

Hood's Sarsaparilla

Has surpassed all other medicines in merit, cures, and cures.

Its success, great as it has been, has apparently only just begun.

It has received by actual count more than 60,000 testimonials in two years.

It purifies the blood, cures all blood diseases, all humors and all eruptions.

It strengthens the stomach, creates an appetite and builds up the whole system.

It cures that tired feeling and makes the weak strong.

In usual liquid form or in chocolate tablets known as Sarsaparilla, 100 doses \$1.

A MISSOURI WOMAN.

Tells a Story of Awful Suffering and Wonderful Relief.

Mrs. J. B. Johnson, of 603 West Hickman St., Columbia, Mo., says:

"Following an operation two years ago, dropsy set in, and my left side was so swollen the doctor said he would have to tap out the water. There was constant pain and a gurgling sensation around my heart, and I could not raise my arm above my head. The kidney action was disordered and passages of the secretions too frequent. On the advice of my husband I began using Doan's Kidney Pills. Since using two boxes my trouble has not reappeared. This is wonderful, after suffering two years."

The Road to Wealth.

Not long since a dusty, tired-looking man presented himself at the desk of a hotel, announcing that he desired a room.

"I've got my supper and will be off before breakfast," said he to the clerk; "now what would be your lowest price for a room to sleep in?"

"One dollar, if you only occupy it for a night," was the reply.

"Well, wouldn't half a dollar make it just about right?" demanded the wayfarer, producing a 50-cent piece.

"You see, I'm all excited up travelin', and I don't expect to sleep more than half the time I'm in there."

Taking Its Stee.

Going west on the Union Pacific through the southern portion of Wyoming, the view is one of continuous sand and sagebrush, a veritable desert. It is told that Mark Twain was going through one time and in the dining car his eye spied "Sage chicken" on the bill of fare. He called the waiter and asked what that was.

"It's chicken, sah, raised right through here, sah."

"Can they fly?" asked the humorist.

"Yes, sah, they can fly, sah."

"Well, then, I don't want any. Anything that can fly and stays in this country long enough to be killed can't be much good. None for me."

Information.

The train had stopped for water at a little station in the country.

The passenger with the skull cap, seeing a lone native standing on the station platform, addressed him.

"Farmers around here seem to have been cutting a good deal of hay this morning," he said.

"Yes, sir," answered the native.

"They're taking risks. Don't you think it looks like rain?"

"Sort o'."

"What do you suppose they will do if it does rain?"

"I reckon they'll have sense enough to go in out of it, mister."—Chicago Tribune.

Differentiating.

"William," said the boss, "sort those eggs into two piles. They are to be sold at different prices."

"Yes, sir," said the boy. "The fresh and the near fresh?"

"No, you lunkhead; the big and the little."—Chicago Tribune.

In the Nick of Time.

Coleridge was enumerating the stench of Cologne.

He had counted up to seventy-one, and stopped in despair.

"That seems to be all!" he muttered.

"And I've just got to have another one!"

"At this moment an automobile whizzed by."

"Ah!" he exclaimed. "There it is!"

Sniffing the strange odor with satisfaction in spite of its disagreeable quality he proceeded to write his immortal poem.

STORMS IN SOUTH

Bitter Cold Adds to Misery in Mississippi Valley.

DEEP SNOW FALLS IN TEXAS

Poor People Driven From Homes by Floods and Negroes Roost in Trees for Safety.

Memphis, Nov. 20.—As more detailed reports are received from those portions of Alabama, North and Central Mississippi and Western Tennessee swept by the wind and rain storms, the situation increases in seriousness.

Following the wind storm rain has fallen almost continuously throughout this territory and practically the entire district is under water to a depth of several feet and creeks and small streams are leaving their banks and many of the poorer white persons, as well as scores of negroes, have been forced from their homes by the rising waters, seeking refuge in many instances under the trees.

To add to the seriousness of the situation, the weather is becoming bitterly cold and much suffering is anticipated. From Winona, Mahan and Mathiston, Miss., more complete reports have been received, a conservative estimate placing the total damage to the three towns at \$300,000.

