SALUTATORY.

The province of a local newspaper is: To furnish the news of the county. To labor earnestly for the advancement of the county's material interests. To advocate those principles of political economy the editor believes best calculated to promote the welfare of the people.

We will endeavor to carry out this program to the best of our ability, giving particular attention to the second number. We have always had faith in the county's future and the progress made since the days of our former ownership of this paper have fully justified that faith.

E. H. FLAGG.

A PARTING WORD OF APPRECIATION.

Having disposed of the proprietorship of THE OREGON MIST to Mr. E. H. Flagg, a former publisher of this journal, we desire to express our appreciation to the people of Columbia county for the liberal and encouraging patronage extended to us during the past 19 months.

KEELER H. GARDNER, ESTELLE GARDNER.

EXECUTIONS AT THE PENITENTIARY.

The first execution at the Oregon Penitentiary under the law passed by the legislature at the last regular session, occurred on Friday last, when Harry Egbert paid the penalty for a cold blooded murder.

Are you going to have food products to sell to the immense throng that will visit Oregon during the 1904 fair? That is the "paramount issue" with the farming community of Oregon, and it requires immediate attention.

We notice by the despatches that Mr. Taft was "Made Secretary of War with Great Ceremony," and that Mr. Root was shown "Extraordinary Military Honors" upon retiring from office.

Direct primary nominations will render it difficult for self-constituted bosses to force upon the people any kind of an old ticket they—the bosses—may see fit.

Don't judge the Mist by this issue. It will improve rapidly.

Farm for Sale.

The whole 100 acres lying in section 28, 6 north, and 2 west, the north half belonging to D. W. Copp, and the south half to Thomas E. Copp, of Calgary, Alberta, Northwest Territory.

Wonderful Nerve. Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, burns, scalds, sore feet or stiff joints.

The patent medicine ads will disappear next week.

The Great Success of the Brownsville Woolen Mills

Is largely due to the honest treatment given their customers and also to the superior quality of pure wool goods manufactured from the best Oregon wool, and sold at less price than other stores ask for shoddy and cotton mixed goods.

We want the trade of people tributary to Portland, and will guarantee a saving of at least \$5.00 on a good suit of clotne.

APPLES FOR PROFIT.

Mr. Richard Cox has in his yard in this city an apple tree that yielded thirty measured bushels of fine Baldwin apples the past season. These apples—those of them that have not been eaten—are in as good marketable condition today as when they were picked, and they are worth in Portland at least \$2 per bushel.

Wm. Wilson left for Forest Grove Monday to meet his son Harry and daughter.

If the Grove would open her pocket book as well as St. Helens, we could have telephone connections with the former city, there is only 16 1/2 miles of a gap between Burton and Vernonia.

We imagine if someone with lots of gab and a good deal of push would stand up along side of those business men of the Grove who get the bulk of the Nehalem trade, they would say, why of course we will furnish wire and insulator to make the connections.

Miss Rosa Smith who has been in Portland for some time, returned home Tuesday to stay the remainder of the winter.

Uncle Sam's boy, C. C. Keasay was in attendance at the special meeting of the Grange, bearing some of the mysteries of that body.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it is easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

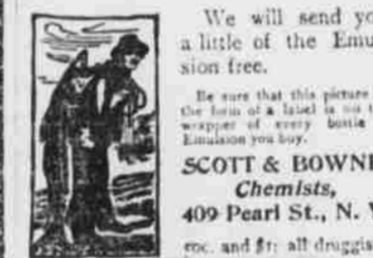

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free. Be sure that this picture is the form of a label is on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. etc. and fr: all druggists.

INDIGESTION

Theodor's Black Draught quickly invigorates the action of the stomach and cures even chronic cases of indigestion. If you will take a small dose of Theodor's Black Draught occasionally you will keep your stomach and liver in perfect condition.

THEODOR'S BLACK-DRAUGHT

More sickness is caused by constipation than by any other disease. Theodor's Black-Draught not only relieves constipation but cures diarrhea and dysentery and keeps the bowels regular.

"Theodor's Black-Draught is the best medicine I have ever used."—MRS. A. M. GRANT, Sneads Ferry, N. C.

CLATSKANIE

A humane office seems to be needed in this part of the county, very much at this time. We saw two horses hitched to heavily loaded wagons last Monday. The horses were so stiff that they didn't look as if they could hardly stand up without some assistance.

Dr. Moore, of Portland, was called to see Mrs. A. J. Conyers last Friday night, who is suffering with nervous troubles.

We learn that Mrs. George Miller is very sick at her home on the Blood Ranch.

We have also learned that little Nellie Page is very sick at her home in this city, Dr. Moore being called to see her Saturday morning.

Mygess & Heintz are building a large and commodious warehouse next to their store building on Nehalem street.

We noticed several of our citizens in the south part of the city are building artistic fences around their property.

The sidewalk built by the citizens out on the Nehalem county road from the south line of the city limits to Conyers Creek is a long needed improvement; pedestrians can now get to that part of the country without having to wear long-legged rubber boots.

We hear that a petition is in circulation asking the city Council to reorganize several of the unincorporated areas in the city.

Mr. R. A. Lillish of the Lumber Beaver, was doing business in the city Monday.

Some of the kids in the city have already commenced sending valentines to their friends.

County Road Master Stevens, was in the city Monday, it is said that he and the new Road Supervisor are out this week trying to find out how deep the mud holes are in the county road leading up the Clatskanie. We hope they won't get lost.

We noticed the genial congressman of Casper Label upon our streets one day this week. Casper is one of the leading leading farmers of the Nehalem Valley.

Dr. Ray, of the Upper Nehalem, was in the city last Saturday doing business with our merchants.

A Prisoner in Her Own House.

Mrs. W. H. Lash, of 1001 Agate Ave., Kansas City, Mo., has for several years been troubled with severe hemorrhoids and at times a hard cough, which she says, "Would keep me in bed for days. I was prescribed for by physicians with unobtainable results. A friend gave me part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first dose I could neither cough nor breathe for the better, and at this time after using it for two weeks, have had no more hemorrhoids, and I am entirely cured." This remedy is for sale by St. Helens Pharmacy.
