KIMBERLEY RELIEVED

Retirement of Cronje and the Boer Army.

BRITISH EVACUATE RENSBURG

The War Office Has Issued Orders for the Formation of 31 New Batteries—Three Battalions of Infantry.

London, Feb. 17.—The war office announces that General French reached Kimberley Thursday evening.

Following is Lord Roberts' message to the war office:

"Jacobsdal, Feb. 17.—French, with a force of artillery, cavalry and mounted infantry, reached Kimberley this evening (Thursday)."

Cronje's Retirement.

London, Feb. 17.—As Gen. Cronje's communications with Bloemfontein have been cut, England would like to hear that he elects to give battle among the low hills and ridges east of Kimberley. Should he determine not to do this, he must retreat to a point where he would prefer to fight.

This retirement would be a long detour around the head of the British advance to Bloemfontein, or, as seems to military students more practicable, he could withdraw to the north, using the railroad for his guns and heavy baggage, moving to Fourteen Streams station, and thence into the Transvaal territory.

The Boers have made no preparations to defend Bloemfontein, and there is no particular reason why General Cronje should risk a battle to protect the capital of the Free State.

Operations elsewhere are apparently suspended.

A correspondent, writing from Chevelly, February 15, says: "We are still hopeful of relieving Ladysmith."

Colonel Baden-Powell, in a dispatch from Mafeking, dated January 29, after mentioning matters already sent out by correspondents, gives his total casualties up to January 25 as follows: Killed, five officers and 60 men; wounded, eight officers and 123 men; missing, 34 men.

No word has been received regarding General Gatacre's 12,000 men at Stormberg. The impression is that these forces are on the way to Lord Roberts.

Mr. Chamberlain's announcement in the house of commons of the intention of the government to encourage the Zulus to defend themselves from the Boers is a contingency the Boers seem to have anticipated, as they have been doing everything in their power to win the good will of the Basutos, who have thousands of good rifles. The Boers gave 2,000 Basutos safe conduct. If the British let loose one tribe the Boers will probably let loose another.

The war office has issued orders for the formation of 21 new batteries and three battalions of infantry.

The cabinet council was in session yesterday for two hours. It will meet again today. This is quite unusual.

British Evacuate Rensburg.

London, Feb. 17.—The Cape Town correspondent of the Daily Chronicle, telegraphing, says:

"It is reported here that the British have evacuated Rensburg and retired to Arundel."

Arundel, Feb. 17.—General Clements withdrew from Rensburg during the night, his rear guard arriving at Arundel early this morning.

The Boers promptly followed, reoccupying their old position on the Taaisbosch hills, when they have been shelling the British cavalry patrols, but ineffectually. The British guns returned the fire, making fairly accurate practice.

PASSED BY THE SENATE.

Decisive Majority for the Financial Bill.

Washington, Feb. 17.—The senate substitute for the house currency bill was passed by the senate today by the decisive majority of 46 to 29.

Prior to the final passage of the bill, amendments were considered under the 10-minute rule. Only two of these amendments were adopted, viz: One offering by the financial committee, keeping the door open to international binetism, and one by Nelson, of Minnesota, providing for national banks with \$25,000 capital in towns of not more than 4,000 inhabitants.

The house today completed 26 of 124 pages of the legislative, executive and judicial appropriation bill, without amendment. During the general debate, which closed at 4 o'clock, a variety of topics were touched upon. Boutell, of Illinois; Miers, of Indiana, and Showalter, of Pennsylvania, discussed the Philippine question; Grosvenor, of Ohio, and Gillett, of Massachusetts, civil service reform; Briggs, of New York, pensions, and Underwood, of Alabama, his resolution to repeal the 15th amendment to the constitution. The legislative bill probably will be passed tomorrow.

Lima, Peru, via Galveston, Feb. 17.—A severe earthquake shock, which caused great alarm, was felt in this section. In the course of the day the River Rimac flooded its banks in the outskirts of Lima, endangering life and property.

Fighting in Albay Province.

Manila, Feb. 17.—Insurgent forces, estimated at 5,000 soldiers, mostly bolomen, attacked the American garrison in the convent at Daraga, province of Albay, the night of February 5. They were repulsed, however, after they had burned much of the town. One lieutenant wounded was the only loss sustained by the Americans.

Steel ornaments should always be kept in powdered starch to prevent their rusting.

WE ARE AN ASIATIC POWER.

United States Alone Opened the Door of China.

