

OREGON MIST.

MARCH 2, 1900.

Read the ad of Collins & Gray in another column.

Mr. and Mrs. Jay Deming were Portland visitors Monday.

Wm. Haslett, of Pittsburg, was in the county seat on Tuesday.

Do not fail to attend the school meeting next Monday evening.

Attorney Reuben Graham was down from Portland last Monday.

E. E. Quick was in Portland attending to business Monday last.

George Mayger, of Portland, visited Rainier last Saturday to attend lodge.

There will be an adjourned term of circuit court held here tomorrow, (Saturday.)

The county republican central committee will meet in this city today at 1 p. m.

Mrs. W. T. Watta, of Scappoose, visited relatives in this city a day or two this week.

Miss Marie Watta, of Scappoose, is visiting in California. She may remain there some time.

Attorney G. A. Brodie, secretary of the Oregon Wood Company, was in this city Tuesday.

Mrs. MacLachlan and daughter, of Portland, spent Sunday in this city with Rev. MacLachlan.

Deputy County Clerk Harris visited his Nehalem ranch the latter part of last week, returning Monday night.

For hardware, tools, leather, leather findings, paints, oils, garden seeds, etc., go to Collins & Gray's.

Mrs. Ellerson and daughter-in-law, of Portland, visited Mr. and Mrs. James Sheldon in this city, several days this week.

Rev. Mr. Philbrook will preach next Sunday at Bachelor Flat at 11 a. m., and in this city in the evening at the usual hour.

Mr. Thomas Henderson came up from Astoria last Saturday night to spend some time with his brother, Capt. Henderson, of Houlton.

"Costly thy habit as thy purse can buy," but go to Collins & Gray's and buy a good up-to-date suit cheap enough for anybody's purse.

Omar Shannahan came over from Vernonia last Tuesday on his way to Peterson's logging camp, back of Rainier, where he has secured employment for the summer.

Mr. Charles Mayger was in the county seat last Saturday afternoon after matters pertaining to the business of the Geo. Hayes estate, of which he has been appointed administrator.

Mr. Hardin Knighton, of Yankton, and Miss Hope Lewis, of Clatskanie, were married at the home of the bride's parents in the latter place, on Wednesday evening of this week.

Sheriff Rice has turned land agent and is just now engaged in working up a large timber deal, which his deputy states, will be a better money-making scheme than holding office.

The regular March term of county court will convene next Wednesday. There will be considerable business to transact. The settlement with the road supervisors will be a part of the work.

We desire to direct your attention to the display advertisement in this issue of the new firm of Collins & Gray. Those gentlemen are starting out well by the use of printer's ink as a trade getter.

The local Knights, after finishing with the initiation of a candidate in the third rank last Tuesday evening, indulged in a light luncheon, which was also enjoyed by a number of ladies who were invited in.

The party of surveyors, who are surveying a railroad line down the Columbia, reached Cathlamet last week, and returned to Waterfall, where they were to make some changes and establish a permanent survey. From the engineers in charge it was learned that the line will closely follow the contour of the bank.

Every qualified voter in this and every other school district should make it a point to attend and take part in the annual school meeting to be held in each district in the county next Monday evening. Good schools mean a great deal to any community, and good, efficient, conscientious officials make good schools.

L. Saldern, the Grays river logger, has just received 100 tons of steel rails with which to extend his logging road. The price paid for the rails was \$48 a ton. He has also received four new logging cars, weighing 11,000 pounds each, carrying double trucks. He expects a very busy season this year, and is preparing to send several large rafts to Portland.

The tax roll for 1899 for Columbia county has been completed, the warrant of the county clerk attached and the document turned over to begin the collection of taxes. The roll contains \$46,073.40 to be collected, as follows: State tax, \$9,183.77; county and general, including school tax, \$27,111.34; road tax, special, \$5,564.72; special school tax, \$1,224.63; special city tax, \$33.21; bounty on sheep, \$13.73.

Twenty-nine thousand acres of timber land have been bought by Joseph Dubois, of Dubois City, Penn., in the Upper Nehalem valley. This tract is estimated to contain 50,000 feet to the acre. Nehalem timber will soon find a market on the Columbia river and will require the building of a railroad thirty miles in length.

The dance given here on Thursday evening of last week was a decided social success. There were fifty-five numbers sold, which, by the way, netted an insufficient sum to defray the expense of the elaborate preparation. However, opportunity may some time present itself when a good dance may be made to pay its way.

