REGISTER NOW.

It is a public duty for every citizen of Oregon to cast his vote in the November election. No matter how he votes, his vote should be recorded one way or the other. There is a opportunity now, lasting until May 15, for registration at the office of the County Clerk. At that date the books will close, not to be opened again before the November election. Everybody should vote. It is the patriot's privilege as well as duty. A heavy vote will be the best advertisement Oregon can send out. Qualify yourself to vote by registering, and don't delay. Register now.

ENFORCE EXISTING LAWS.

Whenever the Prohibitionists learn the great lesson that no law can go in advance of public sentiment, and are willing to unite with those who believe in the enforcement of practicable laws now on the statute books, they will become factors for good in the community. At present they are the best friends of the law breakers, for the reason that their extreme views create sympathy for saloon men who habitually sell liquor to minors, conduct disorderly houses, and otherwise violate the laws. Public opinion will not sustain the enforcement of prohibition in Oregon under the proposed law, therefore the law, if passed, would be a dead letter except to the extent that prosecutions under it would cumber the courts and be a great burden upon the taxpayers.

Chester Keady and James Dunn are dead and D. A. Osburn possibly fatally wounded at Corvallis as a result of the violation of the law prohibiting the sale of liquor to minors, and the law prohibiting the carrying of concealed weapons. It is not a question of what would be the ideal state of existence in this world, but as to what can be done with the means at hand. A great deal of energy is being wasted by our Prohibition friends in an effort to secure new legislation which should be directed to the enforcement of existing legislation. A party has been formed under the name of Prohibition, and the avowed object of this party in Columbia County is to defeat a portion of the Republican ticket. Will this gain friends for prohibition? Will it not, on the contrary, compel the majority party in this county and elsewhere to oppose those who have gone out of their way and forsaken their principles in order to defeat Republicans. The regulation of the liquor traffic should not be mixed up with party politics, and wherever it has been done the result has been disastrous to the best interests of the community.

LEWIS AND CLARK CENTENNIAL.

International scope is assured to the Lewis and Clark Centennial Exposition to be held at Portland, Oregon, from June 1 to October 15, 1905, by President Roosevelt's approval of the act of congress making an appropriation for the Exposition, and his invitation to foreign countries to participate. Portland's exposition will represent a total outlay of over $5,000,000. Though covering 405 acres of land and natural lake, it will be compact in form, and the average person will be able to see and comprehend it all in a few days at moderate cost. The cream of the foreign and domestic exhibits to be made at St. Louis this year will be transferred to Portland at the close of the Louisiana Purchase Exposition. The United States exhibit will be moved entire to Portland and installed in buildings to be specially erected. This exhibit will be worth $800,000. In addition, Portland will have many features which will not be seen at St. Louis, such as exhibits demonstrating the life, customs and industries of China, Japan, Hawaii, Siberia, Russia, Alaska, Australia, New Zealand, the Philippines and India. The Lewis and Clark Centennial will be the first international exposition under government patronage ever held on the Pacific Coast. It will be in every way a Western exposition. The railroads will make low rates from Missouri and Mississippi River points to Portland, and exceptionally low rates will be in effect between Portland and the Rocky Mountain region.

The railroad companies have concluded to allow the lumber mills in the interior of Oregon to exist. It is very kind of the companies, as they have it all in their own hands. Government ownership of railroads might be preferable to railroad ownership of the Government.

The fact that Editor Mitchell promised to support Martin White does not leave the inference that Mr. White promised to support Editor Mitchell. Mr. Mitchell is fond of picking a winner, and he knows Martin White will be the next sheriff of Columbia County.

The road master recently changed a piece of road from a twenty per cent grade to a six per cent grade. Was that not a saving for the county and for the farmers who use that road?

PARTY POLITICS IN THE COUNTY CAMPAIGN.

