# Pure Blood

Is certain if you take Hood's Sarsaparilla.

This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

This is proved by thousands of testimonials, 40,366 by actual count in the last two years—a record unprecedented in the history of medicine.

Be sure to get Hood's Sarsaparilla.

Liquid or tablets, 100 Doses One Dollar.

Mrs. Helen L. Thompson of Lewiston, Me., reports great benefit to her little girl from Hood's Sarsaparilla, which thoroughly purified her blood after an attack of that blood-poisoning disease, scarlet fever. It gave her strength and renewed health. Thousands of others tell of similar cures, also cures of scrofula, salt rheum, eczema, etc.

### Hello!

A young lady, desiring to communicate with a certain society beau, was told to call him up by telephone at his club at a certain hour. She rang up the exchange, gave the number and waited. Presently a voice said:

"Hello!"

"Hello," she called. "Is Mr. S. there?"

"Mr. who?"

"Mr. S."

"Mr. S.? No."

"Are you sure?"

"Yes, sure. We have no record of any one of that name being here."

"Please look and see if he isn't somewhere about."

"There's no use looking, ma'am. We have 'em all down in the book."

"Well, it is strange. I was told that he would be there at this hour."

"Say, look here, what number do you want?"

"Why, 20[illegible]."

"Oh, that's the —— City Club. This is the Morgue."—Lippincott's.

An eminent scientist has estimated that the average man's eyelids open and shut 4,000,000 times during the year.

It costs a motorcyclist $12.50 a year for licenses to drive in St. Louis and immediate vicinity in St. Louis county.

### Lincoln's First Election.

Lincoln's election to the legislature of Illinois in August, 1834, marks the end of the pioneer period of his life. He was done now with the wild carelessness of the woods, with the rough jollity of Clary's Grove, with odd jobbs for his daily bread—with all the details of frontier poverty. He continued for years to be a very poor man, harassed by debts he was constantly laboring to pay, and sometimes absolutely without money; but from this time on he met and worked with men of wider knowledge and better trained minds than those he had known in Gentryville and New Salem; while the simple social life of Vandalia, where he went to attend the sessions of the legislature, was more elegant than anything he had yet seen.—St Nicholas.

### Retribution.

"I have come, madam, to take your gas meter out."

"I am glad to hear it, for it's done nothing since it's been here but take us in."—Baltimore American.

### Mexico's Bathhouses.

Every town in Mexico has a public bath house. And still the Mexicans are not the cleanest people in the world.

# CATARRH ANNOYING—DANGEROUS

Catarrh is usually regarded as nothing more serious than a bad cold or slight inflammation of the inner skin and tissues of the head and throat, when it is, in fact, not only a vexatious and troublesome disease, but a complicated and dangerous one. It is true that Catarrh usually begins with a cold in the head, but when the poisons, which are thrown off through the secretions, find their way into the blood, it becomes a constitutional trouble that affects all parts of the body. It has more annoying and disgusting symptoms than any other disease. There is a sickening and offensive discharge from the nostrils, a constant buzzing noise in the ears, headaches and pains in the eyes are frequent, while filthy, tenacious matter drops back into the throat requiring continual hawking and spitting, and in certain stages of the disease the breath has an odor that is very offensive. Catarrh is worse in Winter, because the cold weather closes the pores and glands, and the poisons and unhealthy vapors which should pass off that way are thrown back on the tender linings and tissues, causing the inflammation which starts the unhealthy secretions to be absorbed by the blood. When the blood becomes diseased with this catarrhal matter all kinds of complications may be looked for. As the blood circulates through the body the foul matter finds its way into the stomach, ruining the digestion and producing chronic Dyspepsia, or Catarrh of the stomach. It also affects the Kidneys, Bladder and other members of the body, while the general health is weakened, appetite lost and the patient feels despondent and half sick all the time. But worst of all, if the trouble is not checked the lungs become diseased from the constant passage of poisoned blood through them, and Catarrh terminates in Consumption, the most fatal of all diseases. You cannot get rid of Catarrh by treating it with sprays, washes, inhalations, etc., because they only reach the membranes and tissues, while the real cause of the trouble is in the blood. These relieve the annoying symptoms for a time, but the poison is all the while getting a stronger hold on the system and when they are left off will manifest itself in worse form than before. S. S. S. is the greatest of all blood purifiers, and when it has cleansed the blood, this pure, rich stream circulates through the body, carrying healthful properties to the diseased parts. Then the inflamed membranes and tissues begin to heal, the discharges cease, the general condition of the system is strengthened, every one of the annoying and disgusting symptoms pass away, and the patient is left in perfect health. S. S. S. is the best remedy for Catarrh. It goes right into the blood and removes all effete matter and catarrhal poison and cures the disease permanently, and at the same time builds up the entire system by its fine tonic effect. S. S. S. is a purely vegetable remedy—non-injurious to the system and a certain, reliable cure for Catarrh. Catarrh sufferers will find our free consulting department helpful in advising local treatment to be used with S. S. S.

