Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by Edwin Ross.

SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonfull of this remedy when the coughing spell would come on at night I would take a dose and it seemed that in the briefest intervals the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable suprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Gripp had bid me adieu." Lyman, the robber who escaped from the custody of Detective Snow last week, by jumping from a moving train near Columbia City, was captured by Detectives Simmons and Thatcher, near Holbrook Monday. E. D. Fuller, of Slaughter's wood camp, back of Houlton, came across Lyman, who pretended to be hunting cattle. Fuller at once sized him up as the man wanted and telephoned to police headquarters in Portland. The detectives, accompanied by Fuller and George Gunderson, traced the fugitive to Scappoose, where he was seen making for the tall brush, near the Methodist church. Later the detectives boarded a freight train and overhauled Lyman in hiding along the track.

Miss Lena Bushman, daughter, of Mr. and Mrs. K. H. Bushman, of Scappoose, was horribly burned Tuesday, but the attending physician here says that she will recover. She was calling at the house of a neighbor where she threw a newspaper into the fire. She turned around, and the blaze caught the back part of her clothing. The girl frantically rushed out into the street, and but for the timely arrival of her father and J. G. Watts she would have perished. They extinguished the flames by placing the girl in pool of water, and thus saved her life. Miss Bushman's injuries are very severe, but the attending physician hopes for her recovery.
