Mr. John Dolan, of Warren, visited Astoria this week, going down on the Gazert Tuesday.

Mrs. J. G. Watts and children and Miss Daisy Ewing visited relatives at Mayor this week.

Correspondence must reach this office before Thursday morning in order to insure publication.

Dr. Cliff went to Portland Thursday morning to accompany Capt. Henderson home from the hospital.

Mr. and Mrs. George Howard, of Oregon City, spent several days recently visiting Mr. and Mrs. John Gilmore in this city.

Mr. J. S. Vanclève was down from Scappoose Monday. Mr. Vanclève reports considerable sickness in the Scappoose neighborhood.

Rev. C. E. Philbrook will preach at the creek school house next Saturday at 7:30 p. m.; at Paris Sunday morning and at Yankton at 3 p. m.

Dr. Hall and son were up from Clatskanie Tuesday. The doctor was attending the monthly meeting of the board of medical pension examiners.

Miss Dora Perry, who visited her home at Clatskanie, Washington, on her return for the past four months, returned to this city last week to remain for the summer.

The county school superintendent has a notice in this issue setting the date for a teachers' examination. April 11th at 1 o'clock p. m., is the date and hour the examination will commence.

On Wednesday of last week John Parker, of Pittsburg, received a severe kick in the groin from a fractious horse. However, no serious results are expected to follow.

Lost—From the steamer America, last Saturday, a red hand satchel. The satchel contained a few articles of wearing apparel. Return the satchel to Capt. W. A. Watts, of the America, and receive reward.

Death has claimed another victim, the cause said to have been a severe attack of grippe. Mr. Hacker, residing near Vernonia, was the unfortunate person, whose death occurred on the 29th of last month.

A contagion of grippe has fastened its unwelcome hold upon many of our people, in fact, nearly the whole population is gripped. The malady is more severe in its treatment of the people this year than was ever the case before.

At the annual election for city officers for St. Helens, held on Monday evening, Mr. James Muckle was elected president of the council; E. E. Quick, W. F. Slaughter, C. W. Blakesley and J. H. Sheldon, councilmen; R. H. Mitchell, recorder; David Davis, treasurer; Fred Watkins, marshal.

Mr. James Muckle is having the street in front of his property in this city improved by a covering of slack, or fine screenings from the rock crusher. It is excellent material and will improve the appearance of the city and will afford to expend a few hundred dollars to continue the improvement throughout the town.

H. O. Howard's two stallions, Roe and Hen, will stand during this season at their owner's place, at Yankton, two days each week. Mares left for breeding will be pastured free of charge, and every precaution exercised for their protection from accidents. Care will be taken in breeding, but no responsibility for unavoidable accidents will be taken.

We desire to direct the attention of our readers to the advertisement in this paper of John Dellar, dealer in clothing and shoes, southwest corner of First and Yamhill streets, Portland. Mr. Dellar carries a most complete stock in his line, and it will be to the advantage of intending purchasers to examine his stock. Handy location and fair prices.

J. H. Sheldon is to have and operate a launch on the river this summer in connection with his fish-boying business. The launch will be furnished by the fishing company for which Mr. Sheldon is buying salmon. The advent of the use of the boat will save fishermen much time and labor, as the fish will be picked up along the river instead of the fishermen being required to bring them to this city.

Mr. M. Collins, who has charge of the Honeyman farm, near Scappoose, was in town Wednesday morning. Mr. Collins says that a great amount of very valuable improving has been done in the past year by the farmers of Scappoose. On the Honeyman place about twenty-five acres of ground has been made ready for the plow this year, this being one of numerous such improvements in that vicinity this year.

A very severe and painful accident happened here last Friday to one of the deckhands of the steamer Kellogg—John Gibson, by name. The steamer was landing, when Gibson attempted to pass the line between two piling. His arm was in just the proper place to be crushed should the steamer strike the piling, which it did; the result being easily imagined. Dr. Rose was summoned and rendered such relief as would permit of the sufferer continuing on to Portland to the hospital. The arm was frightfully crushed.

