

OREGON MIST

Entered at the Postoffice at St. Helens, Oregon, as second-class mail matter.

COUNTY OFFICIAL PAPER.

ISSUED EVERY FRIDAY MORNING BY KEELER U. GABBERT, EDITOR AND PROPRIETOR.

SUBSCRIPTION PRICE: One copy one year, in advance, \$1.00 Six months, .60

AUGUST 29, 1902.

COUNTY OFFICERS:

Representative: Maria Roth, Rainier; Judge: Joseph S. Doan, Rainier; Sheriff: J. A. Hattam, St. Helens; Treasurer: J. E. Ross, St. Helens; Assessor: J. H. Copeland, Houlton; Clerk: J. W. Case, Hillsboro; Marshal: H. L. Collins, Madras; Commissioner: W. D. Case, Hillsboro; Donor: C. E. Dittus, St. Helens.

As the Oregon Legislature has set apart the first Monday in September of each year as a legal holiday...

The Indian War Veterans of Oregon will hold a meeting at Salem, Wednesday, October 1st, where it is expected that reports will be received from all county clerks in reference to the number of Indian War Veterans and dependent widows in various sections of the state.

While the Baseball Tournament was not a financial success, it was a big success in great expectations and brought hundreds of people to St. Helens. More over, it is safe to say, that the majority of these people enjoyed every hour of their stay here.

The Thrice-a-Week World.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise.

CONTROL OF RAILWAYS.

There is justice in the contention of President J. J. Hill, of the Great Northern, against laws that fix minimum rates for carrying grain or other products...

The objection to fixed rates under statutory limitations is that they are not subject to alterations according to altering conditions. There should no doubt be flexibility, and flexibility cannot be had under statutes that are subject to change only during sessions of the Legislative Assembly.

Railway commissioners, granting honest on the part of the members, and intelligence in their decisions, and authority to command instead of merely to suggest, may be the means whereby the question will be settled of retaining sufficient of power in the state to offset the enormous leverage acquired by the combination of capital in rail line mergers.

That there may well be means for the exercise of power to meet unusual conditions affecting transportation, most people will concede. But it should never be of a character to subvert the ordinary principles that must govern all industrial or commercial enterprises.

Governor McBride's proposal that the State of Washington take steps to assure prompt action at intervals between sessions of the Legislature is timely and wise. He should win out in his contention. The only question is, what means shall be employed?

CHANGED CONDITIONS.

Almost seventy years ago the manufacture of cotton duck, now transferred to Alabama, was established in Connecticut. At that time, and for many years following, their existed especial reasons why the manufacture of this commodity should be conducted so far away from the locality producing the raw material.

Republican and Democrat alike can read the Thrice-a-Week World with absolute confidence in its truth.

In addition to news, it publishes first class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Oregon Mist together one year for \$1.80.

The regular subscription price of the two papers \$2.00. The Oregon Mist and the Thrice-a-Week World for six months for 96 cents; three months for 50 cents.

The Elks Carnival.

The electrical illuminations of the Portland Elks Carnival, September 1 to 13, will be a revelation in the way of modern utility of electricity in transforming night into a glorious day...

There will be a Temple of Light and Music at the intersection of Seventh and Ankeny streets; a Court of Honor where a throne room for the queen will be provided; wide arches at the street intersections, all handsomely decorated and glowing with hundreds of electric lights.

September 9 is to be wedding day at the Portland Elks Carnival. On that date not fewer than three couples will be united in a unique manner in the presence of the throngs in the street fair grounds.

Our baseball boys returned from the tournament at St. Helens last week with a basketful of "poose eggs." They say they did not go out to play except from all over the state and from Washington. They thought it was to be a tournament for Columbia county players.

A MAGNIFICENT BOOKLET.

Describing the Scenic Grandeur Along The Astoria and Columbia River Railroad.

The neatest and most attractive pamphlet ever put out by an Oregon Railway Company is "What the Wild Waves Say at Seaside, issued by the Astoria & Columbia River Railroad, under the direction of J. C. Mayo, the general passenger agent.

Write to J. C. Mayo, General Passenger Agent at Astoria, and get one of the booklets. September is the most delightful of all months.

Every Saturday Excursion Rate to Clatsop and Long Beach, via A. & C. R. Railway.

Beginning Saturday, June 14th, and every Saturday thereafter, during the summer season, the Astoria & Columbia River Railroad Company will sell round trip excursion tickets from all stations between Portland and Clatskanie inclusive, to all points on Clatsop and return at rate of \$2.50.

Shatters All Records. Twice in hospital, F. A. Gullidge, Verben, Ala., paid a visit from doctors to cure a severe case of piles, causing 24 tumors. When all failed, Buckle's Indian Salve soon cured him.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of Chas. H. Fletcher.

VERNONIA.

Miss Lizzy Early, who is teaching the Valley school, between here and Houlton, was home last week on a vacation. She will teach two or three weeks, then go to Monmouth and enter the State Normal school.

Miss Merle Shannahan and Mrs. Hatfield were the only ones of the teachers heretofore who attended the teachers' institute at Clatskanie last week. They report a very excellent institute.

Mrs. Frank Dow, of Sauvier, has been visiting her father, George Fitzgerald and family, the past two weeks.

L. J. Deitrich and C. G. Keasey, of Pittsburg, began this week to carry the mails, milk and cream for the farmers between Pittsburg and Mist. This milk route will connect with one from Clatskanie via Mist and on down the Nehalem river to Fishhawk, which has been in operation about two months.

S. C. Maistrom was out to Hillsboro this week on business.

J. W. Reuch and wife are moving to Houlton this week, where they expect to make their home for the next four years. Mr. Reuch will carry the mail on the Houlton end of the Houlton-Vernonia route. We are sorry to have them leave us so temporarily.

