The last number of the Exposition, a magazine devoted to the Lewis & Clark Centennial and the manufacturing industries of the northwest, has been received at this office. It is edited by Mrs. Edyth Tozier Weatherred, and the last issue is a Columbia county number gotten up by that well known veteran newspaper man, A. Noltner. It is well written, and contains numerous illustrations of Columbia county towns and woodworking manufacturing enterprises. Two of St. Helens leading physicians are credited with conducting a meat market, but this is very likely a typographical error. The picture of the St. Helens school building should have been accredited to J. J. Englert, of this city instead of Ford. A mark in one corner is sufficient evidence that the cut was made from a photograph taken by Mr. Englert for the writer and printed in the Daily Oregonian.
