## HUNDREDS HOMELESS

### Insurgents Attempt to Make Good Their Threats.

#### SCORES OF BUILDINGS BURNED

A Night of Terror at Manila—American Troops Control the Situation.

Manila, Feb. 24.—Last night was one of terror to thousands of inhabitants of Manila, the rebels making good their oft-repeated threats to the extent of burning scores of buildings. They wounded an officer and three men by firing through windows during the excitement.

At 8 o'clock an incendiary fire occurred in a block of brick buildings occupied by Chinese in the Calle la Costa, in the Santa Cruz district. A stiff breeze was blowing, and the inflammability of the structures caused the blaze to spread with alarming rapidity.

The city fire department was hopelessly incompetent, and the English volunteer brigade from Santa Mesa was summoned, and with a modern engine, pumping adequate streams from the canal, succeeded, after four hours of work, in getting the blaze under control.

Meantime the entire block and the greatest part of two others across the street were gutted. Hundreds of inhabitants were rendered homeless.

Impediments were placed in the way of the firemen, and the hose was cut five times. This resulted in all the natives being driven off the streets, those in the immediate vicinity of the blaze being corralled in vacant lots and guarded until the excitement was over.

In many instances the natives were insolent, and paid no regard to the orders given them, and the soldiers were compelled to use harsh measures. The butts of their rifles and their bayonets were freely applied.

Shortly after midnight another big fire was started in the Tondo district, where the natives are thickest, and when the firemen and soldiers attempted to work a regular fusillade of rifle and revolver shots was fired from the windows and roofs of buildings.

All night long the fire spread through the Tondo district, sweeping away rows of houses and devastating acres of territory. The damage is incalculable.

With daylight, punitive measures were decided upon, and the Americans, although tired after their sleepless night's work, soon cleared the district of every native, after a slight resistance.

#### THE ISLAND OF NEGROS.

##### Insurgents Driven Off and the American Flag Raised.

Manila, Feb. 24.—While the guns on the city wall and those on board the ships of Dewey's fleet in the bay fired a salute in honor of Washington's birthday, four commissioners from the island of Negros had an interview with Otis, and informed him that the American flag had already been raised over that island, and that its inhabitants were ready, anxious, and willing to accept any proposition the Americans might offer. The insurgents have been driven from the island entirely.

Although the Ilo Ilo rebels have given the people of Negros much trouble, especially in the matter of financial assistance made by the rebel leaders, the inhabitants of Negros have persistently held aloof, and now through the commissioners they announce that they want the advice and help of Otis.

The latter assured them that the Americans would provide an acceptable government, and in the meantime he instructed them not to pay the rebels anything. The Negros commissioners were delighted with the reception.

#### More Snow in Colorado.

Leadville, Colo., Feb. 24.—The snow storm continues and the railroad trains are at a standstill. People who have left Breckenridge and other towns on the South Park line, which no trains have reached for several weeks, say provisions are very low in those places, and many people will starve unless relief reaches them very soon.

City of Mexico, Feb. 24.—A delegation of Kickapoo Indians from the United States are in the city. The group, in tribal costume, attended the president's reception last night. ## BY A DECISIVE MAJORITY.

United States Senate Passes the River and Harbor Bill.

Washington, Feb. 27.—After a session of nearly eight hours today, the senate, this evening, at 6:30 o'clock, passed the river and harbor bill by the decisive vote of 50 to 8. The measure was under consideration throughout the day, and on several of the committee amendments a determined fight was made, but in every instance the opposition availed nothing. The sharpest contest arose over the Nicaragua canal bill amendment. A point of order was made against it that it was general legislation, but the senate, to which the vice-president submitted the point, overruled it.

Among the bills passed by the senate today were the following: Authorizing the legislative assembly of the territory of New Mexico to create an additional jurisdiction for the completion and furnishing of the territorial capitol; authorizing a resurvey of certain lands in Cheyenne county, Nebraska.

#### In the House.

The army appropriation bill today was lost sight of in the general discussion of the policy of the government relative to the Philippines, and several notable speeches were made, especially that of Settle. General debate on the bill closed today, and tomorrow the bill will be taken up for amendment under the five-minute rule.