Ithaca, N. Y., Feb. 17.—President Jacob G. Schurman, of Cornell university, in an address before the Business Men's Association, of Ithaca, spoke at some length on the issues arising out of the Philippine question. Regarding the commercial benefits which the United States is to derive as a result of the Spanish-American war, he said:

"The markets of the world are open to us and receiving our products. The Spanish war gave us a solution to that question. That war was waged to drive from Cuba an effete European power, a government of tyranny. The irony of fate has followed our late war, and, paradoxical though it be, we are now an Asiatic power, with new outlets for our products."

"These are hard facts, and as strange as they are true. When England and Germany kept us from the competition, it is now all our own, and the lion's share is coming with it. We allowed Africa to be sliced up by European powers. It is our national crime. China has opened the door to its 400,000,000 human souls for us. Russia, France, Germany and England were dividing that great empire as Africa was divided. We might have lost it. England was in despair. Its trade was ridiculed by Russia, Germany and France. But the United States alone opened the doors of China, and accomplished one of the greatest achievements in history."

"Our flag is anchored in the Pacific; it is floating over the Philippines. Henceforth we are to be on an equal footing in Asia with Russia, Germany, France and England. But our mission is not alone to make money there, although Providence dropped the island into our lap. Eight million people with immortal souls have been redeemed from the tyranny of ages, and our mission is to share with them our highest American civilization and liberty. They will accept our flag, our education, and then our mission will be accomplished. It will be their flag and ours, their glory and ours, their pride and ours, emblem of the Orient in its highest and noblest form."

BETTER CONDITIONS.

Otis Reports a General Improvement in the Philippines.

Washington, Feb. 17.—The adjutant-general received the following cable message from General Otis:

"Manila, Feb. 17.—Bates left today with two regiments and battery of artillery on transports for San Miguel bay, province of Camarines Sur, to move on Nueva Caceres and towns in that section. The road east from Antimanan through the province of Tayabas is not practicable for troops. The insurgents in Camarines show considerable activity and make attacks on our troops along the southeastern coast of Luzon island. It is reported that they hold several hundred Spanish prisoners and a few Americans, in the vicinity of Nueva Caceres."

"Kobe, with two regiments, occupies the southeastern extremity of Luzon from Tabaco on the north to Donsol on the south; all important points of the island of Catanduanes, Samar and Leyte."

"The conditions throughout the Philippines are gradually improving. All coasting vessels are now engaged in transporting merchandise and products. The Ladrone element is troublesome in all of the islands and keep troops very actively engaged."

Maine Day in Havana.

Havana, Feb. 17.—The second anniversary of the destruction of the United States battleship Maine in this harbor was suitably observed here today. Several hundred Americans went out to the wreck of the Maine, over which the United States flag was flying at half mast. Every available piece of the wreckage above the water was banked with laurels. From the searchlight platform short prayers were offered by Dr. McCre, of the Episcopal church, and Father Jones, of the Catholic church. At the church of Mercedes, the municipality arranged for imposing memorial services which were attended by Governor-General Wood and other civil and military officers.

Freshet in the Hudson.

Albany, N. Y., Feb. 16.—Three men were drowned along \$500,000 damage done to property along the Hudson river by the worst freshet which this city has seen since 1857. The dead are: Thomas Shea, of Bath; William Rhenhart, of New York; Joseph Vogel, of Van Rensselaer island. Shea and Rhenhart broke through the ice. Vogel was drowned while trying to rescue four horses on his farm. Fifty men are imprisoned in the second story of an ice house on Montgomery island, across the river, but they are in no danger, as the water has begun to recede. The flood reached its height at 3 o'clock this afternoon, when it registered 20 feet above the ordinary level. At midnight it had gone down two feet.

Corbett-Jeffries Fight.

New York, Feb. 17.—The date of the fight between J. J. Jeffries and J. J. Corbett has been fixed at May 14, George F. Considine and W. A. Brady, managers of the men, met Tom O'Rourke, manager of the Seaside Athletic Club, today, and formally accepted the offer of the Coney Island Club for the fight.

Settle the Roads.

Chicago, Feb. 15.—After a heated debate, the resolutions committee of the anti-trust conference decided to report in favor of government ownership of railroads and for their seizure on payment of actual value and without payment for "watered stock or other fictitious values."

The manager of the Belleville Woolen mills, at North Kingston, Rhode Island, granted the demand of the operatives for a 10 per cent advance in wages.

CRONJE IN RETREAT

Making for Bloemfontein With All Speed.

