

# OREGON MIST.

MARCH 23, 1900.

G. W. Badger was up from Clatskanie Tuesday.

The time for the city caucus is drawing nigh.

O. B. Anstine, of Hudson, was in the city Tuesday.

Blank note and receipt books for sale at this office.

Spring planting is in progress throughout the county.

Mrs. M. J. Scott, after a week's illness, is convalescing.

D. W. Price, of Scappoose, was in town Wednesday.

Mr. Frank Dow, of Oak Island, was in this city Tuesday evening.

T. J. Cleaton was attending circuit court at Hillsboro this week.

E. A. Keithley visited relatives in this city a day or two this week.

Assessor White started out to do the field work of his office last Monday.

Prospects are now favorable for an immense yield of fruit in this county.

S. B. Rose is doing the county with his magic lantern exhibition and lecture.

A marriage license was issued on Tuesday to A. D. Pierce and Miss Ethel Higgins.

Mr. and Mrs. Slaughter and Mr. and Mrs. Godfrey were Portland visitors Tuesday.

It looked for awhile as though spring had arrived, but then again, it looked different.

The flowers that bloom in the spring, tra la, are no dead certainty that spring has arrived.

Rev. Mr. Philbrook will preach next Sunday at Peris and Yankton at the usual hours.

John Brown, of Vernonia, came over from the valley on Thursday on a brief visit to relatives.

Do not be backward about coming forward with your news items. We like to have them.

Captain James Good has returned from California, and is said to be greatly improved in health.

The county clerk issued a marriage license on the 16th to Bert Schoonover and Miss Lydia L. Bunner.

Now, the question arises: What will be done with the money collected for bicycle taxes in this county?

Mrs. S. E. McIntyre, of Hammond, came up Monday and was a visitor at Mr. and Mrs. Ed Hillsberry's.

Our local physicians are bewailing the fact that the health of the community at present is distressingly good.

W. A. Harris has purchased the Corlies property on Columbia street. He will improve the premises forthwith.

A marriage license was issued on Wednesday, by the county clerk, to Mr. Ernest R. Barnes and Miss Mabel Clara Russell.

It is said that Mr. I. Bumgardner, who recently went to Alameda, Cal., is already speculating on returning to this state.

Precinct committeemen should arrange for a suitable place for holding the precinct primaries on the 31st of this month.

The populist primaries for this (Union) precinct will be held in the court house on Saturday, March 31st, at 2 o'clock in the afternoon.

Less than two months' time remains in which voters will be permitted to register. About one-half of the voters have registered.

Over fifty voters have removed from what is now Goble precinct since the last election, and about two-thirds of them were populists.

Messrs. R. H. Bailey and J. N. Brinn are putting up a store building at Hillsboro, and expect soon to be conducting a general business there.

The county treasurer will pay the state tax tomorrow. The amount due the state this year from this county is \$1,138. Last year the state tax was almost \$8,000.

Since the organization of the Tillamook Logging Company in May, 1899, it has put into tidewater and at the mill boom 800,000 feet of logs, at a price of \$4.25 per 1000.

The republican primaries for Union precinct will be held in this city on Saturday, March 31st, at 2 o'clock in the afternoon. Every republican in the precinct should attend.

The Tillamook Herald says: "Cattle buyers are as thick as bees in this county. They are after yearlings and two-year-olds principally, but will buy anything that wears hair."

Vern Mow, of Vernonia, was in town Monday evening from Brown's camp, on the Coweeman. He was returning to Portland in response to an order from the O. N. G. to report for duty.

Up to the 16th of this month the county clerk had collected over \$334 of back taxes, with good prospects for collecting considerable more from that source before the month is gone.

Blank note and receipt books for sale at this office.

The four-month-old son of Mr. and Mrs. George Brown died last Saturday at 1 o'clock after an illness of but a few hours. The remains were laid to rest in Odd Fellows' cemetery Sunday afternoon.

