AN OPEN LETTER TO MOTHERS. WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK. I, DR SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "CASTORIA," the same that has borne and does now bear on every the fac-simile signature of Chas. H. Fletcher wrapper. This is the original "CASTORIA" which has been used in the homes of the Mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought on the and has the signature of Chas. H. Fletcher wrapper. No one has authority from me to use my name except The Centaur Company, of which Chas. H. Fletcher is President. March 24, 1898. Samuel Pitcher M.D. Do Not Be Deceived. Do not endanger the life of your child by accepting a cheap substitute which some druggist may offer you (because he makes a few more pennies on it), the ingredients of which even he does not know. "The Kind You Have Always Bought" BEARS THE SIGNATURE OF Chas. H. Fletcher. Insist on Having The Kind That Never Failed You. THE CENTAUR COMPANY, 77 NASSAU STREET, NEW YORK CITY.

So far this month the county clerk's office has received in money for redemption of land sold for taxes \$325.85. A good deal of the material to be used in building the new Methodist church in this city is being delivered on the ground. Frank George returned last Friday from near Starbuck, Wash., where he has spent some time in the employ of the railroad company. The Unitarian Sunday School, of Portland, spent the day in this city last Saturday, coming down on the Telephone and returning on the Hassalo in the afternoon. Judge McBride held an adjourned term of circuit court here last Saturday and disposed of a few unimportant matters. The Judge's next official visit to this place will be August 1st.

Mr. M. C. Case, who taught at Houlton and in this city five years ago, and who has many friends in this county, has just been elected to the third year of the principalship of the Hillsboro public schools. The three-foot addition to the length of the smokestack of the steamer America makes a decided improvement in the appearance of that boat. It seems to elevate the boat at least one-half, and adds fifty per cent to her appearance. The teachers' institute to be held here next week, beginning Monday, promises to be a very interesting meeting. Some months of entertainment for the teachers outside of school work, should be provided by the citizens here. Let us get together. An old county warrant was received for taxes at the sheriff's office last week. It was drawn July 8, 1886, to John Nelson, for \$1, and signed by N. C. Dale, county clerk. The warrant will be thirty years old in a few days, and has never been endorsed.

Chris Anderson, arrested some time since at Willow bar for being drunk on the steamer No Wouder, and who was tried in the circuit court in Multnomah county, was released from custody in Portland Wednesday because that county had no jurisdiction in the matter. The shooting occurred in Columbia county, and in all probability will be subsequently tried here. As a result of eating ice cream in which lurked ptomaines, 26 of a party of picnickers were taken to the Park last Sunday. Those most seriously affected were: Leo, Mattie, Mamie and Edith Litherland, of Fulton, and Edna and Edward Humaker, also of Fulton. These children displayed serious symptoms of poisoning about 7 o'clock in the evening, several hours after the picnic, and temporary remedies were applied until a doctor could be secured. It took a greater part of the night to bring the sufferers out all right and all were restored except one. The cream was bought at a store in Portland. A few years ago there was such a volume of business to be transacted by the local land office and the department at Washington that it required, generally, from two to three years to secure a patent to lands after proof had been made. The work is well up now in the departments and patents are issued to claimants within a few weeks after proof is made. A list of patents for claimants arrived at the Oregon City office this week, among the list being the names of the following Columbia county persons: Albert Wood, Christopher Sarveine, Joseph Netch and Giovanni Filippelli. These parties proved up on their land less than three months ago.

Thousands of people throughout the state will gather in Portland to celebrate the Fourth of July this year. The celebration in that city will be especially interesting. Although spending a big day in the metropolis is hard work for the average person from the country, thousands will be there, nevertheless. The Hassalo, the new O. R. & N. sternwheel steamer, made a run to Astoria from Portland last Sunday, covering the entire distance in 4 hours and 34 minutes, beating any previous record by 12 minutes. After her machinery becomes smoothed down it is likely she will be able to beat her last Sunday's record. The Food & Shute Banking Company, of Hillsboro, have offered to refund the debt of Washington county, aggregating about \$24,000, at 4 per cent interest. When county warrants were drawing 8 per cent interest, that banking firm loaned money to the county at 6 per cent, and this latter offer of a low rate is almost phenomenal. That meeting of bicyclists called to meet at the court house on Saturday night a week ago, did not materialize for some reason. The season for cycling is becoming quite well advanced, and if any action is to be taken looking to the building of a path from St. Helens to Warren, it is time a move was made. Warren cyclists are very anxious to assist in the matter.

Looking over our files one day this week—our file of 1898—we find that next to the last issue in June of that year the paper bore the same date as the present issue, June 23. Thus it has been 222 weeks since an issue of this paper in June bore a corresponding date. A large yield of hops is now almost an assured fact throughout the state, and prices are certain to tend higher than that prevailing last year. Some contracts at 12 cents a pound are being made, but most producers are holding off, expecting to receive at least 15 cents per pound. Little trouble from lice is anticipated, and altogether the outlook for a profitable hop crop is very encouraging. Mr. W. F. Slaughter, of Mayger, is arranging to move to this city and assume charge of the business of the Oregon Wood Company, Mr. G. M. Mayger having disposed of his interests in the business. Mr. Slaughter is also contemplating the purchase of the Quick building, occupied as an office and residence by Mr. Cleeton. Should Mr. Slaughter locate here, the entire business management of the Wood Company's interests will be in his hands.

Mr. and Mrs. Reichardt and friend, of Chicago, who have spent quite a number of weeks last Friday evening at the county school for poisoning gray squirrels, which he declared were carrying off his entire corn field. Mr. West has a number of acres planted to corn, and if he can succeed in exterminating the squirrels, and weather conditions are favorable, he will have an abundance of the product for ensilage and food in various forms for his dairy herd this winter. Mr. E. H. Flagg, of Salem, formerly editor of this paper, was in the city last Saturday, accompanied by his son. Mr. Flagg stated that he noted many changes and improvements in and around St. Helens and spoke encouragingly of the future of the county. E. H. was a member of the last legislative assembly, and says he will try for the nomination again for that place at the hands of the republican convention of Marion county.

Mr. Wm. Lusk, of Mayger, was in town Tuesday, leading a team of 7-year-old bay horses which he had purchased from Mr. Amos Slaven, of Warren. Mr. Lusk planked down \$300 in gold coin for the naked team, and walked away with an air that would indicate that he considered that he had hit a bargain, and indeed, we guess he had. Three years ago Mr. Slaven would have been paid \$800, and yet the country continues to go to thunder under the evils of the depressing gold standard and a republican administration. Within the last year or two there has been an unprecedented demand for good horses, and those who have them to dispose of can always get any price they ask. There will be an apportionment of school funds on the first Monday in July. Under the new law the county school superintendent will make appropriations for the first Monday in January, April, July and October, in the following manner: Of the school funds collected in pursuance of the school tax levied in the county, \$50 to each district in the county that has reported to him as required by law; and the balance of the fund remaining shall be apportioned among the several districts in proportion to the number of persons in the district over four and under 20 years of age as shown by the last census. The April, July and October apportionments are to be made to the districts in proportion to the children of school age reported and not on a basis of \$50 or any fixed sum.