If there is no politics in the county campaign, as our friends on the Dolly Varden ticket are trying to persuade Republicans whose votes they desire to secure, why did the Democratic convention put forth a platform indorsing "the time-honored principles of Jackson?" Why did they not call a citizens' convention and put forth a platform ignoring national issues. Of course they will do this on the stump or in the still hunt canvass they purpose to make. They will not, as the Democracy in this county did in days of yore, teach Democratic doctrines to the people wherever they go. Their platform is merely for the purpose of holding such old-time Democrats as Geo. Merrill, the Barrs, Grahams, Tichenors, et al. They hope to use the old party name to secure votes for their candidate for county judge, and they care little what becomes of Democratic principles or of the balance of the ticket. They have nominated a Prohibition politician as their candidate for Representative, and they have done this for the sole purpose of securing the Prohibition vote. The chairman of their county convention has declared that he will support Martin White and Theodore Roosevelt. What a spectacle it is for the old-time Democrats to look upon—their party degraded to the office of a catspaw for one or two ambitious men to rake their chestnuts from the fire. Their ticket is headed by a Prohibitionist, and their paper edited by a man who openly professes allegiance to the Republican President and the Republican candidate for sheriff of this county. What possible good can come from such a combination? Doe any one believe the Democratic party in this county is in favor of prohibition? If so, why did they not put it in their platform? It is to be, on their part, a campaign of secresy and evasion. The MIST has offered, and now repeats its offer, to give space to Sheriff Hattan to put before the people the exact method by which he proposes to reduce the taxes; but up to date the offer has been declined, because it is easier for the astute leader of the opposition to criticise others than to formulate a policy of his own and submit it to the people for their examination. Up to the present time Sheriff Hattan has had an executive office. Now he aspires to a judicial and administrative office, and if he can secure the election of a democratic commissioner they will have the naming of road supervisors and judges of election, and the letting of all contracts for county work. Is there no political power in this, and will it not be used against the Republican party if Mr. Hattan is successful? Let the Republican voters consider well before they place the county court in the hands of their political enemies.

A VISIT TO RAINIER.

The editor of the MIST had the pleasure of spending Saturday evening and Sunday in the city of Rainier, and was pleased to note the great progress of the town since the days of his former residence in Columbia County. It is certainly the most progressive and prosperous point on the Columbia River between Portland and Astoria, and we hope and believe it will continue to grow until it reaches the limit of possible development, and no one can say when that will be. It has an excellent location, enterprising citizens, prosperous factories and a rich country back of it. All these are advantages that can not be taken away, and the people are wide awake to them, and possessed of a local pride that is worthy of emulation. Let a project be broached for the benefit of the town and it is sure to receive the support of all its citizens. Its merchants carry large stocks of goods in every line and are not slow to use the columns of the local paper to make the acquaintance of possible customers. They have a band there, and whenever it gives an entertainment the citizens tap their pocket books and see that the organization does not suffer loss by their enterprise. The fraternal orders are well represented and have handsome and commodious lodge rooms, the Masons and Pythians owning their own building. We had the pleasure Saturday night of sitting in a masonic Lodge room that would be a credit to a city of ten thousand inhabitants, and we suppose the other orders have elegant and comfortable homes. This is good, and we heartily congratulate Rainier upon its progress. The spirit of envy between the communities of this county is foolish and productive of no good. The prosperity of one town is not procured at the expense of others. Each must depend upon its own resources, and all should unite for the common good of the county. St. Helens has, and in all probability will retain, the county seat; Clatskanie has a field peculiarly its own, depending greatly for its failure or prosperity upon the development of the lower Nehalem Valley and the building of good roads into that practically virgin field; and as time passes the desire for homes in the interior of Columbia County will bring about a growth compared with which the progress of the past fifteen years will be as nothing. Let us quit making faces at each other and get in and drill for the whole county and every creek, valley and hamlet in it.

POOR ADVICE.

The Forest Grove Times insists that the Republicans of Columbia and Washington counties should vote against the Republican nominee for joint senator with Multnomah on the ground that the big county was discourteous to the delegates from the other counties. Nothing is alleged against Mr. Hodson personally, and we believe him to be a competent and worthy man. He represents Republican principles and will have a vote in the election of the next United States senator. To vote against him, therefore, is to come as near as possible to voting for a Democratic United States senator. Does the Times understand this, and is it willing to go to such lengths in order to "get even" on Multnomah County? Because Multnomah played the boy is no reason that we should play the fool.