George Anderson, well known here, was seen last Saturday night on board the Hassalo. He was en route for Klamath. George had just returned from Montana, where he had been engaged in mining.

Compared to some of the counties in the state, the number of registrations in Columbia county is quite large for this date. Over in Tillamook county but 224 voters had registered up to the 16th of this month.

A number of relatives of Mrs. Jacob George went to Portland Saturday afternoon to tender that lady a surprise party, the occasion being her birthday. Mrs. George was given a beautiful set of Haviland china dishes as a birthday present.

The Telegram contained an account on Friday of a proposal to build a railroad down the Columbia river from near The Dalles. The projectors are the same people who were recently with St. Helens people figuring on the road to Pittsburg.

A Young People's Society of Christian Endeavor has been organized in this city with quite a large membership. The meetings will be held on Thursday evening of each week at the Congregational church at 7 p. m., commencing Thursday, March 29th.

Weist Bros., of Oak Point, opened up their logging camp last week. They will operate two camps this year, and will work two logging engines, two horse teams and one ox team to do the yarding for the road engines. They expect to employ about fifty-five men.

The United States government has purchased the steamer Columbia from the Northern Pacific Steamship Company. The vessel will make several trips between San Francisco and St. Michael, and will then go on the regular Manila run for the remainder of the year.

Captain Henderson's host of friends will be greatly pleased to learn that he is improving in strength at the hospital in Portland. Those who have called to see him, as well as his physician, now express the belief that he will recover and be able to return home in due course of time.

Houlton boys have a baseball nine, and the members are walking around on their tip-toes, with a feather in their hat and a defiant twinkle in their eye. And from the appearance of the personnel of the team, the feather might not be so easy to pluck, neither would the defiant look be so easily banished.

Mr. Ernest Robin and Miss Eva Shindtfer were married Sunday, March 11th, at the home of the bride's parents, Mr. and Mrs. Enock G. Shindtfer, at Castle Rock. Miss Shindtfer was a resident of this city for a number of years and Mr. Robin is a prominent young business man of Castle Rock.

Henry Bumgardner, of Deer Island, ran into a "bear's nest" a short time ago. He found three bruins comfortably hibernated in a hollow log, and by the assistance of a dog and the well-directed bullets from his rusty rifle, he killed the whole lot of them on the spot in less than fifteen minutes' time.

Work was begun on Tuesday by the Multnomah county commissioners on the building of a bicycle path from Portland toward the Columbia county line. The path will be improved for a distance of seventeen miles. If a path from St. Helens to the county line could be made, wheeling from here to Portland would be pleasant instead of irksome.

The tags to be placed upon the bicycles whose owners pay the \$1.25 tax levied by the court, have not yet arrived. The cost of tags and receipts shall not be in excess of 25 cents for each bicycle, according to law. It will probably not cost more than 10 cents each to collect and properly tag the bicycles. This cost is to be borne by the county.

A man in Montana named Coffee has applied for a divorce on the ground that his wife roasted him and kept him in hot water. His wife offered in defense that she didn't know any other way to keep Coffee good. That settled it. It is said their relations should be strained and right in the cream of life, too, but how could they stand the perpetual grind.

The boilers and engine arrived down from Portland this week for the new mill to be put in near the big dam on Milton creek by E. C. Stanwood & Co. The gentlemen who are putting in the plant think they have a good show to conduct a successful business. The engine will be rushed to completion as speedily as possible in order to prepare for this summer's work and trade.

The Tillamook Herald indulges in some political notes in the following language: "We wonder if there are any popocrats left at South Prairie? Surely, when the last returns of the cheese factory gives dairymen 30 cents per pound for butter fat, calamity howlers are as thick as whipped cream, they see so much prosperity everywhere. We won't charge the popocratic speakers at the coming election if they will use this eye-opening when trying to stuff their hearers full of calamity."

Next Sunday will be funeral day of the Second Oregon's dead soldiers. Flags will float at half-mast on that day all over the state, and Columbia county citizens should not be forgetful of duty on that occasion to pay a tribute of respect to the fallen heroes by unfurling the stars and stripes.

