Mr. C. F. Fowler, of Columbia City, left here the first of the week for the scene of his mineral claim, on the headwaters of Lewis river. He expects to be gone about two months.

Mrs. Sarah Lemont is very sick with rheumatism and lung and heart troubles. She has been confined to her bed for several weeks and her condition is regarded as somewhat serious.

Judge Doan and son, of Rainier, were attending to business affairs in Portland Wednesday. The judge is making an effort to induce some of the many immigrants to settle in our county.

Ole Sundby, well known here, has been in St. Vincent's hospital, Portland, for about six weeks, being now about able to leave the institution, after having been operated upon for relief from appendicitis.

The Robertson Raft Company has purchased a considerable body of timber on Cowlitz river and will operate two camps there, getting out timber with which to construct two log rafts at Stella, to be towed to San Francisco.

It now seems entirely safe to say that the logging railroad from Columbia City westward is to be built at once. Eight or nine car loads of iron arrived there this week and were unloaded, and that is good evidence that the promoters mean business. Rumor says this line is destined for the Nehalem valley, and perhaps it ultimately will reach that point, but most likely not for a considerable time. The articles of incorporation, as a matter of fact, state such action to be one of the objects of the incorporators, but there is a vast body of timber to be removed before the road will be extended to such a distance. The express purpose of the road, as we understand it, is to remove this body of timber, and it is only reasonable to presume that as it becomes necessary to extend the road as the timber is removed, only just so rapidly will the line progress to Nehalem. The boomage facilities just below Columbia City are perhaps not to be excelled anywhere on the river, and so also is there a magnificent site for a mill, with an abundance of water in the river channel, enabling any sized vessel to receive and carry away its cargo. In addition to these advantages, rail facilities are at hand, and taken altogether, the opportunities are excellent for carrying on a very extensive logging and lumbering business at that point.

We are always glad to learn that anyone is prosperous, and especially our acquaintances and friends. This, from the Kalama Bulletin, in regard to one of our former townsmen, will be read with much satisfaction by Mr. Cloninger's acquaintances in this county.: "J. S. Cloninger, who has been conducting a general merchandise store in the building on Fir street, next to the alley, found it necessary to secure more roomy quarters for his stock of goods, and has rented the building known as the Jerard building and moved into the same. The building is one of the finest in Kalama, and when Mr. Cloninger gets things arranged in his new quarters he will have one of the handsomest and best general merchandise stores in this part of the country. Mr. Cloninger started in business in Kalama with a small stock of goods and has been steadily adding to it and has gradually built up a good business, of which he may well feel proud."

James W. Butler, of Goldendale, Wash., died at St. Vincent's hospital, Portland, at a very early hour last Saturday morning, after a painful illness of nearly a year. Mr. Butler was a native of Polk county, and was 48 years old. He was the eldest son of Benjamin Butler, a pioneer of Polk county, and later of Klickitat county, Washington. On the maternal side, he was connected with a well-known pioneer family, being a grandson of the late Dr. James McBride. At the time of his death, Mr. Butler was the auditor of Klickitat county. He left a widow, one daughter, mother, Mrs. E. Butler, of this city, two sisters, Mrs. E. Sullivan, of Portland, and Mrs. W. D. McNair, of Sitka, Alaska, and one brother, Marion Butler, of Portland. His remains were laid to rest in Lone Fir cemetery, Portland.

The school entertainment and social at Houlton Monday evening was a decided success in every particular. The programme consisted of a large variety of selections, recitations, dialogues, drills, vocal and instrumental music, and was hugely enjoyed by one of the largest audiences ever assembled in that town. After the programme had been completed, which required nearly two hour's time, a large number of lunch baskets were auctioned off, the proceeds of which was nearly $25. This money is to be used to purchase a library for the school. The people of that district are very enthusiastic about their school and are ever ready to devote time and money to any cause which promises to further the cause of their educational institution.

Joe Bureau was taken to St. Helens Saturday by Marshal G. D. Sutherland, and upon arrival there it was found that he had never been released from the asylum, but had run away. Joe had been acting queer the past two months. He had several graves dug on the hill back of Bureau's mill and buried some of his old clothes there, with the belief that he was burying his troubles. He placed evergreens and a white cloth around the clothes and a cross at the head of the grave. Around them he cleared quite a large space. Another of his hallucinations was that he was surveying a railroad to the Nehalem valley. He will be better off at the asylum than running at large around here.—Clatskanie Chief.

