

OREGON MIST.

JULY 6, 1900.

Wednesday, July 5, 1900.
O, what a difference in the morning.
Mr. W. H. Powell was in the city Tuesday.

Win. Seffert was up from Deer Island Tuesday.

Mr. and Mrs. J. S. Cloninger were in Portland Monday.

Dow Keasey and wife were in Portland and St. Helens Monday.

Mr. E. E. Quick was attending to business in the metropolis on Tuesday.

Bert Tarbell has sold his place at Yankton to Mr. G. B. Hyde for \$700.

Miss Rebecca Bingham, who is teaching at Goble, spent last Saturday in this city.

County Court is in session this week with a considerable amount of business to attend to.

Mr. Sellwood, of Portland, will conduct services at the Episcopal church Sunday evening.

Rev. C. E. Philbrook will preach on Sunday morning at Bachelor Flat and in this city in the evening.

Hon. Norman Merrill, of Clatskanie, Representative-elect from this County, was seen in our city Monday.

Miss May Whitney came up from Kalama last Saturday and remained over the Fourth, visiting relatives.

Mr. John D. Baker and Miss Nellie Morris were married at Bachelor Flat last Sunday by Rev. C. E. Philbrook.

The recent rice in the Columbia will keep low ground farmers off their places for another two or three weeks longer.

Omar Shannahan took a lay off from labor at the Peterson logging camp and was circulating on our streets Tuesday.

Mr. and Mrs. Andrew Rubert were passengers for Portland Tuesday afternoon, where they expected to take in the big celebration.

The body of Reinhard Braak, who was drowned about two weeks ago off the Gatzert, was recovered on Thursday last week near Kalama.

At the residence of the bride's parents, at Scappoose, the marriage of Mr. John H. Thurston, of Rainier, and Miss Edna Mayers was solemnized by Judge Doan.

Miss Jessie Mitchell, who is teaching the Valley school, came home this week to spend three weeks' vacation, after which school will resume again for a short term.

Mrs. C. L. Colburn, once a resident of this city, but now of Goldendale, Wash., spent several days recently visiting in this vicinity, the guest of Mr. and Mrs. Joseph Hayburn.

The cash received at the County Clerk's office for the month of June amounted \$567.80, as follows: Land Redemptions \$372.80; recording fees, \$190; Court fees, \$60.

That popular little steamer America finds all the work she can possibly handle. The people in Willamette Slough are fortunate in having so commodious a boat, officered by such an obliging crew.

Mr. J. W. Boala, of Maygar, was in the County Seat last Friday. Mr. Boala states that his lay crop is about ruined by the continued rains. In this misfortune Mr. Boala is not alone by any means.

The new steamer, Republic, built by Captain Good, made her first appearance at this place last Tuesday evening. She is trim little craft, built very much on the plan of the America. The new boat will do freight carrying in the Slough, for the present.

Mr. E. C. Stanwood and Miss Pearl Shierman were married at 9 o'clock last Tuesday forenoon at Yankton by Judge Doan. The groom is a prosperous young logger and sawmill man of that place, and the bride is one of the most popular young ladies in this part of the County.

The good wishes of a host of friends go with them on their start on the matrimonial voyage.

Devote your energies to being comfortable these days. Fade are the invariable of foot-drops them. Nothing aids one so much as simplicity. Devote your attention to your own affairs. If you can't find enough to keep you busy with profit to your mind and health and purse, it is a sign that you don't look very attentively after your personal affairs.

Mr. J. F. Ford, of Rainier, the photographer, has removed his gallery and apparatus to Portland, where he has taken a gallery at Second and Washington streets. Mr. Ford stated to us that the demand for his mountain, river and timber views had become so great that he was compelled to seek new quarters in order to be able to do all the work necessary to meet the demand. His present quarters in Columbia County will be necessary to know that he is prospering, and his business increasing to such an extent.

J. P. Fisher, who had been employed, according to his statement, at various places in the lower part of the County for some time, upon complaint sworn out by Ed Hazen and J. J. Lake, of Honiton, was arrested last Thursday night on a charge of insanity, and on Friday had an examination before Justice Cox and Drs. Cliff and Ross, and was committed to the asylum, whither he went that afternoon in custody of Constable Robinson. Fisher had been employed for a day or two on the section at Honiton.

