OUR HEALTH PROVISIONS.

If some of the Columbia county physicians and others don't get a move on them and make the required reports to the county health officer, Dr. H. R. Cliff, they are liable to get into serious trouble with the state board. Death reports also must be made as this is required by the state board. Following are some of the rules made by the State Board governing such matters.

It shall be the duty of every practicing physician in the state of Oregon to report to the County Health Officer or the health officer of the municipal corporation in which such diseases are found within twenty-four hours, by the quickest means of communication, a report of all cases of diphtheria, membranous croup, scarlet fever, cholera, typhus fever, typhoid fever, smallpox, measles, bubonic plague, (epidemic) typhus, and tuberculosis within his jurisdiction.

It shall be the duty of each County Health Officer to furnish to the Secretary of the State Board of Health, on or before the tenth day of each month, a report of all deaths, with the cause thereof, occurring within the limits of the county during the next preceding calendar month.

It shall be the duty of all practicing physicians and all health officers, including deputy county health officers, to make a report to the County Health Officer, of all deaths, with causes thereof, occurring within the limits of their respective jurisdiction during the next preceding calendar month.

It shall be the duty of every physician called to attend a person sick, or suspected of being sick, or in the absence of a physician, every household, where such a person is found, to report in writing within twenty-four hours thereafter, giving the name and residence of all cases of cholera, yellow fever, smallpox, diphtheria, membranous croup, scarlet fever, typhus fever, typhoid fever, or bubonic plague, or any other contagious disease, to the County Health Officer, or other health officer who has jurisdiction in the territory.

It shall be the duty of the County Health Officer, when a case of smallpox, yellow fever, typhoid fever, diphtheria, membranous croup, scarlet fever, or measles is reported within his jurisdiction, to place or cause to be placed in a conspicuous place at both front and rear of premises wherein any of the aforesaid diseases occur, a quarantine card or flag not less than twelve by twenty-four inches, upon which is printed in large letters the name of the disease or the word "CONTAGIOUS." It is the duty of the physician, in cases of smallpox, yellow fever, diphtheria, green, scarlet fever, red, and all other diseases white. It shall be the further duty of the County Health Officer to prohibit entrance or exit from such house without his written permission.

It shall be the duty of all practicing physicians, midwives, or householders, wherein any birth has taken place, to report the same to the County Health Officer, on a suitable blank provided for that purpose, not later than the fifth day of each month during the next preceding calendar month.

It shall be the duty of all county health officers to deputize each and every individual within his jurisdiction who sells or handles caskets or undertakers material as a deputy county health officer, and to supply him with blanks for issuing burial permits upon application, when accompanied by a certificate from a practicing physician, or in the absence of the attendance of a physician, from a householder, as the probable cause of death. If, in his opinion, there is no reason why an investigation as to the cause of death should be made one of official inquiry, then he shall issue a burial permit and keep either a carbon copy or a stub record of the same and make a report to the County Health Officer not later than the fifth day of each month, the report covering the details occurring in the preceding calendar month, with certificates of death as issued by the physician or householder.

Because certain ones are apparently interested in the policy of a newspaper, it is no reason that a person is of newspaper subscriptions should be admitted and approved without admitting a protest. An order was made that the Mist and the Clatskanie Chief were to, and subscribers, and one-third of the names on the alleged mailing list cannot be deciphered, while it is a positive fact that other names are not subscribers.

It is said that Kenowsky's ghost is again appearing to some Columbia county people. If he should turn up alive there would be speaking in boots.

A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sick, run down people always gain new strength and vigor from their use.

"Get in the Habit of Trading Here"

It is a certain fact that some who have continuously been in office for many years, still strive to get in and hold on.

A report is current that both the socialists and prohibitionists will put tickets in the field during the coming county and state elections.

The County Court re-appointed Road Master Stevens, and also named an excellent corps of Supervisors. This is an assurance that an excellent class of road work will be the rule during the coming year, and that it will be done in a systematic and economic manner. For months the Mist advocated the re-appointment of road master.

Mrs. Oliver's Reply.