Mr. J. B. Yeon, of the Star Logging & Lumbering Company, of Beaver valley, has a team of horses, which, no doubt, is the largest in this county. They are grays, six years old and weigh 3570, the heaviest one weighing 1810 pounds. Mr. Yeon is one of those monied men who got his start by swinging an ax in a logging camp, and may be seen any day hustling freight and doing other similar work about his large camp. His interests in Beaver valley are very extensive and when he gets his plant in such shape as he desires it will be one of the most extensive logging plants in the Northwest.

Mr. J. M. Akins, of Sauvies, and Miss L. A. Bonser, formerly of this county, but lately of Vancouver, were married in that city on the 8th of last month. Mrs. Akins has a large number of acquaintances in this county who will be pleased to welcome her back, as her home will hereafter be at the old Musgrove place, on the Island, which was purchased about a year ago by Mr. Akins. Mrs. Akins was in town last Saturday settling her tax account with the sheriff.

Henry Collins, son of M. Collins, of Scappoose, returned two weeks ago from Ryan, Wash., where he spent three months. Henry says he saw all the former residents of this county who are living in that vicinity. John Downing, sr., is mining and his son is farming and operating a ferry across the Columbia, and all are doing well. Mr. G. W. Cole, formerly of this city, is in that vicinity, engaged at mining.

The Northern Pacific Railroad Company expects to start the work very soon of building a long siding at Houlton. The engineers have been there and laid out the work. This additional siding track is being put in for the accommodation of local shippers as well as for affording means for permitting trains to pass. The Oregon Wood Company expects to ship some of its output from Houlton.

There is a strong sentiment in favor of changing the location of the county road leading down the hill from the Stanwood place to Milton creek. A much easier grade can be had by following the route of an abandoned skid road, nearer the foot of the hill, and as much of the grading is already done, the improvement could be made at a very small cost.

The board of directors of the Houlton school district has decided to continue the school there another month. Superintendent Copeland, however, will teach no longer. His time will be devoted to the work of his office throughout the spring and summer. Mrs. W. H. Powell, of this city, has been employed to teach there for a month.

Mr. Tom Bennett, at one time proprietor of the St. Helens hotel, in this city, was in town Tuesday, on his way to Tacoma. His family is in California. Mr. Bennett had just arrived from Nehalem valley, where he spent about a month.

Frank Watts, who has been in St Vincent's hospital, Portland, for the last six months, having an injured leg treated, is not improving as rapidly as he and his friends would desire. Another operation on his limb is to be performed this week, which it is hoped will be all that is necessary.

Ed Webster came out from his Rock creek home on Thursday of last week, bringing his four-horse team. He begins this week to haul shingles from the Dupont mill, at Valley, to Houlton, for shipment to Portland, where the entire output of the mill has been contracted. Duponts already have about 650,000 shingles on hand and will continue to manufacture them throughout the summer.

Judge John F. Caples, of Portland, has kindly consented to deliver a lecture in this city in the very near future, perhaps Friday evening, April 19th, on his experiences in South America. There will be an admission fee charged, the proceeds to be given to the Sunday school, to be used for purchasing necessary supplies and making improvements for the benefit of the school. More definite information later.

J. T. Reed declares that he never knew of such a season for cougars as this one is. He says he saw three large cougars together, near his premises, on Milton creek, last Friday, and had an opportunity to shoot at one of them, but without effect. A quarter of beef was stolen, carried away and buried by a cougar, and two of his dogs, which attempted to protect their master's interests from the ravages of the big cats, were treated to such chastisement that they were indefinitely laid on the shelf.

The Rainier Dramatic Club presented the farce comedy, "Captain Racket," to a packed house in their city last Saturday night. The plot was a very comical one and the cast was such that every character was sustained in the most able manner. The efforts of the local club have been eminently successful, and the people of that town should be proud that such talent is there. No community, however absorbed in its business affairs, can be wholly indifferent to those diversions or amusements that promise a little relief to tired brains and muscles. The country town must rely upon its home talent for what the larger cities get in their theaters nightly as a distraction from the "cares that infest the day." Certainly the Rainier Dramatic Club is a success.

Mrs. Lucy G. Hall, wife of Mr. G. A. Hall, of this city, died at her sister's home in Portland on Thursday of last week, of consumption, after an illness of over three months. Deceased was 25 years, two months and 21 days of age, having been born in New York city in 1877. She was married at her mother's home, in West Portland, August 4th, 1897, and had resided continuously in this city since, until about six weeks ago she was taken to Portland. She was known in this county before her marriage as Miss Lucy Irvine, having taught several terms of school at different places. She had a large number of acquaintances and friends who were pained to learn of her death. The burial took place in Greenwood cemetery, south of Portland, last Saturday.

