Assessor White was in his office a day or two the first of the week, having re-turned from the south part of the county, where he completed his field work for the year. He has assessed Clatekanie, Marsbland, Oak Point, a portion of Beaver Falls, Warren, Scappose and a portion of Union precincts, which con-stitutes about one-half of the field work.

The friends throughout the county of Mr. Richard Cox will regret to learn that he is almost entirely unable to be out of his bed on account of the condi-tion of his injured limb, which has been giving him no end of trouble for many months, and is gradually growing worse, and it is feared will entirely disable him, if it is possible to render him more helpless than he is at present.

Columbia county is to be honored dur-ing this month by two very prominent obaracters in state politics. Mr. Fur-nish, the republican candidate for gov-ernor, will be in St. Helens Thursday, May 29th, to address the citizens, and Mr. J. N. Williamson, republican nomi-nes for congress, will speak at Rainier on the 27th. These guatiemen may reasonably expect large audiences at both places.

Brother Mitchell, of the Gazette, handed us a copy of his handbook, which he has just issued, devoted to the resources of Columbia county. It is a twenty-six-page pamphlet and contains much valuable information upon which homeseekers may rely. It is gotten up in very neat form, and besides the read-ing matter it contains, there are some advertisements and portraits of some of our prominent citizens.

The Scappoose ball team came down last Sunday and crossed bats with the St. Helens team on the diamond west of St. Helens ream on the diamond west of town. Quite a spirited game resulted for a few innings, when the home team began to gain in number of scores on the visitors, and at the end of the ninth inning there was quite a difference in the totals, in favor of the home team. However all the boys were out of train-ing and the future will, no doubt, bring forth a vast improvement. s vast improvement.

Jack McKle is expecting to be awarded a contract to get out 500,000 paving blocks for use in the metropolis. After experi-menting on every other material for street improving it has been decided that no other is as good as stone blocks, and there promises to be a great revival in the block-making industry, in the event of which this particular locality will become very active, as the excellent quality of the stone hereabouts will be in great demand. A contract for 500,000 blocks means the employment of a good many men for a considerable length of time. week.

If there is to be a very high water this year it is about time that some vis ble evidence was being manifested. Some people report a great quantity of snow in the mountains to the east, while others say there is very little snow and that residents of the Snake river basis do not look for a very high water in that stream. The conditions are very favor-able this year for an extremely high water if there is very much snow in the mountains. Ordinarily at this time of year there has been a great deal of water fran of, but so far the stage of the river has remained about normal. A deed filed for record in the clerk's

A deed filed for record in the clerk's office last Friday conveys the interest owned by James McAyeal in the May-ger Company to that company, George G. Mayger having purchased Mr. Mo-Ayeal's interest, and with other por-tions of the stock bought by Mr. May-ger, makes him an owner of one-half of all the stock of the company. George will remain at his former home and as-sist in the conduct of the large and growing business of that company, his father being quite old and consequently unable to take an active part in the bus-iness affairs of the company. The pastor's besith has fast been failing, and the be-lief the state term that the term lief that a change, temporary, at least, might prove beneficial, was the cause of this action. Mr. Philbrook has been in this action. Mr. Philbrook has been in our midst aboat six years, and we be lieve there is not a person in the county with whom he has come in contact, who will not regret to learn that his minis-terial career is to be cut off in our midst. The influence for good of Mr. Philbrook and his estimable wife, both in and out of the church, has been very great, and their loss, should they decide to go and remain away, will be keenly felt. About the first of June Mr. Philbrook expects to take up the regular line of work at Condon, in Gilliam county, to which place the best wishes of a host of people go with him.