The rain continues with no sign of abatement. In Memphis the precipitation has reached a maximum of 4.42 inches, and the continued rainfall has wrought great havoc in this city and the immediate vicinity.

Wolf river is out of its banks, the overflow carrying away over 10,000 logs valued at \$100,000. From present indications it is believed that fully \$100,000 damage has been done to the road and turpentine system of this county.

Probably never before has traffic on the railroads centering in Memphis suffered such complete demoralization.

El Paso, Tex., Nov. 20.—At 6 o'clock last night 8.4 inches of snow had fallen, breaking by three inches records since the establishment of the United States weather bureau nearly 30 years ago.

Reports from several points on the Mexican Central indicate that the storm extends well down into Mexico. In New Mexico and throughout the valley of El Paso there is great suffering and will be heavy losses in cattle, the snowfall being unprecedented.

SHONTS THE BOSS.

Roosevelt Reorganizes the Administration of Canal Affairs.

Washington, Nov. 20.—An order signed on the isthmus of Panama by President Roosevelt, making radical changes in the organization of affairs in the government of the canal zone, was made public today at the office of the commission. The effect of the order is to place the canal work and the government of the zone under the direction of Chairman Shonts, aided by chiefs of bureaus, who will report directly to the commission, thus eliminating the office of governor.

The order gives to Chairman Shonts supreme authority over all departments. It reorganizes the entire workings of the commission in connection with the president's views of controlling the situation under his plan to press the excavation as rapidly as possible. The executive committee of three members, each the head of a department, has been abolished and in its stead seven departments are created, and the chief of each will report and receive instructions from the chairman of the committee. These departments will be under the direction of John F. Stevens, chief engineer; Richard R. Rodgers, general counsel; William C. Gorgas, chief sanitary officer; D. W. Ross, chief purchasing officer; E. S. Benson, general auditor; J. William, disbursing officer, and Jackson Smith, manager of labor and quarters.

The president will take up the question of the appointment of a new commission on his return to Washington.

Antwerp, Belgium, Nov. 20.—A royal decree issued today grants to an American company, for rubber and other exploitation, about 2,500,000 acres in the Congo state for 60 years. The concession includes a strip of more than 13 miles on the left bank of the Congo to the Youmbi river, a strip south of Kasai to the confluence of the Congo and Kasai rivers and a ten-year option on 1,250,000 acres. The press generally regards the concession as a clever move to involve the United States in any future international complications.

Protectorate in Cuba.

Washington, Nov. 20.—Prominent members of the Liberal party in Cuba, according to Captain Casally Cook, a lawyer of this city, who says he is counsel here for certain Liberal interests, have a plan afoot for the establishment of a permanent protectorate in Cuba by the American government. They are, he says, supported by the foreign interests of that country and purpose to petition the president and congress early in January to pass a bill making Cuba a protectorate. Another bill is to be presented in the Cuban congress.

Heart of Town Burned.

Jackson, Miss., Nov. 20.—Practically the entire business section of Fayette, Miss., was destroyed by fire last night, entailing a loss of about \$75,000, partially covered by insurance. The fire originated in McGinnis' cafe, which was destroyed, the flames rapidly spreading to the adjoining buildings. The telephone exchange was destroyed and the grounding of the Western Union wires makes it impossible to get any details.

Receiver for German Insurance.

Freeport, Ill., Nov. 20.—The German Insurance company, which reinsured in the Royal of Liverpool last week, was placed in the hands of a receiver today, the Chicago Trust & Title company being named.

Trust Is Good.

New York, Nov. 19.—The directors of the Standard Oil company issued another circular today to the stockholders of the company, saying that the company's position is unassailable from both a legal and a moral standpoint.

DIX SUNK ON SOUND.

Steamer Goes to Bottom Carrying Down 39 of Her Passengers.

Seattle, Wash., Nov. 19.—The steamer Dix, Captain P. Lermon, bound from Seattle to Port Blakeley with passengers, sank two miles north of Alki point soon after 7 o'clock last night, after a collision with the steamship Jeanie, Captain P. H. Mason, of the Alaska Coast company.

