

**Captain Gridley's Mother**

**Restored by Peruna.**

**Dewey's Flag-Ship Olympia—Captain Gridley, Commander.**

Mrs. Gridley, mother of Captain Gridley, who was in command of Dewey's flag-ship, at the destruction of the Spanish fleet at Manila, says of our remedy, Peruna:

"At the solicitation of a friend I used Peruna, and can truthfully say it is a grand tonic and is a woman's friend, and should be used in every household. After using it for a short period I feel like a new person."

Nearly all our ills are due to catarrh. We are liable to have catarrh of the head, catarrh of the throat, catarrh of the lungs, stomach, kidneys, bladder and pelvic organs. Peruna cures catarrh wherever located. Address Dr. Hartman, Columbus, Ohio, for free book.

**SALT LAKE CITY.**

**An Important Factor in Transcontinental Travel.**

No one crossing the continent can afford to omit Salt Lake City from his route. The attractions of the place, including the Mormon Temple, Tabernacle and Church institutions, the Great Salt Lake—leader and denser than the Dead Sea in the Holy Land—the picturesque environment and the warm sulphur and hot springs, are greater to the square yard than any locality on the American continent.

The Rio Grande Western Railway, connecting on the East with the Denver & Rio Grande and Colorado Midland Railways and on the West with the Southern Pacific (Central Route) and Oregon Short Line, is the only transcontinental line passing directly through Salt Lake City. The route through Salt Lake City via the Rio Grande Western Railway is famous all the year round. On account of the equable climate of Utah and Colorado it is just as popular in winter as in summer. Send 2c to J. D. Mansfield, 253 Washington St., Portland, or Geo. W. Heinze, Acting General Passenger Agent, Salt Lake City, for a copy of "Salt Lake City—the City of the Saints."

**Improved Train Equipment.**

The O. R. & N. and Oregon Short Line have added a buffet, smoking and library car to their Portland-Chicago through train, and a dining car service has been inaugurated. The train is equipped with the latest chair cars, day coaches and luxurious first-class and ordinary sleepers. Direct connection made at Granger with Union Pacific, and at Ogden with Rio Grande line, from all points in Oregon, Washington and Idaho to all Eastern cities. For information, rates, etc., call on any O. R. & N. agent, or address W. H. Hurlbert, General Passenger Agent, Portland.

The hoteliers of Cripple Creek, Col., district have made a demand for an eight-hour day and an increase of wages from \$3.50 to \$4 per day. Waiters and cooks have recently secured a six-day week without striking, and all city laborers have been advanced from \$1.75 to \$2 per day.

**Dr. Kline's Kidney and Bladder Pills.**

VITALITY low, debilitated or exhausted cured by Dr. Kline's Investigating Tonic. F. K. Kline, Institute, 2100 Locust St., Philadelphia. Founded 1871.

**Climate, Scenery and Nature's Sanitarium.**

Scenery, altitude, sunshine and air, constitute the factors which are rapidly making Colorado the health and pleasure grounds of the world.

Here the sun shines 357 days of the average year, and it blends with the crisp, electric mountain air to produce a climate matchless in the known world. No pen can portray, no brush can picture the majestic grandeur of the scenery along the line of the Denver & Rio Grande Railroad in Colorado.

**An Excellent Combination.**

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

**Are You Going East?**

If so, you should see that your ticket reads via the Great Rock Island route, and you will get the best.

Pullman palace sleeping cars, elegant reclining chair cars "free," and library buffet cars on all through trains. Best dining car service in the world. Popular personally conducted excursions once a week to all points East. For full particulars call on or address any ticket agent, or A. E. COOPER, G. A. P. D., C. R. I. & P. Ry., 246 Washington street, Portland, Or.

**La Fayette Dollars.**

The La Fayette memorial commission has announced that the United States mint at Philadelphia would soon begin striking the La Fayette dollar authorized by congress in aid of the monument. The coin, a legal tender, will bear upon its face in bas relief a double medallion of the heads of Washington and La Fayette, and upon its reverse a miniature reproduction of the equestrian statue of La Fayette, to be used on the monument. The number is limited to one for each 1,500 of the population of the country. The first coin struck of the 50,000 will be presented by the president of the United States to the president of the French republic. As the La Fayette dollar will be a desirable souvenir and memento of the children's monument to the "Knight of Liberty," the commission has fixed the price at two dollars. The dies are finished and a specimen coin has been sent to Washington.

**CONSUMPTION**

**SUGAR BEETS.**

**Conclusions From Experiments Conducted by Oregon Agricultural Station—Industry in Washington.**

The Oregon agricultural experiment station at Corvallis has issued a pamphlet in which it presents the conclusions reached after five years of investigation concerning beet sugar production in Oregon. It says three sections of the state are exceptionally well adapted to the industry, viz.: Union county in the vicinity of La Grande; Malheur county, in the vicinity of Ontario, and Arcadia; Jackson county, in the vicinity of Medford, possessing as it does a large area capable of producing a very large supply of beets. Water, fuel and limestone are easily and cheaply obtainable in each locality.