At the Peris schoolhouse last Friday an entertainment was given by the pupils of that district to raise funds to apply upon the purchase price of an organ for the schoolroom. The effort was eminently successful in every particular. The patrons and friends of the school turned out an immense and over \$200 was realized, besides those present were treated to a most interesting literary program, after which the light fantastic was tripped. Miss Lulu George, who has had charge of the school for three months, was given a vacation for about three weeks, when the school will resume under her management and continue until October.

All a fellow has to do to run a newspaper is to be able to write a poem, discuss the tariff and the money question, ampire a baseball game, report a wedding, beat a lawyer, saw wood, describe a fire so that the people will shed their wraps, make one dollar do the work of ten, shine at a circus, address horticultural societies, test whisky, abuse the liquor habit, measure catfish, subscribe to charity, go without meals, attack politicians, defend the National platform, sneer at snobbery, wear diamonds, invent advertisements, overlook scandals, praise babies, delight pumpkins, raise the disgruntled, fight to a finish, publish doctor's resolutions, denounce a lawyer, get a type, mould opinions, sweep the office, speak at prayer meeting, and stand in with everybody and everything.

NEW COUNTY OFFICERS.

Taken Charge of the Offices and Appointed Deputies.

Last Monday was a busy day about the County House. The terms of the officers elected two years ago had expired, and Monday was taken up in administering oaths of office, approving bonds and appointing deputies. Judge Doan was sworn in by County Clerk Watts, when the former officer performed all those duties and bade the new men adieu upon the discharge of their many duties.

The Judge, Clerk, Sheriff, Treasurer, Assessor, Surveyor were inaugurated, the School Superintendent being not required to qualify before August 1st. The Coroner-elect did not present himself before the Court within the required time, and a Coroner will be appointed.

County Clerk W. A. Harris was appointed Mr. W. A. Harris as his deputy, Sheriff Hattan appointed Ex-Sheriff J. N. Rice as his deputy, and Assessor White appointed Mr. Chas. Blakesley as Deputy Assessor. County Commissioner Case, while here last week, assumed the oath of office before the County Clerk and entered upon the discharge of his duties of his office several days ago. He is in attendance upon the term of County Court now in session and seems to take hold of the work like a veteran.

Commissioner Frakes, whose term of office does not expire for two years yet, is also in attendance on Court this week. Mr. Frakes is often spoken of as the "watchdog" of the County's interests, and there may be no fear entertained by the average individual regarding the application of proper business methods.

Most of the ladies now administering county matters are tried and true individuals, and the same degree of care and caution and prudence exercised in the past may reasonably be expected in the future. Many of us will readily recall to mind a statement Mr. Frakes made six years ago, when he was first elected to office, that it would require about eight years to pay off the County debt, and we can reasonably presume that gentleman determined to demonstrate the correctness of his theory. It is nearly a foregone conclusion that the County debt will amount to but very little in another two years unless circumstances arise which there would be no human contrivance would very likely bring forth no startling events in County matters for at least two years.

BIG FIRE IN RAINIER.

Much of the Business Portion of the Town is Destroyed.

Rainier's celebration of the Fourth of July just past terminated very disastrously. Two large business blocks are laid almost to ruins, and the amount of goods saved from three merchandise stores is piled promiscuously about the street. The fire started in the Deitz block, destroying it entirely. In the block was the general merchandise store of W. J. Deitz, a butcher shop, bakery, and light grocery store, and two other small business establishments. The fire spread south to the Neswome building, in which was John Morgans' general merchandise store, Klattner's grocery store, Clark's confectionery store and postoffice. In fact, all the buildings along the river front from the north end of the Deitz block, to Silver's saloon. The fire started some time in the afternoon of the night. Overhead in the Deitz building was the lodge room of the Knights of Pythias, in which was held meetings of one of two other societies.

A number of roads in this County would be in a fairly good condition at the present time if some provision had been made to fix small chuck holes from time to time, but as it is these have been neglected and allowed to become larger and larger until the road becomes impassable at these points. Where a load of gravel would have fixed several of the chuck holes if they had been attended to at the proper time, it will take several loads of gravel to fill them, which means, of course, additional expense. In building County roads it is poor economy after fixing them to let them run down. Now that road supervisors have been elected in fifteen districts, perhaps it will be easier to make a few fixing roads when they need only a little work on them from time to time to keep them in good condition. This is a matter which the County officials should consider with a view of having it looked after in future, for it is false economy and a detriment to good roads to spend money upon them and not make the proper provision to keep them in repair.

Dead Sea in Lake County.

