Ah, ha! There is $100 deficiency in nine years in seven offices. We knew there was something wrong.

A Wolf River apple, grown in the orchard of Mrs. Rentfrow, at Clatskanie, weighs 21¾ ounces and measures 16 inches from north to south by 15 inches from east to west. Mr. George Armstrong, of Vernonia, demonstrated his ability as an apple consumer by devouring the mammoth on a ten-cent bet inside of ten minutes, in the presence of a crowd of wondering spectators. He did not appear to be any the worse for his wonderful feat, and did a full day's work as a juror in the circuit court.

School report cards—the very best form—$1 per hundred, with envelopes.

Justice Sheeley, of Vernonia, has been in attendance at the circuit court this week as a witness in the case of the State of Oregon against Joseph Coulter, charged with killing stock belonging to other people. There have been a number of instances of this kind in that neighborhood, and whoever is guilty of the crime should be severely punished.

The A. & C. R. R. will sell season excursion tickets from Houlton to all Clatsop Beach points and return, continuing until September 15th, at $4 for the round trip, good to return until October 15.

A car shortage prevails on the A. & C. line in this county, and as a result the Oregon Lumber Company's mill at Ingles was compelled to refuse a large Eastern order for shingles. The mills of this county are quite busy and in another year several new ones will be constructed.

Dr. Knoder uses Dr. Green's new and correct method of making artificial teeth. Plates are made by this method to fit accurate. 322 Mohawk building, Portland.

The Wilson Lumber Company of Rainier has contributed sufficient lumber to plank the road from the top of the hill at Austin's to the top of the hill west of Rainier. The county court furnishes the spikes and lays the planks. The lumber will be of the value of nearly $1500. That's enterprise and business, as by so doing they will be able to haul lumber all winter. The teamsters do the hauling free of charge.

I have money to loan on approved real estate security.

The report of the experts employed to examine the books and accounts of the various public officers find that there is an apparent shortage of about $100, distributed over a term of nine years, which is a very good showing of the efficiency and honesty of Columbia County's officials. The cost of the work is $750. Hereafter the books should be checked by the county court every six months, thus saving expense and avoiding danger.

Wm. Fuchs, aged 29, a citizen of Germany, was killed in the Goble and Nehalem logging camp on October 13th, by being caught between two logs on the rollway, of which he had charge. Coroner Cliff, after an investigation, concluded no inquest was necessary. He was buried at Neer City cemetery on Sunday last. Fuchs was a steady, industrious man and had a small sum on deposit in the Canadian Savings Bank of Portland. Coroner Cliff is in correspondence with the German consul and the deceased's brother in Germany in regard to the dispositson of his effects.

Mr. Norman Merrill and Mr. Dan Rice of Clatskanie were attending court in St. Helens on Wednesday last. Mr. Merrill had the misfortune to have his right arm severely bruised last Saturday by being struck by the limb of a tree that was being turned by a donkey engine.

The sheriff of Clark County is said to have made quite a haul of duck hunters on Batcheler's Island on Sunday last who were guilty of exceeding the limit. Among others a prominent former resident of St. Helens is said to have been captured. It is said that 296 ducks were found in the possession of three persons. Any crowd that enjoys such good sport ought to be willing to pay a reasonable fine.

There are eight pupils in the ninth grade of the St. Helens schools, which is a sufficient argument for its continuance. If more money is needed we are sure our citizens will provide it in order to have a nine months term. Pupils from other nearby districts should avail themselves of the opportunity to secure a ninth grade course upon the payment of a reasonable tuition fee. When a modern sawmill is running here there will never be a return to the old eighth grade school.

I now have a nice assortment of paints, oils, varnish, stains, enamels, brushes, etc. Tin and granite ware, stove pipe etc. Groceries, Hay, Grain, Flour, etc.

M. C. GRAY, St. Helens.

Quite a number of Chinook salmon are being caught by our local fishermen, and the females prove to be full of eggs, thus demonstrating that the close season does not always protect. The matter of the proper protection for salmon is a problem that will probably never be solved; but it has at least been demonstrated that the hatcheries are the most important factor in preserving this great industry.

Fred W. Cliff, of London, England, is visiting his brother, Dr. H. R. Cliff, of this city, and is so well pleased with the country that he may become a permanent resident of some of our coast cities. Mr Cliff is an artistic creator of designs for engraving and lithographing, and his work shows him to be a master of his profession.

Mr. Brisbaine, of Des Moines, Iowa, has been in St. Helens this week for the purpose of investigating the field for the establishment of a local bank.

160 acres of land near Delena, in the fertile Beaver valley for $1000! Of the 160 acres, 6 are cleared and there is a fine orchard of apple, pear, cherry and prune trees. There is a good six room house on the place and a well of fine water that never goes dry. For anyone that wants to buy in this county this is a snap. For particulars inquire at this office.

POMONA GRANGE.

Bring in Your Fine Apples for the Horticultural Show

Houlton Grange, at its meeting on Wednesday last, made arrangements for the entertainment of the Pomona, which meets at Houlton on the first Saturday in November, two weeks from tomorrow. Among other matters passed upon it was decided to ask each member attending Pomona to bring from five to fifteen specimens of the best apples raised in his or her neighborhood. There is to be an apple show at the winter meeting of the State Horticultural Society, and Columbia County wants to carry off the honors. All apples should be picked with the stems on, and should be uniform in size and color. The Pomona will be asked to name one person to have charge of Columbia County's exhibit, and such person will make selection from the apples brought in and will secure other specimens for exhibit purposes. This is an important matter, as success means an increased price for Columbia County's fruit. Bring in the apples, and be car ful that they are wrapped so that they will not bruise.

Saved His Life.

J. W. Davenport, Wingo, Ky writes, June 14 1902: "I want to tell you I believe Ballards Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone and the other badly affected. I also had a lump on my side. I don't think I could have lived two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I reccomend it to suffering humanity.
