

Tender Fish.
The more tender the fish, the blacker the brine. The sooner you use it, the quicker will be the cure of any brine, and any brine will disappear promptly under the treatment of the great remedy.

Angry Father—How do you show your face here again?
Persistent Sufferer—Because I could not leave it at home.—Illustrated American.

"Better Be Wise Than Rich."

Wise people are also rich when they know a perfect remedy for all annoying diseases of the blood, kidneys, liver and bowels. It is Hood's Sarsaparilla, which is perfect in its action. It so regulates the entire system as to bring vigorous health. It never disappoints.

Getter—For 21 years I had gone on, feeling on my neck, which was disgusting and troublesome. Rheumatism also annoyed me. Hood's Sarsaparilla cured me completely and the swelling has entirely disappeared. I feel in Michigan as my previous testimonial and used Hood's and was entirely cured of the same trouble. He thanked me for recommending it. —JAMES H. HENNING, 400 Lovell street, Kalamazoo, Mich.

Poor Health—Had poor health for years, pains in shoulders, back and hips, with constant headaches, nervousness and no appetite. Used Hood's Sarsaparilla, gained strength and can work hard all day; eat heartily and sleep well. I took it because it helped my husband, Mrs. Elizabeth J. Griggs, Moose Lake, Minn.

Wishes Weak Strong—It would give me a bottle for Hood's Sarsaparilla if I could not get it for less. It is the best spring medicine. It makes the weak strong. —ALBERT A. JACOB, Douglass, N. Y.

Hood's Sarsaparilla NEVER DISAPPOINTS

Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

It is believed that the carrier pigeon was imported to Europe from Persia, and it became an institution on the Continent long before it was brought to England.

The man who first printed the immortal Declaration of Independence was John Dunlap, an Irishman from Strabane, County Tyrone, in which place he was born in 1747.

There was a young man from Lenox, who boldly went off to the war, "The best" made him sick, He recovered quite quick, By the prompt use of old Jesse Moore.

Somewhat we always expect the fellow who gets mad first to come out of the argument second best.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Naming a battleship George Washington is all right, but could a ship with that name lie at anchor?

FITS Permanently Cured. No fits or nervousness. Mrs. E. M. B. has used Hood's Sarsaparilla. She has been cured of her fits and nervousness. —DR. H. E. ELLIS, 124 N. Arch street, Philadelphia, Pa.

People who talk most about other's selfishness are frequently the worst.

In the spring clean your system by using Dr. Plunder's Oregon Blood Purifier.

He who neglects present duties, may sever overtake future opportunities.

"I DO MY OWN WORK."

So Says Mrs. Mary Roochletic of Linden, New Jersey, in this Letter to Mrs. Pinkham.

"I was bothered with a flow which would be quite annoying at times, and at others would almost stop."

"I used prescriptions given me by my physician, but the result was of no avail."

"After a time I was taken with a flooding, that I was obliged to keep my bed. Finally, in despair, I gave up my doctor, and began taking your medicine, and have certainly been greatly benefited by its use."

"Lydia E. Pinkham's Vegetable Compound has indeed been a friend to me. I am now able to do my own work, thanks to your wonderful medicine. It was as near death I believe as I could be, so weak that my pulse scarcely beat and my heart had almost given out. I could not have stood it one week more, I am sure. I never thought I would be so grateful to any medicine."

"I shall use my influence with any one suffering as I did, to have them use Lydia E. Pinkham's Vegetable Compound."

Every woman that is puzzled about her condition should secure the sympathetic advice of a woman who understands. Write to Mrs. Pinkham at Lynn, Mass., and tell her your ills.

PORTLAND DIRECTORY.

Machinery and Supplies.

THE FAR NORTHLAND

Porcupine Creek Still Continues to Draw the Goldseekers—Along the Coast.

Colonel Frank Gygis, special agent of the land department, has returned to Juneau from an extensive trip into the Porcupine creek country. He investigated reports that the Dalton Trail Company had appropriated to its own use the old Indian trail up the Chitkat river, and found them to be unfounded in fact. He had a pow-wow with quite a number of the leading men of the Chitkat tribe.

Colonel Gygis took a gold pan and thrashed out nearly a handful of nuggets and coarse gold on Discovery and other claims on Porcupine creek, and in seeing it believing, he thinks there are oodles of the golden fleeces which the samples he carries were washed from the native earth.

