Manila, Sept. 26. — The cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro, with the marines and bluejackets from the cruiser Baltimore, left Cavite Septem ber 19, and, as already cabled, pro-ceeded to Subig bay to destroy an insurgent cannon there. Owing to the bad weather, the opera

tion was postponed until yesterday, when the warships for three hours bombarded the town of Olangapo and the entrenchments where the gun was situ-ated. Men from the Charleston, Concord and Zafiro were then landed un der a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by guncotton, and then returned to the warships. The Americans had one man wounded during the

While waiting in Subig bay for better weather, the Americans descried Filipino reinforcements moving toward Olangapo. At 6:40 A. M. yesterday the Monterey began to advance upon the town, which was about three miles east of the monitor's anchorage. The Chalreston, Concord and Zafiro fol-lowed. At 7:20 the Monterey opened fire with her secondary and main batteries; the Charleston and Concord joining immediately. At 7:30 the insurgent cannon answered the first shot passing close to the Monterey's smoke-stack. The gun was fired twice only. The American bombarding then be-

came general. At 9:30 the Monterey advanced to a range of 600 yards, using her main battery. Two hundred and fifty men were landed about 800 yards east of the cannon at 11 o'clock, under

a severe Mauser fire.

The men from the Charleston were the first to reach the beach, but the Concord's men were the first at the gun, which they reached at 11:10. Transport Leelenaw Kept Affont Working Her Pumps Steadily San Francisco, Sept. 26.—The United States transport Leelenaw came into port today with the pumps steadily at work to overcome the effect of a hole in the ship's bottom. The Leelenaw sailed for Manila September 2, with a cargo of commissary stores and 200 horses for army use. After leaving this port distemper was developed among the horses, and so many of the animals died that the Leelenaw put into Hono-lulu and lauded there the commissary storse and the surviving horses. Th transport then started on the return

trip to this city. During the three days prior to reach ing this port, so thick and constant was the fog that no observations could be taken, and, having lost her bearings, the Leelenaw struck a reef near Mon tara, 20 miles south of this port, last evening. on Buildings and Grain Abou

Salem, Or., Sept. 25.—The mill and elevator warehouse of the Salem Flour-ing Mills Company, located at the corner of Commercial and Trade streets, were destroyed by fire at 4 o'clock this morning. The total loss is about \$150,000, a large part of which will fall on farmers who had grain stored at the mills. There was over 125,000 bushels of wheat stored in the build-

ings, only about 25,000 bushels of which belonged to the mill company. The fire was caused by a dust explosion near the cleaners on the third floor of the mill, and it spread rapidly. The insurance on the mill company's buildings and machinery, which are almost a total loss, is about \$60,000, while their value is placed at about \$75,000. Only about 30,000 bushels of the stored grain was insured, so the loss to the owners is great. Consider-able of the grain not damaged by water, it is thought, can be cleaned and sold for about half price, and the mill company will take immediate steps to save

all that possibly can be saved.

The mill, which was run as an independent concern by men interested in the Portland flouring mills, may never be rebuilt, as the Portland Flouring Mills Company owns another mill largest ever seen in Salem.

Men and women arose and hissed, and the men kept crying, "Put him out!" Simpson appealed to the crowd to sit down. "I am coming to my perora-tion." he said, although he had been speaking only 15 minutes. Cries came, Take your peroration to Aguinaldo.' THE FIRST MONTANA.

Six Companies Return on the Transport San Francisco, Sept. 25,—The Uni-ted States transport Zealandia arrived from Manila via Yokohama today, having on board six companies of the First Montana volunteers. A noisy greeting was extended to the returning soldiers, whose safe arrival was announced by the blowing of steam whistles and the

discharge of cannon. Notification of the Zelandia's coming was promptly given, and tags went out to greet the transport. One tag had on board a number of officials of California and of San Francisco, and members of the local reception committee, carried Governor Smith, of Montana; United States Senator Carter and a party of Montanane, who were vociferous in their joy at beholding their sol-dier kith and kin once more.

The health of all on board is excellent, and there was but one death on the voyage, that of James Ashton, Fourth United States cavalry, who died September 19 of pneumonia. Aside from this case there was no sickness og board the transport during the trip.
