SPECIAL LEGISLATIVE SESSION CALLED.

There is to be a special session of the legislature of Oregon to convene in Salem December 21st, 1903. Governor Chamberlain realizes that an emergency exists and the necessity of amending the tax law without delay. This extraordinary session is to be convened for the purpose of amending or making a law to provide for the levy of taxes on the assessment rolls for the year 1903.

The governor made the call for the special session last Saturday, and it is for the primary purpose of meeting objections of supreme court to tax law.

The governor also issued writs of election to the sheriffs of Klamath, Lake, Crook and Grant counties for holding a special election to choose a senator to fill the vacancy caused by the resignation of J. N. Williamson, and to the sheriff of Clatsop county to hold a special election to fill the vacancy caused by the resignation of C. W. Fulton. These special elections will be held December 16th.

It is a matter of gratification to hear that W. C. Noon has purchased the Silencoe condensed milk plant, and will install it on his farm at Warren, four miles from St. Helens, on the bank of Scappoose bay. This is the plant, which an effort was made to bring here, but the citizens of St. Helens did not care to invest largely in an enterprise which they knew nothing about, nor put their money into an undertaking, over which they would have no control. The details of conducting a milk factory require the most exacting and scrupulous care, and careful business management. Mr. Noon has the capital to carry the business to a successful issue, and will secure skilled and expert operators. The Mist is pleased to see new enterprises come into the county, it matters not whether they are located down the Columbia, in the Nehalem valley, or in the extreme south end of the county.

The big shingle mills at Kelso and Castle Rock, Wash., have closed down on account of a reduction in the wages of the weavers. The price of shingles has dropped from $1.75 to $1.30 per thousand, and the mill owners asked the weavers to submit to an eight per cent reduction, until such time as there would be an advance in the price of shingles. This was to apply to all hands receiving over $2 per day, but the majority of the men refused to work at the reduced schedule.

There is another law that is possibly as defective as the tax law on account of omissions in the enactment of a new law. It is the act regulating the collection of recording fees by county clerks and recorders, a contest of its legality having recently been argued before Judge McBride in the circuit court for Columbia county.

There is no discount on the quality of apples produced in this section, but the quantity should be sufficient to induce Eastern buyers to come here and seek the product. The apple crop brought in over $100,000 this season in Jackson county, Eastern buyers paying spot cash for the product delivered on board the cars.

It would be a boon to the taxpayers, teachers and pupils, if the coming special session of the legislature would knock out the course of study now in in the public schools of Oregon. This move is championed by Hon. M. A. Miller, the democratic senator from Linn.

Columbia demands that the United States restore the republic of Panama to the former government, claiming that it has violated its treaty obligation. Our government is dispatching a lot of warships to Colon to be ready for any emergency that may arise. Columbia threatens to declare war.

In the event that at the special session the new law is sustained, there will be a lot of money for road work next year. There should be several miles of permanent improved road made in Columbia county next year, but it must be done under proper supervision.

Aaron Jones, who visited this county last spring in his capacity as master of the National Grange, was re-elected at the meeting held last week. That body also adopted a resolution favoring woman suffrage.

The Booth-Kelly Company, of Lane county, the biggest logging and lumbering concern south of Portland, has cut the wages of all hands receiving over $2 per day 25 cents.

The people have much to be thankful for this Thanksgiving day, and from the number of weddings taking place, prosperity is not lacking in Columbia county.

HOW THE POPULAR NOVEL DESTROYS FORESTS

It has been estimated that nine novels had a total sale of 1,600,000 copies. This means 2,000,000 pounds of paper. We are assured by a manufacturer of paper that the average spruce tree yields a little less than half a cord of wood, which is equivalent to 800 pounds of paper. In other words, these nine novels swept away 4,000 trees. Is it any wonder that those interested in forestry look with anxiety upon the paper mill?—From the SCIENTIFIC AMERICAN'S Special Number on "Modern Aids to Printing."

Nothing has ever equalled it.
Nothing can ever surpass it.
