Secretary of State Dunbar has received from the State Printer the first copies of the pamphlets containing the full text of the direct primary law, which will be voted upon by the people on June 6. Ninety thousand copies of each pamplet will be printed. The printer has already turned out 34,000 copies of the local option law, and 61,000 copies of the direct primary law. The former fills 20 pages and the latter 52 pages. These pamphlets have been received by the County Clerk, and will be thoroughly distributed among the voters of this County.

The following item will be comforting reading to those of this region who think we are getting more than our share of wetness: The rainfall at Greyton, Nicaragua, averages 260 inches a year—the wettest place known.

Ben Smith, of Seaside, has received from Oscar Anderson, of Portland, a strawberry tree and Ben has planted it on his farm on Court street. Ben says the tree grows very prolific in Ireland, and sometimes reaches a height of 20 feet and you have to pick the strawberries with a step ladder. Kee says the tree came from China as that is the only kind of strawberry trees they have there. Mr. Smith expects to supply the Seaside campers with strawberries this summer. —Astoria exchange.

The total credit on taxes up to date is $61,310.19; rebate $1,851.23, leaving a net credit on the tax roll of $59,458.96, and an uncollected balance of about fifteen thousand dollars, which is a very good showing at this time of the year.

By W. P. Slaughter's removal from the district a vacancy has been created in the school board. It seems to be the duty of the board to fill this vacancy by a special election, in our American system of government no office should be permitted to stay vacant longer than is necessary.

The wind storm Saturday night did considerable damage in this neighborhood, blowing down the flume of the Oregon Wood Co., inflicting loss to the amount of about $1,000. A tree on the Lamont place was blown over, the top just grazing the house in its fall.

The road supervisors throughout the county are having a busy time just now, as a result of the recent storm, hundreds of trees having been blown across the county roads. They are going at their work energetically, and soon the ways of travel will be clear.

Work at the rock quarry has been partially suspended, owing to a disagreement between Mr. McKie and the Portland contractors. It appears that McKie got out about 150,000 Belgian blocks and went to Portland last Saturday for the purpose of receiving his pay for the same. The contractors refused to pay according to McKie's understanding, and the latter sold the blocks on hand to the City & Suburban Railway Co. Several men are going ahead with the work, as it is now thought there will be a sale for all the blocks that can be made.

A new line of men's suits from $7 up.

Messrs. Smith & Howard, the Portland contractors, arrived in St. Helens yesterday for the purpose of beginning the work of opening the Sisters' quarry, north of town. The quarry is covered with thousands of yards of loose stone, and this will be loaded on barges and taken to Portland, where it will be used in street work and in the manufacture of concrete for the foundations of buildings. They will put in a trestle and chute from the quarry to the river, and drive some dolphins for the mooring of the barges The quarry will employ, when in working order, a force of from thirty to thirty-five block makers.

William Burdette, an employe of the Nehalem Logging Company, was killed Wednesday afternoon while at work on the logging railroad about four miles from Columbia City. He was tending brake without calks in his shoes, and slipped and fell under the car. He shouted to "stop her," but it was impossible to do so in time to save his life. When taken from the track he was dead. Superintendent Chipman immediately sent a messenger to this place to notify the coroner of the accident; but as the coroner was absent Justice Watkins took charge of the matter and went to the scene of the accident. Burdette was a young man in the twenties, industrious, and highly esteemed by his workmates. He is supposed to have relatives at Perry, Oregon, and the news of his death was telegraphed to that place.

In response to yours of the 17th we ship you to-day one box of Hazelwood butter. We regret to learn that last shipment did not prove altogether satisfactory. A CARD.

To the Voters of Columbia County:—

In contradiction of a report which seems to have gained considerable circulation, I wish to emphatically state that I am not, have never been, nor will I be an aspirant or candidate for any political office in Columbia County. My connection with the politics of this county has ever been, and whatever connection I may have hereafter will simply be, in the interests of the Republican party and Republican principles, and not for any personal political aspirations or expectations whatever. Very respectfully,

CLATSKANIE CORRESPONDENCE

The ground was white with snow here Monday morning last. Something out of the ordinary for this time of the year.

