e MIST dislikes to kick against any- g in the nature of a public improve- t, but it must say that the poles put pposite the school grounds and the E. church by the new telephone line, ugly enough to be considered nuis- s and should be promptly removed. additional expense of three new poles ld not be very great.

LL FROM A TRESTLE—Perry Austin, ball player and chicken raiser, fell m the trestle of the Chapman Logging pany, near Scappoose, on Tuesday , breaking his arm and receiving other re injuries. He was brought to St. ens for treatment by Dr. Ross.

OOK OUT FOR FORGERIES—Within just two weeks two checks have been sented at the Columbia County Bank, e of which was certainly a forgery, and other probably one. The first bore signature of Sherman Brothers, and s presented by Girty & Roby, of Hoult- , who cashed it as a matter of accom- dation. The other was presented by ephen Lampa, of Yankton, who was o a sufferer as a result of his good na- re. Of course the bank was made hole by the indorsers.

NEW DIRECTORS—At a meeting of the gal voters of this school district, held the school house on Friday evening st, Mr. E. E. Quick was elected a di- ctor to fill the vacancy caused by the fusal of Mr. Wm. Ross to qualify, and r. Edwin Ross was elected to fill the cancy caused by the resignation of Mr. A. Miles. Mr. Martin White is chair- an of the board and it looks as if it ould be a harmonious and effective or- anization.

A FAMILY PHOTO—Mrs. Jacob George, rs. D. J. Switzer, Mrs. R. Cox, Charles, obert and Washington Muckle, were assengers on the Iralda for Portland ast Monday morning, where they were et by James and Wm. Muckle, a group f eight brothers and sisters of a well known family, and together they pro- ceeded to a photographers for the pur- ose of having their photograph taken. Mr. Robert Muckle is a resident of Ten- nessee, and it was feared that unless they took advantage of his visit here, the brothers and sisters might never have an- other opportunity to be photographed together.

GOV. CHAMBERLAIN WILL BE HERE—The editor of the MIST is in receipt of a letter from Governor Chamberlain, con- senting to be present and deliver an ad- dress at the celebration of the laying of the cornerstone of the new court house on Saturday, August 11th. Governor Chamberlain has demonstrated that he is easily the most popular individual in the State and the fact that he is our Chief Executive will reflect honor upon what will be the most important event in the history of Columbia County. Other dis- tinguished citizens of the State have been invited and there is no doubt many of them will accept.

Mr. Edwin J. Peters, of Ohio, was a visitor to St. Helens on Monday last. Mr. Peters is looking for a farm to buy and has several brothers back in the Buckeye State who will locate here on his recommendation.

Burglary, Holdup, and Fire Insurance to cover all deposites, is carried by us. Columbia County Bank.

BIG BUSINESS—As an illustration of the work that is crowding the county clerk's office nowadays we were shown two instruments, one of 115 folios, one of 79 folios, and one of 75 folios. These were railway mortgages. Just then the mail came in and among other docu- ments for record were a bunch of nine instruments pertaining to one transac- tion. As all fees from the clerk's office are turned into the county treasury it will be seen that the clerk's office, in- stead of being a burden to the county, is a source of revenue, netting something like $2,000 for the last fiscal year, in ad- dition to doing the county's work for nothing.

The old building being torn down by Brinn Brothers in preparation for putting up a new one, was built by Supreme Judge P. A. Moore in the early days of his career in Oregon. Judge Moore was one of the men who worked at whatever he could find to do, and was in turn car- penter, mill hand and school teacher.

Friday's Telegram gave the details of a transaction whereby Muckle Bros. were supposed to have sold 4,000 acres of tim- ber land in this county for the sum of $400,000. No such transfer has occurred, but it is understood that a deal is in pro- gress and that the parties contemplating buying think more of the land for the mineral it contains than for the timber on its surface. Muckle Bros. have, how- ever, sold 900 acres of land in the north end of the county.

Mr. Frank Perry, of Mollala, Clacka- mas County, a subscriber to the MIST for the past twenty-five years, paid us a pleasant call last Tuesday evening on his way for a short visit to his mother at the old home place.

Mrs. Winnie Bailey and son Ray, of Houlton, were Portland visitors by the Iralda last Wednesday.