**Several years ago my blood was bad and I had in addition a dreadful case of Catarrh. My nose was stopped up, I had headaches, ringing noises in my ears and felt unfit for work. I commenced the use of S. S. S. on the recommendation of a friend, and in a short time it cured me sound and well. It put my blood in good condition and I have never had the slightest return of the Catarrh since that time.**

# How to Fool a Lazy Liver with Artificial Exercise

EVERY serious Sickness has a small beginning.

And, in nine cases out of ten that small beginning is made in the Bowels.

Indigestion is the beginning of most diseases.

It paves the way for all others.

Lack of exercise, hasty eating, improper food, are its first causes.

Laziness, and postponement, permits it to grow into Chronic Constipation, which means life-long Discomfort.

It isn't necessary to be sick-a-bed, you know, in order to be mighty uncomfortable.

Even slight Indigestion affects the nerves, dulls the mind, and obscures the merry sunshine of Life.

And, Indigestion once started, grows fast, corrodes temperament, and discounts happiness, good cheer, capacity.

It does that long before it puts you on the Sick list.

Every thinking Doctor knows why.

• • •

Professor Rand knew it.

That's why he framed up for students his famous formula for Happiness, viz.: "Trust in God, and keep your Bowels open."

The Bowels need adjustment from time to time, just like a clock, or a watch.

No "Good time" is humanly possible without this.

And, the time to adjust the watch is not when it has run down, nor when the main spring is broken, but at the very minute adjustment is discovered necessary.

The time to adjust the Bowels is not merely when your Head Aches, when your Liver is Sick, your Stomach in Revolt, and Nature's Food Process retarded for 24 hours or longer.

The proper time to adjust them is the very minute you suspect they need adjustment.

—If your tongue is slightly coated,

—If your breath is under suspicion,

—If your Head feels a trifle heavy or dull,

—If digestion seems even a little slow,

—If Heartburn, Belching, Colic or Restlessness begin to show themselves,

—That's the time to eat a Cascaret.

• • •

Don't imagine the Cascaret is ineffective because it is pleasant to eat as Candy.

It acts as pleasantly as it tastes. It is as congenial to your Bowels as it is to your Palate.

It is not a "Bile-driver" which floods out your stomach today with fluid juices needed for tomorrow.

But, it acts like Exercise, instead.

It stimulates the muscular lining of the Bowels and Intestines, so that they mechanically digest food and drive out the waste.

• • •

The time to use a Cascaret is when you first suspect you need one.

The only way to have them ready to use precisely when you need them is to carry them constantly in your pocket, as you do a Watch or a Lead pencil.

The ten cent box of Cascarets is made thin, flat, round-edged, and small, for this precise purpose.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

• • •

**FREE TO OUR FRIENDS!**

We want to send to our friends a beautiful French-designed, GOLD-PLATED BONBON BOX, hard-enameled in colors. It is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded. 716

Send to-day, mentioning this paper. Address Sterling Remedy Company, Chicago or New York.

