our doctor called the disease by an odd name which, as I afterward learned, meant lack of blood.

"It is impossible to describe the feeling John and I had as we noticed our daughter slowly passing away from us. We finally found, however, a medicine that seemed to help her, and from the



Most of the Time She Was Confined to Bed.

first we noticed a decided change for the better, and after three months' treatment her health was so greatly improved you would not have recognized her. She gained in flesh rapidly and soon was in perfect health. The medicine used was Dr. Williams' Pink Pills for Pale People. I have always kept these pills in the house since and have recommended them to many people. I have told many mothers about them and they have affected some wonderful cures.

"Every mother in this land should keep these pills in the house, as they are good for many ailments, particularly those arising from impoverished or diseased blood, and weakened nerve force."

A Beautiful Present

In order to further introduce ELASTIC STARCH (Flat Iron Brand), the manufacturers, J. C. Hubinger Bros. Co., of Keokuk, Iowa, have decided to GIVE AWAY a beautiful present with each package of starch sold. These presents are in the form of

Beautiful Pastel Pictures

They are 13x19 inches in size, and are entitled as follows:

Lilacs and Pansies.
—
Pansies and Marguerites.

Wild American Poppies.
—
Lilacs and Iris.

These rare pictures, four in number, by the renowned pastel artist, R. LeRoy, of New York, have been chosen from the very choicest subjects in his studio and are now offered for the first time to the public.

The pictures are accurately reproduced in all the colors used in the originals, and are pronounced by competent critics, works of art.

Pastel pictures are the correct thing for the home, nothing surpassing them in beauty, richness of color and artistic merit.

One of these pictures will be given away with each package of Elastic Starch purchased of your grocer. It is the best laundry starch on the market, and is sold for 10 cents a package. Ask your grocer for this starch and get a beautiful picture.

ALL GROCERS KEEP ELASTIC STARCH. ACCEPT NO SUBSTITUTE
