

The Pinkham Record

is a proud and peerless record. It is a record of cure, of constant conquest over obstinate ills of women; ills that deal out despair; suffering that many women think is woman's natural heritage; disorders and displacements that drive out hope.

Lydia E. Pinkham's Vegetable Compound

cures these troubles of women, and robs menstruation of its terrors.

No woman need be without the safest and surest advice, for Mrs. Pinkham counsels women free of charge. Her address is Lynn, Mass.

Can any woman afford to ignore the medicine and the advice that has cured a million women?

Miss Ella Gates, aged 25, of Ontario, N. Y., had long been subject to fainting spells. While dictating a letter, she suddenly gasped, dropped to the floor and died. A post mortem examination disclosed that she had two perfectly formed hearts.

PARIS IN 1900.

For the benefit of those who intend visiting Paris during the exposition, the Rio Grande Western railway has gotten out an attractive folder illustrative and descriptive of the main features of the exposition. It contains some valuable hints for intending visitors and descriptive articles upon Place de la Concorde, Arc de Triomphe, the Madeleine, the Column of July, the Trocadero, Hotel de Ville, Column Vendome, the Louvre, the Grand opera house, the Bourne and the tomb of Napoleon, in addition to a bird's eye view of the exposition grounds. The folder, or pamphlet, is gotten out in handy form, and is written in a pleasant and attractive style. It, in fact, gives in little space everything one going to the exposition would like to know before starting on his journey.

For copies of the Paris exposition folder and other advertising matter descriptive of the Rocky mountains' famous scenery, tributary to the Rio Grande Western railway and its connections, write J. D. MANSFIELD, Gen'l Agent, 253 Washington St., Portland, Ore.

Workmen while razing an old house on a farm in the village of Greene, Me., found a pewter cup upon which are the figures "1852." The year in which the house was built is not known, but the barn on the same place was constructed in the "forties."

A novel cure for corns has been tented by L. L. Johnson, a retired merchant, of Winsted Depot, Conn. For years he had been troubled with corns, and all the remedies he had tried had failed to give relief. With a chisel and mallet he cut off three of the afflicted toes.

Nearly all the shoes worn in Japan are made of straw or wood.

OREGON BLOOD PURIFIER

Horses used for pleasure in Russia have around their necks a stout thin cord with a running noose. When the animal starts to run away, a jerk on the cord stops him like magic, as the horse instantly stops when the cord presses his windpipe.

Buffalo, with a population of 400,000, expended \$178,840 on the poor last year. Rochester, with 175,840 people, spent \$90,000, while Syracuse, with about 125,000 inhabitants, paid out more than \$200,000.

A fabric much lighter than silk, and nearly as strong, is made in Australia from the web of the tarantula. Each of these poisonous spiders yields about 40 yards of filament, and eight of these twisted together form a single thread. The fabric is used for balloons.

Sour Stomach

"After I was induced to try CASCARETS, I will never be without them in the house. My liver was in a very bad shape, and my head ached and I had stomach trouble. Now, since taking Cascarets, I feel fine. My wife has also used them with fine results for her sour stomach."

SHEEP ON RESERVE.

Regulations Under Which Grazing is Permitted—No Oregon Stock in Washington.

The total number of sheep to be allowed on the Mount Ranier forest reserve during the coming season, under the recent order of Secretary Hitchcock, will be 350,000. This number is practically the same as in previous years. Last year 380,000 were allowed on the reserve.

Cattle and horses are, also, to be allowed on the reserve, the number of cattle being limited to 5,500 and of horses to 1,000. These figures are based upon the number of cattle and horses that have been estimated as going on the reserve heretofore.

Each man desiring the privilege of the range must make an application which, when approved by the department, will entitle him to a certain part of the reserve.

Each permit to graze will contain a qualifying clause, which provides that those accepting the permit will pay such charges, per head, for their animals as the secretary of the interior may hereinafter decide. According to previous suggestions and recommendations, the secretary is expected to favor a charge of 2 to 4 cents per head for sheep and 10 to 12 1/2 cents per head for cattle and horses.

The permits which are to be issued will prohibit Oregon sheep or cattle grazing on the reserves in Washington. There has been much complaint regarding the invasion of Oregon sheep and cattle in Washington, and it is now the purpose of the department to reserve such invasion in the future and to reserve the grazing lands of Washington for the sheep and cattle men of that state.

Superintendent Sheller recommended that approximately 350,000 sheep be allowed to graze on the reserve this year. His actual figures were a little less than the number allowed by the secretary of the interior.