Registrations throughout the county are being made more liberally of late. However, there are many voters who have not yet complied with the law. On Tuesday evening the registration books at the clerk's office showed that 890 voters had registered, which number is about two-thirds of the voters in this county. Many are waiting, and some say they will not register, but as interest in the election becomes greater, so will the desire to vote increase and those who are now hanging fire will themselves opt to the registration office. There is less than five weeks time remaining in which to comply with the law, so do not defer the matter too long.

PIONEER RESIDENT GONE.

LaGrippe the Cause of the Death of H. S. Fullerton.

Mr. R. S. Fullerton, of Warren, died at his home at Warren, on Tuesday of this week, from the effects of an attack of la grippe, aged 70 years, one month. Mr. Fullerton was one of the oldest residents in the vicinity of Warren for thirty-eight years. Deceased owned the place in 1862, coming direct to this county. His sickness was of but a few days duration, in fact, the day before his death he was not compelled to keep his bed. Deceased leaves four children to mourn his demise. Mr. Robert Fullerton, of Idaho, and Wm. J. Fullerton, of Warren; Mrs. H. Duncan and Mrs. H. T. Grewell, of Warren.

Dart & Muckle, the pioneer merchants of this city, have a novel method of gaining and holding trade. For every cash purchase made at their store they present the purchaser with coupons to the amount of 2 per cent. of the purchase made, which coupons will be accepted by them in payment for goods at their face value. The firm claims that as they receive 2 per cent off for cash on all goods they put in their store, they are quite willing to give their customers the benefit of the discount.

Mr. James Muckle, sr., better known as "Grandfather" Muckle, bears the distinction of being the oldest voter who has registered in this county to date. He presented himself before the county clerk on Tuesday, answering all questions and giving his age at 91 years. When asked to append his name, he did so in a round, legible hand, not requiring the use of glasses in order to see to sign his name. Mr. Muckle, notwithstanding his advanced age, is in possession of all his faculties, and will be able to cast as good a republican vote on the 4th of next June as the next fellow.

Attention of the voters of Columbia county is called to the necessity of registration at once unless they desire to be disfranchised at the coming election. The time for registration expires within forty days, and hundreds of legal voters are not yet on the rolls. If everybody waits to register until the last day the clerks will be so rushed that it will be impossible to properly attend to all the applications and much confusion and trouble at the polls is bound to be the result. Business men should determine a certain day to discharge the duty they owe the country and determine that day of registration, and then not overlook the date and time.

A deed was filed for record in the county clerk's office this week conveying to John Stewart and H. E. Powers the title to 400 acres of timber land near Marshland, formerly owned by A. L. Woodward and wife, for a consideration of \$8000. The timber was cruised and estimated at 10,500,000 feet. A transaction of this nature plainly demonstrates the true value of Columbia county timber land. Of course, this particular piece of timber is easily accessible, and for that reason commanded a higher figure in the market than timber located away from the river. However, timber in future will command better prices. On the instrument conveying the title to the land in question were documentary stamps to the amount of \$8.

Fishermen are exceedingly slow in taking out their licenses for the coming season. Although there is no question that the season is close at hand, few licenses were issued at the commissioner's office in Astoria last week. Two applications were made but it was found that the applicants were not citizens of the United States, and permits were therefore refused. Although there is no question that the delay in taking out licenses is due chiefly to the fact that many of those who intend to fish during the coming season have not yet arrived from the various points in the Northwest, there are many who are engaging their parties during the close season. But whether the excuses are good or not there will be many who will be materially delayed because of deferring the taking out of licenses when they are otherwise prepared to start out because of the great rush that will necessarily follow when all will endeavor to secure licenses at once. So far as can be ascertained there is no disposition on the part of the fishermen to resist the payment of license fee as required by law, although very few of them have filed their applications. The delay in this matter will no doubt, be the cause of inconvenience and trouble when the season opens. The commissioner announces that no licenses will be issued this year except at the office and anyone caught fishing without securing a license will be prosecuted and the net confiscated. At a meeting of the fishermen held in Astoria Tuesday it was decided to ask 6 cents for fish this season, which price will probably prevail.

