LOCAL

The Mist is sorry to learn, through the La Center correspondence of the Columbian, of the death of T. J. Kinder, brother of Samuel Kinder, of Deer Island. Mr. Kinder was a member of the firm of Hobart & Kinder, of La Center, and a man who was highly honored and respected by all who knew him.

Those who planted their garden stuff during the recent warm spell will be able to furnish early vegetables for Columbia County's exhibit at the Lewis and Clark Fair.

The condenser at Forest Grove shipped eight carloads of cream last week. Forest Grove is not as well located for an institution of this kind as is St. Helens. With a spur to the railroad we have the best location on the river for a condensed milk factory. Boats would bring milk from Lewis and Lake River, from the Willamette Slough, and from the Cowlitz. We would have the best territory in the Northwest to draw from, and the site for a factory can be secured at little or no cost.

County Grange Convention met at Goble on Saturday last to elect delegates to the state convention which meets at Forest Grove in May. Delegates elected were I. H. Copeland, J. W. Armstrong and C. E. Jones.

Mr. T. C. Watts, of Reuben, was a delegate from that place to the county seat on Monday last, for the purpose of paying the taxes of no less than thirty-seven of his neighbors. He reports business in that part of the county is constantly improving.

Dr. Knoder uses Dr. Green's new and correct method of making artificial teeth. Plates are made by this method fit accurate. 322 Mohawk building, Portland.

Papers For Sale.

Old newspapers for sale, 25c for 100. Inquire of Frank Flagg, agent Evening Telegram.

Miss Rosa Karth, sister of the Karth boys, former residents of this county, who they still own property, was a caller at the Mist office on Thursday last. Her brothers are located at 40 below Sulphur, Yakon Territory, and Miss Karth reports that they are washing dirt that yields as high as \$9 to the pan. She spent the winter with friends in Portland and will probably remain there long enough to visit the Fair, when she will return to the North, probably to Fairbanks, the new town in the Tanana district. Miss Karth is not a French chef, but she commands the handsome salary of \$150 per month for her work as cook in that land of gold and cannot understand why working women do not go there in larger numbers.

Mrs. Hanna Tyskiewicz called at the Mist office Wednesday to talk over the matter of advertising St. Helens and Columbia county at the Lewis and Clark Centennial. She is owner of quite a number of lots within the city limits and is willing to do her full share in the work of inducing capitalists to invest here.

Mrs. F. M. Aken, of Sauvie's postoffice, who lives in the only brick house in Columbia County, wishes it understood that she is a loyal Columbian, and whatever credit attached to that brick house belongs to this county. The Aken's have recently resumed control of their fine farm and will soon start a dairy. They expect to show what Sauvie's Island can do in the way of raising fine vegetables for the county's exhibit at the big Fair.

Stanwood and Brinn are placing the lumber on the ground for the rebuilding of the north end of Mackle Brothers' wharf. It is proposed to raise the wharf house so that it will be above reach of ordinary high water. In due time the entire wharf will be rebuilt and raised to that level.

Mr. Morgus' grand ball in honor of the first concrete building erected in St. Helens occurred last Saturday night and was in every way a pleasant and successful event. The music was excellent, the attendance large, and the supper at the St. Helens hotel was all that any lover of good eating could possibly desire and elicited many compliments. Mr. Morgus is to be congratulated upon the successful dedication of his new building and his enterprise in constructing it.

The closed season for salmon began Wednesday last and ends the fifteenth of next month. During the past week quite a number of Chinook have been caught here, selling at ten cents per pound, and that price they are the cheapest and best food in the world. If there is a run at the mouth of the river at the beginning of the closed season it will get past St. Helens and arrive at the big fish wheels by the time the season opens again, and that is where the lower river fishermen will get left and the wheels rear a harvest.

Mr. S. Conrad, of Woodland, was a tax paying visitor to the county seat on Monday last. Mr. Conrad is the son of two of the pioneers of Washington County who have passed from the scene of life, and came to Columbia County in 1867, locating near Deer Island. He has been a subscriber to the Mist continuously since its establishment, over twenty-two years ago.