Mrs. L. S. Redmond moved over near home on Tuesday, the property just South of A. Route's on Second street, recently bought of Muckle Bros., of St. Helens. She has had the property very neatly fitted up and will have a pleasant little home for her very own.

Mrs. Eva West nee Malmsten, after having a good visit with the home folks, and enjoying the meetings the past 18 days, returned Tuesday to her own home, near Greenville.

O. C. Spencer, who has been at work out on Sauvier's Island for a month, returned home Tuesday for a short visit with the Spencer family, prior to returning to his school work in the Stanford University. We have not seen much of him this vacation.

The East Fork Shingle and Manufacturing Company, of Pittsburg, have all the machinery on the ground, and it is rapidly being set in place. They expect to begin turning out shingles in two weeks.

J. E. Dow spent the most of this week out in Washington county near Hillsboro and Farmington, inspecting dairy barns and the dairying business, in general, was to get ideas and plans for certain improvements, which he expects to make on his own farm in the near future.

Mrs. E. E. Nickerson has been quite sick for a week past. She was taken sick at one of the meetings one night last week and could not be taken home, but was conducted to the residence of O. Malmstrom, where she remained until Monday. At this writing she is convalescent.

J. J. Hartman is out at Portland this week, visiting, seeing the sights and transacting business with his general trade.

Our baseball boys returned from the tournament at St. Helens last week with a basketful of "poose eggs." They say they did not go out to play except from all over the state and from Washington. They thought it was to be a tournament for Columbia county players. They are not at all downcast over their defeat, since they played only their own men and did their best to set up a fair and square game each time they came upon the "diamond."

Keasey & Deitrich, of Pittsburg, have purchased the Messing mill at Mist, and will immediately have it removed and set up on the old Deitrich place just below Pittsburg, the exact site being just across the river from A. H. Powell's place. They expect it to be ready to cut lumber yet this fall, before the roads get too bad for hauling.

This mill will be a decided help to this part of the Nehalem valley, and we trust the boys will find it a very profitable investment. We bespeak for them a liberal patronage from the beginning.

WARREN.

Larvicia and Margaret Walker of Portland have been visiting at the Adams ranch during the past week.

Ross and Stella Adams, have been camping with the Walker family, of Portland on Soapstone creek.

Horace and Chester Brodie, of Portland were visiting Ross Adams' Sunday.

The barge Vigilant, is waiting in the bay for a load of cottonwood, for the Paper pulp mill at La Crosse, Wash.

Mr. Ralph Hazen, has commenced the erection of a commodious house on his farm near the village, also Mr. E. Harris, has lumber on the ground for a new house.

The roof of N. F. Baker's house was discovered to be on fire last Friday, evening, prompt action with water soon extinguished the blaze before much damage was done.

Daniel Stevens and family have moved to Portland, and Ed Collins with his family will occupy the house vacated by Mr. Stevens.

Miss Ella Austin has returned from her school at Keasey, and recently has been in attendance at the teachers' institute at Clatskanie. Miss Austin is a graduate of the Minnesota State University, and has had several years experience in teaching and has always been very successful. She holds a first grade certificate, and any school that secures her as a teacher may consider itself very fortunate.

Mr. and Mrs. Louis Poyry of Soapstone visited with the latter's parents, Mr. and Mrs. Eli Lynch last Sunday.

Mrs. John Nelson, who has been very ill for the past few weeks is slowly recovering.

The Ladies Aid Society of the M. E. church, will meet at the home of Mrs. Ed Carpenter next Tuesday afternoon.

There is an enrollment of over eighty children in Warren district, and the tax payers are so short sighted as to allow all these children to run at large about three fourths of the year for lack of any school to attend. One teacher is expected to take care of all children who present themselves when school is opened.

No wonder the school at Warren, has the reputation of being the hardest school in the county. We should have a new school house, employ two teachers, and have a continuous nine month school and our children are being robbed of their just dues as long as we provide them with such wretched school advantages.

It is simply throwing money away to continue the schools in the future as they have been managed in the past.

What is wanted here in Warren is more enterprise public spirit, up to date, broader and more advanced ideas. The school facilities offered our children say is a disgrace and a shame to the spirit of the twentieth century.

Blame cannot be attached to the directors, for the poor condition of our school, they do the best they can with the miserable pittance voted for educational purposes.

Arthur, the little infant child of Mr. and Mrs. Marion Slavens who has been so seriously ill for several days past is reported to be better at the present writing.

The threshers here: began work last evening. The steam thresher went to Soapstone Monday, to thresh for Bert West.

Vail Grange, No. 294, held a very interesting meeting last Wednesday evening. The first and second degrees were conferred on two candidates, Mr. and Mrs. Max Berg, after which a short program was rendered with the following: Instrumental and vocal solo, Max Berg; reading, C. W. Adams; concert solo, Frankie Hoyt; instrumental music, Lillian Larsen.

Mrs. Thos. Isliester and children, accompanied by Mrs. M. Farland of Portland returned home last Monday evening from Portland.

Died, Sunday, August 25, 1902, at the home of her uncle, Mr. Ole Bohman, Miss Kjetze Nelson. Deceased had been a patient sufferer for about a year and a half with consumption. She was born in Sweden in 1876 and was 23 yrs. 4 mo. and 15 days.

The funeral services were held at the M. E. church Tuesday afternoon, by Rev. Low Davies, and the remains were laid to rest in the Odd Fellows cemetery.

Advertisement for Dr. King's New Discovery, featuring an illustration of a woman's face and text describing its effectiveness for consumption, coughs, and colds.

BRIGHT'S DISEASE.

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 20, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven percent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Company, 420 Montgomery St. San Francisco, Cal.