Confusion sometimes arises as to the postoffice address of the county officials. Some of the officers, of course, do not reside at the county seat, consequently their mail should not be sent here. The directory of the officers, as it appears at the top of the first column on page two of this paper, will give you any desired information in that respect.

Frank B. Gibson, secretary of the San Francisco Crematory Association, who is visiting Portland in the interest of establishing a crematory in that city, will deliver a lecture on cremation, or the burial of the dead, at the Houlton M. E. church, Sunday, March 4th, at 11 a. m. The public and all interested are cordially invited. Admission free.

Very encouraging word comes from Nehalem regarding the progress made by the committee over there in soliciting and securing donations of timber to the railroad subsidy. It is given out as positive information that so soon as the required number of acres of timber have been secured by the committee, the surveyors will be put in the field and the line will be surveyed through to Pittsburg, after which the work of securing the right-of-way can be proceeded with.

The assessor has his blanks ready, and about the 12th of this month he will go into the field in search of valuations from which the revenue will be derived to maintain the county government for a year. There was a considerable increase in valuation of property in this county in 1899 and no doubt the assessment roll of 1900 will show still larger gains. It will not be many years until the assessed valuation of property in this county will reach the \$2,000,000 mark, last year's assessment showing over \$1,450,000.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy and as a result we never have to send for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. McABRA, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale at the St. Helens Pharmacy.

The only Pennoyer in the United States, one time governor of this fair state, during which incumbency he distinguished himself by the violation of all the rules of etiquette, denounces Colonel William Jennings Bryan as a presidential candidate, as responsible for the new financial law because he "talked so much against it." Pennoyer says: "Only one man has ever been endowed with sufficient power to overcome the enemy with a jawbone." Pennoyer knows. He has wielded the jawbone of an ass for these many years, and his enemies still live and flourish.

Considerable effort has recently been put forth looking to the settlement of the differences between the steamboat companies and the railroad company as regards passenger rates between Portland and Astoria, but so far there seems to have been nothing accomplished along those lines. It was reported a few days ago that the matter had been compromised by the agreement of a 40-cent differential in favor of the railroad, but that seems to have been but a rumor, and steamboatmen are now of the opinion that the war will continue during the entire summer.

There must be no confusion of ideas in regard to payment of road taxes under the new regime. Heretofore, it has been optional whether you paid \$3 cash or performed two days labor on the roads. Under the new order of things you pay \$2 cash to the sheriff at the time of paying your property tax. This is mandatory, but you are not required to perform any labor. The \$2 is in addition to the usual poll tax of \$1. Besides this there will be collected a 3-mill tax on all your property, which tax was levied for road improvement purposes. This latter tax is the same as the former tax you paid, known as property road tax. Nothing of that kind now exists.

News comes from the Sound of a new factor in the salmon market and one that will not doubt have its effect in keeping the price of fish high as high if not higher than last year. Japan is to be a large purchaser of our salmon in the future if suitable arrangements can be perfected. M. Goda, representing several fish importers of Yokohama, is endeavoring to secure 300,000 or 400,000 salmon for export to his country. Japan has been obtaining salmon from the Siberian fisheries, but since the Russian government has excluded the Japanese from the fisheries of that territory, they have been forced to seek a new source of supply, and Puget sound seems to have been the field chosen in which the Japs will carry out their plans.

A. R. De Fluant, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale at the St. Helens Pharmacy.

The postoffice department is perfecting a plan to issue to the public a series of postage-stamp books, twelve two-cent stamps in each book. It is proposed to make the book of a size fitting conveniently in one's vest pocket, place wax between the layers of stamps, and print on the outside of the book postal rates and kindred information. Among advantages of furnishing stamps in this form are that they will not stick or crumble in the pocket, being protected by the wax in the layers of stamps, and regulations are always ready for instant reference. It is estimated that the one-cent profit charged for the twelve stamps will net \$6 for each 1000 books sold, or an annual profit to the department of about \$250,000.

The outlook for the logging industry is exceptionally bright at present. It is said that the mills at Portland this year will require 100,000,000 feet of logs more than ever before, and the capacity of mills throughout the entire country will be greatly increased. The number and capacity of logging camps on the Columbia is now greater than ever before, and it is said that the number of camps will exceed the supply throughout the season. Arrangements are now in progress for the organization of five or six more camps on the Columbia, some of them on a large scale, and when these are in operation there will be a total of from 300,000,000 feet of logs annually, which may be enough to keep the mills in operation most of the time.

