

GOVERNOR OF OREGON

Makes Use of His Family

Pe-ru-na in For Colds

CAPITOL BUILDING, SALEM, OREGON

Peruna is known from the Atlantic to the Pacific. Letters of congratulation and commendation testifying to the merits of Peruna as a catarrh remedy are pouring in from every state in the Union. Dr. Hartman is receiving hundreds of such letters daily. All classes write these letters, from the highest to the lowest.

A Letter From the Ex-Governor of Oregon.

The outdoor laborer, the indoor artisan, the clerk, the editor, the statesman, the preacher—all agree that Peruna is the catarrh remedy of the age. The stage and rostrum, recognizing catarrh as their greatest enemy, are especially enthusiastic in their praise and testimony.

The ex-governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house. In a letter to Dr. Hartman, he says:

Ask Your Druggist for Free Peruna Almanac for 1906.

Tainted Tin. "Can I get in?" asked the new arrival. "H-m-m, that depends," replied St. Peter, doubtfully. "I never drank, smoked, chewed or swore. I gave everybody a square deal, I—"

HE HAD NO CARE.

In an old corner of Boston where many races mingle a polite little Japanese artist has his studio, and paints lamp shades and screens for his merchant fellow countrymen. On the Monday of Admiral Togo's victory he was excitedly discussing the event with an American customer when the door opened and a red-bearded Russian peddler entered with a bulging satchel.

Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Should Be Dishd. "There are three beautiful words in the English language," said a parafrasing philosopher as he sipped his morning glass, "that ought to be crossed out of the dictionary."

Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

BLOOD POISON THE BLACK FLAG

The black flag is an emblem of horror and dread. When it is hoisted by an army, the order has gone forth that "no quarter" will be given, everything must be destroyed. Helpless women and children, as well as opposing soldiers, meet the same fate, and a trail of desolation, suffering and death is left behind. Contagious Blood Poison is the black flag of the great army of disease. This vile disorder is known as the blackest and most hideous of all human afflictions, overthrowing its victims and crushing out the life. It is no respecter of persons; no matter how pure the blood may be or how innocently the disease is contracted, when this awful virus enters the circulation the hideous, hateful and humiliating symptoms begin to appear, and the sufferer feels that his very presence is polluting and contaminating. Usually the first sign of the disease is a little sore or ulcer, but as the blood becomes more deeply poisoned the severe symptoms are manifested, the mouth and throat ulcerate, the glands in the groins swell, a red rash breaks out on the body, the hair and eyebrows come out, and often the body is covered with copper-colored spots, pustular eruptions and sores. In its worst stages the disease affects the nerves, attacks the bones and sometimes causes tumors to form on the brain, producing insanity and death. Not only those who contract the poison suffer, but unless the virus is driven from the blood the awful taint is handed down to offspring, and they are its innocent victims. Blood Poison is indeed a "black flag." Mercury and Potash, so often used, never can cure the trouble. These minerals merely drive the symptoms away for awhile and shut the disease up in the system, and when they are left off it returns worse than before. This treatment not only fails to cure blood poison but eats out the delicate lining of the stomach and bowels, produces chronic dyspepsia, loosens the teeth and frequently causes mercurial rheumatism to add to the patient's suffering. S. S. S., the great vegetable medicine, is the conqueror of this vile disease. It goes down to the very root of the trouble and cures by cleansing the blood of every particle of the poison. S. S. S. does not hide or cover up anything but clears the entire circulation of the virus and puts the system in good healthy condition. It cures safely as well as certainly, because there is not a particle of mineral in it. We offer a reward of \$1,000.00 for proof that S. S. S. is not purely vegetable. When the blood is purified and strengthened with this great remedy the symptoms all pass away and no sign of the disease is ever seen again; nor is there left the least trace to be handed down to posterity. Special book with instructions for self-treatment and any medical advice desired will be sent without charge to all who write.

S.S.S.

PURELY VEGETABLE.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

OREGON STATE ITEMS OF INTEREST

JACKSON TO FRONT.

Stands as Second County in Oregon in Assessed Wealth.

Salem—Jackson county has sprung to second place among the counties of Oregon in taxable wealth. Marion county, which has for many years occupied second place, has dropped to fifth place, and perhaps lower. Not all the assessment returns have been received yet, but it is already apparent that at least three counties have stepped above Marion in assessed valuation.

GRAZING PERMITS ISSUED.

Chief Ranger O'Brien Has a Difficult Task in Making Allotments.

Elgin—To issue 250 grazing permits to stockmen and sheepmen, whose combined herds number 280,000 sheep and 15,000 head of cattle, was the task that confronted Chief Ranger Howard O'Brien at Wallowa recently. The irreconcilable differences between these two opposing interests from time immemorial, made it a difficult task. The permits are for the Wallowa and Chemunus reserves. The grazing privilege accorded is good for the season, which lasts from three to six months, depending upon the climate. For this privilege the government collects from 5 to 8 cents on each sheep and from 20 to 35 cents on each head of cattle, more than \$20,000 in all.