# IN THE NATIONAL HALLS OF CONGRESS

### Monday, March 12.

Washington, March 12.—There was a sharp division of opinion in the senate today over the question whether the Tillman-Gillespie resolution instructing the Interstate Commerce commission to inquire into the railroad holdings of coal and oil lands justified the president's message regarding it. Tillman complained that the president had charged congress with insincerity, pretense and ignorance. Lodge and Spooner took the position that the charge of ignorance was warranted.

The debate was interrupted at 2 o'clock, when Culberson was recognized to speak on the railroad rate bill. He read a section of his bill to create emergency powers for the Interstate Commerce commission, which he will offer as a substitute for the pending measure.

Foraker took issue with Culberson when he declared congress itself had construed the commerce clause of the constitution as giving it power to fix rates, by granting a Federal charter to the Union Pacific railway. In that act it reserved this power, and it acted under the commerce clause in that legislation. This Foraker contended should not be so held.

Washington, Marh 12.—Carrying out the recommendation of the commission that investigated the wreck of the Valencia, Senator Piles and Representative Humphrey today introduced a bill authorizing the construction of an ocean-going tug for use on the North Pacific coast from the entrance of Puget sound southward along the coast of Oregon. This tug is to be designed primarily for use in times of emergency, such as shipwreck, and intended to be otherwise useful in caring for life and property along the north coast.

No specific appropriation is made by the bill, the size of the appropriation to be determined by a committee, but it is stipulated that the vessel shall be built under the direction of the secretary of the treasury, and shall be controlled by the revenue cutter service. Her crew shall include skilled men detailed from the life-saving service.

Senator Piles also introduced a bill authorizing the establishment of three life-saving stations on the Washington coast between Gray's Harbor and Cape Flatery.

### Friday, March 9.

Washington, March 9.—A resolution and a bill designed to cure the defects President Roosevelt pointed out in the Tillman-Gillespie resolution for the investigation by the Interstate Commerce commission of railroad discrimination and monopolies were introduced today in the house. The resolution was introduced by Representative Townsend, of Michigan, and the bill by Representative Gillespie, of Texas. Townsend's resolution provides an appropriation of $50,000 to carry on the investigation, and the Gillespie bill makes an appropriation of $100,000 for the same purpose.

Washington, March 9. — Today at 5:45 p. m. the senate passed a bill for the admission of a new state to be called Oklahoma and to be composed of the Territory of Oklahoma and Indian Territory. It was the house joint statehood bill with all the provisions relating to Arizona and New Mexico stricken out. The motion to strike out was made by Burrows, and it was carried by the close vote of 37 to 35, after having been lost by the still closer vote of 35 to 36.

Immediately after the disposal of the statehood bill the house railroad rate bill was made the unfinished business, but, as the senate adjourned over Saturday and Sunday, the actual formal consideration of the measure will not begin until Monday.

### Thursday, March 8.

Washington, March 8. — Today afforded the last opportunity for general debate on the statehood bill, and the session was devoted to that order of business. Starting with a speech by McCumber, which began a few minutes after 11 o'clock, there was no cessation in the speaking until adjournment. The whole time was occupied by three senators, Beveridge, McCumber and Patterson, the former supporting and the latter two opposing it. Beveridge contended, that, while Arizona and New Mexico were unprepared for separate statehood, it was unjust to keep them out of the Union as one state. He took the ground against the Foraker amendment, which allows each territory to vote separately on the question of jointure. McCumber opposed even the joining of Oklahoma and Indian Territory, and Patterson held that Arizona and New Mexico should be admitted as separate states.

The senate will begin voting on the amendments to the bill at 4 p. m. tomorrow, and the final vote will be taken before adjournment for the day. Beveridge will have the hour between 11 and 12 o'clock in which to conclude his speech.

