We trust that every citizen of Columbin Comity who intends to visit the great fair will make it a point to be there on Eaturday, July 29. A special program will be prepared, including a reception at the Oregon building, to be addressed by Hon. Jefferson Myers, president, on has been extended to the bands at Warren, Rainier, and Clatskanie, and special arrangements have been made for them. They will be given free adten days.

And the girls who come, deceived by false reports, are usually stranded and, in plain words, compelled, in the majority of cases, to become prostitutes to save themselves from starvation. This is what we can read between the lines of the Association's warning. Thousands and thousands of men and women and boys with brains and skill and ambition vainly seeking the opportunity to work, and going down to ruin and degradation because they cannot get it!

There is no milder language to be used in regard to this statement than to say "It is a lie," and if any citizen of Oregon sent such a datement to the Socialist he should be heartily ashamed of himself. The Telegram published the approuncment that this was Columbia county week and the editor of the Mist immediately called upon the Press Bureau of the Fair for an explanation. and was informed that the Columbia county in question was located in the State of Washington. He was then asked by Mr. Sutton, the gentleman in charge of the bureau, "Where is Columbia Coun-

ty Oregon?" Such ignorance by an officer of ar, Oregon exposition is inexcusable. Maps are cheap, and it would seem that a man in his position would take some pains to inform himself in regard to the geography of the state he is supposed to represent and at the least be aware of the existance of a county bordering within a half an hours ride of the Exposition grounds, containing a population of about 9,000, and doing over \$1,000,000 worth of business annually with the city of Portland.

We are partly to blame for this dense ignorance. We have done nothing Liniment cured an old sore on the side heretofore to make ourselves known or assert our standing among the counties of the State. Our resources are unexcelled, and even under the adverse circumstances that have existed up to the present time we have demonstrated the superior quality of our fruits and vegeables, grains and grasses. No citizen of Columbia county need be ashamed of the showing that is being made, and we challenge comparison with any county whose court has been so economical in providing funds to carry on the work of making their county's resources known Still there is much to do.
