WHAT YOU WILL SEE.

If you visit Columb is County's booth at the Lewis and Chrk Exposition you will see an exhibit which at the present time is fairly creditable to the county. In the first place the booth is made of our timber and is the handsomest construction of its kind in the agricultural building. It contains a display of needle and fancy work made by the ladies of the county-placed there to show the Eastern women of refinement that they will not be lonesome if they more to Oregon. Then there is the exhibit of barrels made by the Western Cooperage Co. of Houlton, reaching to a height of about thirty feet, the base being a great big fat fellow with storage capacity for a winter's supply of sauerkaut for a German hotel, and the apex a little fellow of about the small pickle size. Then our exhibit of the basalt

rock quarried at St. Helensa d used for paying the streets of Portland and for building purposes. Then an exhibit of county and including churches, schools, Rainier. In Horticulture you will find
