ENOCH MEEKER DISAPPEARS — Old residents of Columbia County who were acquainted with Mr. Enoch Meeker will be interested in the following account of his mysterious disappearance, which comes from Mr. Linn Meeker, of Portland. Mr. Enoch Meeker has been for some time a resident of Southern California, but recently decided to return to Oregon. He purchased a ticket for Portland and presumably went aboard the train with his trunk. Mr. Linn Meeker was apprised of the time of his probable arrival, but he did not appear, and, after considerable time had elapsed Mr. Linn Meeker went to the Union Depot, where he found his brother's trunk, but no other trace of him. Becoming alarmed, he employed detectives, who ascertained that Enoch had been seen at Stockton, California, and that he was in a famished condition. The people there took care of him until he was partially restored to health, but he seemed utterly unable to give any account of where he had been or what he had been doing. Upon being given his liberty Enoch again wandered away and has not since been heard from. Grave fears are entertained as to his fate.

SLAUGHTERING OF DUCKS—Complaint comes to the Mist from a reliable source that Portland hunters on the Johnson lakes, near Scappoose, left seventy ducks piled in a heap on the ground after a recent day's hunting. They shot that many more than the lawful limit, and, being afraid to take them to Portland, left them to rot. Such a useless slaughter of game fowl deserves punishment, and calls for the attention of the game warden. The feature of the law that prevents the sale of ducks should be repealed. It was passed in the interest of the Portland "sports," and is of doubtful constitutionality. It decreases the value of the lakes and prevents the hunter of small means from reimbursing himself in part for his outlay. If it is to be continued the limit to be killed should be reduced to ten, as no one has any use for more than that number except to give away, and if those who are not so fortunate as to have hunter friends can not purchase a duck, then the hunters should be limited to the amount actually consumed by themselves and families.

GHOST SOCIAL.—A Ghost Social was given by the St. Helens school in the Masonic hall Tuesday evening, October 31. It proved a "howling success" from beginning to end. It was well attended by people from both St. Helens and Houlton, and everyone declared it a very enjoyable affair. Madame Zenobia, from Portland, who came down on the America, was more than busy reading palms, and yet she did not have time to read one-fourth of them. The hall was becomingly decorated with Jack-o'lanterns, and if any one came ignorant of the fact that it was Hallow'een, these lanterns served as good reminders. The hall was vacated at twelve o'clock and everybody left feeling that they had spent Hallow'een in a very pleasant as well as useful manner. The receipts amounted to $60.55 and the expenses were very small. The profits are for the benefit of the school.

POMONA GRANGE—Meets at Houlton tomorrow (Saturday) night, and a large attendance is expected from the local granges of the county. Don't forget to bring the very choicest speck-free apples you can find. This is the beginning of Columbia County's great exhibit at the mid winter meeting of the State Horticultural Society. There is a great deal in a name, notwithstanding Juliet's remarks to the contrary. A good name is the very best advertisement apples can have. "Hood River" on a box is worth money, and we want to convince buyers that Columbia County produces apples as good, if not better, than any other county in Oregon. That is the best work the Grange can do at present, and much better than some work it has done.

ENLARGING THE HOTEL.—Messrs. Utha Clark and Linn Decker are busily engaged finishing up the third story of the St. Helens Hotel. They are making six-teen more rooms and cutting Dormer windows in the roof. This will give St. Helens the best hotel building in the county. As there is no need for that number of rooms in the present state of business here, this may be taken as indicative of greater things to come. There is no reasonable doubt that there will be a modern sawmill of la ge capacity running here next summer, and that the court house will then be built. This, in connection with the quarries, fishing, and other contemplated additions to our industrial life, will make St. Helens a busy and prosperous community.

SALOON MAN FINED—Charles Cox, of Houlton, was brought before the circuit court on Saturday last, charged with keeping his saloon open on Sunday. Cox pleaded guilty and was sentenced to pay a fine of $20, which was promptly produced. Judge McBride remarked that hereafter he would call the attention of the prosecuting attorney to this law, with the view that it should be strictly enforced. Cox is the first saloonkeeper to pay the penalty for violating the Sunday closing law, and this should be sufficient warning to the saloon men of Columbia County, who, almost without exception, have openly violated the law.