Road supervisors are to be elected by the people at the next general election in June, and every two years thereafter, the boundaries of the road districts being the same as the voting precinct, except in two cases in this county. In Nehalem precinct there are two road districts—numbers 12 and 13—as is also the case in Auburn precinct, where there are two road districts, numbers 14 and 15. Each precinct will elect the supervisor for its own road district or districts.

The political parties, then, at their primary elections should not, however, the candidate for that office, and not leave it to the delegation to do at the county convention. The people at the primaries constitute the proper authority to nominate precinct officers, and it should not be delegated to others, nor should the county convention be in any way tampered with it.

A most serious blow to the logging interests of the Milton creek country was sustained last week, when on Wednesday night the large dam at Brinn's place "blew out," as the loggers speak of it. About two weeks before there was a break in the dam, but it was repaired at nominal expense, but this recent break will require the expenditure of \$1000 or \$1200 to repair. The dam was put in in the summer of 1890 at a cost of about \$2000, by Muckle Bros., who used it to a great profit for several years. Recently, however, the dam has been but little value to those gentlemen, but other loggers have had the benefit of it as a means of driving their logs to tide water. There was about a million feet of logs in the creek, ready to be driven down, and that feat was expected to have been accomplished the next day after the accident, which accounts for the immense head of water which wrought the mischief. Persons owning logs in the creek will undoubtedly repair the damage forthwith.

The tale of another terrible crime comes from Nehalem. The parties particularly interested are Minnie Lane, a man of nearly thirty years of age, and Emma B. Bittner, a girl of nearly thirteen years of age. Lane was arrested a few days ago charged with rape, arraigned before Justice Case, of Pittsburg, and waived examination. The justice placed him under \$2,500 bonds, and Constable Ballard arrived at the county seat with Lane on Wednesday evening. Emma Bittner is soon to become a mother, and there seems little reason to question but what Minnie Lane is the author of the little girl's shame and disgrace. Lane is a married man, and the Bittner family previously made her home in the Lane family, but for some time past has been staying with another family. Lane is not an over-intelligent individual and his own demeanor and conversation would seem to indicate that he is a good, substantial man throughout the entire county. Between now and July last the work will be under the supervision of the supervisors appointed at the January term of county court, and they too should receive the hearty co-operation of every citizen in the county, and roads just as soon as the weather will permit the work being done on them. The fact of there being a tax for road improvement purposes will undoubtedly be an important factor in road improvement and road building throughout the county. The time is certainly propitious for much good work in this line.

Last Saturday night was the occasion of a glorious time in the castle hall of Rainier Knights of Pythias, that lodge having arranged to celebrate the 36th anniversary of the founding of that order. It is characteristic of the Rainier Knights to always share their good time with the members of the order from other places, so, in harmony with such a custom, the members from Kelama, St. Helens and Astoria were invited to assist them in the celebration. About a dozen members from this city and an equal number from Kelama responded to the request, as did twenty-five knights from Astoria, who arrived on the evening train in time to participate in the festivities. A most entertaining literary programme was rendered at the castle hall, which occupied the time until 10:30, when it was announced that preparations at the banquet hall had been completed and the visitors were invited to join the Rainier boys in disposing of a very elaborate lunch. No effort or expense was spared to make that feature of the occasion a success, and the prevailing sentiment of the evening was that the banquet hall had been completed and the visitors were invited to join the Rainier boys in disposing of a very elaborate lunch. No effort or expense was spared to make that feature of the occasion a success, and the prevailing sentiment of the evening was that the banquet hall had been completed and the visitors were invited to join the Rainier boys in disposing of a very elaborate lunch.

Mr. J. S. Bacon, our general storekeeper and postmaster, boarded the A. & C. railroad last Saturday morning on his way to Fort Stevens, where he went to visit with his son, James.

Mr. Gus Johnson hauled hay to Columbia City last Sunday.

Mr. Palen Clark will remove his family to Keasey about the 10th of March.

Deer Island, no doubt, has the latest fad in fad in fad, young man having received a rag baby.

Mr. J. M. Payne has decided not to move his family to Portland for some time, owing to the purchase of a new buggy.

Among the articles found in the vicinity of the railroad station was an old razor which has changed the appearance of more than one young man.