Fabulous Wealth. The famous Helena mine, Bohemia district, Lane county, Or., which for a long time was restrained from operation through litigation, is now in full operation. The mill was started April 1. The first 30 hours' run produced \$7,000. It was generally known that the Helena mine was a valuable property, but this remarkable showing goes beyond the anticipations of everybody except its owners. Mr. Jennings states that from the present developments they have ore in sight for two years' work, and its value runs very high.

Prairie City District. Several rich strikes are reported from Prairie City, the new mining town at the head of the John Day. Lon Cleaver, who is heavily interested in mining property in that section, telephoned his brother, E. E. Cleaver, of Portland, that half a dozen rich strikes have been made three miles from Prairie City. Another rich strike was made on Dixie Butte mountain, six miles from Prairie City, of free gold, which was said to be very rich. The bare particulars of the strikes only were telephoned and no details were given.

Waterville, Wash., has granted a telephone company the right to erect poles within the town limits.

The United States government has let a contract for clearing the timber and brush from land back of Fort Flaggler, as a protection to the fortifications at Marrowstone point against fire.

D. H. DeCann, member of the executive committee of the State Shipping Association, of Washington, states that the committee has decided to try to organize a close-down for two weeks, beginning April 30. The market for "clears" is strong, but "stars" are weak, and unless the output is curtailed a break in the market is feared.

N. N. Garvick, a German carpenter, who had \$25 in money and a \$200 draft in his pockets, started with three tramps to "beat" the railroad from Portland to Spokane. They took refuge in a box car, and when not far from Walla Walla Garvick was attacked by his companions, who took his watch money and draft, exchanged his clothes and shoes for poor ones, and then pitched him from the car. He had a long difficult time reaching Spokane, and says he has had enough tramping.

The receipts for the town of Sumpster, Or., for the past two years have been \$10,634 and the disbursements \$10,800. The town now claims a population of more than 4,000.

A burning question in Albany, Or., is whether an ex-poundmaster is keeping his two dogs with one license. The present poundmaster says his distinguished predecessor is running a "thimble game" on him, by claiming that his license receipt is for the dog that gets into the pound.

An Ellensburg man has gone to Walla Walla and secured a contract for furnishing groceries to the penitentiary for the next six months.

WEEKLY TRADE REVIEWS.

Appearance of Irregularity in the General Situation.

Bradstreet's says: Backward spring weather conditions have figured considerably in distributive trade reports this week, and in connection with some weakness in prices of leading staples have imparted an appearance of irregularity to the general situation. Another of those downward swings in the prices of agricultural staples is exhibited this week in slightly lowered prices for the cereals, partly because of the bearish sentiment of immediate supplies and partly because of the better than expected government crop report, which is taken to indicate a possible winter-wheat yield in excess of all records.

Corn and oats have sympathized with the reaction in pork products, which reaction, however, has not been universal, as shown by the fact that lard is at the highest point reached on the present boom.

Evidences accumulate that active missionary work in favor of lower prices for iron and steel is at last bearing fruit.

The strength of raw sugar is a reflection chiefly of the fact that a considerable shortage is looked for in the supplies of cane sugar, not only in Cuba, but in the far East.

A slight upward swing in cotton is to be noted this week, and Southern mills have advanced prices. On the other hand, while the mills are active on old orders, new business is reported of smaller volume.

Wheat, including flour, shipments for the week aggregate 2,896,653 bushels, against 3,836,938 bushels last week.

Business failures for the week number 152, as compared with 182 in the United States last week.

Harrison's Most Famous Case.

"It is doubtful," said an Indianapolis lawyer the other day, "whether Gen. Harrison recalls a certain case which he tried out in Indiana that was more remarkable in its way than the session of the Venezuelan arbitration. Of the four counsel only one had ever been heard outside of his own state, and the judge had merely a local reputation. Yet within 12 years one of the quartette had been elected vice-president of the United States, another one president, still another United States senator, and the judge had risen to the circuit bench and had filled two cabinet posts. It was a political case, and each party chose its most famous representative to represent it. Mr. Harrison aided the United States district attorney, and Senator David Turpie and Vice-President Thomas A. Hendricks appeared for the Democrats. The judge was Walter Q. Gresham, who had been appointed district attorney for Indiana less than nine years before."—Philadelphia Post.

