OF LOCAL IMPORTANCE.

There is an advertisement in this sue of the Clatakanie drug store, here the people of the lower portion the county can at all times find a uplete line of drugs, patent medises, toilet articles, notions, stationery, d all other articles usually found in a di equipped drug store.

reli equipped drug store.

The directors of this school district his week purchased and had placed in he school-house seventeen new desks. his action was necessary to accommotate the large number of pupils in atendance and to provide for those who re contemplating attending our school. he conditions existing in the rooms may easily be imagined. The little fellows are jammed into the rooms and sats like sardines in a box, and certainly good work cannot be expected ader such circumstances, besides the mosphore must necessarily be polluted at sanitary conditions very detriental. Some provision must be made alter these conditions.

to alter these conditions.

A timber cruiser of Astoria states that there is more fir, larch and spruce timber in Clatsop than in Columbia or Tilsmook counties. He says he has cruised every section of the following land: Township 6, north range 8 west. It has 300,000,000 feet of merchantable saw yellow fir, standing timber. Township 6, north range 7 west has 280,000,000 feet of yellow fir timber. Township 6, north range 8 west has 180,000,000 feet of yellow fir timber. Total 760,000,000 feet of yellow fir timber. Total 760,000,000. Four hundred million feet of the timber in these three townships is tributary to the Columbia river. It comes in to the Klaskauine and Young's rivers and Lewis and Clark streams. Other townships in Clatsop county are equally as good. Timber on the other side of the divide goes to the Nehalem river.

Tomorrow (Saturday) afternoon the

Lewis and Chere
sahips in Claisop county are spaced odd. Timber on the other side of divide goes to the Nehalem river.

Lomorrow (Saturlay) afternoon the spayers and other qualified legal isers of this school district will assemble to the school-house between the ours of I and 4 o'clock and vote upon the very important matter of bonding the property of the district for the purpose of raising funds with which to erect a larger and better school building. This is a most important thing and should be carried by a unanimous vote. Equipping the district with better educational sacilities is one of the means by which the town, the community, the county can be benefited and at a nominal annual outlay. Bonds can be issued only to the amount of 5 per cent of the assessed valuation of all property in the district, but his amount would raise nearly \$4,000, and with that much money a splendid building can be put up and equipped.

Rainle Pythians are entitled to no Rainle Pythians are entitled

Bainier Pythians are entitled to no little amount of praise for the manner in which they do things. Their latest demonstration was last Sunday, when they held public memorial services in honor of their departed byothers and of the late President McKinley, who was a member of the order. Their lower hall had been tastefully decorated and commodiciously arranged for the Knights to carry out their service and for the accommodation of the public. The memorial service is not long, but it is most impressive, and a very large number of citizens congregated to witness the ceremonies. The evening before there was initiatory work and considerable interest is manifested by the membership. The Bainier boye have a beautiful home and are justly proud of it. There were over fifty Knights took part in the memorial service held Sunday afternoon.

In a telegraphic report from Port

and are justly proud of it. There were over fifty Knights took part to the memorial service held Sanday atternoon.

In a telegraphic report from Port Townsend, published in the Oregonian on the 17th inst, appears a paragraph of considerable importance to many people in this part of the county. The paragraph reads: "George W. Ramsey and G. Gordon Temple left Nome in a small boat for Teller, en route to the Kougarou, and the part of the county. The paragraph reads: "George W. Ramsey and G. Gordon Temple left Nome in a small boat for Teller, en route to the Kougarou, and this, the beat was a large one from the Northern Commercial Company Secure of the boat and various kinds of goods were found October 1 scattered along the coast near Topkok. mr. John Frants, who has resided near Houlton the greater part of his life, died at the old home shortly after noon on Thursday of last week. At the time of his death Mr. Frants was about aixy-five years of age. He came to this part of the country in 1852 from Illinols, with his mother and other members of the family, and with the exception of a short time spent in the mines, he has resided here continuously. He was a man of honor and industry, being respected by all who knew him. His life was devoted to his farm work, and the home he leaves to his family stands as a monument to his hard efforts in a new country. About three years ago Mr. Frants was stricken with paralysis, from the effects of which he never fully recovered, and since which time his death had been constantly expected. He was a ble to be about his farm to some extent, but never very active since his first misfortune. He leaves a wfe, two daughters and one son and two stopsons to mourn his loss, besides an entire community of people who regret that as good a citizen must be called away. His remains were laid to rest in Odd Fellows' cometery last Saturday.

President Mollen, of the Northern Pracide Railway Company, was in Port out the sound and the home and the single proposed the sample to the parament below, Monday siteration about 6 o'clock, and received the country folk, and we cheerfully recover. We have everal hundred dollars standing out in small amounts, and time!

The Rathbone Sisters of this city enjoyed, and all had a pleasant in the wind a pleasant and the home he leaves to his farm to make a new country. About the mander of the county folk, and we cheerfully recovered the form in the mines of the county folk, and we cheerfully recover. We have everal hundred dollars standing out in small amounts, and time!

In a table of figures published in wednesday's Oregonian, this county paid out for school purposes the last school year ending with March, \$17.

Repetite of paid the country folk, and we cheerfully recovered with the country folk,

two daughters and one son and two stepsons to mount his loss, besides an entire community of people who regret that age good as clitical many the called away. His remains were half to rest in Odd Fellows consectory last as the consectory last as the consectory last as the consectory last as the consectory last flavors.
