Dawson, via San Francisco, May 29. -With the return of spring to Dawson, come renewed fears of pestilence and death. Stringent sanitary measures are being adopted. Health Officer Good has posted public notices through-out the town, forbidding all persons to gather ice or take water from the Yukon at an point nearer than a mile above the city. The Yukon council is planning a system of drainage for the flats upon which the city is situated and an ordinance has been passed re-quiring the inhabitante to use the utmost care in cleaning their piemises prior to the breaking up of the river. Conches Piled Up. Waterloo, Ia., May 30 .- The through train from Chicago to Minneapolis, over the Rock Island and Burlington, Cedar Rapids & Northern railways, was wrecked at 1:15 this morning, at the crossing of Sink creek, about four miles southeast of this place. A cloudburst had washed the sand and gravel roadbed, leaving the track unsupported for a stretch of 20 feet. The rails and ties held together, and there was nothing to indicate the inse-curity of the road. The engine struck the washout and was derailed in the ditch beside the track, and behind it the care were piled in a confused heap. The mail car toppled over and was telescoped by the baggage car, behind, while the rear end of the baggage car, in turn, telescoped the smoker. The roof of the sleeper ploughed its way through the day coach, while the lower half of the latter crushed through the sleeper. The engineer and fireman jumped from the train and escaped

CUBAN ROLLS BOGUS.

Authorities Believe That Many Names Are Fictitions.

Havana, May 30.-There were 111 applicants today to share the \$3,000,-000 which the United States has offered as a gratuity to the Coban troops. Thirty were given \$75 each. The others were not on the rolls, although they had guns which they were ready to turn in, and certificates of service.

The United States authorities consider that the rolls are very unreliable. Indeed, the opinion is freely expressed that a large proportion of the names are fictitious, and that the rolls omit a majority of the names of those rightly entitled to share in the gratuity. The object of this apparently is to discredit the proceelings, and to show the Cuban public that a large number of the troops refused to take American

MISSOURI TRAGEDY.

Joplin Man Murdered His Family and Took His Own Life.

Joplin, Mo., May 30 .- In and near a tent in the southeastern part of town today were found the dead bodies of J. E. Moss, his wife, an infant child, i girl of 7 years, and a boy of 9 years. The heads of all, save Moss, had been mashed with a hammer. He had a bullet hole in his head, and still clasped a revolver. He had apparently killed his family and then committed suicide. The motive is a mystery. The tragedy is believed to have occurred Tuesday night, while the tamily were asleep. Neighbors living within 200 feet of the tent knew nothing of the tragedy till today. A shot was heard Tuesday night, coming from the direction of the tent, but no investigation was made at the time. Moss had General Gomes and the old Cuban a much larger army here, without which, according to the best authorities in Manila would be attempting the land of the cable between that island and the landed the cated that he had prospered. Chicago, May 30.-The Baxter legislative investigating committee has adjourned until June 6. Alderman Michael Kenna, of the First ward, known to his admiring constitutents and the world in general as "Hinky Dink," appeared before the committee who have appeared before that body.

In South Clark street vernacular, he

told the members of the committee that he did not believe there was any gambling in Chicago nor had he ever heard of any policy shops, colonization of voters or slot machines in the First ward. He admitted that his saloon remained open all night, and took the position that the all-night saloon instead of having a bad effect, had on the contrary a beneficent influence on the public, crime having actually decreased since they were al-

lowed to remain open. The alderman testified that he paid out about \$6,000 in his last campaign, and that he charged the difference between that and his \$1,500 salary as alderman to "amusement and pleas-ure." "Politics is a losing game, then?" questioned a committeeman.
"Oh, I don't know," repled Alderman Kenna.

"We greatly appreciate the courtesy shown us. We have spent some time with your commissioners incidentally considering American annexation. Its principles impress us profoundly. The plan of government offered the Philip-pines seems in theory to be a good col-onial system, but why should a nation seek to make a colony of a distant peo-ple, who have been so long fighting against Spain to secure the same rights your annexation gives? You fought the same battle in America when you fought against England."

Two Engagements.

Washington, May 27.—General Otia today cabled the war department: "Manila, May 27.—On the 23d inst. the Third infantry, returning to Baliusg, was attacked in the morning, noon and evening by a large force of the enemy, suffering in causalties two men killed and 13 wounded. The en-emy was repulsed, leaving on the field 16 killed and a large number of wounds ed and prisoners. Yesterday, the en-emy appeared in the vicinity of San Fernando, and was attacked by the Kansas and Montana regiments, which suffered slight loss. The enemy was driven through rice fields, leaving 50 dead and 88 wounded and 28 prisoners; 50 rifles and other property were cap-tured. The retreat through swamp lands saved the enemy from destruction. Lawton is returning, leaving with MacArthur on the front regular troops to replace the volunteers.'

THE FEUD RENEWED.

General Gomes and the old Cuban assembly has been renewed. General Gomez' manifesto, issued to the solniture and clothes of the family indi- diers today, advising them to give up their homes, will be met tomorrow by a strong manifesto from a majority of the Cuban chiefs arging the soldiers not to accept any part of the \$3,000,000 offered by the United States, but to deband and keep their arms.

A meeting was held this afternoon at the home of General Maya Rodriguez and attended by the anti-Gomez officers in the Cuban army. Strong anti-American sentiments were expressed. Gomez was called a 'traitor to Cuba libre" and severely scored for entering into the last negotiations with General Brooke without consulting the representatinves of the army, actions were construed by the speakers as an effort to further his own political aggrandizement. It was voted unanimously to use all means to prevent the soldiers from surrendering their arms. In addition to the manifesto, General Rodrigues will send a personal letter to the soldiers asking them not to accept United States money.
