PUBLISHER'S NOTICE.

Mr. S. Chas. Davis has associated himself with the editorial and business management of this paper, and is authorized to transact business of any nature concerning the publication of the paper. DAVID DAVIS, Publisher.

This is the season for planting. Plant an advertisement in this paper and your business will grow.

Now that Funston has proven himself so plucky in the prosecution of a daring enterprise the people of Kansas should send him on a still hunt for their state's lost reputation.

Portland may not act upon our suggestion of leasing Aguinado and placing him on exhibition during the summer carnival, for the reason that perhaps many of his kind are already in that city.

The demand for canned horse has increased to such an extent that the Linton abattoir is again in operation. It is demanded comes from Europe, undoubtedly. No, we did not say "pass the horse, please."

In May flowers are large and numerous according to the number and humidity of April showers, we will have pantries as large as standard, undoubtedly. No, we did not say "pass the horse, please."

TAKING the work of all the legislative bodies into account, there were about 10,000 new laws enacted during the past winter. In legislation everything goes except polygamy and the river and harbor bill.

It will require all the tact and resourcefulness of even the brilliant Funston to retrieve the good name of Kansas unless the people of that state act promptly in suppressing the pops, cyclones and joint-smashers.

If "Hon." H. W. Corbett keeps his word regarding his campaign for election next year to the senate, some of "the boys" throughout the state will no doubt have more spending money. That's one way of inflating the currency.

It is now transpires that the Idaho legislature, which was controlled wholly by fusion forces, also cost \$2,000,000, notwithstanding the fact that the state is smaller and less important commercially and every other way than Oregon.

The disaster in the new tunnel of the Great Northern road is another example of the inferiority of man's best handiwork to that of nature. The tunnel is a great work and constructed in accordance with the latest ideas, but is imperfect.

Hon. T. T. Geer, who will now as governor of the state, welcome President McKinley to his hospital, did a similar service for President Harrison ten years ago, when, as speaker of the house, he was chairman of the committee on that body, and went to the state line to meet the president.

The Salem Journal suggests that Arbor Day might be employed to teach boys and girls to graft. There are a number of Oregon politicians who are well up in the art and their services might be secured as instructors. The Albany Democrat might also be able to give the young hopefuls a few pointers.

GENERAL FUNSTON has been promptly and suitably rewarded for his daring capture of Aguinado, the Filipino leader. Now, if the government means order and justice to the little rebel nigger by promptly shooting him, most of those entitled to it will have received their just deserts and a vexatious problem will have been judiciously disposed of.

The oil mining furor has struck Oregon, and there seems to be every reasonable probability that a little intelligent effort will be rewarded by the discovery of valuable wells of petroleum. Columbia county has at least as good oil prospects as any section of the state, and some startling developments will undoubtedly be made here during the next year.

A NEW series of postage stamps will soon appear, namely: the Buffalo Exposition series. The one cent stamp of the green color, will have a picture of a lake steamer to represent the great transportation industry of inland seas in which Buffalo is so much interested. The two cent stamp, printed in red, will have a railway train; the four cent stamp, in red and brown, an automobile; the five cent stamp, in blue, a picture of the new bridge at Niagara Falls; the eight cent, lilac, a picture of the lock at St. Ste. Marie, and the ten cent, or light brown, an ocean steamer.

In the century just begun there will be 5,217 Sundays. In that century we have hardly yet learned to speak of as the last, Easter Sunday has occurred once on its earliest possible date, March 22, 1818, but this will not recur till the twenty-third century. The earliest Easter in the new century will be March 23, 1919. Easter Sunday will fall once on its latest date, April 26, 1943. This also occurred once in the century just passed—in 1866. Ascension day is practically always in May but on three occasions in the past century it occurred in June, in this century it will occur four times.

It seems that Uncle Sam is to be put to the necessity of teaching another insolent Latin state what constitutes common gratitude if not common decency. A few years since the South American

School began at Hazel Grove this week. Prof. Whitten and wife made a short visit to the metropolis Monday.

W. H. Conyers spent a day at the county seat the first of the week. The steamer Shaver will make two visits per week, beginning Monday.

Misses Cronin and Thayer, teachers at Quincy, and Mrs. Parolin came over to attend our school yesterday.

M. Bailey, of Portland, has been spending a week in this vicinity in the interest of the order of Washington.

W. A. Hall, instructor in the intermediate department, is attending the teachers' examination this week. He is engaged to teach at Clifton this summer.