THE ROAD FUNDS.

How and in What Manner It Shall be Apportioned.

Since the new road supervisor law came into effect there appears to be some impression that the road tax collected in each road district can only be expended upon road work in that district and in no other. This is not the case, however, nor is it in accord with the ideas of those who have given legal opinion, for in construing the actual meaning of the act they state the law allows the county court plenty of latitude how the road funds shall be apportioned. Perhaps, by reading the law, someone will coincide with this view, while others may put a different construction upon it, so we think it best to publish the act, which is as follows:

In making such estimate and assessment, the supervisor shall proceed as follows:

1. He shall apportion the labor to be performed in his road district to the valuation of taxable property owned therein, the ratio of one day's work for each and every one thousand dollars assessed for state and county purposes the last preceding year; provided, that any person may, in lieu of each day's work to be performed according to this chapter, pay into the hands of the supervisor the sum of one dollar and fifty cents, to be expended for labor or material on the public roads in the district where the said property so taxed is located.

2. He shall assess two days' work to be performed by each male between twenty-one and fifty years of age, except persons who are a public charge or are too infirm to perform labor. Every such male actually in said district shall be subject to such tax at any time from the first day of February of each year to the first day of the following February, and the supervisor may at any time assess such tax and collect the same; and the presumption shall be conclusive that said road tax has not been worked or paid unless such person so assessed show a receipt for road tax or road work for the same year, either in the same or another district or state; and if an action be brought against anyone for said personal road tax, and he should, after the bringing of said action, produce a receipt for the same, having failed to produce a receipt before said action was brought, the costs of such action shall be taxed to him and enforced as a judgment for a fine in a criminal action.

3. He shall call out and have performed two-thirds of the total road work in his district as may be assessed in the manner provided in this section, upon the public roads in his district before the first day of April following, unless the county court shall extend the time for performing said labor.

4. Providing that in any county of this state the county court of such county at the time of levying taxes for county purposes may, if in the judgment of the county court it is for the best interest of the county, levy a tax upon all the taxable property in the county, not to exceed five cents on the dollar, and in addition thereto a poll tax of two dollars be assessed upon every person who shall be liable to pay a state poll tax, which taxes shall be collected with and in the same manner as county taxes shall be collected, and shall be paid into the county treasury, and shall be kept as a separate fund to be known as the road fund, and shall be used for the purpose of laying out, opening, making, and repairing county roads and building and repairing bridges; and no other taxes or funds for the purpose in this section mentioned shall be levied or collected except that the county court may order bridges built or repaired out of the general fund. Such county court shall apportion the taxes so collected among the several road districts in the county, having due regard to the amount of taxes collected in the several road districts, to the condition of the roads, the necessity for repairs, and to the amount of travel thereon. The county clerk shall thereupon notify the road supervisors in each of the road districts in his county of the amount of the road fund set apart for the use of his road district for opening, making and repairing county roads and building bridges in his road district; and such supervisor shall direct and supervise the expenditure of such amount of the road fund so set apart for the purpose herein named, and certify his accounts for labor performed or material furnished to the county court; and if the county court approves the same, it shall order warrants on the county treasurer in favor of the person so performing such labor or furnishing such material payable out of the fund to the credit of such road district and until such fund is exhausted; provided, that in counties having a road master, the money shall be expended under his direction.

5. Provided further, that in counties having a county road master, no road shall hereafter be located until a report as to the advisability or practicability of such proposed road is first made and filed by such road master.

WARREN ITEMS.

Ed McFarland spent a few days in Portland last week.

A. H. Sheffield went to St. Helens on business last Friday.

Floyd Puzey left last week for Newberg, Ore., where he will visit with relatives.

The little daughter of Mr. and Mrs. Marion Slavens has been quite ill for the past week.

Will Milligan and Harland Long, of Scappoose, were visiting with Warren friends last Sunday.

Olive and Musette Grewell left last week for down-river points, where they will visit with friends.

Miss Olive Ellis, who has been visiting with relatives in Portland for the past few weeks, returned home last Tuesday evening.

Quite a number of Warrenites attended the dance at St. Helens last Thursday evening. An excellent time is reported by all.

Mr. and Mrs. Wm. Sheffield, Mrs. Mollie Sundby, Marion Cooper and George Decker were passengers on the steamer Young America for Portland last Thursday.