A sensational feature of the day was the speech of Johnson, of Indiana, who a fortnight ago made several notable speeches violently attacking the policy of the administration during the consideration of the army reorganization bill, returned to the assault, and delivered against the president and some of his advisers the most scathing philippic heard in the house for months. He assailed the president and the influences which he alleged controlled him, impugned his motives, questioned his sincerity and likened him to Dickens' most contemptible character, charged the secretary of war with incompetency, and predicted that the president would in the end be engulfed by adverse public sentiment.

The discussion of this measure occupied nearly the entire day.

#### GOMEZ IN HAVANA.

The Cuban General Received With Military Honors.

Havana, Feb. 27.—The festivities today in honor of the fourth anniversary of the beginning of the Cuban struggle for independence were most spontaneous and wildly enthusiastic.

General Gomez arrived on the edge of the town from Marians at 12:30 P. M., escorted by the Second Havana band and three battalions. These battalions then returned to their camp and did not enter the city.

When Gomez passed, the crowd went wild with vivas, hats were flung in the air and women showered flowers on all sides. The procession stopped frequently, eventually filing into the main streets of the city, passing Central Park and arriving at 3:30 o'clock at the palace.

There were many floats expressing the friendship between the United States and Cuba. A handsome carriage, containing ladies, and decorated with large Spanish, American and Cuban flags, draped together with white ribbons and bearing the legend, "Unity, Peace and Concord," was vociferously cheered. Still another float represented a Cuban woman holding an American flag, with the shattered crown of Spain at her feet.

No fewer than 25,000 people were in a given point. The horses of the Cuban cavalry are scrawny and ill-fed, and the cavalrymen are clad in vague Cuban uniforms. All carried Remington carbines, with nondescript bundles of clothing and bedding. They marched in lines of two. The infantry occasionally kept step, and as they passed the palace, presented arms. Most of them carried Cuban flags stuck in their rifles.

#### Affairs in Samoa.

Vancouver, B. C., Feb. 27.—According to Samoan advices in Sydney newspaper brought by the steamer Miowera, an interview was had with Mataafa in his camp after the battle by a reporter, who learned that Mataafa was equally averse with Malietoa to seeing the islands under German control. Mataafa in his attack on Malietoa's forces was anxious not to hurt the bodies or injure the feelings of any white persons. The interviewer adds that it appeared to him that Mataafa was being urged on against his personal wishes to fight.

#### Dewey Waits the Oregon.

Washington, Feb. 27.—The following dispatch has been received at the navy department from Dewey:

Manila, Feb. 27.—For political reasons the Oregon should be sent here at once. The Yorktown has arrived. The Charleston and Petrel are orbiting around the Philippine islands. Affairs are quiet.

#### Reinforcements Arrive at Manila.

Manila, Feb. 27.—The transport Scandia, with the Twentieth infantry on board, has arrived here from San Francisco, and the troops are being disembarked.

#### Bad for Young Jessa James.

Kansas City, Feb. 27.—Jessa James, son of the famous bandit, is on trial here charged with complicity in the train robbery committed near this city. Today's evidence goes to prove young James' guilt. Express Messenger Bills practically identified James as the chief of the gang concerned in the hold-up.

#### Port Said, Feb. 27.—The transport Sherman, from New York for Manila, arrived here today.

## REBELS DRIVEN BACK

### Attempt To Complete Destruction of Manila.

#### INSURGENTS' LINES SHELLED

Gen. Otis Orders Incidents to Stay in Their Homes After Seven O'Clock at Night.

Manila, Feb. 25.—With daylight this morning the enemy commenced worrying tactics at various parts of the American line, apparently for the purpose of withdrawing attention from affairs in the city. An attempt was made to rush through our extreme left near Calocan, but it was promptly checked by a hot and effective musketry and artillery fire.

In the meantime small bodies of rebels, evidently some of those engaged last night in the cowardly work at Tondo, spread out between the city and the outposts. Every available man was sent to drive them away, with the result that there was desultory firing all the morning.