The town of Haines Mission is having a steady, solid growth. A sign of "keep off the grass" could not thrive there. "Lot-jumping" is the principal pastime and it is going on all over town. There are some people at Haines who would jump a stock store and run off with it, provided it wasn't too hot. Porcupine City has the advantage of a level site at the mouth of one of the best gold-bearing creeks in the district, and the outlook is that it will become quite a camp. It is growing. Travel between Haines and Porcupine is steady and on the increase. The trail on the snow is hard and in fine condition. A large number of prospectors are stopping either temporarily or permanently at Walkerville, on Salmon.

Colonel Gygis's party counted about 80 men on the trail to Porcupine in pine boxes. The Dalton trail will be in good condition for summer travel. Jack Dalton's teams are taking in large quantities of supplies over the snow trail.

The "diggings" already located in the Chitkat and Klondike river country are ground for confidence, and the future of that section of Alaska, and its growing towns may be considered bright.

Only a Few Days' Grace.
Norman Rant, who was formerly recorder for the Atlin district, and son of the present recorder, has made the statement to reliable parties that all the locators who have not got a leave or absence, which must be filed in the recorder's books, had to be on their claims in Atlin on the 1st of April. This order also applies to parties owning interests in claims, which, under the British Columbia mining laws, makes them either be present or represent their claims.

In the Klondike.
Fred Trumbull, of Dawson, says the richest bench claims are on Gold Hill, opposite 1 and 2, Eldorado. Dominion records will give a good account of itself at next spring's washup, and there are already big dumps out from 10 above upper discovery down to 33 below, and as low down as 180 below. Hunker is turning out fine dumps, starting in at 40 below and averaging 25 above. Good-sized nuggets, running \$25, are plenty. Gold Run will also turn out well.

Known in the Northwest.
Captain Harry L. Bailey, commanding company F, Twenty-first United States infantry, now on his way to Manila, is well known among the old-timers in Oregon. He is a graduate of West Point, and came as second lieutenant to the Northwest in time to take part in the Nez Percés war of '77 and the Bannock war of '78. He went with the Twenty-first to Colorado and took part in the campaigns against the Utes.

Outing-Routing in British Columbia.
Outings may yet be used in British Columbia. J. M. Robinson, who has founded a little colony of Manifestans at Prackland, in the Okanagan valley, says: "We are going to get a couple of eggs up from San Francisco and try to hatch them under Turkey. It is believed that the birds can be successfully hatched."

Another Atlin Bank.
D. Simpson, J. Anderson, W. E. H. Bell, R. C. Trimble and P. Pfander are going into Atlin to open a branch of the Bank of British North America there. The bank building is already completed, and it is believed that in two weeks the bank will be in active operation.

Removal of Land Office.
Commissioner Hermann, of the general land office has recommended to the secretary of the interior the removal of the local land office now at Weate, Alaska, to Rampart City, 60 miles farther up the Yukon.

Pardon for Pardon.
Colville people are asking for the pardon of McOermick, convicted recently of an assault with intent to kill. Previous good character and promises for the better are the reasons given for a pardon.

Important Coal Discovery.
Bucoda has made another important coal discovery, and this time it is said to be a first-class quality of anthracite. The shaft is 300 feet down and a considerable vein has been struck.

Lake County School Report.
The annual report of the school superintendent of Lake county, Oregon, has been received at Salem. It shows the number of children of school age in the county to be 939.

Walla Walla to Have a New Theater.
Walla Walla is to have a new theater, to cost \$40,000. The company has been incorporated, and Agent Van de Water of the O. R. & N. will take the management.

A New Postoffice.
A postoffice has been established at Casco, King county, Washington, on the route from Skykomish to Index. Oliver P. Grimes has been appointed postmaster.

An Order From China.
Orders have been received at North Yakima for five sample sales of hops for China. If satisfactory, large orders are expected.

A Gift From Jim Hill.
Spokane's Y. M. C. A. has received a present of \$100 from President Hill of the Great Northern.

Lifelong Service.

Considerable interest has been manifested in Oregon and Washington as regards the future operations of the lifeworking service, says a Washington dispatch. Many residents of both states, learning that a new lighthouse district on the North Pacific was contemplated, have written to the treasury department, seeking appointments under the new district. As a matter of fact, such a district is as yet merely a matter of conjecture, having been suggested several times and recommended to congress. If a new district is created, it is the opinion of the lighthouse board that it will be by a provision of the next sundry civil bill, which, at the earliest cannot pass before June or July, 1900.