The most serious obstacle in any of these localities is the limited number of people available for field help at short notice, especially would this be true in Malheur county.

Western Oregon is not well adapted to the industry on account of the early fall rains and a soil which is very heavy and sticky, and tenacious to the beet when wet, and it also lacks a cheap lime supply.

Beet growing in Malheur county would have to be under a system of irrigation similar to that in Utah.

If beets are planted in the middle of April either in eastern or southern Oregon nothing is gained by delaying harvest later than the first week in September.

The Original Klein Wanzlebener and the Elite Klein Wanzlebener have proven themselves well adapted to the conditions in the Grande Ronde valley, and have both given good results in Jackson county. The former has given the better results in the latter place. Each has given better results in each place than the Vilmorin.

In eastern Oregon beets may be left in the ground quite late without serious loss from second growth.

Beets for sugar production should not be planted on alkali soils.

Beets may be allowed to grow much larger here than in Germany and still hold an excellent per cent of sugar.

The hill lands of Jackson county are not well adapted to the industry.

The establishment of a sugar factory makes possible a most excellent opportunity for a high development of the dairy industry. This is of no mean consequence when it is remembered that all three of the localities which present favorable conditions for the industry produce immense quantities of alfalfa, and yet ship in dairy products in large amounts. Why not produce them at home and supply the neighboring sections?

The establishment of a sugar factory means also the development of a large fuel and lime industry.

**Waverly Sugar Factory.**

The new sugar factory at Waverly, Spokane county, Washington, began operations December 6. This is the first beet sugar factory to be built in this state, and the second in the Pacific Northwest. The farmers in the vicinity of the factory raised about 400 acres of beets this year, the yield being 4 to 12 tons per acre. D. C. Corbin, of Spokane, owner of the factory is paying \$4 per ton for beets containing 12 to 14 per cent of sugar and 33 1-3 cents per ton additional for each per cent of sugar above 14. The average price for the entire crop is about \$4.50 per ton.

Taking the average yield as eight tons, half way between the extremes, this would give a gross return of \$36 per acre. The cost per acre of the beets delivered at the factory is in the neighborhood of \$25 to \$30. This leaves some profit to the average beet grower, and considerable to those whose beets give yields of 10 or 12 tons per acre. Another year, when the farmers know more of beet culture, and are in position to give their crops the attention they need, better results may fairly be expected. This is the beginning of an industry which will, if successful, become an important feature of Eastern Washington agriculture. It will give the farmers of the Palouse country a profitable crop to grow in rotation with wheat. When the farmers have learned the value of sugar beet pulp as a stock feed, it will also doubtless result in an increase of live stock on the wheat ranches in the vicinity of the factory.

**Northwest Notes.**

Postmaster Winter, of Colville, has resigned.

Spokane saloons are compelled to close at midnight now.

The enrollment of pupils in La Grande's public schools is 641, with 15 teachers.

Dogs killed 26 head of sheep for a Kentuck slough rancher in Coos county last week. He has killed one of the dogs.

The money orders issued from the Tillamook postoffice last month numbered 350, amounting to \$4,399, while the money orders paid out numbered 100, amounting to \$1,465.

H. H. Lazard has been appointed county clerk of Coos county, to succeed W. E. Rackleff, who violated the office-holder's rule that few die and none resign, by vacating the place last week.

Fairs of the second Southern Oregon district, embracing Coos, Curry and Douglas counties, have heretofore been held at Roseburg. This year an effort is to be made to have the fair held at Marshfield.

The Great Northern will keep 500 to 1,000 men employed all winter, and expend \$150,000 in laying new track and improving its right of way through Spokane. Besides this, new depots are to be constructed there, and new bridges built.

The Syrian colony of Tacoma is aroused over outrages recently perpetrated on their countrymen. One of them, a peddler, was robbed by highwaymen a few days ago. Sometimes previous another peddler had mysteriously disappeared, and they now think he was murdered and robbed, as he was known to carry quite a sum of money. So now the colony is raising a fund to pay for a search for the missing peddler's body and discover in what manner he came to his death.

Tokoa graindealers are in a pool, and refuse to sell wheat for less than 40 cents per bushel.

**TRADE QUIETING DOWN.**

Undisturbed, However, by an Unfavorable Money Situation.