From 8 until 10:40 A. M., the monitor Mondanock joined the engagement, hurling 10-inch shells over the American lines into bodies of the enemy as indicated by the signal corps.

At 11 o'clock there were sharp engagements at the Chinese cemetery and at San Pedro Macati, almost simultaneously, but the artillery fire from both positions drove the enemy back.

From the high towers of the city, fires can be seen burning at different points outside. Some of these are probably due to the Mondanock's shells.

It is currently reported that the natives have threatened to burn the Escolta and the walled city tonight.

Scores of rebels have been arrested in the Tondo district. A band of 60 rebels having two carloads of arms and accoutrements was captured in a house. Business is temporarily suspended.

General Otis today issued a general order directing all the inhabitants of Manila, until otherwise ordered, to confine themselves to their homes after 7 o'clock in the evening, when the streets will be cleared by the police. The general also warns incendiaries and says they will be severely dealt with.

Extraordinary precautions have been taken for the suppression of further trouble, which is threatened to take place in the city tonight.

Fires has burned in the Tondo district all day.

The rebels between the city and the outposts are being smoked out this afternoon, and driven toward the beach. Sharpshooters at various parts of the line are very annoying, but otherwise there has been no further excitement since the frustration of the morning's attack.

Lieutenant Eugene S. French, company L, First Montana volunteers, and Private Oscar Felton, South Dakota volunteers, were killed, and two other Dakotans were wounded.

#### WRECKAGE IN THE OCEAN.

Supposed to Be from the Missing Steamer Pelican.

Port Townsend, Wash., Feb. 25.—What is thought to be wreckage from the steamship Pelican, which sailed from Seattle October 12, 1897, for Taku, North China, laden with railroad lumber and ties, and of which nothing has been heard, has been reported to the local hydrographic office by Captain A. V. Brown, of the British bark Colliogrova, which arrived at Shanghai, January 8. Captain Brown says in latitude 29 degrees 40 minutes east, he passed through a large number of railroad sleepers of Oregon pine, which had the appearance of not having been in the water a great length of time. The customs house records show that all vessels laden with railroad lumber and ties for the Orient for the past 10 months have arrived at their destination.

#### Fire Was Not Acquitted.

San Francisco, Feb. 25.—The steamer City of Peking, which arrived today from the Orient brings the following item to the press from Manila, dated January 20:

The findings of the court-martial that tried Lieutenant-Colonel Fife, First Washington regiment, have been announced. He was convicted of "neglect of duty and conduct prejudicial to good order and military discipline," in violation of the 62d article of war. The sentence is one month's suspension from rank, in addition to the confinement inflicted during his five weeks of arrest and loss of one month's pay, \$250. The accusation against him was debauchery on the government transport Valencia in Manila harbor on Thanksgiving evening.

#### Gomez Resolves Marians.

Marians, Province of Havana, Feb. 25.—General Maximo Gomez left Guines at 3:30 this afternoon, and is now at Marians. This evening he was at a banquet tendered by the town—the last, except that to be given in Havana, of a long series of such entertainments.

#### Arid Lands for Reclamation.

Washington, Feb. 25.—The senate committee on irrigation today made a favorable report on Senator Stewart's proposed amendment to the sundry civil appropriation bill, ceding 5,000,000 acres of land to each of the arid land states for reclamation.

#### The Dominion Parliament.

Ottawa, Ont., Feb. 25.—At a cabinet meeting held today it was decided to summon parliament for March 19.

## ANDREE AND COMPANIONS.

Their Bodies Found by a Sportsman in Siberia.

New York, Feb. 27.—A dispatch to the World from Berlin says: The following letter, in regard to the supposed finding of Andree, is published in the Siberian Advertiser. It is from a well-known sportsman named Kjalens: "I hasten to inform you that Andree's balloon has been found. I was running on snowshoes after Elk in the private forest of South Yenisei, and came across tracks of Andree. It was 350 versts from Krasnoyarsk and 100 versts from the gold washings in San Vinich, down in the pit of the river.

