

THE OREGON MIST.

DAVID DAVIS, Editor and Proprietor.

TOLD IN SIDEHEADS.

ORANGE HARBORERS.—Mr. W. B. Dillard brought to this office Wednesday morning four short raspberry stalks filled with berries in all conditions, from immature green ones to thoroughly developed and matured ones.

BIDDER CONTRACTS LAY.—At the session of commissioners' court held here Monday the contracts were let for the building of two big bridges in the county, one across Fox creek, at Rainier, a trestle bridge 540 feet long for \$175,000, contract awarded to G. G. Palmer, of Astoria.

Rev. Mr. Philbrook will preach in this city next Sunday evening at 7:30. Lon Fitzgerald, of Vernonia, is in town Monday evening, on route for upriver points.

We offer the top price for potatoes, onions, eggs, poultry, etc., in exchange for goods. Collins & Gray.

C. W. Mellinger and U. M. Beeghly, of Vernonia, were in this city and Portland the latter part of last week.

Mrs. J. B. Richardson, of Salem, improved the fine weather the last week visiting her foster-mother, Mrs. W. H. Dolman, of this city.

Dan Richardson and Walter Blakeley made an alright killing last Sunday at their lake, across the river. They captured sixty-five ducks.

Jack McKie has another contract to get out some additional building stone for the improvements at Fort Columbia. Jack is at work on the contract now.

Mr. and Mrs. Jerome Gripper, of Portland, spent a part of last Saturday and Sunday on a visit to their relatives in this city, Mr. and Mrs. W. H. Dolman.

Rev. Lew Davies and wife were expected to arrive at Warren this week to take up their abode for a year. Mr. Davies is the newly appointed Methodist pastor for this charge.

We have arranged to get the best of butter often in small lots, which enables us to furnish our customers with a strictly fresh article. We guarantee this statement. Collins & Gray.

Mr. John Deethman and Miss Helena, daughter of Mr. and Mrs. Ed Henrich, of Sauvie's island, were married at 11 o'clock, Judge Doan, officiating.

Remember that Wallace & Moyer's establishment is headquarters for Singer sewing machines for Columbia county. They also have machine needles and oil at less than Portland prices. Try them.

Aside from opening the bids and awarding the contracts for the construction of the Scappoose and Fox creek bridges, the commissioners transacted no business whatever when they met in adjourned session on Monday.

Mr. C. L. Ayres was in from his country home Monday. Miss Jessie Mitchell, who taught the Peris school this fall, accompanied Mr. Ayres to town, going from here to Peblee creek, where she will teach in district 45 this winter.

Messrs. H. J. Watters and J. L. Walker went to Pittsburg on Thursday of last week with their families. They are on the prospect of the Northern Pacific railway building in from Scappoose, says Sunday's Oregonian. Mr. Elliott has been holding down a homestead, two miles from Pittsburg, for twenty-two years, and although the cross-section stakes cut the best part of his clearing in two days, he is glad to be cleared of being brought nearer to the outside world. He has been hauling his poultry and dairy products through the woods and over the hills, to Clatskanie, sixteen miles away, ever since 1879, and he thinks he has had a good long, lonely wait for it. One corps of surveyors, who were now taking measurements along the Nehalem river, forty miles below his place, and indications point to the road being continued down the river from Pittsburg, and into Tillamook county, he said, "the Nehalem country will soon be new life, as some of the finest timber on the Coast is over there awaiting transportation facilities. Besides this, the locality is peculiarly fitted for stock raising and dairying, as the natural grass is very nutritious and grows almost the year around. Most of the settlers, whose lands are to be divided by the railroad, will want pay for the right-of-way, however, as the line follows along the level bank of the river, and the valley is rather narrow at all points. We all like to see the road, but none of us can afford to desert the land for a right-of-way without being paid its full value."

THE NORTHERN PACIFIC SURVEYORS who are surveying a railroad from Scappoose to Hobsonville, expect to complete the survey this month. The impression prevails that the road will be built and that work will commence early in the spring.—Astoria Herald.

Postmaster A. L. Clark, of Rainier, was shaking hands with friends in our city Monday. Mr. Clark has been a sufferer from rheumatism for the last four months, most of the time unable to be about at all. His condition at present is somewhat improved.

Mrs. S. E. Shattuck, of Scappoose, was in town Monday attending to private business affairs, accompanied by her daughter, Mrs. Wickersham. Mrs. Shattuck has resided in this county many years, and although more than 71 years of age, her step is yet quite elastic.