Washington, March 8. — The house today passed the Indian appropriation bill and then proceeded to tangle itself up over the bill to abolish the grade of lieutenant general in the army. The result was an adjournment for lack of a quorum after members had been locked in the hall for half an hour and the sergeant-at-arms had been scurrying to the various hotels in search of members. The vote to consider the bill showed an overwhelming sentiment in its favor, and, as it is the pending business under call of committee, it will probably be reached and passed in due course.

### Wednesday, March 7.

Washington, March 7. — President Roosevelt today sent a message to congress announcing his signature to the joint resolution recently passed instructing the Interstate Commerce commission to make examination into the subject of railroad discriminations and monopolies in coal and oil. He says frankly that he has signed it with hesitation, because it may achieve little or nothing.

Washington, March 7.—With six set speeches and permission to print two others in the Record, none of which were on the same subject, the house today closed general debate on the Indian appropriation bill, and tomorrow will take that measure up for amendment.

Before the house took up the Indian bill, Capron (Rep., R. I.) secured the passage of a joint resolution permitting the sale of government coal at Fort Davis, Alaska, to the citizens of Nome. The situation in Alaska prompting the legislation was indicated by Secretary Taft recently that there is an absolute coal famine in Nome. The cold weather closed navigation before the coal ships arrived, and the government's supply at Fort Davis is the only available supply.

Washington, March 7. — The issues involved in the controversy over the pending railroad rate bill were squarely presented to the senate today in the speech of Clapp, one of the Republicans supporting the measure without amendment, and by resultant remarks from Bailey and Tillman, who are supposed to represent the views of the Democrats.

Aldrich, Foraker, Crane and other Republicans, who are seeking to amend the bill so as to provide for judicial review of orders of the Interstate Commerce commission, took the position that the discussion of the situation demonstrated that the friends of the measure are divided and that the bill should not be accepted in its present form.

### Tuesday, March 6.

Washington, March 6.— The house began its session today by passing without discussion or opposition a bill for the rlief of tobacco growers by permitting them to sell leaf tobacco without paying the tax of 6 cents a pound heretofore charged. The rest of the day was devoted to tariff discussion, the Indian appropriation bill being the vehicle to carry the debate.

Washington, March 6.—The question of the enlargement of the medical department of the army occupied the major portion of the time of the senate today. The question arose in connection with the consideration of a bill for the displacement of contract surgons by physicians who shall be given the rank of army officers in the reorganization of the medical corps. Hale criticized the bill as an entering wedge for an increase of the army, and as a part of a general plan of the general staff, which he charged with a purpose to increase the army's importance, In his remarks the senaotr said the general staff was disposed to encourage an invasion of China. Carter and Gallinger spoke in somewhat the same vein of objection, while the bill was defended by Warren, Blackburn and other senators. The bill was not disposed of.

### Water Rights for Irrigated Towns.

Washington, March 7.—The house committee on irrigation today favorably reported the senate bill authorizing the withdrawal of 160-acre tracts under government irrigation projects for townsite purposes and authorizing the granting of such water rights to such towns, which shall be paid for by the towns, the money to go into the reclamation fund; also authorizing the secretary of the Interior to lease water power under all government projects where water can be so utilized without interfering with irrigation.

### Hermann as a Plagiarist.

Washington, March 7.— Representative Hermann, probably in a fit of absentmindedness, today introduced another joint resolution proposing an amenmdent to the constitution providing for the election of United States senators by direct vote of the people. This is the second time this session he has introduced this resolution, and in each instance he offered resolutions that had previously been introduced by other members, running his pen through the name of the original author and writing his own.

### Justice to Seized Sealers.

Washington, March 78.— The senate today passed senator Fulton's bill permitting owners of American sealing vessels seized in Behring sea by American revenue cutters to bring suit to recover on losses sustained. This bill, if passed by the house, will put American sealers on the same basis as foreigners who suffered from like seizures or as American sailors whose ships were seized by the Russian government.