Captain H. R. Robertson says arrangements are being made to construct three large log rafts on the lower Columbia for towing to San Francisco. One of these will be put together at Westport, but the site for the building of the other two has not yet been determined. The first is to be sent to sea in May, and the other two later on in the summer. "The building of these huge rafts will give employment to several hundred men," Captain Robertson says, "and involve the expenditure of nearly $200,000. The construction of log rafts is no longer an experiment, and no accidents have resulted in their being towed on the ocean for several summers. My company will probably begin the construction of the huge cradles within the next month."

A dispatch in Wednesday's Oregonian from Astoria, said: "A new company has entered the field for the purchase of timber lands in Clatsop county. It is the Merrill Lumber Company, of Wisconsin, and the first lot of deeds transferring property to it have been filed. Deeds have also been filed transferring several claims to the Charles A. Street Lumber Company, of Chicago. During the past few weeks this company and Willis N. Gilbert, of Wisconsin, who are understood to be jointly interested, have purchased about 20,000 acres of timber lands in the Upper Nehalem valley, for which they have paid about $180,000 in cash." This last mentioned deal is undoubtedly the one on which Messrs. Pringle & Campbell, of Vernonia, have been working for the past two or three years.

An extremely large cougar was killed Tuesday morning near Charley Wallis' place, on Milton creek. The animal had been making his presence known in that vicinity for some time, and Tuesday an organized effort was made to land the fellow. Dan Richardson, Sherman Saxton and Fred Hendricks were present at the time the animal was shot, however, there were a number of other boys in pursuit. Dogs, put on the track of the fellow, soon sent him up a tree, and Fred Hendricks, who was in close pursuit, rushed to the spot, and with steady nerve and a bullet from a trusted rifle, sent crashing through the animal's heart, brought him to the ground. For fear the shot had not been effective Fred continued to fire, shooting the brute through the neck on its descent, and twice through the head as soon as it reached the ground. The cougar measured exactly seven feet, six inches from tip to tip and stood three feet high. There is said to be more of these animals in that vicinity.

Pursuant to published notice the subscribers to the fund for putting in the local telephone line from Yankton to St. Helens met at the school-house at the former place last Saturday afternoon and effected an organization for the future management of the association's affairs by electing a board of directors for three, two and one years, respectively, and a secretary for two years. Messrs. G. L. Tarbell, Fred Briggs and G. R. Hyde were the directors chosen and Louis Barger was chosen secretary. These officers were empowered to draft by-laws and a set of rules for the government of the line and to fix a schedule of prices to be charged to non-subscribers. The matter of incorporating was briefly mentioned and the sentiment of the Yankton people was against such a move. They contend that the line was built as a community convenience and they did not choose to enter into any compact whereby the slightest restrictions might be placed upon their privileges. They are willing to grant the use of their wire if anyone desires to extend the line, as suggested. Tarbell's mill and Warren may soon be connected by this line, and as a convenience, it promises to be the most popular enterprise in the community.

Mr. C. L. Ayres, of Carico, attended the school entertainment at Houlton, Monday evening. His daughter, Myrtle, who has attended school at that place during the winter, returned home with her father, to remain during the summer.

Has nothing occurred in your neighborhood this week that would be of interest to others; or is not your mother-in-law's kindly voice heard in your home? We would be glad to learn all these things, and if you cannot tell us send or drop us a line at the postoffice.

Mr. W. F. Piper, of Scappoose, was in town Wednesday, interviewing the sheriff in regard to his taxes, and looking after other business matters. Mr. Piper says that in his part of the county the farmers are getting everything in shape to begin work, and a good season is looked for.

Fees collected in the county clerk's office continue to assume considerable proportions, the month of March keeping up the average very noticeably. For recording there was collected last month $337.80; for court fees, $109.85; land redemptions, $21.87, making a total of $469.52 for the month.

Mr. James Dart, of this city, recently disposed of a half section of land in the vicinity of Goble, for a figure which enabled him to double his money. Mr. Dart thinks the land was purchased for the Goble Railroad Company, although the deed was made in trust to another party. The land cost him about $1500 and was sold for $3200.

John Pringle, sr., of Vernonia, was in St. Helens Tuesday, en route home from Portland, whither he went about a week ago in the interest of a large timber deal he has on the tapis. Mr. Pringle told a reporter for this paper that he had practically closed a deal for 15,000 acres of Nehalem timber, and he felt confident the transfer would be consummated in very few days.