On Saturday the wind blew a hurricane but did no damage in these parts so far as heard from.

Charlie Lindgren was over from Mist for a load of goods Saturday.

The politicians are warming up somewhat in these parts. Someone will surely get left when the County Convention meets to nominate candidates for county offices, unless the Legislature should happen to meet and create more offices before the June election. Enough to go around you know.

Mr. Will Miller, of the lower Nehalem, came over the mountains Monday to see his little son Vernsy, who has had a very severe attack of measles. He is now convalescent.

We noticed two gentlemen plowing up a garden patch Sunday morning in this city, and the snow flakes were falling thick and fast. We presume that the two gentlemen's wives are going to raise snowballs this year.

We observe the smiling countenance of Mr. Norman Pickering upon the streets Sunday. Mr. Pickering had a severe spell of measles.

We learn that Mr. Dan Rice had a severe cold which came near developing into pneumonia. Dan is now convalescent, and will be able to work again in a few days.

It is said that at a meeting of the Clatskanie Grange to be held next Saturday a very important paper will be read on the question of Co-operation.

We learn that our baseball club intends to incorporate, and will fit up good, suitable grounds near the city, where they can practice and play. Clatskanie's team is hard to beat.

Arthur Hunter, who has been on the sick list the past several days, is somewhat better, and will be ready to go to work again very soon.

Mr. Charles M. Graham of Marshland was in the city Tuesday doing business with our merchants.

It is said that two Mormon preachers were in this city this week looking for a hall to preach in, but could not find a roof to cover their weary heads.

Mrs. Casper Koberstein is in Portland this week purchasing new furniture for their new building on Bridge street.

News is as scarce as chickens' teeth in these parts this week, yet we hear of war and rumors of war among the boys in town. A warrant was sworn out for the arrest of a man out on the Columbia River for threatening to kill and rob. At this writing no arrests have been made. Perhaps something may materialize before next week.

MARRIED IN PORTLAND.

A very pretty wedding occured at the home of the bride's parents, 103½ Fourth street, Portland, on March 20th at 11 a. m., when Gertrude J. Haines and Albert D. Larsen were united in marriage by Rev. Soaper. The bride's sister, Miss Lela Haines, acted as bridesmaid, with Max A. Kaiser as best man. Only the relatives of the bride were present. Many beautiful presents were received.

The decorations were Oregon Grape, ivy and daffodils. The bride carried a boquet of bride's roses and wore a very becoming costume of steel gray. The married couple took the train for Reuben, this county, where they will make their future home.

REPUBLICAN CO. COMMITTEE.

County Convention Will Be Held at Clatskanie, April 9th, 1904.

The Republican County Central Committee met in the City of Rainier, March 19th, at 3 o'clock P. M., and was called to order by G. B. Johnson, Chairman. The following precincts were represented by the following persons:

Warren—H. H. Clark by N. P. Baker, Prox.

The following precincts were not represented: Auburn, Beaver Falls and Marshland.

A motion was made and carried that the Republican primaries be held in each precinct on the 2nd day of April, 1904; that blank notices of said primaries be sent to each committeeman and that he insert the hour and designate the place most suitable for his precinct where said primaries be held, and that said notices be posted in 3 or more public places in said precincts at least 7 days before the primaries are held.

It was moved and carried that the County Convention be held on the 9th day of April, 1904, at Clatskanie, Oregon, at the hour of 11 o'clock A. M.

It was moved and carried that we apportion the number of delegates from each precinct in the county on the basis of one delegate for each 24 votes cast for Supreme Judge, one for a fraction over one-half of 25 votes at large.

Total number of delegates, 47.

FROM REUBEN.

Serious Loss of Timber on the McBride and Donohue Tracts.

Peter Norberg, of Cameron, Wisconsin, is visiting his old friends, Mr. and Mrs. Alex. Reid.

Mrs. Annie Lindsay visited Rainier on Wednesday.