Commissioner Frakes was in town Monday, attending court. Mr. Frakes says his trip to the state fair was highly satisfactory in every way, financially especially. His wife and son and daughter accompanied him, and rejoicingly returned to the fair, enjoying it very much.

Mr. J. A. Van and family, of Fishhawk, left Tuesday for Kingston, Arkansas, where they will spend the winter visiting relatives and friends. Mr. Van has leased his splendid farm at Fishhawk for a term of years, but that fact will not keep him away from this county. He'll return soon, glad to get back.

The Rathbone Sisters entertained their membership in a very pleasing manner on Thursday evening of last week. There was initiatory work, after which lunch furnished by the ladies, and some excellent vocal music were heartily enjoyed. Three visiting sisters from Castle Rock were present, and the session lasted until almost midnight.

We understand it to be the intention of the city council, with the aid of the public, to see that a good plank walk is built from our town all the way to Houlton. When the six-foot walk is built, Plank's place there will be built to connect with the present walk to Houlton, which ought to be done forthwith.

Rudolph and Johnny Karth, who have lived for several years in the vicinity of Valley, returned home last Saturday from Dawson City, Alaska, where they were absent four years ago. The gentlemen brought back with them considerable evidence of making a good strike, having located some claims and having a number of nuggets. They will return to Alaska in the early spring.

NOTICE OF FINAL SETTLEMENT. NOTICE IS HEREBY GIVEN BY THE UNDERSIGNED, administrator of the estate of Fred Koble, deceased, that she has filed in the office of the County Clerk of Columbia county, Oregon, her final account of her administration of said estate, together with her petition for final settlement and discharge. She has appointed Monday, the 2nd day of December, 1901, at 2 o'clock in the afternoon of said day, at the court-house, in St. Helens, Oregon, as the place of hearing said account and said petition, and places any person interested may appear and file objections in writing to the said account or petition, at the office of the County Clerk, at St. Helens, Oregon, on or before the 1st day of said day. ANNA KOBLE, Administrator of the estate of Fred Koble, deceased. Dated at St. Helens, Oregon, October 11, 1901. W. H. YORRELL, administrator's attorney.

The railroad is coming to Tillamook via Scappoose, which is being constructed by the Northern Pacific. And even William Reid is emphatic in asserting that the Portland, Nehalem & Tillamook railroad will be built.—Headlight.

Messrs. Hayes and Thos. Shannon, Huston Ellison, N. K. Sharp and Rev. Geo. Sharp, of Liberty, Neb., were the guests of Mr. and Mrs. Eli Lynch a day or two last week. They all spent Sunday at Scappoose falls, and Monday morning took their departure for Washington, where they will look around for suitable land, with a view of coming West and locating.

A marriage license was issued in Multnomah county on Thursday to Molt Zwingli, of this county, to wed Miss Maggie Schramm.

Last Friday evening the young ladies of this city, more properly referred to as the basket ball club, gave a "salamagundi" party, and those who attended had a salamagundi time. There were more than a dozen different games for the entertainment of the guests, besides a free concert and plenty of lunch—for those who were able to get a box. The club was in need of funds to buy more paraphernalia, and from their entertainment they realized \$7.50, besides an evening full of enjoyment.

Owing to the crowded condition of our space this week we are unable to print the docket of cases to be heard in the circuit court which will convene here next Tuesday, and really nothing is lost by this supposed inconvenience. There are no very important new cases pending. The Globe, Nehalem & Pacific Railway Company's difficulties will have a hearing, besides some divorce cases, aside from which there are many cases hanging fire which have burdened the records and the court for many moons.

The Deer Island Shooting club, of Astoria, at a meeting on Sunday, adopted a resolution forbidding the use of "pump" guns on their preserves. Hereafter any of the members inviting a friend to shoot will have to see that he is provided with an ordinary double-barrelled gun. The Deer Island club relieves the entire shooting on Deer Island, which comprises some 5000 acres, the greater part of which is sloughs and lakes and is probably the most extensive and desirable preserve in the country.—Astoria Budget.

It seems to be settled in the minds of a number of people who have been watching the railroad situation that the Northern Railroad company is headed for Tillamook county via Scappoose and Pittsburg. And from present indications there is ground for the construction of the first twenty miles of the road and it is reported by the 15th October the plans for the construction of the road as far as Hobsonville will be complete.—Tillamook Headlight.

The Warren school opened on September 9th, with an attendance of sixty-two pupils. During the month there were 1079 days attendance and sixty-six days of absence. The daily average attendance was fifty-four. There are twenty-five girls and thirty-seven boys enrolled.