Clatskanie Briefs.

E. B. Elliott and son spent a portion of the week in Portland.

Mrs. A. S. Graham, of Marshland, spent a day or two in town with her niece, Miss Cole.

Norman Merrill was Clatskanie's only delegate to republican conventions in Portland this week.

A term of school began in the Barr district last Monday, and at Quincy school began a week earlier.

It is reported that George Sutherland and David McDonald expect to put in logs on lower Beaver this summer.

Mrs. D. A. McGillivary started last week for Ottawa, Canada, near which place a daughter lives who is reported quite ill.

Tilden Graham has moved his family out to the shingle mill owned by himself and his brother, Silvo, on the E. B. Wood place.

We learn there is at least one ticket in the field for city officers to be voted for next Monday and it is probable another will be arranged in time for voters to take their choice.

Miss Tracy, from Portland, and Miss Cole, from Marshland, were in town the last of the week and started for Nehalem to begin school work in adjoining districts Mohday morning.

Since the interest in the county republican convention has abated somewhat and a little time has been taken to sum up the results of its work, the statement may be safely made that the ticket in general gives to the voters in this part of the county a very great degree of satisfaction, and from present appearances the support of the republican voters will be given the entire ticket.

Dr. Hall went with a patient to Portland Monday evening, who he expected to place in a hospital there for a few days. He reports the city filled with politicians, disposed to be very cordial until they learned he was not a delegate, when their special interest seemed to suddenly abate. This was to be expected. They had special work to do this week that must be done with delegates or boomers.

A number of logs were floated past the town last Monday, to be rafted farther down the river. It is a matter of surprise to many who do not know, that these logs lie in tide water so long without being taken away. Demand is reported good, but the logs move out very slowly, with consequent tardy financial returns. This latter feature interests the merchants and blacksmiths to a considerable extent.

Special Easter services were held in the church Sunday evening, which attracted more than the usual audience. Tasteful and somewhat elaborate floral decorations may have contributed somewhat to the increased attendance, though participation by the Sunday school scholars in the exercises doubtless had its influence. A special responsive Easter exercise, containing appropriate music, was rendered, followed by an address from the pastor mainly on missionary work. This was supplemented by the missionary collection, an annual feature of most of the churches. The offering for the purpose was quite a liberal one.

Mr. William Simmons and Miss Leona Popham, both of this city, were married at the residence of the bride's parents, by Rev. J. K. Hawkins, on Tuesday evening of this week, in the presence of the immediate relatives and a very few friends. Mr. Simmons is in the employ of H. Kratz, while the bride is the daughter of P. J. Popham, a blacksmith of our city. The happy couple were the recipients of numerous useful presents, and a host of good wishes from many friends. They are well known and popular young people, and expect to go to housekeeping in rooms over the store, where they will soon be at home to their friends.

Better Than Pills.

The question has been asked, "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable, as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. For sale at the St. Helens pharmacy.

Call for City Caucus.

There will be a caucus held at the court house this (Friday) evening, April 4th, for the purpose of nominating a ticket for city officers for St. Helens for the ensuing year, at 7:30. E. E. QUICK.

SUMMONS.

In the Circuit Court of the State of Oregon, for Columbia County.
State of Oregon, plaintiff,
vs.
A. Nevin, as administrator of the estate of John Farrow, deceased, all heirs of the decedent (if any there be) and all persons interested in said estate, defendants.

It appearing to the court by the information filed in this court by the district attorney and by Chester V. Dolph, special counsel by the leave and under the direction of Hon. T. T. Geer, governor of the state, that John Farrow died on the 9th day of July, 1891, in Columbia county, Oregon, leaving real and personal property therein; that A. Nevin was duly appointed as administrator of said estate and duly qualified as such and took possession of all the real and personal property of said estate; that said estate has been duly administered upon and there remains in the hands of said administrator the sum of $469.62.

And it further appearing that the decedent died without heirs and that by reason the cost the state of Oregon has by law a right to such personal estate now remaining in the hands of the administrator, it is therefore ordered:

IN THE NAME OF THE STATE OF OREGON: That all persons interested in the estate of John Farrow, deceased, be and they are hereby required to appear and show cause in this court, if any they have, on the 13th day of May, 1902, why the title of in and to said personal estate should not be adjudged and vested in the state of Oregon. It is further ordered that a copy hereof be published in THE OREGON MIST, a newspaper published in said county of Columbia, for six successive weeks.

THOMAS A. McBRIDE,
Dated March 4th, 1902. Judge.