"The balloon and ropes were torn and three bodies lay it its side, one with a broken skull.

"Please prepare assistance so the balloon and bodies can be brought to the washings at San Vinich, which can only be done by means of snow shoes.

"I guarantee the truth of these facts and shall soon be in Tomsk."

#### NORWEGIAN SHIP SUNDAL

Narrowly Escapes Impreachment Into the Service of Nicaragua.

New Orleans, Feb. 27.—The steamship Sundal has arrived from Bluefields, where she would have been seized by General Reyes had it not been for the action of Captain Simmonds, commander of the United States gunboat Marietta.

Recently Reyes dispatched a small force to seize \$40,000 in the customhouse at Cape Gracias. The expedition was eminently successful, but the leader, instead of returning with his men to join Reyes, deserted his command and escaped up the coast.

General Reyes learned of his subordinate's desertion Saturday last, and gave notice of his intention of seizing the Sundal to give chase. The captain of the Sundal, which flies the Norwegian flag, appealed to the British man-of-war Intrepid for protection, which was refused. He then appealed to the Marietta and Captain Simmonds guaranteed that he would tolerate no interference with the ship. The Sundal left that night for this port.

The captain of the Sundal says that when the late Bluefields General Reyes was preparing for an expedition against Greytown with most of his army on the gunboat San Jacinto.

The Nicaraguan consul here has received a message from President Zelaya, directing that he issue no more clearances for vessels bound for Nicaraguan ports. It is presumed that the object of this order is to prevent any assistance that might be sent Reyes from this port.

#### MADE A BREAK FOR LIBERTY.

Three Hundred Chinese Succeeded in Making Things Interesting.

Montreal, Feb. 27.—Three hundred Chinese who are being confined in the emigration quarters of the up town Canadian Pacific railroad station awaiting examination by United States health officials preparatory to being shipped through the United States to Mexico, made a break for liberty.

At a preconcerted signal they took the sticks upon which they carry their belongings and began to break the windows. When the five station policemen who were guarding them interfered they in turn were belabored with the clubs, and a general riot alarm for the police was turned in. Six patrol wagons responded, and in a short time fully 8,000 people were gathered around the station. Finally in a hand-to-hand fight between the police and the Chinese, the Chinese were worsted. The Chinese, it is said, had been told that they were on their way to a land of cannibals.

#### ARMY BILL MAY YET FAIL.

Hit in the Compromise Negotiations Said to Have Occurred.

Washington, Feb. 27.—It was reported this morning that there has been a hitch in the progress of the army reorganization bill, owing to the refusal of the Democrats to accept the provision of the compromise bill which carries with it an increase in the staff provided for in the bill.

While the foregoing view was expressed at the war department, at the capitol senators generally accepted the compromise as a foregone conclusion, and the understanding in it will be along the lines indicated last night.

So far there has been no expression of opinion that such a bill will be accepted, but even this will not go through without debate. Some senators hesitate to give up the provision for enlistment of native troops in the islands, while others indicate their determination to fight the provision if it should not be changed.

#### Big Insurgent Loss.

Washington, Feb. 27.—Otis has cabled the war department as follows: Manila, Feb. 27.—On the nights of the 21st and 22d and 23d the insurgent troops gained access to the outskirts of the city behind our lines. About 1,000 entrenched themselves. They were completely routed yesterday with a loss in killed and wounded of about 500 and 200 prisoners. Our loss was very slight.

#### Another Big Stamp Purchase.

Louisville, Feb. 27.—The National Tobacco Company bought \$230,000 worth of tobacco stamps yesterday.

#### Advancements Unnecessary.

Washington, Feb. 27.—The secretary of war has sent to the senate a tabulated statement of the increased expenses of the recent advancement in grade of army officers. The secretary recommends that the advancement in grade as provided for by the act of July 7 last be discontinued on the termination of the war with Spain. He says the advancements are unnecessary.

#### Nearly all skin diseases are supposed to be caused by microscopic insects.

## REPORT FROM MADRID

### European Troops Said to Have Landed at Manila.

#### CONSTANT FIGHTING GOING ON

Spanish Sources of Information Not to Be Relied Upon, Say Washington Officials.

