HEAVY BANK CLEARINGS.

Were Nearly Fifty Per Cent Larger Than a Year Ago.

R. G. Dun & Company, in their weekly review of trade, says: "There is certainly room for some decrease, when the volume of payments through the clearing-house, in July, is 47.2 per cent larger than last year, the best of all previous years. So great an advance would warrant expectation of some setback under ordinary circumstances. This year, the unusual freedom from labor troubles, about July 1, is followed by some signs of a tendency to strike, because great works are committed far ahead and cannot halt without loss. But interruption of business by labor troubles of all sorts has been less than in any other July for years. Nor is the movement of products hampered. Western receipts of wheat in July have been 18,868,326 bushels, against 7,203,333 bushels last year to date, and corn, 20,485,451 bushels, against 9,173,335 bushels last year, even the latest week showing large gains over last year. Exports of wheat, from both coasts, were 9,939,380 bushels, flour, included, against 8,833,192 bushels last year. Copper is strong, with spot scarce and lead weak at \$4.55, but tin is quoted at \$31.55, London leading as usual.

Shipments of boots and shoes from the East, in four weeks, have been \$94,374 cases, against \$80,535 last year; and in 1898, the nearest previous year, \$51,259 cases. Leather continues strong and scarce, with a combination of packers lifting prices of hides at Chicago, so that many of the takers are quitting that market.

Failures for the week have been 151 in the United States, against 325 last year, and 20 in Canada, against 26 last year.

Legal determination of what constitutes a spendthrift is likely to come out of a suit over a will in Chicago. T. W. T. Palmer, who was left an income of \$20,000 by the will of his mother, Mrs. Benedict, is suing for the estate, valued at some \$600,000; and the trustees allege that he is a spendthrift because he spent \$100,000 in two years, and offer to prove that he lost \$50,000 in three months on the New York Stock Exchange. Whether loss of money in this way makes a man a spendthrift will then be left for the jury to determine.