Thirty-nine passengers and members of the crew of the Dix are missing and 38 were saved. The Dix is a total wreck. The Jeanie was not injured in the least and no member of her crew was lost. The master of the Dix was saved. The collision occurred while the sound was almost as smooth as a mill pond, and after the boats had been steaming within sight of each other for a quarter of an hour.

The Jeanie was backing when she collided with the Dix and the impact was very slight. The Dix was struck about amidships on the starboard side. She listed heavily to port for a brief period, righted herself, then sank stern first. There was hardly time to launch life rafts or boats before she was almost entirely submerged. Passengers jumped from the decks into the water, women screamed and officers and men called orders that could hardly be heard above the din.

The passengers from the Dix who could swim made their way to the sides of the Jeanie and were dragged aboard. The Jeanie was not moved until after all who had reached her had been hauled aboard. Then she cruised about picking up several who had managed to stay above water. It was after 10 o'clock before the Jeanie left the scene of the catastrophe and steamed to the Virginia street dock, Seattle, with the 30 survivors.

The cause of the collision is unknown as the mate, who was in the pilot house at the time, was drowned.

ROBBER OF SUB-TREASURY.

Teller Dyer Is Indicted by the Federal Grand Jury.

St. Louis, Nov. 19.—The Federal grand jury returned an indictment against Receiving Teller D. P. Dyer, Jr., son of United States Attorney D. P. Dyer, Saturday in connection with the shortage of \$61,200 in the local sub-treasury. The charge against Dyer is embezzlement.

The Federal grand jury was convened on Wednesday and at once began inquiry into the shortage. When the inquiry was adjourned 335 witnesses had been examined. Shortly after the grand jury convened Saturday a report of its findings was made to the court.

Mr. Dyer was later arrested by the United States marshal and released on bond in the sum of \$10,000.

Soon after the jury had made a report to Judge Finkelsberg, Dyer surrendered himself. The court named January 8 as the date for his appearance at which time a definite date for the trial will be fixed.

The indictment contains two counts. The first count recites that Dyer, as second teller in the sub-treasury, "wrongfully and corruptly embezzled and converted to his own use" on September 27 last \$61,500 entrusted to his care. The second recites that as an officer of the United States government he did this, and is merely intended to prevent a technical evasion of the charge.

When Dyer came into the court he was accompanied by his father, United States Attorney Dyer, Congressman Champ Clark, and ten residents of Pike county, in which is located the Dyer family home. Bond was furnished by the ten resident friends.

Want Big Appropriation.

Chicago, Nov. 19.—As the first step in the newly organized Gulf-to-the-Lakes Deep Water association, Chicago members of the association have already started a movement to demand of the next congress a \$35,000,000 appropriation to complete the canal from the present terminus of the drainage channel to Grafton, on the Mississippi river, near St. Louis. The Chicagoans say the deep waterway is of vastly more importance than the Panama canal will be to the people of the Middle West.

Land Office Involved.

Washington, Nov. 19.—Affidavits are on file with the government here, and have been called to the attention of President Roosevelt, charging that the gigantic land frauds whereby the Union Pacific railroad company and the Union Pacific Coal company secured illegally coal lands in the state of Wyoming valued at many millions of dollars were perpetrated with the full knowledge of the government land office, if not with its connivance and were known, if not tacitly assented to, by the department of the Interior.

Peter's Heir Is Manic.

Vienna, Nov. 19.—Crown Prince George, of Serbia, is declared insane, according to reports from Belgrade today. "Nor is this the worst," said a well informed Balkan diplomat, "Serbia is drifting hopelessly into bankruptcy. Civil war, too, is highly probable. King Peter seems powerless to restore or maintain order. Anarchy prevails everywhere. There are more political murders throughout Serbia in a year than in Macedonia."

Raise Wages Voluntarily.

Chicago, Nov. 19.—The Chicago & Northwestern railroad has voluntarily offered the railway station agents and telegraph operators on the system an increase of wages. Eleven hundred agents and approximately 500 telegraph operators will come in for a share in the advance. The average increase in wages as announced by General Manager W. A. Gardner tonight will be \$5.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First—The indisputable evidence that it is harmless; Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food; Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—Hall's Journal of Health.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."