NEW CHURCH—The Free Methodists of this neighborhood are erecting a new church edifice at Houlton. When finished it will have cost in the neighborhood of $1,000 and will seat two hundred people. The funds have been contributed by the local members of the church and the citizens of Houlton, together with some assistance from the membership in Portland. The work is being done by Mr. Skutza and his sons, who have also contributed liberally of their means. It will be a very neat appearing structure and a credit to the community.

PRESBYTERIAN—The new Presbyterian church of Clatskanie is nearing completion. It will be a very handsome, as well as a commodious and substantial structure and will be furnished with comfortable pews of the latest pattern. There is already at hand a first class organ, which will be installed in due time for the dedication exercises, which are to be held in the near future. The numerous congregation is justly proud of its accomplishment in building such an edifice in so short a time.

A NEW ARRIVAL—Mrs. H. T. Blair, of Hillsboro, arrived in St. Helens last Thursday night, to make her home here, her husband being in the employ of the Mist office. Mr. and Mrs. Blair are occupying the Rubert house. Accompanying Mrs. Blair was Miss Susie Russell, a relative, who is a visitor to Oregon from her home in Illinois.

SMALL POX IN ST. HELENS—There are three cases of small pox in St. Helens and vicinity—two at the home of Mr. Frank Meeker, and Mr. Lot. All possible precautions have been taken to prevent the spread of the disease, and there is no cause whatever for any panic. Those, however, who have not been vaccinated, should at once adopt that precaution.

Mrs. R. H. Roberson visited Portland on Monday last, for the purpose of attending the funeral of Miss Edith Johnston, a relative by marriage. Miss Johnston was known in St. Helens, and was a visitor here quite recently.

A YOUTHFUL CRIMINAL—John Merkes, aged 17, pleaded guilty Wednesday morning to the charge of burglary, and was sentenced to one year in the penitentiary. Merkes' offense consisted in going through the transom of Miles Sherin's saloon at Rainier and taking twenty dollars from the cash register. According to the boy's story he came from San Francisco to attend the Lewis and Clark Exposition. In Portland he fell into bad company and soon squandered his money. He then went to Rainier; worked a week in the Reed sawmill, but found the labor too hard for him and quit. After taking the money he spent about ten dollars, the balance being recovered by the authorities. The lowest sentence provided by law is two years in the penitentiary, but if the defendant is dissatisfied he can move to have the judgment set aside and the legal limit fixed—and then some.

EXPERT HUNTERS—Mr. Howe of the Union Metallic Cartridge Co., Mr. Record of the Northwest Gun and Bicycle Co., and Mrs. Nellie Bennett, the agent for the Laflin & Rand Powder Co., had a fine days shooting Wednesday on Richardson's lake, opposite St. Helens, accompanied by Mr. Dan Richardson and Geo. Flagg, of this city. They all shot the limit allowed by law. Mr. Howe used the gun used by Jack Fanning in the international contest between the United States and England. It is said to have fired over 250,000 shots, and has never been to the repair shop.

I now have a nice assortment of paints, oils, varnish, stains, enamels, brushes, etc. Tin and granite ware, stove pipe etc. Groceries, Hay, Grain, Flour, etc.

M. C. GRAY, St. Helens.

INJUNCTION SUIT—Hazard Stevens was granted a temporary injunction on Wednesday morning against James M. Akers, restraining him from exercising hunting privileges on the Wm. H. Musgrove place, on Sauvie's Island. The hearing of the permanent injunction is set for November 13th, at Oregon City. There has been considerable trouble over this right, which is a valuable one, and, according to the plaintiff, the defendant has threatened to divert his gun from the ducks and take a shot at any one who attempts to shoot on the lakes without his consent.

Mrs. Chas. Blakesley received the news on Saturday last of the death of her father, Robert McCallum, at Listowell, Ontario, Canada, in his seventy-seventh year.

A NARROW ESCAPE—Mr. Will Ketel, who is employed at the factory of the Western Cooperage Co., at Houlton, had a narrow escape on Friday last from being struck by the fragment of a bursting saw.