Mr. J. S. Bacon, our general storekeeper and postmaster, boarded the A. & C. railroad last Saturday morning on his way to Fort Stevens, where he went to visit with his son, James.

DEER ISLAND NOTES.

Mr. Gus Johnson hauled hay to Columbia City last Sunday.

Mr. Palen Clark will remove his family to Keasey about the 10th of March.

Deer Island, no doubt, has the latest fad in fad in fad, young man having received a rag baby.

Mr. J. M. Payne has decided not to move his family to Portland for some time, owing to the purchase of a new buggy.

Among the articles found in the vicinity of the railroad station was an old razor which has changed the appearance of more than one young man.

CLATSKANIE ITEMS.

Samuel Graham, sr., of Marshland, is spending a few days in town.

Miss Jennie Badger is the guest of her friend, Miss Elsie Hughes this week.

A number of our people have been to Portland this week arranging for spring operations.

Mrs. W. H. Conyers is occupying the office in town during the absence of the senior partner at the county seat.

W. H. Fouts is now a citizen in town again, having moved his family into the Lindgren property on Main street.

George Miller and family have moved to Flippen's, on the hill, where George expects to work the coming season.

A Mr. Culbertson, of Missouri, has moved to Astoria with his children into our community and located on the farm of N. Merrill, about three miles out of town.

The J. G. T. club—whatever that may stand for—announces an entertainment at Merrill's hall for next Saturday evening to which the public is invited for a consideration of 10 cents.

A number of changes in location of residences is contemplated in the near future for the summer season, as quite extensive milling and logging operations are contemplated for the coming season.

With all due respect to the county seat and its aspirations, we would suggest that the Clatskanie river afford the best route for a railroad to the Nehalem valley, as may be demonstrated in the near future.

Next Monday afternoon, at Merrill's hall, the annual school meeting is announced to be held for the election of school director and clerk. These meetings generally bring out a considerable attendance, showing that the citizens here take an interest in school matters.

J. D. Lewis is moving out of the Clatskanie hotel this week, to retire to private life, with his family. They are occupying the rooms over C. L. Conyers' store and express office. The hotel building will be arranged for a store room, in part, and the upper rooms will be used for lodgers at \$1.00 per m. extra. At Warren station, \$1.50.

A public entertainment was given at the Barr school house last Saturday evening which was attended by quite a number from here. The attendance was much larger than the seating capacity of the building would accommodate and the exercises by the scholars were quite attractive, showing a good degree of preparation and work, as well as tact, on the part of Mrs. Nettie King, who instigated the affair. An admittance fee of 10 cents was charged for the benefit of the district.

VERNONIA ITEMS.

Mrs. Placke was visiting in Vernonia Friday.

George Rice went to Hillsboro last Friday after a load of flour.

E. J. Mills, of Tacoma, is visiting relatives in this neighborhood.

E. G. Shannahan has been quite sick this week but is better at present.

Chas. and Lew McCauley and George and Green Adams came over from Houlton Wednesday to celebrate the 22nd.

Mr. Harvey Redman and Miss Allie Stitts, both formerly of this neighborhood, were married a short time ago and are living in Portland.

Albert Baker is getting to be a sure thing when there is a shooting match on hand. He walked off with all the prizes except one last Saturday. There is to be another match Saturday, March 3rd.

Albert Wood and Otto Malmin went to Houlton Saturday where they met Otto's sister and her husband, Mr. and Mrs. O. Lindstrom, of Minn. They arrived in Vernonia Monday and will spend a few weeks visiting relatives.

SCAPPOOSE ITEMS.

The roads are in bad condition now.

Mrs. Kenegar is still on the sick list.

Joe Mayers left for Rainier last week.

Mr. Peter Meyers is still hauling milk every day.

Mr. Robinsky and boys are making cordwood by the wholesale.

The canyon sawmill will start up next week and run steady for some time.

A correspondent asks this question: "Would you be kind enough to tell me whether a citizen of any portion of the county can register before the county clerk or must he register before the justice of the peace in his own precinct?" It is optional with the person who wishes to register. In registering before the county clerk each person's name is entered in his respective voting precinct register as well as in the general register, and that completes the registration, while those registering before justices of the peace or notaries public when the returns are sent in have to be copied in the poll books by any portion of the county can register before the county clerk or must he register before the justice of the peace in his own precinct?" It is optional with the person who wishes to register.
