RHEUMATISM CAN NOT BE RUBBED AWAY

When the joints are sore and swollen, and the muscles throbbing with the pain of rheumatism, relief must be had at once, and it is natural to rub the affected parts with liniments, oils, etc. This treatment does good in a way, by temporarily relieving the pain and reducing the inflammation, but has no effect on the disease itself, because rheumatism is more than skin deep; it is in the blood and cannot be rubbed away. Rheumatism is brought on by indigestion, weak kidneys, poor bowel action, stomach troubles and a general sluggish condition of the system. The refuse and waste matters, which should be carried off through the natural avenues of bodily waste, are left to sour and form uric acid and other irritating poisons which are absorbed by the blood, making it thin, weak and acid. Then instead of nourishing the different nerves, muscles, joints and tissues it fills them with poison to produce the aches, pains and other disagreeable symptoms of the disease. Rheumatism is usually worse in winter for the reason that cold and dampness are exciting causes. The nerves become excited and sting with pain, the muscles are sore and drawn, the joints swollen and stiff and the sufferer lives in intense agony; and if the disease is not checked it often leaves its victims helpless cripples for life. Rheumatism cannot be rubbed away but it can be driven from the blood by S. S. S. Being a perfect blood purifier this great remedy soon produces a complete change in the entire circulation; the thin, acid blood through the body nourishes and soothes the irritated nerves, eases the throbbing muscles, and dissolves and carries out of the system the irritating particles in the joints which are keeping up the pain and inflammation. S. S. S. cures Rheumatism permanently, and in addition tones up the digestion and stimulates the different members of the body to their full duty so there is no cause for another attack. Do not waste time trying to rub Rheumatism away, but get it out of the blood with S. S. S. so that the cold and dampness of winter will not keep you in continual pain and agony. Special book on Rheumatism and any medical advice will be given free.

THE SWIFT SPECIFIC CO., ATLANTA, GA

IN THE NATIONAL HALLS OF CONGRESS

Monday, Jan. 15.

Washington, Jan. 15. — Senator Bacon today succeeded in securing an open discussion of the Moroccan question by the senate. This result was accomplished by the introduction of a resolution making a declaration against interference on the part of the United States in any controversy among European nations concerning their internal affairs. The broad scope of the resolution relieved it from the point of order made on the Moroccan resolution, and notwithstanding that Bacon referred to the Moroccan conference, no effort was made to put him off. He spoke at length in opposition to the policy of interference in European internal complications, pointing out the possibility of disastrous consequences, and his address brought out a number of questions and interruptions to relieve the proceedings of the characterization of a set speech.

A number of senators made short speeches against the resolution and in the end it was referred to the committee on foreign relations, and the merchant marine bill was laid before the senate. Gallingier offered a number of amendments to the bill, which were agreed to. The amendments related principally to the naval militia proposed by the bill.

A bill introduced by Bacon, giving to homesteaders on the recently opened Uintah reservation an extension until May 15, 1906, to establish residences was passed.

At 3:44 p. m. the senate went into executive session, and adjourned at 4:02 p. m.

Washington, Jan. 15.—General debate on the Philippine tariff bill was concluded in the house today, having been continued daily since January 4. The bill will be taken up for amendment under the five minute rule tomorrow, and put on its passage either tomorrow or the next day.

Proceeding the debate today, the statehood fight made its appearance on the floor for the first time, in the form of a personal explanation by Babcock, of Wisconsin, credited with being the leader of the opponents of the joint statehood forces. Babcock denied that his course in opposition to the bill was dictated by any feeling of revenge because he had not been made chairman of the appropriation committee. He also took occasion to state his position in favor of tariff revision.

RANGE WAR IN WYOMING.

Raiders Murder Herders, Slaughter Sheep and Burn Camp.

Denver, Jan. 12. — An Evanston, Wyo., special to the Tribune says: Masked and mounted raiders, presumed to be cattlemen, last night attacked the camp of two Utah stockmasters near Burnt Fork, close to the Utah-Wyoming line, shot down A. N. Garante and Robert Allen, herders, slaughtered the sheep, and burned the camp wagons and outfit.

A camp mover who escaped the bullets of the raiders witnessed the battle from the brush. The raiders numbered about 20, and approached the camp at a gallop, firing a fusillade of shots into the wagons. The herders were killed at the first fire. It required less than half an hour to club the sheep to death and burn the outfit, when the raiders departed. Notices of warning to other stockmasters were left with the bodies of the dead herders.

Sheepmen are indignant, threaten to get even, and more trouble is anticipated. The range on which the outrage was committed has long been in dispute, and the sheepmen have been frequently ordered away.

BLAMES ALL ON MOROCCO.

German Delegate Says Minister Misunderstood French Minister.

