Mrs. Pinkham

The one thing that qualifiee a person to give ad-vice on any subject is experience — experience ereates knowledge.

No other person has so vide an experience with emale Ills nor such a oord of success as rs. Pinkham has had.

Over a hundred thoueand cases some before her each year. Some per-sonally, others by mall. And this has been going on for 20 years, day after day and day after day.

Twenty years of constant success - think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, espeolally when it is free.

If you are ill get a bottle of Lydia E. Pinkham's Vegetable Compound at once—then write Mrs. Pinkham, Lynn, Mass.

groups and blocks of claims are being bought up for large workings. It is the old story of the individual miner giving way to the syndicates, and hunting new prospects. Hundreds of these during the last spring have left the Klondike and gone to American territory, where, it is claimed, the poor man has a better chance than here Nome has taken the majority, but

An early rush went to the Koyukuk, but late reports from there are very unfavorable. Parties just returned say that very little gold has been taken out in that camp, and the ground ais exeedingly difficult to work, on account of glaciers which overlie the bedrock. The Forty-Mile and Birch Creek diggings, both of which were practically deserted in the ruse to Dawson in 1897 and later in the Nome stampede last fall, are again coming into favor, for it has never been disputed that there is much good ground there that will pay

wages and more. The latest candidate to popular favor is the Tanana district. Reports from there are generally good. The ground is three to seven feet deep only, overlaying a slate and porphry bedrock, and there is plenty of water for sluicing, all of which makes it an ideal county for summer working. It is said to be easily approached from the Tanana river. One to four ounces per day is said to be the usual amount per man, shoveling into the sluices.

The recent action of the United States government in surveying a railroad and telegraph route from Valdes to Eagle City, and its promptness in pushing through a trail with stations, etc., along the line, is attracting much attention here. The further fact that the various civil officers for the eastern division of Alaska, embracing the Koy ukuk, Tanana and Yukon water-sheds. are now duly installed at Eagle City, gives great satisfaction. It is a long step in the right direction, and great developments may be expected in Alaska within a few years.

Supreme Court Sustains the Foot-Ease Trade-Mark.

Justice Laughlin, in Supreme Court, Buffalo, has ordered a permanent injunction, with costs, and a full accounting of sales, to issue against Paul B. Hudson, the manufacturer, of the foot powder called "Dr. Clark's Foot Powder," and also against a retail dealer of Brooklyn, restraining them from making or selling the Dr. Clark's Foot Powder, which is declared, in the decision of the court, an imitation and infringement of "Foot-Ease," the powder for tired, aching feet to shake into your shoes, now so largely advertised and sold all over the country. Allen S. Olmstead, of Le Roy, N. Y., is the owner of the trade-mark "Foot-Ease," and he is the first individual who ever advertised a foot powder extensively over the country. He will send a sample Free to any one who writes him for it. The decision in this case upholds his trade-mark and renders all parties liable who fraudently attempt to proof by the extensive "Foot-Ease" advertising in placing upon the market a spuriods and similar appearing preparation, labeled and put up in envelopes and boxes like Foot-Ease.