Powder Car Blows Up.
A powder car, belonging to a Great Northern freight train, blew up at Everett, Wash., killing one tramp and wounding two others who were riding in an adjoining car. In addition to the powder car, two cars, containing mixed freight, were burned. The injured men gave their names as Sylvester Fagan and Charles Fiebotte. The name of the dead man was unknown to them. It is thought that the cars in which the tramps were riding was set on fire by them and the heat exploded the powder car.

German Colonists.
Henry C. Nichol, of Hamburg, Germany, has arrived in Portland. He has come to Oregon as a representative of a colony of 200 or 300 persons who want to come to America. He says it will take a tract of land containing at least 10,000 acres. The colony will risk Mr. Nichol's judgment, and come as soon as he notifies the members of having what he wants in the way of lands.

PACIFIC COAST TRADE.
Seattle Markets.
Onions, 80c@81.10 per 100 pounds.
Potatoes, \$35@40.

Veal—Large, 6@7c; small, 7 1/2@8c per pound.

EXCHANGE OF ISLANDS.
Proposal to Trade the Philippines for the British West Indies.
New York, April 7.—A special to the Herald from Washington says: Much interest is felt here in the proposition originating with the inhabitants of St. Kitts, in the Leeward islands, for an exchange of the Philippines for the British West Indies. There are strong arguments in favor of such an exchange. If Great Britain can be induced to part with her West Indian possessions, and there is little doubt that if the people of the United States had an opportunity to choose between the Philippines and the English possessions in the Caribbean sea they would prefer the latter. This is practically true of the residents in the Eastern states.

The possession of the British West Indies would be of great importance to the United States from a military point of view, as it would make the Caribbean sea practically an American lake, and would enable this country to dominate completely all approaches to any future isthmian canal from the Atlantic side. It would also bring the United States into closer relations with Central and South America, and would tend to develop commerce with all the nations south of Mexico.

Charleston Shelled Dagupan.
Manila, April 7.—The United States cruiser Charleston, which has been cruising along the west coast of Luzon to the north, sent a boat in shore near Dagupan, last Saturday, to make soundings. The rebels opened fire, wounding a United States officer. The cruiser thereupon bombarded the town, the insurgents evacuating it.

Married Legally Dead.
St. Louis, April 7.—The court of appeals has affirmed the decision of the lower courts that John E. Carpenter, who disappeared from his home in this city two years ago, is legally dead. The case was the suit of Mary E. Carpenter against the supreme council, Legion of Honor, for \$2,000 on a civil writ issued to her husband, who disappeared from home January 30, 1897, and has not since been heard from. At the time of his disappearance he had made several remarks tending to suicide. Judgment was awarded the plaintiff.

Not in Hibernian Jail.
Kansas City, April 6.—A New Orleans special says: Churchill Guthrie and Augustus S. Flournoy, of Kansas City, who were reported captured and shot as filibusters in Nicaragua, arrived here today from Bluefields on the steamer Breakwater. They are said to have departed quietly for Kansas City.

Will Reincarnate Gomez.
Havana, April 7.—General Gomez is to be reinstated commander-in-chief of the Cuban army until it is disbanded. The Cuban assembly leaders are to take that action to make up for the indignity they heaped on him before.

Young Woman's Suicide.
Dallas, April 7.—This morning, at 7 o'clock, Effie, the 22-year-old daughter of Lucien Frazer, of Bethel, Iowa county, committed suicide by shooting herself with a shotgun. She placed the muzzle over her heart and fired the trigger with a stick. No wound is shown in the suicide, except that Miss Frazer had been in poor health for some time, but was cheerful this morning.

RICH MINE IN WASHINGTON

Mountain of Ore in Sight in the Crystal Butte.

ESTIMATED AT NEARLY \$500,000

Much of It Ready for Shipping—Averages Over \$100 Per Ton—Samples as High as \$200 Per Ton.

Spokane, Wash., April 7.—Manager Thomas, of the Crystal Butte mine, on Myers creek, Colville reservation, says: "We have at least 15,000 tons of ore blazed out in the mine, and between 6,000 and 8,000 tons of this ready for shipping. Estimating the value of the 15,000 tons at \$35 per ton gives us \$475,000 worth of ore in sight. This is conservative. The ore in the mine at this time averages at least \$100 per ton in gold. Fair general samples run over \$300 per ton. But, taking as the ore in the mine, good, bad and indifferent, the average will be somewhere between \$25 and \$50."