H. C. COPELAND, County School Superintendent.

In almost every neighborhood there is someone whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale at the St. Helens Pharmacy.

Millions Given Away.

It is certainly gratifying to the public to know of one concern that is not afraid to be generous. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles, and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, bronchitis, la grippe and all throat, chest and lung diseases are easily cured by it. Call at the St. Helens Pharmacy and get a free trial bottle. Regular size 50c and \$1.00. Every bottle guaranteed.

The postal department has made a wise provision in its order that hereafter all money orders must be presented and cashed at offices irrespective of the destination named. Postmasters throughout the country have just been advised to this effect. Hereafter, it has been necessary for the recipient of an order to cash it at the office named as destination. Now all that is necessary to be done is for the recipient to establish his identity. This ruling applies only to first-class and second-class offices.

CLATSKANIE ITEMS.

E. W. Conyers spent a couple of days in Portland last week.

Miss Lizzy Meier left on Friday to spend some time at Mayor.

Rev. Ray Palmer, of Portland, is expected in our city on Friday evening of this week in attendance at the graduating exercises, where he will address the graduating class.

A few of our people and our Marshland neighbors were curious enough to go to Portland this week to see and hear W. J. Bryan. Their report has not yet come to hand.

Mrs. W. J. Zillman was taken to a Portland hospital at Portland on Tuesday of last week for what, it is hoped, may prove a temporary affliction. She was improving at last accounts.

The fusion gathering for the selection of delegates was very slimly attended the same afternoon as the republican gathering, and we understand, no nomination for precinct officers was made by those present.

Rev. F. H. Winter, pastor of the church here, left with his wife early last week for a location in Kansas, and has been succeeded by Rev. Jean, who is now established in the parsonage and preached his first sermon last Sabbath.

Mrs. Lambson, organizer of the Ladies of the Moose, has been our only getting enough ladies together for a live of that order. The number necessary was secured with the assistance of Mrs. C. L. Conyers, who worked very industriously toward the same object.

A masked skating carnival was announced for last Friday evening at the new hall, but for some reason, largely on account of the entertainment that was to follow the next evening, the attendance was not very large and the carnival could scarcely be termed a success.

The city election on Monday brought out an unusually large vote, and awakened an interest in the coming election of officers. It was the old story of the man not caring for the office, but not wanting to be beaten, and if the candidates did not work themselves, others did for them, with an energy that would do credit to an election for United States senator.

The public school entertainment at Conyers' hall last Saturday evening attracted a crowd that filled the room entirely. A most interesting programme had been prepared and in rendering it the schools surprised and delighted their friends with the successful manner in which they performed their parts. Some very meritorious performances deserve special mention, but as it would be difficult to draw a line and as space is too limited to mention all who took part, it is best to say, all did well, and let it go at that. The entertainment as a whole, was one of the finest ever held here, reflecting credit on the teachers for trouble and time in preparation, and on the scholars for skill and the interest taken in having the parts well rendered.

The republican primaries did not attract a very large crowd Saturday afternoon, but it was a good sized one, and after waiting what seemed a sufficient length of time, the precinct chairman, W. H. Conyers, called the meeting to order and announced the business in hand. Dr. Hall was selected as chairman and C. C. Whitten as secretary. The following nominees were placed in nomination for the positions named: Constable, Angus McGillivray; justice of the peace, A. J. Orwig. Delegates to the county convention, N. Merrill, E. B. Elliott, Bert Seltzer, J. E. Hall, Oliver Anderson.

Resolution was passed requesting our delegation to vote for a resolution endorsing United States Senator G. W. McBride, and instructing the candidate for representative to vote for his reelection.

CANDIDATES FOR OFFICE.