NO DELAY ON KLAMATH.

Bids Will Soon Be Called for on Two More Sections of Ditch.

Klamath Falls—Unofficial announcement comes from the officials of the Reclamation service here that the government is not going to cause any delay in completing the great irrigation project for Klamath basin.

Booth-Kelly Sells Land.

Eugene—It has been reported here that a big land deal has been made whereby the Booth-Kelly Lumber company will part with the Oregon Central military wagon road grant, which comprises in the neighborhood of 1,000,000 acres and extends from the Willamette valley to the eastern borders of the state. The local officers of the company do not deny that such a sale is being negotiated, but say that no sale has been made. The names of the prospective purchasers are not given out, but it is known that they are heavy capitalists in New York.

Enlarge Forest Reserves.

Wallowa—Although stockmen of Eastern Oregon who formerly used the grounds now comprised in the Wallowa and Chemunus forest reserves as free grazing lands during the summer season, were opposed to the reserves when first announced, they are now asking for their extension. There is a large area to the north and east of the Chemunus reserve and extending down to the Snake river that the stockmen wish to have included in that reserve. Petitions are now being circulated for the purpose.

War on San Jose Scale.

Salem—Fruit Inspector Armstrong has inaugurated a vigorous war on the San Jose scale, which threatens the destruction of most of the fruit and shade trees in this county. The mountain ash, of which tree many have been set out as shade trees in this city, seems to be the most affected. Many residents have promptly cut down and destroyed the trees upon receiving notice from the inspector. Those who fail to heed the warning given will be prosecuted.

Chautauqua Wants LaFollette.

Oregon City—Secretary Harvey E. Cross, of the Willamette Valley Chautauqua association, has gone to San Francisco where he will attend the annual meeting of delegates representing the various Pacific coast assemblies, when plans will be arranged for the cooperation of these associations in the holding of this year's Chautauqua assemblies. While the probable talent that will be engaged for this year's meetings has not been determined, it is understood that the effort to procure the services of Senator LaFollette, of Wisconsin, will be renewed this year. An unsuccessful attempt was made last year to engage this national celebrity.

Irrigate Sugar Beet Land.

Elgin—The Grand Ronde Electric company is contemplating the installation of a \$16,000 pumping plant on the Grand Ronde river, near Imbler, which will place about 7,000 acres under irrigation. The contemplated plant will consist of a 200-horse power electric motor and pump, which will force a uniform flow of 200 inches of water during the irrigating season. The sub-irrigation and rainfall in this part of the valley are not of sufficient force to make the sugar beet industry a decided success.

Big Timber Tract Sold.

Melford—A deal has been consummated whereby C. C. Beckman, of Jacksonville, sold a timber tract of 1,640 acres on Butte creek, in Jackson county, to J. C. Dudley, of Michigan, the consideration being \$25,000. This tract is on the proposed Melford & Crater Lake railroad, which is now completed to Eagle Point, about 20 miles from the timber in question. There are other persons here now negotiating for the vast timber tracts that will be opened up by the Crater Lake railroad.

Two Railroads for Wallowa.

Enterprise—While the Wallowa Valley people are rejoicing over the assurance of the extension of the O. R. & N. Enterprise there comes the possibility of the county getting another railroad in the north end. Rogers Bros., of Astoria, are surveying a route up the Grand Ronde, with the intention of building an electric road from their townsite on the Snake. This will take a very fertile farming country.

Violate Factory Laws.

Salem—Labor Commissioner Hoff has returned from a five weeks' tour of inspection of the mills and factorities in Jackson, Coos, Josephine and parts of Lane and Douglas counties. During his absence he visited 146 mills and factories and in most of them he found exposed shafts and parts of machines which are a menace to life and limb as long as they are neglected. The owners were notified in each instance to make improvements, which, if made, will lessen the chance of serious accidents happening.

Portland Markets.

