THE WAY TO PUT AN END TO RING RULE.

If there is a St. Helens ring, or a Rainier ring, or any other old ring, the quickest and surest way to put it out of business is to adopt the direct primary system of nomination in the forthcoming campaign. Bosses may, and generally do, control conventions, but if they control nominations under the direct primary system, it will be the fault of the people who fail to attend and register their choice, and if the people fail to do their duty in this respect, they do not deserve any better treatment than they will receive. Even under the present system of primary meetings the bosses would have no control if the voters did their whole duty. It is easy to find fault with officials and with party managers; but it is far better to do your share toward remedying any existing evil within your party, than to content yourself with threats of what you will do if things go this or that way, or this or that fellow gets a nomination. This is the time of the year for good men to get busy. Pick out the best and most competent men in both parties, drop sectionalism, recognize that every section of the county has claims that should be respected. In short, do the square thing, and then we will have a contest on principle and not on personalities.

The County Central Committee meets before another issue of this paper, and we once more urge upon them the wisdom of putting in force the direct primary method of nominations. It is simple and easily understood. It compels aspirants for public office to go direct to the people for their nominations. It makes it difficult for self-constituted bosses to continue in power. It leaves no excuse for bolting. In republican communities it insures republican control and in democratic communities it insures democratic control. It is right because it caries out the theory upon which this government is founded, that the voice of the people is the voice of God.

WHAT BECOMES OF THE MONEY RAISED BY TAXATION?

In order that the people of Columbia County may form a just idea as to the manner in which the sum of $78,564.71, raised by taxation during the past year, has been and is being expended, the MIST presents herewith the following statement showing the sums levied, and the specific purpose for which each sum was levied and must be expended:

State tax	$12,983 00
County tax	22,295 95
School general	15,680 00
Road general	18,229 00
S. and S. Ind. fund	91 15
School special—	
Dist. No. 1	484 67
Dist. No. 2	582 78
Dist. No. 7	183 84
Dist. No. 12	48 40
Dist. No. 13	921 60
Dist. No. 20	658 70
Dist. No. 21	140 02
Dist. No. 22	149 70
Dist. No. 24	138 88
Dist. No. 25	237 28
Dist. No. 37	219 84
Dist. No. 39	309 78
Dist. No. 40	201 93
Dist. No. 41	100 37
Dist. No. 43	143 58
Dist. No. 44	99 15
Dist. No. 48	97 65
Dist. No. 49	74 45
Dist. No. 50	82 20
Dist. No. 54	92 70
Dist. No. 7—joint	21 49
Special road tax—	
Dist. No. 10	1,132 32
Dist. No. 13	871 15
Dist. No. 14	1,168 29
Polls	656 00
Total tax	$78,564 71

The special taxes go to the districts levying them; the "road general" is apportioned in proportion to the amount of taxes paid by each district; the "school general" is apportioned on the basis of $8 to each pupil; and from the county tax must be paid the fixed charges of county government, such as salaries and the expenses of the courts, leaving to the discretion of the county commissioners the expenditure of only about $6,000. All charges of extravagance on the part of the county commissioners must be made against the expenditure of this sum. The rock crusher and engine cost $2,350, freight $195, water tank and belting $143, lumber for crusher $29.51; and there were other incidental expenses that will bring the cost of the rock crusher, in operation, up to nearly $2,800. Whether this was a wise expenditure may be a matter of opinion, but it is clear that the increase in taxes is not due to any mismanagement on the part of the county commissioners. It is due to the work of the Legislature in appropriating $500,000 for the Lewis and Clark Exposition, the appropriation for the Dalles canal, and the law compelling a levy of $8 for each school child in the county. Under this law Scappoose, St. Helens and Warren precincts contribute very largely to the support of schools in districts having more children in proportion to their assessment. For instance, Clatskanie school district pays taxes on $66,005, while Scappoose, St. Helens and Warren pay on $271,672, yet Clatskanie draws $1250 school money, Scappoose $805, St. Helens $800, and Warren $300. The exact figures may vary a little from this, but the proportion is correct. Scappose, Warren, and St. Helens each have to levy a special tax for school purposes, while Clatskanie maintains the best school in the county on money drawn from the general fund. Scappoose precinct pays into the general school fund about $500 more than it draws out, and is compelled to levy a special tax of $984 for the maintenance of its school. Pittsburg, district No. 21, pays into the general school fund $125 more than it draws out, levies a special tax of $14, and has but five months of school yearly. Other school districts are affected similarly, some being great beneficiaries and others great losers by the new law.

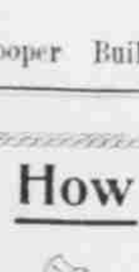
How About Your Title?



ARE YOU SURE it is all right? Remember that it is the RECORD that governs. It is our business to search the records and show what they contain in relation to land titles. If you contemplate buying land or loaning money on real estate security, take no man's word, but insist upon knowing what the record shows regarding the title. An Abstract is as essential as a deed. Insist on having it. We have the only set of abstract books in the county. All work promptly executed and satisfaction guaranteed. If you have property to insure give us a call.