What connection, I wonder, is there between Mr. Fute's young preacher being potatoes in Maine, or Mr. Sessman's tirade against preachers in general, and prohibition in Columbia county? I may be an ignorant as Mr. Fute gently hints but I am to find the connection. But they are like most other anti-prohibitionists I have met, they like to dodge the issue. I had only once in awhile one honest enough to say, "If you get prohibition I can't get my drink, or to say as some one at old regime told me, "Prohibition in this county would hurt my pocket book." Mr. Sessman also says, "There is much more crime and drinking in a prohibition place than where there are open saloons." I would like to remind Uncle Dicky, however, that assertion is not proof, and I challenge him to prove by statistics that in either Maine or Kansas—the two best known prohibition states that there is as great a per cent of crime according to the population as there is in neighboring license states or that the crime and drinking is as great in either state now as it was prior to the passing of the prohibition law there.

If Mr. Sessman does not wish to go so far from home for proof let him examine the town records of Astoria, Oregon, where there was prohibition during 1892 and license in 1903 and where they got so sick of it the town "went dry" for 1904 with a large prohibition majority. Or let him go to Brownsville which has been a prohibition town with a rapidly growing prohibition majority for three years, or Woodburn where they voted prohibition nearly five years ago and have added to the prohibition majority every year since. Or let him compare Milton in Eastern Oregon, with her whiskey neighbors, then come back into the valley and look at the dry towns, Newberg, Memmerville and Mouth. Now if Mr. Sessman will pardon me for quoting his closing lines with variations, I will say, as for Dicky and his little pen; oh, well, never mind him.

Yours for straight prohibition, IRIS W. T. OLIVER.

The Magazine. The Pacific Monthly for January is enlarged and beautified, and as it contains a magazine of Western energy, enthusiasm and optimism. The number has a wealth of timely articles and illustrations, and its departments are thoroughly up-to-date. Among the articles is a poem "The Song" by Valentine Brown. The Pacific Magazine keeps fully up-to-date.

Saved From Terrible Death.

The family of Mrs. M. L. Debbitt of Bergeron, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slow but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial Bottles free at St. Helens Pharmacy.

Farm for Sale.

The whole 160 acres lying in section 28, 6 north, and 2 west, the north half belonging to D. W. Copp, and the south half to Thomas R. Copp, of Calgary, Alberta, Northwest Territory. FEMALE WEAKNESS. 5431-2 Congress St. Portland, March 17, 1904. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of any physician, but Wine of Cardui evened me out and I was able to feel a change for the better within a week. After sixteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities. Willhelmina Sauer, Treasurer, Portland Economic League.

WARREN.

After the regular meeting of Val George held Wednesday evening, Vanoy Master, Mrs. H. J. Vanoy, of Portland, published the only colored address, a list of which have already appeared in the Mist. A large company were present, beautiful refreshments were furnished by the ladies, and a dance music by the band, which everybody had a good time. Indeed there was "no sleep till morning when youth and beauty went to chase the flying hours with flying feet."

A vote of thanks was extended to the ladies of the regular meeting for the interest and efforts they had made in the matter of the day improvement.

It may be well to add here, that we are all in hopes to celebrate the opening of Scappoose Bay and the Tacoma canal, simultaneously, and at not a far distant day.

Floyd and Lou Perry have gone to Portland and opened a cigar store corner Stark and S 8th streets. They will be pleased to have their Columbia county friends call on them.

Lillian Larson has returned from Portland and will be at home for the rest of the winter.

A large delegation of Workmen, from Warren will go to Portland Friday evening and be entertained by Midway Camp. A social time is anticipated.

A snow storm is reported by the family of Pete Nelson, a blizzard being baby XXX

A Prisoner in Her Own House.

Mrs. W. H. Layton, of 1009 Agnes Ave., Kansas City, Mo., has for several years been troubled with various troubles, such as rheumatism, neuralgia, headache, etc. "I would keep me in doors for days. I was prescribed for by physicians with no noticeable results. A friend gave me part of a bottle of Chamberlain's Cough Remedy with instructions to follow the directions and I wish to state that after the first day I found relief, and a decided change for the better, and after the first week I feel as well as I ever did. I am entirely cured." This remedy is for sale by St. Helens Pharmacy.
