#### OFFICIAL COUNTY PAPER.

BEFORE THE MIST will have appeared again to its readers the people of this natian will have celebrated the 123d anniversary of its birth in a manner not commonplace in the leastwise. Of all occasions when the people of this country get together, it is upon the nation's birthday. Political ideas are laid aside and one joins the other in the knowledge that one proud flag floats bravely over all. The acme of perfection to which this nation has attained is all the proof necessary that our country's founders builded wiser than they knew. And is there not every reason for our haughty ideas and the proud spirit with which Old Glory floats out upon the breezes? Americans scarcely realize what a glorious country it is in which it is their privilege to exist until the true worth of Yankee blood was demonstrated on the field of battle and aboard the many ironclads which today sail upon the mighty oceans with flying colors of triumph and victory, defying other na. tions and defending our own shores. The celebration of the national birthday appeals to the nobler elements of mankind and patriotism bursts forth in demonstrations illustrating the love of home and native land. There is every reason to be proud, every reason to be patriotic, and the American people next Tuesday will illustrate in their conduct that this is one nation with but

A social party was given by Mr. Du-pont on the 23d,. Friends from Peris and vicinity were present, numbering twenty-two all told. The evening was spent by amusing exercises, dancing, etc. Lunch was furnished at midnight by Mrs. Dupont. All seemed to enjoy themselves. It seems that Dr. Hatfield's address has stirred up in the News all the little dogs of the country around. The latest whining yap comes from upper Pebble creek correspondent, criticizing upon a subject not even touched, which shows that he (as the others) was not present. The trouble with this whole growling, snapping brood, from the lank one who tries to occupy the editorial chair on down to the least, is that their already contracted brains are so saturated with party prejudice that they cannot grasp the thought that a question being in politics does not prevent its being discussed from an independent and patriotic point of view. All the burning issues of the day are in politics, and in to stay until from an independent and patriotic point of view. All the burning issues of the day are in politics, and in to stay until settled by the independent-thinking voter and not by the partisan. Since the doctor is to deliver the Fourth of July address at the upper Nehalem cele-bration and may again turn over a live coal, we would advise these diminutive snarlers to attend before barking.

Would Not Suffer So Again for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic, and one dose fixed me all right. It certainly is dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to chapped hands, endure the sufferings of last night for fifty times its price,—G. H. SUNDAY SCHOOL CONVENTION

Proceedings Had and Resolutions

Adopted.

The convention was called to order by Secretary G. G. Haley, the president and vice president being absent, and he presided throughout the session. After the devotionals Mrs. J. A. English made us all feel at home in a felicitous address of welcome. In behalf of the delegates, Dr. Whitaker responded, Then followed the opening address by Rev. Robert McLean, of Portland. He was a very interesting speaker. The minutes of the last annual meeting were read and approved.

Then, as Mr. I. H. Copeland was absent, Mr. G. G. Haley was asked to take up the topic, "Jesus, the Ideal Teacher."

Following this came a very fine paper by Rev. G. V. Smith, on "The Sunday School as a Soul Saver." Considerable discussion followed this paper. The benediction was then pronounced by Dr. Whitaker. Dr. Whitaker.

benediction was then pronounced by Dr. Whitaker.

The evening session was given up to a lecture by Rev. Geo. Whitaker, D. D., president of the Portland university. It was a masterpiece, the subject being "The Coming Church." For over an hour the Doctor held the attention of the audience as he traced the growth of the Pacific states to a place of first rank in the commercial world. This would be a result of territorial expansion, the building of the Trans-Siberian railway, and the opening of the Nicaragua canal. He then showed the power of the coming church under the new conditions of things, if she will only exercise it. In conclusion, he declared that those who would wield great influence and power must be the ones who are prepared morally and intellectually, incidentally calling attention to the advantages of Portland university.