Our Relations to Others. We are not Robinson Crusoes, living each one on his own little island alone. There are other people and they are all about us. Their lives touch ours on many points and their interests interlace with ours. In seeking to live out our own life to its utmost, we soon become aware of limitations caused by duties to others. In a sense, the whole world has its claim upon us; and there is no man, woman or child anywhere whom we are not to consider, to whom we are not a debtor. The law of love to our neighbor leaves nobody out. The wounded man by the wayside, whoever he may be, we must not pass by. This relation to others is one which must be considered in every true life. We may not think of self only, ignoring the whole world and devoting all our thought and energy to the culture of our own career.—Forward.

Sorry Now He Was Honest. Master—Yes, boys. "Honesty is the best policy." It will surely bring its reward. I am glad to have a good example of honesty among your own number. William Williams, stand up. W. W. rises.

"Now, William, when I was coming to school this morning I happened to drop a quarter out of my pocket without the slightest knowledge of the fact, and you, like an honest boy, returned it to me. Tell the boys what prompted you to do such an act when you might have kept it for yourself." W. W.—Please, I thought it was a bad'un.—Stray Stories.

Called His Boy. One of the boys was bragging of his manifold accomplishments, until one of the company at the round table lost patience and said, in a gruff voice: "Now, we've heard enough about what you can do. Come, tell us what there is you can't do, and I'll undertake to do it myself."

"Well," replied the student, with a frown, "I can't pay my account here. So glad to find you're the man to do it."—Collier's Weekly.

Millions for Baseball. A million of dollars are spent every year upon the game of baseball, but large as this sum is, it cannot begin to equal the amount spent by people in search of health. There is a sure method of obtaining strength, and it is not a costly one. We urge those who have spent much and lost hope to try Hostetter's Stomach Bitters. It strengthens the stomach, makes digestion easy and natural, and cures dyspepsia, constipation, biliousness and weak kidneys.

A couple of talking machines occupied the pulpit of Zion tabernacle, Chicago, on a recent Sabbath. Through them the Rev. John A. Dowie conducted services and preached, gave out the hymns, etc., although he was several miles distant, resting himself at White Lake, Mich. His voice was distinctly heard all over the church.

FAIR WOMEN SPEAK.

Pe-ru-na Works Wonders for the Gentler Sex in Catarrhal Ailments.

MRS. COLONEL HAMILTON. MISS ANNIE WYANDOTTE. MISS CLARA STOECKER.

That Pe-ru-na has become a household remedy in the home of Mrs. Colonel Hamilton is well attested by a letter from her, which says: "I can give my testimony as to the merits of your remedy, Pe-ru-na. I have been taking the same for some time, and am enjoying better health now than I have for some years. I attribute the change to Pe-ru-na, and recommend Pe-ru-na to every woman, believing it to be especially beneficial to them." Mrs. Hamilton's residence is 259 Goodale street, Columbus, Ohio.

Mrs. Margaret Fritz, Oklahoma, writes: "I extend my thanks for the good advice you have given me. I do not believe I would be living now if it were not for you. I had suffered with flow of blood for four months, and the doctors could help me but little. They operated on me three times. It was very painful and I only obtained little relief. I was so weak I could not turn in bed. Then I applied to Dr. Hartman. I did not know whether he could help me or not, but I followed his advice, and used only three bottles of Pe-ru-na and Mana-lin. Now I am well and strong as I ever was, thanks to your remedies." Pelvic catarrh has become so frequent that most women are more or less afflicted with it. It is usually called female disease.

Miss Annie Wyandotte, queen of the operatic stage and dramatic soprano, says: "Fifteenth St. and Jackson ave., Kansas City, Mo. "Dr. Hartman: "Dear Sir—Pe-ru-na has been my salvation. It has given me back a beautiful voice, a gift of God; it has brought me once more to my old profession. I can talk now, and sing, where before, I could scarcely whisper. Can you wonder at my delight? I wish every person who is suffering as I suffered might know Pe-ru-na. Only those who have been afflicted can ever know the intense satisfaction and gratitude that comes with a complete cure. My voice was completely gone. April 15 I felt so elated over the restoration of my voice that I inserted an advertisement in the Star for vocal pupils. The advertisement, which cost me 65 cents, brought me five pupils, and that was the beginning of my present large class. Yours gratefully, Annie Wyandotte."

A congestion, inflammation or ulceration of the mucous membrane, whether of the head, stomach, kidneys, or other organ, is known to the medical profession as catarrh. It is known by different names, such as dyspepsia, Bright's disease, female complaint, diarrhoea, bronchitis, consumption and a host of other names. Wherever there is a congested mucous membrane there is catarrh, acute or chronic.

Have you catarrh of the head, throat, lungs, stomach or any other organ of the body? If so, write to Dr. Hartman at once. He will send you directions for treatment without charge. Address Dr. Hartman, Columbus, O.