A wagon has been discovered in Albert Lake, a large body of water, situated about forty miles north from Lakeview in Lake County, Oregon. The wagon is near the eastern shore, in about twenty feet of water, and just under the rimrock. It is supposed to have been there for twenty years or more, but how it got there nobody knows. It is difficult to reach that locality as the trail to the desert lies on the opposite side of the lake.

This lake is a remarkable one. It is another dead sea. It is about twenty miles long, from one to ten miles wide, and from one to seventy-five feet deep. It is fed by a number of springs and small streams and creeks, and the Che-waucan river, but it has no outlet. Its rise and fall is scarcely perceptible, and its waters are so heavily impregnated with alkali that no animal can drink or live in it. At the mouth of the small streams that flow into it hundreds of dead fish are found that have drifted into its waters and died. At the mouth of the Chewaucan river tons of fish can be found, and the shores are composed of fish bones.

Ducks and geese only approach its waters at the mouth of fresh water streams, and no living animal is ever found on or in the body of the lake proper.

Stamp Books a Failure.

It is announced that the postal authorities at Washington have discovered that the paraffine paper used for the new postage stamp books will not perform its duty. This paper prevents adhesion only for a short time, probably for a week, and appears to lose its effect entirely, and the stamps become glued to the pages as though no preparation was employed to prevent adhesion. Steps are to be taken at once to remedy it. It has been given out that no more books will be issued with paraffine leaves, and that a certain kind of oil paper is to be used in its stead, which, it is thought, will prevent adhesion.

How few of us are our own boss. The married men are subjects to their wives, the bachelors obey their sweethearts, the old maids cater to their cats and poodles, while all of us bow to that weak thing called public opinion. We come into the world without our brains, we leave with a protest, and while here look at everything that crosses our path, but all to no purpose. The old world ways on, not caring whether we live or die, laugh or cry, shout or sigh, not caring a farthing until we die.

WANTED THINGS.

"There is being so much said in the country about hard times and the scarcity of money, and as everybody has a cause and knows a remedy, I thought I would like to tell you what I think of the cause," says a writer in the American Times, who seems to be familiar with the waste.

"We buy more than we produce. There is too much flour and bacon shipped here every year. The things we ought to make at home are being bought. We let our timber rot and buy our plow stocks, single-tree, axe-handles, hoe-handles and fencing. We throw away our ashes and buy soap and axle-grease. We give away our best hides and buy horse-skins and shoe-laces. We waste our manure and buy guano. We waste our garden seed in the Spring and cabbage in the Winter. We let our lands grow up in weeds and buy brooms. We waste the wax out of our pine and gun grease and buy chewing gum for our children. We grow potatoes and hire teachers and send our children off to be educated. We land a 5-cent fish with a 4-dollar rod. We send a 15-cent boy out with a 20-dollar gun and a 4-dollar dog to kill birds. We raise eggs and buy wool. And about the only things in this country that there is an over-production of are politics and dock-works."

While the above is written in a somewhat humorous vein, it contains many solid facts that it would be largely to the betterment of the people of this country if they would heed and seek to remedy. Many things are brought into Oregon that it requires good money to buy. After they are here we have them; but our money is gone; and when money ceases to circulate in a State or community then begins a cramp in business affairs. Oregon produces the wood to make almost anything needed, and iron in the raw material is cheap. The State needs factories that will take this raw material and make it into things needed at home. And the day will come when this will be done, and then will we have continued better times.

We will exchange merchandise for chickens, eggs, potatoes, in fact, any kind of farm products that we can dispose of. Collins & Gray.

Medical science is evidently in many respects yet in its infancy. It was not until recently that we were told that microbes are the cause of most diseases. And now we are asked by a bacteriologist to believe that we may be full of microbes without any bad effect upon ourselves provided the microbes themselves are in good health. It is only when the microbes are themselves sick that they make us sick. According to this the proper way to take care of one's health is to take care of the microbes. Timely mustard plasters applied to the chest and backs of your microbes may save you from many a serious illness.

Flour should not be kept in a store-room or pantry where there is cooked food, as it absorbs all odors. Ignorance of this fact accounts for poor bread and other inferior goods. Flour, articles of food that are made of gelatine or milk should always be kept covered, as both milk and gelatine are literal scavengers of the air and absorb not only odors, but germs. Neither cheese, cabbage, fish nor baked beans should ever be put into the refrigerator. They leak out their odor, it is difficult to rid the refrigerator of, and they also flavor the food.

