The official proceedings of the recent session of the county court will be published in full in the next issue of the MIST.

Babies are to have a day of their own at the Fair. Dan McAllen, the "father of the Exposition," who suggested the fair idea nine years ago, will have charge of arrangements for the baby show, and the babies are assured of a good time if Dan has anything to say about it. There will be prizes for the prettiest baby, the healthiest baby, the fattest baby, the thinnest baby, and every other breed of baby. Mr. McAllen is busy arranging a program for the day.

Governor John C. Cutler, of Utah, has issued a proclamation strongly urging the people of the state to support the fair. Utah will have a handsome building and many exhibits.

The St. Helens school boys went to Scappoose last Saturday and defeated the Scappoose boys in the best game of ball of the season by a score of 4 to 3. The first five innings were shut-outs, not a score being made until the sixth. The boys are going to give a basket social and dance in the near future and should be well patronized.

Mr. Jno M. Spurgeon, of Clatskanie, sends the MIST a pohoto of a tree caught in the act of falling, just as the trunk was leaving the stump. The diameter of the tree on the stump was seven feet, distance between stump and limbs 200 feet, and it cut 17,000 feet of lumber.

Hazelwood butter brings a higher price because of the quality. This quality is due to the fine plant and expert skill in the manufacture. If you want to ship cream that is made into the highest-priced butter, ship to Hazelwood. Notice their advertisement of the U. S. Cream Separator.

There has been some salmon stealing from boats and from Mr. Sheldon's warehouse during the present fishing season. Salmon stealing on the Columbia is something like horse stealing in the plains country. It is easily done, as the fishermen heretofore have not thought it necessary to keep a strict watch; but it will fare hard with the thief when he is captured, as he is sure to be unless he quits his stealing.

No trace of his body has been found, and up to the the time of her leaving here the mother had not been notified of her son's death.

The case of Blanchard vs Smith, to quiet title to certain lots in the city of Rainier, was decided by Judge McBride on Tuesday last in favor of the plaintiff. The land in question was sold to Dean Blanchard at a time when lots in Rainier were not as valuable as they are now, and the payment was made in installments of lumber. Claim was made that full payment had not been rendered, and also that the title was not in the vendor at the time of the sale. Judge McBride held that in an equity proceeding he would not decide the fine points of law, but rested on the ground that Carter sr. had sold the land to Blanchard and had been paid in full. W. C. Fisher and W. H. Powell for the plaintiff; R. W. Montgomery for the Carter heirs; Dillard and Day for the Hawkins heirs.

Judge C. B. Bellinger, of the United States Circuit Court, is reported to be dangerously sick, and grave fears are entertained that he will not recover.

CIRCUIT COURT.

The Grand Jury Investigating Charges Against Our County Officials.

Circuit Court met here on Tuesday last, and a grand jury drawn as follows: Chas. Graham, sr foreman; G. W. Jordan, Oliver Burns, John Ullman, F. Cheldaline, Joe Hill, Isaac McKay.

There is considerable work before the inquisitorial body, as there is much complaint as to the violation of the law by the saloons of this county and this matter is to be thoroughly investigated. The grand jury, it is understood, is making a full investigrtion of charges made by Mr. R. H. Mitchell, editor of the Houlton Register, against the county officials, in connection with the purchase of the rock crusher and also in regard to the dishonesty charged by him against road supervisors. Mr. Mitchell was called before the Grand Jury on Wednesday and given an opportunity to make good.

The petition of Mrs. Emily Mitchell, wife of the editor of the Register, for the appointment of a receiver for the Rainier Gazette, was granted by Judge McBride, and Judge J. B. Doan was appointed to that important position. It appears that the petitioner, Mrs. Mitchell, holds a mortgage against the Gazette, and believes that her interests will be best subserved by placing the property in a receivers charge.

A large tower is being erected over Guild's Lake at the Lewis and Clark Centennial. Upon this will be placed a searchlight, the rays of which will be cast about the grounds at night and greatly enhance the lighting features of the Centennial.

The Lewis and Clark Expositon had an imperial visitor one day last week in Count Michael Michaelovich Barzimoff, a Russian noble who will represent Caucasia at the Fair. The Count was well pleased with the Fair. He said the Exposition is well known in Europe, and London sports are gambling on the probable attendance.

The California building, one of the handsomest structures at the Exposition, was completed last week, and accepted by the state commission. The building is in shape of a Greek cross, each wing is a replica of an old Spanish mission, the four which are reproduced being El Carmel, Dolores, San Luis Rey and Santa Barbara. Aside from its historic interest, the building will prove popular this summer on account of its interesting exhibits from the Golden state on display there.

How We Do It

We have had so many people ask us how we do it—how we sell our goods so much cheaper than Portland merchants. This is our answer: When we kept store in Portland we paid $300 per month rent, hired clerks, and had other expenses too numerous to mention. Here you all know the rent is not nearly that amount. We do our own clerking, unpacking, etc. In Portland our customers had to pay higher prices for the goods to enable us to make expenses. Here YOU get the benefit in goods of what we otherwise pay out in expenses. Hoping you will benefit yourself by this lettter, I am,

Sincerely yours,

L. SWETT,
Rainier, Or.