Wheat—Club, 69¢/70¢ per bushel; bluestem, 71¢/72¢; valley, 73¢; red, 65¢/66¢.
Oats—No. 1 white feed, \$26.50; gray, \$26.50 per ton.
Barley—Feed, \$22 per ton; brewing, \$22¢/23.50; rolled, \$23¢/23.50.
Rye—\$1.50/1.60 per cental.
Hay—Eastern Oregon timothy, \$14.50/15.50 per ton; valley timothy, \$11¢/12¢; clover, \$8¢/9¢; cheat, \$7.50/9¢; grain hay, \$8¢/9¢.
Fruits—Apples, \$1/1.50 per box; buckberries, 7¢ per pound; pears, \$1.25/1.50 per box; quinces, \$1 per box.
Vegetables—Beans, wax, 12¢ per pound; cabbage, 1¢/1¼¢ per pound; cauliflower, \$1.75/2.25 per crate; celery, 75¢ per dozen; cucumbers, 50¢/60¢ per dozen; pumpkins, ¼¢/1¢ per pound; tomatoes, \$1/1.25 per crate; sprouts, 7¢ per pound; squash, ¼¢/1¢ per pound; turnips, 90¢/1¢ per sack; carrots, 65¢/75¢ per sack; beets, 85¢/1¢ per sack.
Onions—Oregon yellow Danvers, \$1.25 per sack.
Potatoes—Fancy graded Burbanks, 65¢/75¢ per sack; ordinary, 55¢/60¢; Merced sweets, sacks, \$1.90; crates, \$2.15.
Butter—Fancy creamery, 25¢/27½¢ per pound.
Eggs—Oregon ranch, 35¢ per dozen.
Poultry—Average old hens, 10¢ per pound; young roosters, 9¢; springs, 10¢/10½¢; dressed chickens, 12¢/14¢; turkeys, live, 16¢; turkeys, dressed, 18¢/20¢; geese, live, 9¢; ducks, 14¢/15¢.
Hops—Oregon, 1905, choice, 10¢/11¢ per pound; olds, 5¢/7¢.
Wool—Eastern Oregon average best, 16¢/21¢ per pound; valley, 24¢/26¢; mohair, choice, 30¢.
Beef—Dressed bulls, 12¢/22¢ per pound; cows, 3¢/4¢; country steers, 4¢/4½¢.
Veal—Dressed, 3¢/7½¢ per pound.
Mutton—Dressed, fancy, 7¢/7½¢ per pound; ordinary, 4¢/5¢; lambs, 7½¢/8¢.
Pork—Dressed, 6¢/7¢ per pound.

Wallowa Bridged.

Elgin—Word has been received in this city that the temporary bridge across the Wallowa has been completed. In the near future the new steel structure will be under headway, to unite permanently Union and Wallowa counties. This will be built about 700 or 800 feet above the old site, as the O. R. & N. Co. gave \$1,500 for this change. The company's surveyed right of way interferes at the old site. The old bridge collapsed while cattle were being driven across last summer.

Ontario Values Advancing.

Ontario—David Wilson denies the truth of the report that he has sold his townsite property to J. P. Howard, of Sumpter, and he says further that he has no intention of disposing of the property at present. Howard had an option on the holdings, by which he was to pay \$30,000 for the property but the option has expired. Mr. Wilson's agents report that within the last month he has sold lots in the townsite to the value of \$13,000, and has contracts for \$18,000 in addition.

A Naval Remedy.

That the remedy is sometimes used in the house is again shown by a patient chronicled in the New York Times. A prominent politician has a wife who is a model of domestic carefulness. She has a talent for making bread, and the great pains in having her loaves turn out well.

More Converts Every Year

Every day, every year that comes, more and more wives are giving up their expensive priced Baking Powders and turning to K.C. the honest and reliable, which has stood so well the test of years. They are finding out that

K.C. BAKING POWDER

costs one-third the price of powder anywhere near K.C. quality, and makes better, purer, more healthful baking. 25 ounces for 25c.

Send postal for "Book of Presents." JAKES MFG. CO., Chicago, Ill.

It Was No Use. Dick—Come on and go down the street with me, Jack. Jack—All right, old man—wait till I finish this letter to my dad. Dick—Oh, if you're writing to him, don't come. I'm broke, too.—Cleveland Leader.

Christian Science. In the United States there are about 400 Christian Science churches, with about 100,000 adherents. According to Mrs. Eddy, its founder, the church is making tremendous strides in popularity, in which respect it resembles Pillsbury's Vitos, the popular cereal food.

Lincoln's Hay Crop. The stories that Kansas newspapers are now printing of the big corn crop recalls Lincoln's story of the big hay crop in southern Illinois. "What," inquired a visitor, "do you do with such a big crop of hay?" "We stack all we can on the ground," replied the veteran story teller, "and the rest we put in the barn."—Detroit News.

Stiff and Sore from head to foot? Can't work today, but tomorrow you can, as the Old Monk Cure.

Around the World

It has been said that the first man to go around the world was a Spaniard. The world-wide reputation of Tower's Waterproof Oiled Clothing is due to the positive worth of all garments bearing this sign of the Fish.

Dr. C. Gee Wo

Wonderful Home Treatment. This wonderful Chinese medicine is called "Gee Wo" because it cures people without operation. It is a natural remedy for all ailments.

St. Jacobs Oil

It softens and heals the muscles while you sleep. Price, 25c. and 50c.

Business-Collector

Portland, Oregon. Park and Washington, Portland, Oregon.

Webster's International Dictionary

The Best Christmas Gift. Useful, Reliable, Authoritative. No other gift will so often be a reminder of the giver.

Wise Bros. Dentists

Falling Blg., Third and Washington Sts. Open evenings 7:30 to 9:30. Sundays from 9 to 12. Or Main 220.