Henry Bumgardner was up from Deer Island last Friday. Henry was up to secure the comforting slash of the surgeon's knife through a fully-developed carbuncle on his left hand. The disturber of Henry's peace of mind and bodily comfort had been making days and nights miserable for him for some time.

About twenty-eight young people, present and former members of Mrs. J. E. Brown's Sunday School class at St. Helens, gave her a surprise party at her home last Friday afternoon. The affair was a success and carried out entirely by the little ones. It was a real surprise to Mrs. Brown, who thoroughly enjoyed the occasion and the kindly spirit which prompted it.

The fusion populists who have sold out their party to the democrats are loud in their denunciation of those of their party who refuse to act as cat-paws for the purpose of drawing democratic chickens out of the fire. It is the old story of "stop, thief!" instead of "distract attention from their own scheme to land the populists permanently in the democratic fold.—Roseburg Plaindealer.

Mr. John Frantz, of Houlton, was in this city on Thursday last week, the first time for over a year, coming in to register, in order to be able to exercise his right to vote. Mr. Frantz's health has improved slowly, and he is able to go about his farm, but is unable to take any part in the conduct of the affairs of the place. The stroke of paralysis he received a couple of years ago left him quite helpless.

L. G. Wikstrom has just completed sawing an order of 200,000 feet of clear lumber for the Hand Manufacturing Company, of Portland. This lumber is of all dimensions from 14x14 to 12x12, and will be used in building the interior of some of the buildings of Stanford University, at Palo Alto, Cal. Mr. Wikstrom began loading a big cargo at Hoffman's wharf Wednesday morning.—Kalama Bulletin.

St. Helens is on the move, that is, St. Helens people are moving—from one house to another. Important changes that will take place between now and April 1st will be Brinn's saloon, which will be removed to the building now occupied by Morgus' merchandise store. Morgus will remove his stock of goods to the building next to the bowling alley, known as the Cooper building. Mr. Harris and family will remove from the rear of their store, adjoining to the Corlies house, "up town."

Mr. Dalton sends down another proposition to build a railroad to Nehalem valley, but one with a different title from the demands of the proposal that we do not want a railroad very seriously. His recent demand is for 600,000 feet of timber, to be raised as a subsidy, for which stock in the road would be issued to the person giving the timber at the rate of 40 cents for each acre, or 48 cents for each acre and timber. There are other demands made which renders the proposition quite unacceptable.

Mrs. M. J. Watts brought suit in the justice court in Portland last week for \$250 damages claimed to have been sustained by reason of a pair full of tar being spilled over her while she was walking up Morrison street. The pair of tar was being hoisted from the sidewalk to the roof of the St. Charles hotel, and just as Mrs. Watts passed along the pair was upturned, the entire contents splattering over her. No doubt the damage amounted to a great deal more than was awarded her by the justice, who seemed to think \$13 was a sufficient sum for her to recover.

Foreman James Rowley, of the Northern Pacific section crew, whose section extends from one mile south of Houlton, to six miles north of the place, stated to a Miss reporter one day this week, that within the last three years, over 20,000 ties have been placed on his section. Northern Pacific track-crew from Portland to Goble is said by railroad men to be the best of any on the line between Tacoma and Portland. Mr. Rowley has his crew engaged this spring in placing new ties, and he is endeavoring to maintain the reputation his piece of road now bears of being the best on the line.

H. O. Howard, of Yankton, met with a very distressing accident at his mill Thursday morning. He was running a planer, when a wheeling wheel, working with the machine. Just at that time, for some reason, the engine was stopped. Mr. Howard, forgetting the circumstances under which the machine he was operating had come to a standstill, attempted to remove a board from near the knives of the planer, at that instant the engine being again started. His machine was also started in motion and the little finger, the third and index fingers, in fact, they were nearly severed from the hand.