Material Out of Which Republicans Will Make a Ticket.

The primaries of the republican party of Columbia county have been held in all the precincts and the delegates to the republican convention to be held next Monday at Rainier have been chosen by the voters. This being the case, it is now out of order for us to state publicly the names of those whom we have heard mentioned for office. We merely state existing conditions, and any statement contained herein is not intended to influence the convention in the leastwise for or against any person. The convention and the people will seek to know from what material the republican ticket will be composed, and for this reason the names here mentioned are so done in order that all will be fairly and equally treated. The convention will do the nominating.

This being the year for Columbia county to have the joint senator, according to the rule of passing that office around, we have candidates for that place. Who shall have that office is to be determined at the state convention, the candidates will look after their chances by endeavoring to have such persons sent to the state convention as will favor their candidacy. Those whose names we have heard mentioned for that place are Attorney W. W. Conyers, of Clatskanie, and Mr. W. D. Connell, of Deer Island. G. G. Mayger, of Portland also would accept such nomination. It is considered necessary for any candidate from this county to have the endorsement of his delegation.

For the office of representative those prominently mentioned are Dr. H. R. Cliff, of St. Helens, and Mr. Norman Merrill, of Clatskanie. Each of these gentlemen residing in either extremity of the county, will undoubtedly go into the convention with support about equally divided. Each of these gentlemen have the delegations from their own precinct, but we believe which ever one of them receives the nomination will be loyally supported by the other.

Besides these gentlemen, the names of Mr. T. C. Watts, of Reuben, and Mr. A. B. Little, of Houlton, have been associated with the office of representative, as has also that of the present incumbent, Dr. Hall, of Clatskanie. It is scarcely worth while to devote space to the candidate for county judge. The present incumbent, Judge Doan, has no opposition, and his nomination will undoubtedly be made by acclamation. His conduct of public affairs for the past four years has been of him that favor in the eyes of the public.

Mr. J. G. Watts, the present county clerk, so far as we can learn, has made an efficient, obliging officer and it seems to be the will of his party to renominate him for the office he now holds.

For sheriff several names have been mentioned. Mr. A. L. Clark, of Rainier, was at one time a candidate for that place, but whether he still expects favors from the convention we are unable to state. The name of Mr. Geo. W. Barnes, of Quincy, has also been mentioned. The name of Chamberlain, of Mist, has been mentioned as a possible candidate for sheriff. The name of the present assessor, Mr. Martin White, is prominently associated with others who will receive consideration at the hands of the convention for that place.

For assessor several names of the present incumbent, we have heard mentioned the names of T. H. Woodruff, of Rainier, R. H. Bailey, of Houlton, A. T. Laws, of Deer Island, G. W. Barnes, of Quincy.

There appears to be no opposition to Dr. Conyers' re-nomination for treasurer. He will most likely be re-nominated by acclamation.

For school superintendent, besides the name of the present incumbent, we have heard mentioned the names of Prof. G. C. Allard, of Clatskanie, and Prof. C. Allard, of Warren.

As Nehalem people claim the office of commissioner, we have heard no name mentioned for that place other than Nehalem gentlemen, among them being W. D. Case, of Pittsburg, G. W. Melville, of Vernonia, and J. A. Van, of Fishhawk.

For surveyor, we have heard the names of A. B. Little, of Houlton, and Almer Meserve, of Delena.

Dr. M. K. Hall, of Rainier, is the only person we have heard mentioned as a possible candidate for coroner.

Spreads Like Wildfire.

When things are "the best" they become "the best selling." Abraham Lincoln is a leading druggist of Belleville, O., writes: "Electric Bitters are the best-selling bitters I have handled in 20 years." You know why? Most diseases being disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates the liver, cleanses the bowels, purifies the blood, strengthens the nerves, hence cures multitudinous of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold at the St. Helens Pharmacy.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold, and having read their advertisements in our own and other papers, we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville Ind. For sale at the St. Helens Pharmacy.
