Owes His Life to a Neighbor's kindness.

Mr. D. P. Daugherty, well known throughout Mercer and Summer counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians who gave him little, if any, relief, when a neighbor learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by St. Helens Pharmacy.

I. G. Wikstrom was compelled to take back his Kalama sawmill property, which he sold for $30,000. It is understood that the purchasers paid $10,000 down for the plant last fall. S. Saulser, of Houlton, has demonstrated what can be done in the matter of producing potatoes. From a strip of ground 35x115, he dug 30 sacks of merchantable potatoes. after throwing out several bushels of culls for stock feed. At the same ratio of production, an acre would have produced 240 sacks.

S. A. Miles purchased 18 head of fine oxen, young animals, at Clatskanie, and shipped them to Bachelor's Island, where they were placed on the green grass, and will be stall fed and marketed for beef. But few oxen are now used in the logging camps, having passed away to make beefsteak for the manipulators of the donkey engine.

E. E. Hogberg, of Fishhawk, makes the following report to the Oregon Weather Bureau service: Heavy rain the last of the week; lots of grain cut and beginning to sprout; if the weather does not change in a couple of days more than half the grain crop will be lost; hops fair, but they will not stand much more rain; pasturage improved very much; stock and milk cows doing well.

The Honeymans contemplate building a private telephone line from their office to their Scappoose farm, and express a willingness to connect and become a part of the system of the St. Helens and Yankton line. With the St. Helens and Yankton line extended to the Nehalem with Portland connections, it would give the public an accommodation that would be appreciated. It would beat 40 cents for a half minute's extra service with the possibility that one's wind will be cut off any second.

Councilman John McKie has returned from a prospecting trip to Rock creek in the upper Nehalem country, and brought back some fine specimens of gold-bearing quartz. Pat Storn and William Able will remain there for a couple of weeks yet, and may make a strike. One old man told of finding a ledge in that section, and washing out 15 cents in gold from a small rock, after pulverizing it. However, he refused to reveal the location of his discovery.

May Remove Plant to St. Helens.

There is a possibility that the Oregon Raft Company may remove its equipment from Stella, Wash., to St. Helens, provided no obstacles are placed in securing a right of way and other concessions.

J. W. Shafford, of the Oregon Raft Company, who has for some time past been figuring on the construction of a logging railway from St. Helens up Milton creek, is again looking over the field with a view of changing their base of operations from Stella, Wash., to this place. This company annually ships thousands of poles and piling to San Francisco and California points, and its success in handling large rafts has become noted. Convenient pole and piling timber in the vicinity of Stella is becoming a scarcity, and it will soon be necessary to select a new location. The company has considerable timber up Milton creek, and if no obstacles are placed in its securing a right of way, it is likely that it will remove its cradles to a point in the slough just above St. Helens, and the several miles of railway in operation in Stella could be transferred to the new location.

Oliver Smith Will Have a Preliminary Hearing Sept. 26.

Oliver Smith, of Yankton, who was arrested Sunday night by Sheriff Hattan and Deputy Wood, charged with cutting Charles Webber with a knife, will have a preliminary hearing September 26th, he having given a bond of $1,000 for his appearance. The trouble took place in front of the Yankton postoffice Sunday afternoon, and Webber was severely cut in the abdomen and on one leg. Webber is a Portland hospital, and the indications are now favorable that he will recover. There are conflicting reports about the affair, but the facts will likely be brought out at the trial. The parties involved are well connected.