Tax money is pouring into the sheriff's office. The roll has been in the hands of the tax collector just a month, and nearly \$9000 has already been collected. The first week the collections amounted to \$448.95; second week, \$619.25; third week, \$1492.61, and Deputy Hattan states that the receipts for the present week will be over \$3000. It requires two or three weeks after notices have been sent out for the people to begin to pay very freely with their liquidations, but the rate at which taxes is being paid is quite satisfactory and evidences the fact that the collections this year are going to be as readily made and as satisfactory to the county as was the case last year.

Blackford takes up to task for not editing his paper, or in other words, because we did not write up the deliberations of the county central committee when it was in session in this city two or three weeks ago, and send him a detailed report. The call for a county convention, which appears in another column of this issue is the essence of the deliberations of the committee, printed entirely and solely as a matter of news, without cooperation direct or hope of compensation in the future. We prepared the copy ourselves and hustled the signature of the secretary in order to make the statement authentic. There was no resolution offered by the meeting that the county papers be furnished copy for the call, which was interpreted as meaning that if we were permitted to furnish our readers with desired information, we would have to do so upon our own responsibility. Brother Blackford had ample opportunity to interview the member of the committee from his precinct, who would have undoubtedly gladly given him all desired information. We beg Brother Blackford's pardon for our failure to act as special correspondent for him, and drop the controversy by saying that in doing, as has been the case, we paid all desired information regarding county affairs can be had by reference to the columns of THE OREGON MIST, the paper that prints all important news from over the county.

## NO RAILROAD FOR US.

Mr. Dalton and His Company Withdraws from the Field.

The proposition made to the people of Columbia county by E. C. Dalton, representing the Columbia and Nehalem Valley Railroad Company, to build a railroad from St. Helens to Pittsburg, has been withdrawn. The company feels that it left its proposition open a sufficient length of time to enable the people to raise the subsidy asked for, and as there was failure to do so, the withdrawal was concluded upon and the people so notified by the receipt of the following letter from Mr. E. C. Dalton:

VANCOUVER, March 15, 1900. E. E. Quick, Esq., Chairman C. & N. V. R. R. Donation Committee, St. Helens, Or.

Dear Sir: We beg to notify you herewith of our withdrawal of our offer to construct a railroad from the Columbia river to Pittsburg. We consider that we have left our offer open sufficiently long and in justice to ourselves, do not feel justified in longer binding ourselves. Should you have any further proposition to make in the near future we shall be glad to hear from you.

Thanking you for the many courtesies extended to us, we remain, dear sir, yours respectfully, C. & N. V. R. R. Co., Per E. C. DALTON.

Sunday School met as usual last Sunday afternoon at the home of Mr. and Mrs. N. F. Baker. A large number of the little folks were in attendance.

Sunday was a fine day for wheel riding. Quite a number of the young folks had their wheels out, while a few who did not have wheels contented themselves by taking a buggy ride.

Quarterly conference will be held at the residence of Henry Larsen next Monday evening. Everybody is cordially invited to be present. Rev. Deck and Rev. Renshaw will conduct the services.

A party was given at the home of Mr. and Mrs. Henry Larson last Saturday evening. Games of all kinds were indulged in until 11 o'clock, when light refreshments were served. All spent a very pleasant evening.

VALLEY ITEMS.

The weather is beautiful, but the roads are bad.

Mrs. Fred Briggs paid a short visit to Mrs. Ayers the early part of last week.

School opened on the 12th with Miss May Whitney, of St. Helens, as teacher.

People around here are about through seeding and are preparing to get in their garden, truck and plant the spuds.

S. Lamps and Frank Glinock left here in the middle of last week for the Columbia river, to seek employment in the logging camps.

Miss Mertie Ayers came home from Butteville, where she has been attending school during the winter. She was accompanied by Miss Retta Dawson. They arrived here on the 13th.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy and as a result we never have to send for a doctor and incur a large doctor bill for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MAXWELL, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale at the St. Helens Pharmacy.