It is said that if you bore a quarter-inch hole into the heart of a fruit tree or any kind of a tree that is infested with insects, and fill the hole with dry sulphur and plug it up, it will cure blight, make the tree strong and healthy, and in no way injure it. This is a valuable boon to fruit-growers, as it goes clear through all parts of the tree, being absorbed from the heart, and makes a good healthy color.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brewster, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We do so because it is a medicine that we have used and used this medicine in our family for twenty years and always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure. But we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale at the St. Helens Pharmacy.

Dashed to Death.

A frightful accident occurred on a street car line in Tacoma on the morning of July 4th. A cab laden with a drooping cargo of nearly 100 passengers jumped the track on a trestle sixty feet high, instantly killing thirty-six people and frightfully injuring over sixty others. It is said that the car operators were careless in their work, and were running the car at a terrific rate of speed.

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Cocanut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale at the St. Helens Pharmacy.

"We have sold many different cough remedies, but none has given better satisfaction than Chamberlain's," says Mr. Charles Holshauer, druggist, Newark, N. J. It is perfectly safe and can be relied upon in all cases of coughs, colds or hoarseness. Sold at the St. Helens Pharmacy.

Democratic Convention.

The Democratic National Convention in session at Kansas City, has adopted the silver 16 to 1 plank again. Bryan will be the nominee for President, and latest reports indicated that Stevenson would be the Vice Presidential nominee.

What is Shiloh?

A grand old remedy for Coughs, Colds and Consumption; used through the world for half a century; has cured innumerable cases of incipient consumption and relieved many in advanced stages. If you are not satisfied with the results we will refund your money. Price 25 cts. and 50 cts. Sold by Dr. Edwin Ross.

SHORTER SEASON.

Fish Commissioner Reed Favors Changes in the Law.

Figures show that the Columbia River salmon are gradually but surely being exterminated, and that something must be done to prevent complete extinction of a fish that has brought millions of dollars to Oregon.

Records have been kept of the year's packs since 1866, when 4000 cases were put up. From that year the pack increased rapidly until 1877, when it fell off 100,000 cases. The record-breaking year was 1883, when 629,400 cases were landed on the market. Six years later the pack fell to 309,000 cases, but recovered in 1895 to 617,000 cases. In 1896 it dropped to 463,777 and recorded, and in 1898 to 300,000. This year the pack will be about the same as last, although there is a good month coming, during which the catch may be protected.

A man from Astoria declares that the fishermen are becoming discouraged and are complaining at the small run. Last year the run was light, but it was explained away by the assertion that it was an off year. This season a different view of the situation is apparent, and the unpleasant fact is asserting itself that the salmon are on the decline. At the next session of the legislature, Fish Commissioner Reed will make a few recommendations in the interest of the preservation of the fishing industry. He believes that the best interests can be served by shortening the fishing season in the Columbia. The season is now from April 15 to August 10, practically four months. Commissioner Reed says the season should not continue more than two and one-half months at the longest. He believes that men in the business should decide what months should be selected, whether the first or last of the season. They could fish from April to the middle of June, or else from June 15 to August.

By deciding upon the latter months the spring run would be protected and vice versa. Under such an arrangement there would always be some of the June fish saved. Cannermen have declared that the salmon are arriving later with each succeeding year.

Under existing conditions the hatcheries are not doing so well as they should be from the June fish. The river is so full of gear that it is next to impossible for a fish to get through as far as the hatcheries. The amount of gear in the river cannot be restricted, however, nor can any particular kind be favored, for obvious reasons.

There is considerable talk to the effect that more hatcheries should be built. Constructing hatcheries would be a needless expenditure of the State's money when no eggs can be secured for propagation. If part of the June run could be saved for the hatcheries through means of the two and one-half month season, then some benefit would accrue. The fish, says Commissioner Reed, can be held at their present stage if proper measures are taken for a few years. If no fish were caught for a half dozen years the salmon would then be plentiful enough; but this suggestion is not practical for the reason that if the proposition was carried out the business would be dead, and a large loss result. A mild restriction and sensible protection would enable the canners to keep their brand upon the market, and remain in the business until the run became heavy enough to warrant an abolition of the more stringent safeguards.

Fishermen were formerly able to earn enough during the season to live without labor during the rest of the year. They leave their families at home and go to other places and enjoyed themselves. Now things have changed, and the fisher folk find it necessary to work during the months when fishing is prohibited.—Telegram.

NOTICE FOR PUBLICATION.

LAND OFFICE AT OREGON CITY, OR., May 31, 1900.