Bradstreet's says: General trade in wholesale and manufacturing lines is quieting down, but it is worth noting. It is undisturbed by the money situation, the influence of which has been confined to speculative circles. Holiday trade, on the other hand, has been given a decided impetus, and comparisons with the same period of preceding years are uniformly favorable, little doubt remaining that although retail trade in seasonable lines has been affected in some localities by unfavorable weather, holiday specialties have enjoyed exceptional activity. As regards prices, it is a notable fact that as many staples have advanced this week as there have declined, while by far the larger number of quotations have remained steady or firm. The strength of textiles is still a most notable feature of the general situation.

Cotton goods are heavily sold ahead by agents, and a very large spring business has already been booked. Raw cotton is firm and unchanged on the week, partly owing to the light receipts and to reconfirmation of a short crop estimated by the department of agriculture. Manufactured goods, where not advanced, are firmly held.

Wheat, including flour, shipments for the week aggregate 3,250,649 bushels, against 5,133,331 bushels last week, 6,243,659 bushels in the corresponding week last year, 4,464,399 bushels in 1897, 3,534,826 bushels in 1896 and 2,050,043 bushels in 1895. Since July 1 this season, the exports of wheat aggregate 97,559,936 bushels against 109,720,553 bushels last year and 118,809,197 bushels in 1898-99.

Business failures in the United States for the week were only 210 as compared with 220 last week, 234 in this week a year ago, 283 in 1897, and 359 in 1896.

Tropical Fruits—Bananas, \$1.50 @2.50 per bunch; pineapples, nominal; Persian dates, 6@6 1/2c per pound.

**Wedding for "Original" Folk.**

For peculiar marriage customs the Negritos cannot be beaten. The young man who seeks a bride first obtains the favor of her parents and then pursues her, catching her in his arms. She breaks loose and runs, and does not yield until he has caught her several times. Finally he leads her in triumph to her home. Here the father drags the youth up a ladder to the floor of their hut. The mother drags up the maiden. They are made to kneel, and the father pours over them a cocoanut shell full of water. He then bumps their heads together, and the ceremony is completed. They spend their honeymoon in the depths of the mountains, and for five days and nights are lost to sight, after which they come back to everyday life. Then there is another marriage custom. Instead of the youth and maiden being dragged up the hut ladder, they are made to climb two sapplings that grow near each other. Then an elder of the group grasps the sapplings and draws them together until the heads of the young couple touch, with a kiss or bump, according to the force used. This makes them man and wife.—N. Y. Press.

Perhaps the most trying experience in the career of a maiden who has passed the first blush of romantic girlhood is when she braces herself to meet the shock of a proposal of marriage from some man, and the shock doesn't come.—Cincinnati Enquirer.

**A Literary Project.**

Stern Parent—No, Marcella, I positively forbid you to receive George Gay-boy. He's taken to bad ways lately; does nothing but frequent race tracks and poolrooms.

Marcella—Oh, but, pa, he has a good object in going there. He's a literary man, you know, and he told me he was making a book on the races.—Harlem Life.

**Prosperity for 1900.**

Indications point to great prosperity for the coming year. This is the sign of a healthy nation. The success of a country, as well as of an individual, depends upon health. If you have any stomach trouble try Hostetter's Stomach Bitters which cures dyspepsia, indigestion and biliousness.

There was no assignable cause for 12,204 fires last year.

**"Take Time by The Forelock."**

"Don't wait until sickness overtakes you. When that tired feeling, the first rheumatic pain, the first warnings of impure blood are manifest, take Hood's Sarsaparilla and you will rescue your health and probably save a serious sickness. Be sure to get Hood's, because Hood's Sarsaparilla NEVER DISAPPOINTS."

**Hood's Sarsaparilla**

His Highest Critical Praise.

Edward Terry tells of a pretty incident which occurred during a tour in Australia. "Do you know what I consider the most glowing tribute I ever received? The compliment came from a child. There was a crowded house, an intent audience, and humor had for the instant given place to pathos. You might have heard a pin drop and I felt the tension of the house was at breaking point. The intense silence was broken by a childish voice—a girl—who, turning to her parent, asked in a broken voice: 'Mother, is it real?'"—San Francisco Bulletin.

At a mass meeting held in St. Paul it was decided to establish a uniform rate of 25 cents for hair cutting. Out of 105 shops in St. Paul all but three were represented at the meeting and all present signed the agreement.

**BOWEL BLOAT**

A horrible, slimy monster that makes man's life a misery. After eating: a bloated belly, belching of gas from the stomach, a foul, ill-smelling scurf on the tongue, dizziness, headache, a sour rising and spitting up of half-digested food, — it's Bowel Bloat.

When the bowels stop working they become filled with putrid, rotting matter, forming poisonous gases that go through the whole body. If you don't have a regular, natural movement of the bowels at least once a day your fate is bowel bloat, with all the nasty, disgusting symptoms that go with it.

There's only one way to set it right.

Clean yourself out gently but thoroughly and tone up your bowels with CASCARETS. Every form of bowel trouble is quickly and permanently