Mr. Wash Muckle is soon to open up a logging camp somewhere out Yankton way.

Kelley Bros. are fixing over their sa- loon building and will soon open up a billiard hall, with soft drinks, cigars, etc.

The town is not as yet depopulated on account of the drought.

ACCIDENT AT TENINO—Contractor Erixon took a trip to Tenino recently to investigate the cause of delay in the de- livery of stone for the new court house. The ticket agent told him that the train stopped at the quarries, but the conductor, who seemed to know all about it, in- formed him that the agent was mistaken, so he had to go a goodly distance with a team. Arrived at the quarry he found that the delay was caused by an accident. A large amount of the stone was ready for shipment, when a giant crane, carry- ing an immense load, broke when swing- ing over it and the mass of rock fell upon that which had been unloaded, smashing the pile. Barring further accidents, how- ever, no delay will be caused in the con- struction of the building.

I have money to loan on approved real estate ecurity.

Mr. James Dart has been summoned as a juror in the trial of the land fraud cases at Portland, but will probably be excused on account of his advanced age, and the fact that he is not in the best of health.

Miss Dixie Spinner and Cassie Cole, of Portland, are visiting at the residence of Mr. S. A. Miles, of this place.

POMONA—Columbia County Pomona Grange meets at Vernonia, Aug. 4th. There will be present State Master Austin T. Buxton, also F. M. Gill, of Clackamas County, deputy, who will begin an in- spection and lecture tour of all the granges of Columbia County. Plans will be made there for visiting each grange, so all granges should be represented. R. N. Lovelace, Deputy.

Syrup of White Pine and Tar, the old reliable cough remedy. For sale by A. J. Deming, druggist.

ACCIDENT AT SCAPPOOSE—Wm. Schultz, while at work on the Hegele dairy farm, at Scappoose, on Wednesday last, was struck by a hay fork that fell a distance of about twenty feet from a loft. Luckily the fork struck flat, as otherwise it would have killed him. As it was his collar bone was broken and his shoulder dislo- cated and fearfully mangled. Dr. Cliff, in going to attend him, had a breakdown of his rig and a very unpleasant time reaching his patient.

M. C. Gray's new house has got a coat of paint on it now and looks fine.

A Ketchikan paper, received from Col- lector Beegle, gives the news of a big fire at that place on July 4th, Mr. Beegle losing a building in the blaze. Accord- ing to the paper he will at once rebuild.

Mrs. I. H. Copeland and daughter Esther, of Houlton, were Portland vis- itors last Thursday.

Mrs. Martin White, of this place, was a passenger on the Iralda for Portland last Thursday morning.

W. H. Powell and wife returned Wed- nesday from the Nehalem.

TWENTY YEARS BATTLE.

RAINIER

(FROM THE REGISTER)

The figures for the past six months of the lumber output of this community show that Rainier is fast becoming a lum- ber center. Over 800 carloads of lumber have gone from here since January 1st. Added to this is the water shipments, which have amounted to more than 7,- 000,000 feet. This output means that this lumber has been exchanged for over $240,000. This does not represent the amount cut by the mills, for there is a shortage of cars and ocean vessels, and it is estimated that there is between four and five million feet cut and awaiting cars and ships. We were informed today that the Rainier Mill and Lumber Co. alone have over 2,000,000 feet cut and are waiting for ships for the same. The next six months will witness a far greater output, as all of the mills are cutting more than they did at the beginning of the year. The output of the Oregon- Kansas lumber mill, and several others that did not figure in the output of the past six months, will be running to the limit the next six months. We were unable to get the figures of the logging industry in time for this issue, but it will appear later, as will also the output of our factories. Thus it can be seen that Rainier, situated on the banks of the Columbia river, with over two miles of deep water frontage, deep enough for all ocean going vessels, and filled and sur- rounded by good mills and factories, is destined to become a large city at no distant day. A wide awake commercial club would have an opportunity to do great things for Rainier.

Mrs. Shatto, of University Park, is visiting her daughter, Mrs. Forbes Hedges.

Miss Lowell Shatto, of University Park, is here visiting her sister, Mrs. Forbes Hedges.

Miss Marie Meier, of Clatskanie, was in Rainier Friday visiting her school- mate, F. R. Cardiff.

