THE GRANGE MOVEMENT WITH LOCAL APPLICATIONS.

The spread of the Grange movement in Columbia county means much for the industrial and intellectual advancement. It means that Columbia is becoming more of an agricultural and horticultural community, and that better results will be the outcome of the dairying industry.

The Grange is an educator and promoter of good fellowship. It also is a social organization, and therein lies the foundation of much of its strength. It brings heretofore comparatively isolated persons into close touch, and results to their mutual benefit in the interchange of ideas. The Grange has done more to elevate agricultural pursuits in these latter years than any one thing.

It has been the greatest factor in advancing co-operative methods. The Grange fire insurance plan is proving a financial success, and other co-operative measures are being promoted by that organization. Wherever a co-operative cheese factory or creamery is established, the most active promoters are found to be Grangers. Many substantial improved pieces of roadway in Oregon, also were the result of agitation in the Grange meeting.

The Grange was not built on theories, for its principles have been practically demonstrated to be on a solid foundation. Its work already speaks for itself.

Several weeks ago THE MIST called attention to the possible danger of forest fires in Columbia county, and that caution should be need to prevent their spread. Again Governor Geer has issued his annual proclamation warning the people against setting fires that may spread to timber, fences, or crops. A fine is provided for the malicious setting out of fires, but the majority of the forest fires are the result of carelessness. Constant vigilance, therefore, should be exercised by all persons to prevent the spread of fires of any nature.

The advance in the price of wood along the river front wood yards may cause many of the steamboats to substitute coal, and eventually coal oil as fuel for their engines. It is stated that the Ochlahoma will soon have a coal burner in place of the old fire box.

The Nehalem country is becoming the most popular of mountain summer resorts. It has superior advantages in the matter of delightful camping locations, the hunting and fishing is good, and the location is near enough to the ocean to catch the sea breeze.

The baseball tournament will be the great midsummer event of Columbia county. It will be a two days program of healthy sports and intersting contests of skill. One of the drawing features will be a game of baseball between the women teams of St. Helens and Rainier, or Scappoose.

With the new school building and equipments, and an excellent corps of teachers, St. Helens will have one of the best schools in the county. Special inducements will be made to outside pupils.

Like some other towns in Oregon there is an urgent demand for houses to rent in St. Helens. However, when the big sawmill starts up more dwellings will be erected.

The good people of Everett, Wash., will not allow the "Tracy and Merrill" show to perform in that town—and they are quite justified in this opposition. The performance is fit for Seattle only.—Portland Telegram

The Note and Comment man in Sunday Oregonian calls attention to the fact that tennis is again becoming popular, because of the new indoor game of ping pong. The latter game naturally following for an outdoor method of recreation. St. Helens has taken the lead in this respect, and during the spring and early summer evenings, two tennis courts were the scenes of many good natured contests. Now baseball is receiving the attention of several of the leading women of the town, and a team is daily practicing for the coming tournament.

Tracy's career is ended—surrounded in a wheat field, near Creston, Wash., he was crippled, then shot himself.

CITY COUNCIL

May Purchase the Water Plant.

The regular monthly meeting of the City Council was held Monday night, and the principal matter that came up for consideration, was a proposition from the St. Helens, Light and Water Company to get a new franchise from the city or sell its plant to the municipality. The matter, of a franchise was not considered, but the proposition for the city to acquire the water system was referred to a committee, consisting of councilmen M. C. Gray and G. F. Slaughter.

On the following day the committee held a conference with the water company, and the latter agreed to sell their plant to the city for $3900 in conjunction with an agreement to drop the matter of 96 months water rent, which the city has been holding back on account of some differences that almost provoked litigation in the past. It is believed that the council will accept this proposition to purchase the plant, and it is probable that the city will own the water works in a very short time.

It is believed that the city can operate the water works with much less expense than a private corporation, as much of the work will be done by a city council committee without compensation. Some needed improvements, also will be made by the city.

The report of the city marshal, showed that all the delinquent dog taxes, except those who had their heads decapitated at the chopping block, had been paid. M. Peters who had threatened to contest the ordinance, had paid his $1 dog tax, and all prospective litigation was at end.

J. G. Plank, who had spent several days in the vicinity of Toledo looking for a ranch, left Monday morning for his home at St., Helens, Columbia county. He has filed on a good homestead on Mill creek—which, by the way, Constable Curtis M. Brown had stuck away in a dark corner of his vest pocket for lo these many years—and will return in a few weeks and settle down for life. Several other gentlemen expect to come with him, one of whom will propably purchase the Al Meaker place on Mill creek. These gentlemen will also purchase Toledo property, in order to take advantage of our good schools during the winter season. Mr. Plank thinks this part of the world is away head of his present home.—Lincon County Leader.