Miss Nora Conyers came down from St. Helens on a brief visit to parents and friends and incidentally to attend the exercises connected with the closing of school.

Miss C. J. Tracy left Monday for Portland. She has been a very successful teacher in our primary schoolroom and will be welcomed back if she decides to teach here again.

Vincent Tichenor left with his old friend, Jack Cameron, the first of the week, for Nehalem, where he expects to enter the employ of the Vossberg & Wheeler Mill Company.

A. M. Wheeler, of Fairhaven, Wash., spent a few days in town recently visiting with relatives. He is brother-in-law of Mrs. Tilden Graham and has other friends in and about town.

Hon. N. Merrill left for Portland on Monday expecting to be at the county seat on Tuesday to interview the county court on the matter of court house location. He will present a strong petition against a new building at this time.

Miss LeVina Popham spent a few days with parents and friends in order to attend the graduating exercises at Monday 15th. John will attend on good luck, his cheerful attention to duty making him popular.

Forest Grove contributed generously toward the attendance and interest in the school exercises last week. Misses McCobb, English, Tichenor and Messrs. C. C. Bryant and Harold Shaver were on hand, each adding in some measure to the enjoyment of Friday evening.

A horse hitched to a dray on which a cook stove was loaded, started so suddenly and unexpectedly from in front of Page's store Tuesday, that the store man ran off with the dray, leaving a telegraph pole about Conyer's store and the horse went on without it to the neighborhood of Clark's livery stable, where it was captured without injury to the horse but some damage to the harness which, being made up largely of ropes, could be repaired.

The city of Clatskanie is in possession of a silver medal from the California Exposition at San Francisco, awarded last fall on account of an exhibit of Oregon mosses which took the premium at the society's exhibition at San Francisco, Cal. The collection was made at the suggestion of Mrs. Chandler, of San Francisco, who visited here something over a year ago, and being something of a botanist was greatly interested in the variety and beauty of the mosses about here. A few of our citizens were induced to prepare a collection of these mosses and ferns for exhibition and sent them to California, winning first premium, as stated.

On Saturday evening Graham's hall was well filled to witness a programme given by the scholars of the public schools. There were few numbers on the card, suggesting a brief exercise, but a good deal of stage setting and preliminary work was required on each number so that about two hours were occupied in the performance. The entertainment was a very enjoyable one, though a little less demonstration by the juniors in the audience would have been appreciated. The programme consisted mainly of drills with musical accompaniments and some little diversions which were well rendered, the scholars doing their parts in a surprisingly skillful manner considering their brief preparation. This was a pay entertainment, the proceeds being devoted to paying such expenses as were occasioned in the graduating exercises. The result financially was satisfactory in addition to the pleasure of a good entertainment.

The annual graduation exercises were held in the church last Friday and were well attended, notwithstanding the rain that was pouring down outside. The audience room had been tastefully and very elaborately decorated for the occasion. The hall was filled with people, as to form a massive curtain, suspended from the ceiling and draped in very attractive style. Flowers were also very much in evidence, and were ingeniously distributed through the green so as to greatly enhance the effect. After the audience had been seated by young ladies rolled up in white, the three members of the graduating class, Misses Elsie Hughes, Vivian Tichenor and Mr. Vincent Tichenor entered and took their places on the platform, followed by Prof. Whitten and Hon. C. W. Fulton. After an invocation by Rev. Culmer, Miss English gave a violin solo accompanied on the piano by Miss McCobb, director of music at Pacific University. This was well received as it merited. Miss McCobb was on the programme for a song and two piano selections, which were given during the evening to the delight of the audience. She is an artist in music, a brilliant pianist, with a rich and pleasing vocal power also, and contributed very largely to the entertainment of the evening. Miss Hughes read an essay on "The Crusades," Miss Tichenor took "The Empress Josephine" for her subject, while Mr. Vincent Tichenor gave an oration on "Our Insular Possessions." Those exercises were well given and creditable. Hon. C. W. Fulton gave a half hour of very excellent advice and suggestion along educational lines, showing quite a familiarity with general literature. The address was practical and helpful and will not be forgotten. Dr. Hall, in a few words of commendation to the class and teachers, presented the diploma. Harold Shaver being present, was called on for a song, and responded by giving a selection called "Asleep in the Deep." He has a rich baritone voice and sings well. After this the lady visitors in music, a brilliant pianist, with a rich and pleasing vocal power also, and contributed very largely to the entertainment of the evening.