### Report on Employers' Liability Bill.

Washington, March 12.—The house committee on judiciary decided today to make a favorable report on the Bates Employers' Liability bill, in amended form. Representative Sterling, of Illinois, will draw the report. Under the bill a railroad is made liable to an employe, his wife, children or dependent relatives, "for all damages which may result from the negligence of any of its officers, agents or employes or by reason of any defect or insufficiency due to its negligence in its cars, engines, appliances, track, roadbed or works."

### Railroad Bill Now Up.

Washington, March 12. — The railroad rate fight is now on in earnest on the floor of the senate. There is no other important legislation now pending that can reasonably be interposed to command prior consideration. The statehood bill, the Philippine bill, the Panama bill and the Santo Domingo treaty are all out of the way for the time being, at leiast, and there is nothing to prevent continuous consideration of the rate bill, at least until the Smoot case is reported from the committee on privileges and elections.

### Allot Colville Reserve.

Washington, March 12.—There is every reason to believe that congress will pass the bill now pending before both houses authorizing the opening to settlemnt of the unallotted lands of the south half of the Colville Indian reservation. A bill for this purpose was pressed in the last congress, but was handicapped by a provision that the Colvilles should be paid $1,500,000 for land which they had previously relinquished in the north half.

### Sound Familiar.

("If the sentiments contained in our popular songs were more loftily and poetically expressed, they would lose nothing of their effect." Take this home and try it on your piano.)

Toil; wearing toil, is the unhappy lot
Of all our humble family save one—
The hoary-headed man who calls me son,
My honored sire, he only labors not.
From dawn to dusk, in his accustomed spot,
Where glows the log the ruddy hearth upon,
Rests he, in silence ever, moved of none,
And burns tobacco noisomely, God wot!

Natheless the others idle not at all,
For o'er a steaming caldron, lo! there bends
The form of mother, moiling all the day;
And sister, too—sweet Ann, so fair and tall!—
To the same task her young assistance lends,
While only pater whiles his time away!
—Cleveland Leader.

A GUARANTEED CURE FOR PILES.
Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

### An Indefinite Term.

"What do you understand by a 'society climber'?"

"It used to mean a person who tried to break into society."

"Used to mean?"

"Yes. Now it may mean a porch-climber in search of society news."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY & CO., Toledo, O
Sold by Druggists, 75c.
Hall's Family Pills are the best.

### Not Likely to Escape.

Henry Vignaud, secretary of the American Embassy at Paris, enjoys telling of an American who was being shown the tomb of Napoleon. As the loquacious guide referred to the various points of interest in connection with the tomb, the American evinced the greatest interest in all that was said.

"This immense sarcophagus," declaimed the guide, "weighs forty tons. Inside of that, sir, is a steel receptacle weighing twelve tons, and inside of that is a leaden casket, hermetically sealed, weighing over two tons. Inside of that rests a mahogany coffin containing the remains of the great man."

For a moment the American was silent, as if in deep meditation. Then he said:

"It seems to me that you've got him all right. If he ever gets out, cable me at my expense."—Success Magazine.

FITS Permanently Cured. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer. Send for Free $2 trial bottle and treatise. Dr. R. H. Kline, Ltd., 931 Arch St., Philadelphia, Pa.

### A Brisk Trade in Sermons.

The wife of a Philadelphia clergyman recently sold a box of waste paper to a ragman, says Success Magazine. In the box were a lot of manuscript sermons of her husband's. A month or so thereafter, the ragman again came around, and asked if the lady had any more sermons to sell.

"I have some waste paper," said she, "but why should you particularly want sermons?"

"Well, mum, you see I did so well with them that I got here a month ago. I got sick up in Altoona, and a preacher there boarded me and my horse for a couple of weeks for that box of sermons, because I hadn't any money. Since then he's got a great reputation in those parts as a preacher. I'll give ten cents a pound for all you have."

CASTORIA