Miss Pearl Greer, who has been visit- ing for the past week with her friend, Miss Christine Wilson, returned to her home at Hillsboro Friday.

L. S. Thomas, of Portland, a stock- holder in the Rainier Mineral Soap Co., was in town Monday on business con- nected with the company.

Miss Faith VanAuker is entertaining about one dozen of her friends today in honor of her 12th birthday. That they are having a big time goes without say- ing.

A. B. Cratty received word Monday that his mother would start from Denver on Sunday for Rainier, to pay him a visit. Mr. Cratty is much joyed over the news.

C. C. Wilson, the hustling road builder of this vicinity, is busy circulating a sub- scription paper for the rebuilding of the span of road from the top of the hill be- yond the Mike Kittering place to the bridge in town. The citizens are re- sponding in their customary generous way. We hope there will be no delay in securing a sufficient sum to rebuild this important piece of road.

The excavating for both the Dibblee and Stenneck buildings is about finished and the walls will soon commence to rise.

Mr. Cratty, of the Magoon Electric Light Co., has completed the wiring of the new hotel. Mr. Elliott is the pro- prietor of this hotel.

Joseph Allen, a brother of Mrs. Land Rutherford, a student of the Walla Walla school, is here to spend his vacation. He will be employed at the Oregon-Kansas mill while here.

Mrs. M. Sheerin and three daughters were passengers on the steamer Hassalo on Monday, en route to Wind River Springs, Wash., where they will spend about three weeks camping.

The milch cows of town seem to have a new and strange disease. It is called losing her bell. About every cow in town has lost her bell in the past ten days! The owners are anxious to learn who is spreading this new disease.

Mrs. J. M. Brown came down from Portland on Saturday and packed up their household effects. She has returned to Portland, where they will reside in fu- ture at 1000 E. Washington street. We regret to see them leave here as they are both splendid citizens.

A TRAGIC FINISH.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unno- ticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure at Perry & Graham's. 50c and $1. Trial bottle free.

VERNONIA ITEMS.

Mrs. Redmond went out to Houlton Monday, returning Tuesday. She met while there her two grand daughters, Huzel and Vivein Bonnick, whom she had not seen since last spring, when they went to St. Paul to school. They were at Houlton with their father on a short vacation.

Our new mail carrier, D. T. Early, had a runaway last week, breaking a shaft of his cart, but otherwise doing no damage, except to disappoint an intended pas- senger who expected to ride with him from Pittsburg to Houlton.

E. R. Throop sold his team, the gray and the black, he has been driving the past six months, together with the har- ness and wagon for $425 to Clatskanie parties. He then went down the river and bought another team, a span of large blacks, for the same money and thinks he made a good trade, which he did.

R. Sesseman planned and expected quite a surprise on his "better half." Mrs. Sesseman had been out to Forest Grove the past two weeks visiting her children, Jack Sesseman and Mrs. Julia McNutt, returning Saturday last. She found an addition to her house, includ- ing a new kitchen and dining room and a new bedroom, all finished up in good style and all furnished, carpets down, bed in place, kitchen stove up, pots and kettles in place, a new kitchen table and supper ready. Of course she was happy.

Died—At the Good Samaritan Hospital, Portland, July 8th, 1906, Wm. M. Mellin- ger, a former resident of the Nehalem Valley. He was born in Ohio and was 69 years old. In early life he went to Indi- ana, where he married Sarah Beeghley. About thirty years ago they came west, locating on the farm now owned by Chas. Bergerson. Mrs. Mellinger died several years ago. The following children sur- vive: Mrs. Elizabeth Fowler and Mrs. Laura Doan of Forest Grove; Charles W., Uriah S., Winfield E. Perry O. and G. Cleve of Vernonia, William J. of Houlton; and Mrs. Eva May Allen, living in Al- berta, Canada. The body was brought to Vernonia via. Forest Grove, and interred on July 11th, 1906, in the cemetery on the farm where he had lived many years, the funeral ceremonies being conducted by Rev. A. E. Myers. All the children were here at the burial except Mrs. Fowler who was in Washington visiting a daugh- ter, and Mrs. Allen, whose home was too far away to get her word in time. Thus has gone from the Nehalem another of our pioneers.