Madrid, Feb. 25.—An official dispatch from Manila says: "The situation here is very serious. The foreign warships are disembarking troops. General Kros will leave Manila and go to Zamboanga, island of Mindanao."

The government has received a long dispatch from General Rios at Manila, but refuses to impart its contents.

The imperialist, which asserts that it is in a position to know the truth of the situation at Manila, says:

"There is constant fighting between the Americans and the Tagalos. The courage and stubbornness of the latter have caused great anxiety to the Americans, who do not conceal their belief that the war will be a long and desperate one. There is the greatest alarm among foreigners in Manila, the commanders of the foreign warships having decided to land forces to protect their subjects."

#### Discredited in Washington.

Washington, Feb. 25.—The government officials here discredit the statement in the above dispatch that the foreign warships are disembarking troops at Manila. Spanish sources of information, respecting affairs in the Philippine islands, are not to be relied upon, they say, as the press and people of Spain do not hesitate to circulate statements inimical to the interests of this country.

Such of the dispatches reaching the war department today from General Otis that were made public were confined to routine matters, while Secretary Long said tonight he had not a word from Admiral Dewey during the entire day. General Otis has repeatedly stated in his dispatches to the authorities here that he has the situation well in hand, and there is no reason to believe he would have trouble in keeping order at Manila, where the cream of his troops are stationed.

#### Rebels Are Desperate.

Manila, Feb. 25.—Last night the rebels concentrated in such numbers near the Chinese cemetery that General McArthur anticipated an attack and asked for reinforcements. Two companies of the Twenty-third regulars were sent to Calocan, and a battalion of the Twentieth regulars to the cemetery, at about midnight, but the expected attack was not made. The rebels, after making a great noise with bugle calls and yells of "viva independencia," and "mucho malo Americanos," and firing volleys, disappeared in the woods.

It is believed their leaders are getting desperate, and are attempting to force the United States troops to make an attack, in the hope of breaking through the American lines, but the rebels are evidently unwilling to be pacified when facing the Americans. It is just possible, however, that they may be goaded into such a move before more reinforcements arrive.

#### Filibustering Expedition.

Kansas City, Feb. 25.—The Times prints the details of an alleged filibustering expedition having for its object the overthrow of the government of Guatemala, in Central America. According to the story, a regiment of 1,000 men has been formed in Kansas City, St. Louis and Chicago, and a second regiment has been formed in the East. Two companies are to leave Kansas City by rail, it is said, on route to the scene of the proposed invasion, via St. Louis and New Orleans. A Guatemalan named Sandoval, the representative of a former governor of Guatemala, is said to be the organizer of the expedition, and it is stated that the invaders are to receive their pay in grants of land and other privileges, in the event of the success of the revolution.

#### Revenue of the Islands.

Washington, Feb. 25.—Assistant Secretary of War McKeljohn has made a public statement showing the total receipts from customs and taxes received from the several ports in the islands of Cuba and Porto Rico and the Philippines, so far as reports have been received by the war department from the respective dates of occupation of said ports by the military forces of the United States and including January 31, 1899.

In Cuba from July 18, 1898, to January 31, 1899 (six ports not reporting for January), \$1,312,372 was received. In the Philippine islands from August 13, 1898, to December 31, 1898, \$1,819,815. In Porto Rico from August 15, 1898, to December 15, 1898, \$2,643,602.

#### Reyes Defeated.

Managua, Nicaragua, Feb. 25.—President Zelaya's army has captured Cihl mountain and Agua Caliente, thus virtually terminating the Bluefields revolution.

#### Extradition Treaty With Mexico.

City of Mexico, Feb. 25.—The extradition treaty negotiated between Mexico and the United States has been signed by Foreign Minister Mariscal and Ambassador Powell Clayton. The convention broadens the extradition clause to cover not merely public money, but all defalcations or thefts. A copy of the treaty has been mailed to the state department at Washington in the hope it may arrive in time to be acted upon by the senate before adjournment.