Now that the farmers are getting out their last year's warning signs and polishing up their shooting irons to enforce their "forbid," the following, which was posted over a roadside gate in Union County, is really refreshing: "Hunters take notice: Hunt all you please, and when you hear the dinner horn blow come to the house to dinner. If you accidentally kill a cow, skin her and hang the hide in the barn. If the quails are scarce kill a chicken or two, and if you can't get any squirrels kill a pig."

Mr. J. S. Wilson, of Goble, paid the Mist office a pleasant visit on Monday last.

THE COMPLETE STORE

COMPLETING THE HOME

A Few Suggestions to Wives and Mothers.

We have added so many things to our stock of General Merchandise during the past year that we believe we are justified in asserting we have one of the most complete general stores in Columbia County. We owe this to the liberal patronage we have received, and we hope to merit a still greater share of your custom by continuing to furnish the best goods at reasonable prices. A fine line of

Have you ever realized that home is not really complete until there is a piano in it? It isn't home in the fullest sense of the term until that most important factor in molding the tastes and inclinations of the children and young people in all that is highest and most elevating is in it. For friends and visitors, too, the piano will at all times furnish entertainment and pleasure. It deserves and always will hold the place of honor in the very best room of cottage or mansion.

A most extraordinary opportunity to secure a strictly choice new upright piano at a very substantial saving price is now presented by the Eilers Piano House.

It would seem that every home in Portland, every home in the state, ought now to be in a position to take advantage of the co-operative club buying and secure one of the immense number of instruments included in this sale.

Club "A," containing pianos ranging in price and value from \$200 to \$300, is now nearly completed. There are several excellent pianos for \$140, a few in still plainer cases for \$117, and all of them on payments of \$5 cash and \$1.25 weekly. You'll never again see duplicates of these instruments at anywhere near these low prices.

Terms to Club "B" members are \$7.50 cash and \$1.00 weekly. There are not many instruments left for sale in this club. Prices range from \$180 for regular \$275 models to \$278 for the most beautiful mahogany or noddled walnut cased high class upright pianos ever offered in the regular retail way of selling for \$375.

The choicest of Chickering and Kimball, also numerous of New York's great favorite, the Weber piano, as included in Club "E." We guarantee Club "E" members a saving of at least \$147 in the purchase of one of the pianos in this club, and the term of payment have been arranged to meet any reasonable buyer.

Eilers Piano House positively guarantees every instrument sold. Call or write today. It costs you nothing to investigate this matter. If you do and not, we'll see to it that you never regret it. Remember the place, Eilers Piano House, corner of Park and Washington streets.

The Best Cough Syrup.

S. L. Apple, ex Probate Judge, Ottawa Co., Kansas, writes, "This is to say that I have used Ballard's Horehound Syrup for years, and I do not hesitate to recommend it as the best cough syrup I have ever used. 25c, 50c and \$1. Sold by A. J. Deming."

Notice to All.

I hereby give notice to all persons that I will not be responsible for any bills or expenses incurred by my son, Elmer Olsen, unless the same are first presented to me and have my approval.

Loganberry Yields Big.

A. M. LaFollett, Gervais, Oregon.—The loganberry is a successful and profitable crop in Marion County. Four years ago I set out a lot, and the following year picked two 21-quart crates to the vine. The next year I had a crop of 423 crates from 200 two-year-old vines. In 1904 I picked 600 crates from 1,250 vines. From 7 acres of first-year crop my son marketed 1,523 crates. We received \$1.05 per crate for the crop. I. O. B. Gervais.

The picking cost 20 cents per crate; crates and boxes, 15 cents, leaving a net of 70 cents to the grower. Plants cost \$30 per thousand, and are set 8 feet apart. Wiring for the vines cost \$25 per acre. The posts with the wires are set 32 feet apart, and it takes 160 to 200 posts to the acre costing from \$16 to \$20 per acre. Counting 600 plants to the acre, the cost of putting out loganberries is about \$60 an acre and there is apparently no limit to the time a patch will last. Cultivation is by plow and harrow.