FRENCH'S STAY AT KIMBERLEY

Boer Wagon-Train Being Pursued Toward the Capital—Flebbe Jay in England.

London, Feb. 19.—General Cronje, with a start of a day or two, is seemingly in full retreat from Lord Roberts, moving northward. General French, with the cavalry, simply stayed overnight in Kimberley, and then pushed on to get in touch with the retreating enemy. A long Boer wagon train moved toward Bloemfontein, followed presumably by a large force of British infantry. In their hasty departure the Boers lost quantities of supplies and ammunition.

Military opinion here is that Lord Roberts will not push far after the Boers immediately, because of transport problems and the need of rest for the troops. He has to feed 70,000 persons in his army and the whole Kimberley population. He must rebuild the railway from Modder River town to Kimberley, and revictual the latter. General French lost a few men only in action, but the forced marches and the heat have probably made many ill. Numbers of remounts must be provided.

Retreating to Bloemfontein.

Jacobsdal, Feb. 19.—via Modder River.—General Cronje, with 10,000 men, is in full retreat towards Bloemfontein. General Kelly-Kenny is fighting a rear guard and harassing the retreat. The Boers are reported to be leaving Spytfontein, going in a north-westerly direction.

The Boers captured a large convoy as a result of Thursday's fighting at Riet river. The British casualties were comparatively light in view of the tremendous bombardment. Less than 30 men were wounded and but one killed.

General French's division was enthusiastically welcomed at Kimberley. The officers dined at the club last evening. The news of the entry into Kimberley has greatly cheered the troops, who are working splendidly.

Notes in Martinique.

Fort De France, Martinique, Feb. 19.—A mob of rioters yesterday at Riviere Sallee refused to hear Senator Knight, who is favorably disposed towards their cause. At midnight the plantations of La Coccolle and Champigny were set fire to. News has been received from Paris announcing that the garrison is to be reinforced and the French cruiser Sachet is on her way here.

The situation grows worse rather than better, in spite of the concessions by the employers. Work is stopped, and the strikers, urged on by their ringleaders, are becoming more menacing and exacting. M. Hayott, a prominent planter at Petitbourg, with his family, has arrived here, abandoning his effects and plantation. There are more than 2,000 rioters in the Petitbourg district, and as there is a considerable supply of liquor accessible, it is feared that the night will witness scenes of violence. The governor having declared himself unable to afford the desired protection, the commandant made an urgent appeal, and at 6 o'clock this evening the entire local brigade of gendarmes was called into requisition.

More Plague in Honolulu.

Honolulu, Feb. 19.—Five cases of plague have developed since the Alameda sailed, February 2. Among the stricken ones were two white men—J. W. Robertson, a clerk in a large hardware store, and J. H. Hartman, a stable man who recently came from San Francisco. Robertson lingered 24 hours and then succumbed. Hartman is said to be improving, under the Pasteur treatment. No new cases have developed during the past four days. The house-to-house inspection is being kept up.

The schooner Golden Shore had a narrow escape from destruction from fire on the 7th. The vessel was fumigated, and 48 hours later flames were discovered in the hold. The vessel was damaged to the extent of \$1,500. The schooner will leave for Puget sound in ballast.

Broom-Corn Trust.

Chicago, Feb. 19.—There was a meeting of the members of the Union Broom Company, known as the broom corn trust, in this city, and it is said an effort was made to advance the price of broom from \$200 to \$220 a ton, but the wisest heads thought it best not to do it. The dealers outside claim this will be done at the next meeting. From all sections come reports of increased acreages this year.

Large Shipment of Opium.

San Francisco, Feb. 19.—One of the largest shipments of opium received at this port for some time was brought from the Orient by the steamer Coptic. It consists of 28,821 pounds, and its value, with duty paid, is about \$400,000. The duty on the opium will amount to \$142,926.

In Asiatic Russia.

San Francisco, Feb. 19.—Advices from Japan, per steamer Coptic, report that the Japanese government has knowledge that Russia will place 50,000 troops at Port Arthur within two weeks. Japan is apprehensive of the move, as Russia could fill Korea with soldiers in a very short time. As the matter now stands, Japan would have to dispatch transports to Chemulpo with men, and this would be a big undertaking.

BATTLE IN SOUDAN.

French Forces Defeated Rabah, a Native Chieftain.

Paris, Feb. 19.—M. de Crais, minister of the colonies, has received a telegram from the governor of the French Congo, M. De Lamothé, announcing the defeat in battle of Rabah, the principal chieftain of Central Sudan, by a French expedition under M. Gentil.