Mr. and Mrs. W. H. Powell visited Portland Tuesday for the purpose of attending a Hallow'een "500" party at the home of Mr. and Mrs. Meusinger.

Mr. D. W. Freeman, of Clatskanie, was a visitor to the Mist office on Monday last, having been called to the county seat as a witness before the circuit court.

Mizpah Chapter No. 30, Order of the Eastern Star, resumed its regular meetings last Saturday night, after a recess of four months during the progress of the Lewis and Clark Exposition.

They do say that a woman sport named Mrs. Nellie Bennett made the local duck hunters look very small on Sunday last. The Oregonian gave her an illustrated story in its Monday edition, setting forth her wonderful markmanship. When the ducks caught sight of her they plagrarized Davy Crockett's coon and said: "Don't shoot, Nellie; we'll come down."

Judge M. C. George, of Portland, occupied the bench in the circuit court here on Tuesday last in the divorce case of Walmsley vs. Walmsley. The Court decided that the wife should have a one-third interest in the realty, $50 attorneys fees, $150 alimony, and $15 a month for the maintenance of the minor children for a period of three years and until the further order of the Court.

Mr. Alex Sword, of Vernonia, paid a very short visit to the county seat on Wednesday last. He reports the road over the mountains in good condition for this time of the year, so that a good team can haul a ton over it.

BIG RETURNS.

Columbia County Realizes on Its Exhibit at the Lewis and Clark Centennial.

To the doubters and pessimists who opposed Columbia County's exhibit at the Lewis and Clark Centennial we commend the perusal of the following letters. They represent a very small portion of the good that has been accomplished and is yet to be accomplished by the exhibit, the net cost of which to the taxpayers of Columbia County was in the neighborhood of $800, which was less than was expended by any other county in the State of Oregon. Following are the letters:

I am much favored by inquiries from different parts of the country, which is doubtlessly the effect of having our goods displayed at the Fair. I have enclosed some copies of those inquiries I have received. Trusting they will serve as some material to you, I am

We could take five cars any time, and more later. Kindly advise price you would want F. O. B. mill, or delivered on a 60 cent rate, and oblige,

Gentlemen: I noticed in the exhibit at Portland some of your shingles and intended to have seen you before leaving that city, but was unable to get over to your office before leaving.

Will you kindly advise me if you are able to make these shingles for shipment to our district here in Pennsylvania and New Jersey? Also if you can make a shingle 24 inches long for shipment into this district? We have been getting these from northern Washington points and also from Vancouver.

I was very much plessed with the exhibit you showed there of this material, and would like to know if you are able to do business with us in this district. If so, kindly get freight rates and advise us. We also have a demand for cedar shingles in stock widths, 4 inches and 6, 6 inches wide. Can you make these for us?

J. W. Davenport, Wingo, Ky writes, June 14 1902: "I want to tell you I beleiv Ballards Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone and the other badly affected. I also had a lump on my side. I don't think I could have lived two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me relief; two fifty cent bottles cured me sound and well. KIST.

Born, to the wife of J. D. Roslair, on Oct. 24th, a son.

Harvey Anderson and family are visiting in the valley this week.

A. C. Bergerson is sowing about twenty-five acres of fall wheat.

J. R. Dallas sold two beef cattle to Buyer Adams and took them to Buxton Monday.

Emery Sheeley took two beef cattle to Buxton the first of the week and started back home with Dow Keasey's horse, which has been out at Commings's for a month, recovering from a nail puncture in the hind foot. The animal is still in a very bad condition.

Supervisor Bergerson started in last week to open up that famous bluff between the Kist school and Riley Thomas's place. This is a much needed and long looked for improvement, and it is hoped that the two communities will be connected by wagon road before spring.

A crew of railroad surveyors were seen in the mountains Monday near Commings's place. They have tried in vain to get a two per cent grade over the divide between Commings and Beaver creeks. They also tried a line up west from Buxton, aiming to strike the Nehalem river below Glen crook. They are now trying an entire new route, on which they will have to tunnel through a high but narrow ridge south of Cape Horn.

Wm. Marsh, Sr., drove his cattle home Monday from the old Kibbey place, which he bought some years ago.

Vernon Mow's family are visiting relatives in the valley.
