Fourteen men from Seattle are shooting ducks a few miles above here on Sauvie Island. They have built them a house that is said to have cost in the neighborhood of \$1000, pay \$200 rent, hire two watchmen, and have to come all the way from Seattle to shoot. Would it be too bad if they should make the reputation of the "No Duck Club" look like thirty cents?

American and Sincidental cigars, the leaders in high grade goods. Decker's, St. Helens.

A youngster walked into this office the other day, walked up to the gasoline engine, saw the steam coming out of the water tank and said: "Oh, that thing's the smoke stack, ain't it?" Then he wanted to know where the boiler was. Asked if we were troubled much by type lice and could they bite? Next he watched the job press being fed, saw a sheet get on the rollers and remarked, "Oh, you got her all tangled up, didn't you?"

The funeral of Samuel Boggs was held at Houlton last Sunday afternoon, under the auspices of Houlton Lodge No. 180, I. O. O. F. Boggs was a brakeman on a logging train at Oak Point, and the train ran over him, cutting one of his arms off and badly mangling him. He died on the steamer Hassalo at 2:30 Saturday, while on his way to Portland. The body was taken on to Portland and prepared for burial at the undertaker's in that city, and brought back to Houlton by a committee of Odd Fellows on the afternoon train Sunday. The burial was in the I. O. O. F. cemetery at Warren.

The work of surveying the new logging railroad is being pushed rapidly. It is thought that it will come out somewhere near here, probably above town. Mr. Masten has said that he intends to reside here as soon as he begins business at this place. Now that the logging road is to be put in here, all we want is a mill, and the prospects for that seem very bright. If this old town should wake up—and it will, sooner or later—it would wake up to such an extent that its old friends wouldn't recognize it.

After receiving congratulations Mr. and Mrs. Phipps left on the evening train for Portland. They will reside at Rainier.

One man was painfully injured and another fatally in an accident that occurred in the Columbia City logging camp last Tuesday. It seems that one of the company's engines was standing on the track near the mess house, and the other engine was coming down from the woods, bringing one car and the crew of about sixty men. For some reason the engine was unable to control the engine bearing the crew and it ran away. Most of the men jumped from the car while going through a small cut, among them Ralph Rogers, a resident of this county. Mr. Rogers missed his footing and fell back down the bank, upon which he tried to jump. One of his arms went under the wheels and was severed just below the shoulder, besides which he suffered severe bruises on his head. Albert Russell suffered a painful gash in the leg. Rogers was taken to the hospital in Portland, but news was received here of his death Wednesday.

The case of Blanchard vs. Dibblee will be argued in the circuit court Saturday, and a prompt decision rendered. It is probable, whoever wins, that the case will be taken to the supreme court, in order that it may be thoroughly tried and forever settled. While only two contestants are involved the case concerns all who purchased in the old Fox town site, Rainier, and the result will be awaited with interest.

RAINIER.

Leo Sielert, better known as Leo Symons, was instantly killed last Monday at 2 p. m., by being thrown from a swing in which he was swinging on a lot near the school playgrounds, just on the bank of a bluff. The swing broke and Leo fell a distance of 20 feet, striking his head on a stringer for Rocky's road. Leo was raised by Justice Symons and wife as their son, having been given into their charge by his mother, who is a resident of Portland, when he was about two years old. He was a bright and industrious pupil and well liked by his teachers and schoolmates. The funeral service was held at the Odd Fellows Hall in this city last Wednesday.

Ellis & Lee, of this city, are making all arrangements for the construction of a new dock in the rear of their property on Water street. They are having the piling cut and the lumber has been purchased, and building operations will be commenced as soon as possible, as the dock is to be finished by the first day of January, 1907. It will be 150 feet on the water front and extend back sixty feet. One great benefit in connection with this new enterprise is that the dock will have about twenty-two feet of water at the lowest tide.

Henry Wilson, of the firm of Wilson Bros., of Oakland, Cal., has been in our city for several days, purchasing a cargo of lumber for the steamship Svea. She will be in port one week from yesterday and will take about 800,000 for the firm's yard at Oakland. He is also buying cargoes for the schooners Henry Wilson and A. B. Johnson, which are under the control of this firm. Mr. Wilson also expects to do business in Rainier during the winter.

The Independent Telephone Co. of this city is preparing a telephone directory, containing the names of all subscribers to their phones. Mrs. Myers and children, who had been in Portland visiting the home folks for a week, returned Thursday last.

The school literary society was reorganized last Friday by the election of Irene Duggins, Pres.; Lillie Duggins, Vice Pres.; Margaret Bynon, Sec.

Miss Grace Brown went to St. Helens Tuesday to attend the teacher's institute, which is in session there this week. Mrs. Hatfield intended to go, but at the last could find no way out, so had to remain at home; but as the law provides that all schools shall close during county institutes, she and her pupils were compelled to have a vacation those three days.

The railroad meeting last Saturday was not largely attended, but there was a great deal of enthusiasm and quite a hopeful spirit among those who did attend. The sub-committee submitted a report that it had secured bonds for deeds for most of the right-of-way and made definite, and as it thinks, just offers, for the balance. The report was accepted and the general committee instructed to turn over the bonds secured and the contract to the railroad company at once. R. Sessman went out Monday as the representative of the committee, to carry out the wishes of the subscribers. While there is still some work for the railroad committee to do, this practically completes our part in securing a railroad for the Nehalem.

The second of the chorus of wedding bells due among our Nehalem young people, rang out at the residence of John Smith, up the river six miles Wednesday, Oct. 24th, in the marriage of his daughter, Rosa, to Chas. J. Heinman, of Portland. Rev. A. E. Myers said the words which made the twain one. Only a few friends and neighbors had been invited. Dinner was served immediately at the marriage ceremony. The young couple will make their future home in Portland. Next?

There will be a special school meeting at the school house next Saturday at 1 p. m. The object as stated in the notices, is to elect a clerk to fill the vacancy caused by C. A. Maunstein's removal from the district, and to vote on the question as to whether pupils from outside districts shall be admitted, and if so, to vote to levy a tax to purchase seats to accommodate them. As the matter now stands the district has twenty seats; there are just twenty pupils to fill them, and there are some ten or twelve applicants for admittance from outside districts. As the question is of considerable importance to the patrons of the school, and especially to the taxpayers, the meeting should be well attended.