Dr. Sims, of Kalama, was in town Thursday.

H. D. Wintermantle, of Portland, who has been hauling pileing for Mr. Sullivan at Maverill this winter, returned with his team to Portland Friday.

Mrs. Anna Lindsay visited friends in Rainier Thursday.

Henry Warren visited Kalama Saturday.

The Columbia Timber Co. shipped a raft of long pileing to Portland Friday. They will be used in building the Morrison street bridge.

Eugene Blakesley, of St. Helens, was in town Sunday evening.

Miss Ray Bingham visited her sister at Scappoose Saturday.

The wind storm last Saturday evening did quite a lot of damage to timber in this vicinity. Mr. Black, the road supervisor, informed the writer Sunday evening that there were between 150 and 200 trees across the county roads in this district. He has a large force of men at work clearing out the trees, and expects to have the roads clear in ten days. On the McBride and the Donahue tracts of land it is estimated that the loss of timber will be between $10,000 and $12,000. The Columbia Timber Company's loss will be about $1,200. Around here a few fences were blown down, and a part of the roof of the barn on the Foster place was torn off.

DEER ISLAND NOTES

M. W. Brown had the misfortune to lose both his work horses a few weeks ago.

Mr. and Mrs. Palen Clark visited with Mrs. Smith at Houlton on Saturday and Sunday.

Elmer Olsen was a Kalama visitor Sunday.

Born—To the wife of Art. Dixon, on February 18th, a daughter. Died—Infant daughter of Mr. and Mrs. Art. Dixon, on evening of February 18th.

O. A. Palmer has laid off one crew of his men for about a month, on account of continued stormy weather.

The wind storm Saturday evening did quite a bit of damage in the way of blowing down timber and fruit trees at this place.

Mr. and Mrs. Orin Abel were Portland visitors Saturday and Sunday.

C. H. English was a Houlton visitor Tuesday.

Laura Merrill, oldest daughter of A. A. Merrill, formerly a resident of Deer Island, has been confined to her bed for ten weeks with typhoid fever and other complications. Her many friends are very anxious for her speedy recovery.

THE BOYS FRIEND.

John Dellar, corner First and Yamhill, makes a practice selling boys' clothes and shoes at the actual cost prices. Boys' suits, age 3 to 16, $.75 to $1; just exactly the same grade you pay $1 or $2 more for elsewhere, besides we give a hat and ball free with every suit. Prices on shoes, $1.25 and $1.50. You save from 50c to $1 in comparison with other stores' prices.

VERNONIA NOTES

Master Floyd Throope has been quite ill for the last few days.

Once more the earth is covered with snow, four inches having fallen Tuesday night.

The wind storm Saturday evening filled the road full of timber, so that the supervisors will have a busy time for a few days.

Bro. Heveling failed to reach the Beaver appointment Sunday, on account of fallen timber.

Chas. Bergerson has moved his house back toward the hill from where it formerly stood. We wonder if Charley don't want a cook.

Chas. Armstrong has purchased forty acres of the Bent Lewis place from Arthur Johnson, and soon expects to move his family thereon.

Butter King Dow is all right. At present he is looking after the comfort of his mother, who is very sick with Bright's disease.

John Baker has moved from this place to his farm below town. John is going to try raising rutabagas for a living.

Chas. Malmsten has purchased the John Baker property in this city, and expects to reside thereon during the future.

In last week's issue of the MIST we noticed the statement that Vernonia is 26 miles from Forest Grove and 25 miles from St. Helens. Both statements are incorrect. Forest Grove is only 33 miles in the winter, and in the summer it is much shorter, as there are only eleven miles of hill, and the rest of the way is over level road, while to St. Helens it is 29 miles at best in the summer time, and in the winter twice that distance on account of hills most all the way, and at present Charles Mellinger says "A fellow would stop and study quite a while before venturing into some of the mud holes out near Yankton." St. Helens never can get the trade that goes to Forest Grove for the simple reason that the merchants know how to hold the trade they have got, and they have the good roads to help them out.