Between one and two o'clock Tuesday morning Night Watchman Gilmore discovered a blaze in the hall stairway of the Taylor building, adjoining Decker's barber shop. Some of the wall paper burned off, before the fire was promptly extinguished. A stranger, who had been walking the streets for a couple of nights was placed under arrest by Marshal McKie. There was no proof against the suspect, and he was turned loose with the admonition "to leave town." There was a heavy breeze blowing, had not the fire been discovered promptly, there would have been heavy losses.

Edward E. Brodie, who has been connected with The Enterprise for the past fifteen months, retires to open a printing establishment in the Stevens building in this city. He will be succeeded by David Davis, formerly editor of the St. Helens Mist and more recently a reporter on the Portland Journal. Mr. Davis is a practical newspaper man of many years experience, and his good work on The Mist is recognised and acknowledged—Oregon City Enterprise.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is, in fact, almost a daily at the price of a weekly and you can not afford to be without it.

Republican and Democrat alike can read the Thrice-a-Week World with absolute confidence in it truth.

In addition to news, it publishes first class serial stories and other features suited to the home and fireside.

The Thrice-a-week World's regular subscription price is only $1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Oregon Mist together one year for $1.20.

The regular subscription price of the two papers is $2.00.

Every Saturday Excursion Rate to Clatsop and Long Beach, via A. & C. R. Railway.

Beginning Saturday, June 28th, and every Saturday thereafter, during the summer season, the Astoria & Columbia River Railroad Company will sell round trip excursion tickets from all stations between Portland and Clatskanie inclusive, to all points on Clatsop and return at rate of $2.60. Tickets limited good to return Sunday evening. Close connections at Astoria with steamer Nahcotta to and from Long Beach.

Twice in hospital, F. A. Gutledge, Verbena, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve soon cured him. Subdues Inflammation, conquers Aches, kills Pains. Best salve in the world. 25c at St. Helens Pharmady.

VERNONIA.

J. F. Don made a tritp out to Houlton with his dairy products the first of the week, and to meet his mother who has been visiting her daughter, Mrs. J G. Pringle of Goble the past two months.

Tell Soule was in Oregon City Thursday where he filed on the claim four miles East of town for which his father, A. Soule, had to suit in contest for the last four years and which was settled a few days ago in his favor. He has relinquished to Tell and he will homestead the claim.

C. A. Roberts of Houltod came in Friday last with his team taking back a load of his effects Saturday.

T. B. Denslow made a trip to Forest Grove Tuesday on business.

Mrs. John Smith and sons Edwin and Roy of the upper Nehalem went to Portland this week taking out a hundred quarts of canned blackberries. Picking and putting up wild blackberries for the Portland and Forest Grove market has been quite an industry hereabouts the past two weeks. They command twenty cents a quart, the cans being furnished.

Several families have put ub 50 to 100 quarts each.

E. G. Shannahan traded some of his stock cattle Saturday last for Albert Baker's new Bain wagon. Since Albert was "long" on hay and short on stock, And Ernest was "long" on stock and short on hay, both are well pleased with the trade. Ernest now has not only a bran new wagon, but a bran new harness to go weth it. With a good looking driver will cut quite figure on the road between the Nehalem and the Grove as he makes hfs bi-monthly trips out.

L. B. Stuart expects soon to move his stock of drugs into the Hess building on Second street south of the P. O. We shall welcome him to the west side.

Mrs. C. A. Malstron of Piety Hill East of town spent the most of last week at home taking care of her mother Mrs. A, Soule, and lookitg after the mail while P. M. kearney was off for a few days vacation at the Homewood ranch, up Rock creek.

Mrs. A. Soule while berrying one day last week tripped and fell over a log and threw her left knee out of place. She was alone and it was more than an hour before she could move. Finally she got on her feet, the knee slipped back and she managed to get home, but she has bee quit lame since.

A. L. Baker left Tuesday morning for Whatcom Co. Wash. He goes to work with his brother John' cutting shingle bolts. John has been making $3 00 a day above all expenses. That is pretty good wages, but we, understand that Oscar Sheldelin who is doing the same kind of work not far from where the Baker boys will be and earns from $4 to $4 50 a day gross. We also learn that our boys at work in the logging camps along the lower Columbia are getting from $2 50 to $3 50 per day, and there comei a demand to the Nehalem from one of the logging roads now building near Goble for men and teams at $3 00 per day and all expenses, including board for the men and horses, paid.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have $1.00 bottles of Wine of Cardui.