NOTICE IS HEREBY GIVEN THAT THE following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register and Receiver, at Oregon City, Oregon, on Aug. 6th, 1900, viz:

Homestead entry No. 10,401, for the W. 1/2 of N. W. 1/4 section 18, township 18, north, range 2 west, and the E. 1/2 of N. E. 1/4 section 18, township 18, north, range 2 west.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: S. P. Ballard, Otto B. Malmsen, David F. Early, and Squire W. Early, all of Grant County, Oregon.

SUMMONS.

In the Circuit Court of the State of Oregon, for the County of Columbia.

The Board of Commissioners for the Sale of School and University Lands, and for the Investment of the Funds Arising Therefrom, styled "The State Land Board," Plaintiff.

M. A. Rosser and M. A. Rosser, his wife, Joseph F. Lincoln, E. N. Wheeler, Nicola Bros. Co., N. Wheeler, Mrs. H. A. Colby, William H. Thomson and L. C. Sanford, Defendants.

To Mrs. H. A. Colby, M. Rosser and L. C. Sanford, Defendants above named:

IN THE NAME OF THE STATE OF OREGON: You and each of you are hereby notified that the Plaintiff herein has filed a complaint against you in the above-entitled Court and cause, and that you and each of you are hereby required to appear and answer said complaint on or before the last day prescribed by the order of publication hereof, to wit: August 10th, 1900. You are further notified that if you fail to appear and answer said complaint on or before the last day prescribed by the order of publication hereof, the Plaintiff will cause the default of each one of you to be entered of record and apply to the Court for the relief prayed for in said complaint. That is to say, for a judgment against the above-named defendants, M. Rosser and M. A. Rosser, for the sum of \$1000, with interest thereon at the rate of eight per cent per year from August 10th, 1900, and also for the further sum of \$175 as attorney's fees in said suit, and for the costs and disbursements in this suit, and for a decree foreclosing your right, title and interest in the real estate described in the mortgage mentioned in said complaint and described as follows to-wit: The north half of the north-west quarter of section 22, all being situated in township 7, north, range 2 west of the Willamette meridian, in Columbia County, State of Oregon, and containing 320 acres. Also for the usual decree for the sale of said quarter of section 22, and the proceeds of the sale of said quarter of section 22, and for such other and further relief as the Plaintiff may demand.

The date of the first publication of this summons is Friday, June 16th, 1900, and the last publication thereof is Friday, the 15th day of August, A. D. 1900; and said summons shall be published on Friday of each week for the period of six consecutive weeks between said dates.

This summons is served by publication by order of the Hon. Thos. A. McElride, Judge of the above-entitled Court, made and entered on the 25th day of May, A. D. 1900.

H. CONVERSE, G. W. COLB, Attorneys for Plaintiff.

COUNTY TREASURER'S NOTICE

COUNTY TREASURER'S OFFICE, ST. HELENS, OR., June 29, 1900.

NOTICE IS HEREBY GIVEN THAT ALL unpaid County Warrants of Columbia County, Oregon, which have been presented and endorsed "Not Paid for Want of Funds," prior to Oct. 1, 1900, will be paid upon presentation at this office. Interest will not be allowed after this date.

EDWIN ROSS, Treasurer of Columbia County, Oregon.

CITATION.

In the County Court of the State of Oregon, in and for Columbia County.

In the matter of the estate of Frank M. Weiber, deceased.

To Elizabeth Weiber, Mrs. I. G. Wikstrom, heirs of said deceased, and all others whom it may concern:

IN THE NAME OF THE STATE OF OREGON: You are hereby cited and required to appear before the Judge of the County Court of the State of Oregon, for Columbia County, on Monday, the 19th day of July, 1900, at 10 o'clock in the afternoon of said day, at the Court Room of the County Court, in the City of St. Helens, in Columbia County, Oregon, to show cause, if any there be, why an order should not be made granting to the said Administrator permission, and directing him to sell the real estate of said deceased, at public auction, according to the petition of the Administrator on file herein. That the following is a true and correct copy of the petition of the Administrator, and that the real property described in the petition, belonging to said estate, is to-wit: The west 1/2 of the north-west 1/4 of section 7, township 7, north, range 1 west of Willamette Meridian, in Columbia County, State of Oregon.

J. B. Doan, Judge of the County Court of Columbia County, State of Oregon, this 11th day of June, A. D. 1900.

ATTEST: J. G. WATTS, Clerk.

PETITION FOR LIQUOR LICENSE

To the Honorable County Court of Columbia County, Oregon.