Rabah has long been the strongest opponent of the extension of French influence in the Soudan. It appears that he was strongly entrenched at Kouna, between French Congo and Lake Tchad. Kouna was defended by 12,000 men, with 2,500 rifles and three cannons. After a desperate fight, the French demolished the fortress. Rabah, who was wounded during the fight, fled six hours before its conclusion. The commander of the French expedition, however, admits that practically half of his own forces were placed hors de combat. Forty-three Senegalese sharpshooters were killed, and four Europeans, including Captain Robillot, and 106 Senegalese were wounded. The commander of the expedition says in his report:

"We had altogether 320 rifles, so I thought it advisable to continue the march to Lake Tchad. Captain Robillot occupied a fortified cantonment at Tounia."

The commander of the expedition returned to Bangue to inform the governor of the defeat of Rabah. He reports that the result will be very important, as Rabah is completely demoralized by his losses, estimated at between 2,000 and 3,000 killed.

YAQUI PRISONERS.

Six Hundred of Them Will Be Distributed in Various Cities.

Austin, Tex., Feb. 19.—A dispatch from Manzanillo, Mexico, says that the Mexican gunboat Oaxaca has arrived there from the mouth of the Guaymas river with 600 Yaqui Indian prisoners on board. They were captured in the battle fought about three weeks ago near Mazocola. The prisoners will be taken to Guadalajara, and there distributed to the various interior cities. They will not be confined in prisons, but will be kept under surveillance for a few years, until they have become educated in the habits of the Mexican people when they will be allowed to return to their tribe and impart their newly acquired knowledge to their fellow tribesmen.

When the Oaxaca left the Yaqui river the government troops were making good progress toward subduing the rebels. General Torres had divided his command, and the two armies were to advance into the Yaqui country from two different points. No official confirmation is obtainable as to the government's loss in the recent battles, but it is reported that there were over 400 killed and wounded. It is claimed that the Yaquis left 200 killed, about 800 wounded and 600 captured.

Bacon's Resolution.

Washington, Feb. 17.—Consideration of the financial matter having been concluded, discussion of the Philippine question was resumed in the senate today. McHenry, (Rep. La.), strongly opposed the permanent acquisition of the islands, and believed the United States ought to relinquish them as soon as the authority of this country had been asserted. Stewart, (Silver Nevada), took a pro-union position in favor of the admission of the products of any of the island possessions of the United States free of duty. The bill providing a form of government for the territory of Hawaii was read, but beyond that formality nothing was done with it.

Injured at Fires.

Chicago, Feb. 19.—Eight persons were injured, one fatally, in four fires that occurred late last night and early this morning in the residence portion of the city. In all about 35 lives were imperiled by the fires, and there were heroic deeds of rescue by the firemen. M. W. Littlefield, Mrs. M. W. Littlefield, Curtis Jamieson and Frank Hampden were overcome by smoke and rescued by firemen. The two small children of Mrs. H. E. Bump, sleeping on the first floor, were also overcome by smoke and rescued by their mother at the peril of her life.

The total loss will not amount to \$50,000. Most of the fires were caused by overheated furnaces.

Locomotive Exploded.

Fopka, Kan., Feb. 19.—Two men were instantly killed and three frightfully injured by the explosion of a locomotive boiler in the Santa Fe roundhouse this afternoon. The dead are: John Hendrix, a boilermaker; Neil Linden, fireman. The injured are: J. L. Beardsley, will probably die; Artie Sallor, bruised and badly shaken up, and Bert Shields, face cut and one eye injured. The explosion was caused by compressed air, which was to be used as a motive power in the "midger" locomotive, a small switch engine. Beardsley was letting the air into the boiler when the explosion occurred.

Calaveras Big Tree Grove Sold.

San Francisco, Feb. 17.—Robert Whiteside, of Duluth, Minn., has practically purchased the Calaveras Big Tree grove, having paid the company owning it \$1,000 for an option of 90 days. The price for the grove is \$100,000, and it consists of 3,800 acres. He has already purchased 5,000 acres of timber land west of the Calaveras grove and has bonded two other large tracts east and south of the big tree park. A joint resolution is pending in congress authorizing the secretary of the interior to open negotiations for bonding of the Calaveras county groves of sequoia gigantea for a government park.

If cakes and cookies stick to the pans in which they are baked, rub the pans with salt before using them again.

CRONJE GOT AWAY

Doubt About Capture of the British Wagons.