Views of Ex-Presidents.
Harrison and Cleveland on Disarmament and Arbitration.
Boston, April 7.—Among the communications received by the United Societies of Christian Endeavor recently in connection with its proposition for a "war against war and peace by arbitration," are two from ex-presidents, Grover Cleveland and Benjamin Harrison. Ex-President Cleveland writes: "The members and the friends of the Society of Christian Endeavor have never entered upon an undertaking so practical and so noble as the effort they are now making to secure an abandonment of war as a means for the settlement of international differences; and if there is any substance to the claim that our institutions and the traits that characterize us as a people tend to national elevation and Christianization, it is eminently proper that our country should be in the lead in any movement in the interests of peace."

Ex-President Harrison's letter says: "For myself, and much more for the great body of my citizenship, I express the desire of America for peace with the whole world. It would have been vain to suggest the pulling down of blockhouses or family disarmament to the settlers on a hostile Indian frontier. They would have told you rightly that the conditions were not ripe; and so it may be and is probably true that a full application of the principle is not presently possible, the devil still being unchained. It is by a spirit of love and forbearance mastering the evil institutions and governments of the world that we shall approach universal peace and adopt arbitration methods of settling disputes."

Stands by Its Feet.
Every living thing has pains and aches sometimes, and the aches and pains of human kind have a friend in St. Jacobs Oil, which stands by in need to cure and restore.

To Cure a Cold in One Day.
Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure, 25c.

Putting a watch under one's pillow will not make a bed tick.

Be Sure Not to Let Rheumatism Stay in the System Longer than You Can Get a Bottle of St. Jacobs Oil to Cure It.
There is no telling what part it may strike or how much misery it may give.

An Austrian chemist who has been making researches into the subject, declares that out of the 4,110 varieties of flowers known and cultivated in Europe scarcely 400 have any odor, and of these nearly 50 have an odor which is if anything disagreeable.

For 30 Days More You Can Try for 25 Cents.
Cured of Rheumatism. CANNOT FIND WORDS ENOUGH TO PRAISE YOUR WONDERFUL REMEDY "5 DROPS."

BEAKS INTO YOUR SHOES.
Allen's Foot-Ease, a powder for the feet. It cures painful, swollen smarting feet and instantly takes the sting out of corns and bunions. It is the greatest comfort discoverer of the age. Any Girl Can Tell

A physician who makes the test and is honest about it can tell you that, in many cases, the number of red corpuscles in the blood is doubled after a course of treatment with Dr. Williams' Pink Pills for Pale People.

That this means good blood may not be entirely clear from the doctor's statement, but any girl who has tried the pills can tell you that it means red lips, bright eyes, good appetite, absence of headache, and that it transforms the pale and sallow girl into a maiden who glows with the beauty which perfect health alone can give.

Mothers, whose daughters grow debilitated as they pass from girlhood into womanhood, should not neglect the pill best adapted for this particular ill.

Frank B. Trout, of 103 Oriskany Ave., Detroit, Mich., says: "At the age of fourteen we had to take our daughter from school on account of ill health. She weighed only 50 pounds, was pale and sallow and the doctors said she had anemia. Finally we gave her Dr. Williams' Pink Pills for Pale People. When she had taken two boxes she was strong enough to leave her bed, and in less than six months was something like herself. To-day she is entirely cured, and is a big, strong, healthy girl, weighing 120 pounds, and has never had a sick day since."—Detroit Evening News.

The genuine Dr. Williams' Pink Pills for Pale People are sold only in packages, the wrapper always bearing the full name. At all druggists, or direct from the Dr. Williams Medicine Co., Schenectady, N.Y., 50¢ per box.

The longest word in the English language is "pneumonotribarabarbantlanoanabolism," a jointed word of 38 letters. "Transubstantiationism" is the next longest.

There is No Telling.
Be sure not to let rheumatism stay in the system longer than you can get a bottle of St. Jacobs Oil to cure it. There is no telling what part it may strike or how much misery it may give.

An Austrian chemist who has been making researches into the subject, declares that out of the 4,110 varieties of flowers known and cultivated in Europe scarcely 400 have any odor, and of these nearly 50 have an odor which is if anything disagreeable.