Paris, Jan. 12.—With the approach of the Algerian convention on Moroccan reform, the newspapers devote greater space to discussion of the question. Public opinion everywhere is that the issue of the conference will be amicable has been practically decided. The Journal's Madrid correspondent sends an interview with the German ambassador at Madrid, Herr von Radowitz, who is also the principal German delegate to the convention. The ambassador, the correspondent says, has no doubt of the favorable issue of the conference. He believes the whole disagreement is due to the Moroccan minister's not understanding or misinterpreting the words of the French minister to Morocco, willfully or otherwise, and says if the latter's delegates try to prevent an agreement being reached by the powers, as it has been suggested they would do, they will find themselves in a most serious situation. But the ambassador is of the opinion that the Moroccan delegates fully appreciate this and will give no trouble.

Bill Offered Congress by Fruit Jobbers' Association.

Duluth, Minn., Jan. 12.—President Roosevelt, Attorney General Moody and members of congress and the Interstate Commerce commission will receive this week copies of a bill advocated by the Western Fruit Jobbers' association, of which E. M. Ferguson, of Duluth, is president, and which has for its primary purpose the elimination of private freight cars, the correction of refrigerating rates and bringing express companies under the interstate commerce acts and prohibiting the dealing in commodities handled by them.

The bill will be introduced in congress during the present session. It provides that roads must furnish all rolling stock required to handle interstate commerce under penalty of heavy fines. It outlaws "flexible" charges and gives the shipper an open avenue for relief against unreasonable rates.

TRAINWRECKERS WIPED OUT.

Deadly Vengeance on Rebels Who Tore Up Track.

Riga, Livonia, Jan. 12.—News has just reached this city of a daring attempt of the revolutionists to capture a military train conveying a large sum of money from St. Petersburg to Liban. A band of revolutionists having advance information gathered at Hatenburg, burned two bridges and tore up the track. Two companies of infantry, which were escorting the train, left the cars and were joined by a detachment of dragoons. This force marched against the revolutionists, who from behind improvised defenses, opened fire on the soldiers, which killed 65 and wounded nearly 100 of the revolutionists, charged with the bayonet, and the dragoons completed the rout by sabring all the revolutionists they overtook.

Pipe Line Across Isthmus.

Washington, Jan. 12.—Secretary Taft has recommended to the president that he sanction the issue of a revocable license to the Union Oil company, of California, to construct and maintain a pipe line across the canal zone. There were six applicants for such a right, but the company named is the only one which specified the price of oil if used by the government and whose offer was otherwise sufficiently definite and reasonable. It is, however, expressly provided that the license shall not be exclusive.

His Zeal Too Great.

Chicago, Jan. 12.—The Berlin correspondent of the Chicago Daily News says: Confidential information has been received by your correspondent that Russo-German relations have suffered a painful breach as a result of the discovery that the czar's military attaché in Berlin, Colonel Schebeko, for a long time has been engaged in spying operations in collusion with the military attaché of France, Colonel Schebeko was formerly connected with the Russian embassy in Washington, and doubtless is well remembered there.

How to Exercise the Bowels

Your Intestines are lined inside with millions of little suckers, that draw the Nutrition out of food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition.

This Poison makes a Gas that injures your system more than the food should have nourished it.

You see, the food is Nourishment or Poison, just according to how long it stays in transit.

They do not waste any precious fluid of the Bowels, as Cathartics do. They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine.

They simply stimulate the Bowel Muscles to do their work naturally, comfortably, and nutritiously.

And, the Exercise these Bowel Muscles are thus forced to take, makes them stronger for the future, just as Exercise makes your arm stronger.

They are purposely put up like candy, so you must eat them slowly and let them go down gradually with the saliva, which is in itself, a fine, natural Digestive.

They are a pure, natural Digestive.

They are put up purposely in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble.

Price 10c a box at all druggists.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "C.C.C."

IF FREE TO OUR FRIENDS! We want to send to our friends a beautiful French-designed, GOLD-PLATED BURNING BOWL, hard-enamelled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascares. Send 10-day, returning this paper. Address: Sterling Remedy Company, Chicago or New York.

MY CASCARET POCKET

MY WATCH POCKET

Cascarets are as safe to use constantly as they are pleasant to take.

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo.

It does not help the Cause of delay a trifle.

It does slacken the Bowel-Muscles more than ever, and thus weakens them for their next task.

Another remedy is to take a strong Cathartic, like Salts, Calomel, Jalap, Phosphate of Sodium, Aportment Water, or any of those mixed.

What does the Cathartic do?

It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

But, the Digestive Juice we waste in doing this today is needed for tomorrow's natural Digestion. We cannot afford to lose it.

That's why Cascarets are the only safe medicine for the bowels.
