

HOUSEHOLD FRIEND.

Pe-ru-na for Catarrh, Coughs, Colds, Grip.

FOR CATARRH OF THE HEAD, THROAT, LUNGS, STOMACH, KIDNEYS, BLADDER AND FEMALE ORGANS.

Peruna is a household friend in more than a million homes. This number is increasing every day.

The beds of peas in Colorado sometimes include as many as 2,000 acres, and there is one bed exceeding in size 2,500 acres.

St. Vitus' Dance and all Nervous Diseases permanently cured by Dr. Allen's Great Peppermint Cure.

Young man said the clerical-looking passenger, addressing the heedless individual across the aisle, "do you ever consider when you lie down at night that you may never see the sun rise again?"

"No," replied the party at whom the query had been fired, "can't say that I do, but every morning when I wake up I realize that I may not live to see another sunset."

"You do?" queried the surprised c. l. p.

"I do," answered the young man.

"You see, I'm a baseball umpire."—Cincinnati Enquirer.

TO CURE A COLD IN ONE DAY. TAKE LAXATIVE BROMO QUININE TABLETS.

The Imperial Board of Health in Germany has issued a statement that "total abstinence from strong drink is not injurious to health."

TERRIBLE TO RECALL. Five Weeks in Bed With Intensely Painful Kidney Trouble.

Mrs. Mary Wagner, of 1367 Kosuth Ave., Bridgeport, Conn., says: "I was so weakened and generally run down with kidney disease that for a long time I could not do my work and was five weeks in bed. There was continual bearing down pain, terrible backaches, headaches and at times dizzy spells when everything was a blur before me. The passages of the kidney secretions were irregular and painful, and there was considerable sediment and odor. I don't know what I would have done but for Dean's Kidney Pills. I could see an improvement from the first box, and five boxes brought a final cure."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

ALBERTA. The land of the golden grain. Here is a snap of investors. 940 acres, improved, 3 miles from the growing town of Macleod, \$12 per acre. In two years from now this land will be worth \$20 per acre. Apply to G. F. BEEBE, Macleod, Alberta.

IF YOU PLEASE. Kindly remember that we buy, sell, all kinds of Mining Stocks and Bonds that are on the market. Should you want to buy or sell write or wire.

PROCEEDINGS OF OREGON LEGISLATURE

GOVERNOR'S MESSAGE

Recommendations Made by Chamberlain to Legislature.

Salem, Jan. 15.—Governor Chamberlain delivered his biennial message this afternoon to both houses of the legislature in joint session. His recommendations follow:

Election of Jonathan Bourne and Frederick W. Mulkey to the long and short terms, respectively, as United States senators, in accordance with the result of the direct primary election.

Passage of a law creating a railroad commission, following generally the measure prepared by the Portland chamber of commerce.

Enactment of laws to make the tax burden fall more evenly on personal property and corporations.

Amendment of the inheritance tax law to the graduated system, with additional clauses to make evasion impossible.

A graduated tax on incomes from \$3,000 up.

Decided increase in cost of commissions to notaries public.

Withdrawal from sale for 10 years of the remaining state tide lands.

Purchase of the Willamette locks. Appropriation to operate the portage railway until the 1909 session. A new personnel for the board of portage commissioners.

Appointment of an expert accountant to audit the books of all state officers.

Creation of the office of expert accountant, with duties to make uniform all state and county bookkeeping and check funds of state and county officials.

Enactment of an anti-pass law, with an appropriation to pay expenses of public officers on public business.

A reciprocal demurrage law. Continuance of the library commission.

Investment of compulsory visitatorial power in some state authority to cover private asylums for insane.

A law providing for supervision of banks in Oregon.

A stringent anti-lobbying law. Deposit of surplus state funds in banks at interest, the deposit to be safeguarded by bonds or other collateral.

Escheatment to the state of funds in banks where the depositors have not been heard from for over seven years.

Prompt action to establish an institute for feeble-minded and epileptic children.

Publication of itemized statements of the source of campaign funds and prohibition of campaign contributions by corporations.

Compulsory lectures to their classes by public school teachers on tuberculosis.

Measures looking toward eradication of scabies in sheep.

Furnishment of wildcat mine promoters.

Flat salary for the state printer and erection of a state printing office building.

Board of control for normal schools, with the normal school appropriations in one fund, to be distributed by this board.

New appointment of senators and representatives.

Transportation of convicts to the penitentiary by penitentiary officers.

Conservative legislation for employment of convicts in new fields, without abandonment of the present system at once.

Appointment of a state engineer to supervise construction of new roads.

Appropriation of state representation at the Alaska-Yukon-Pacific exposition, and some kind of representation at Jamestown.

A new irrigation code. Extreme caution should be used in changing the tentative measure framed by the Portland board of trade irrigation bill committee.

Tuesday, January 15. Salem, Jan. 15.—The senate was called to order at 10 o'clock a. m. by President Haines. There was but a short session in order that both houses might attend the inauguration of Governor Chamberlain and listen to his message. In the brief time, however, a large number of bills and resolutions were introduced. Among those presented was one to provide for the lending of surplus funds in the state treasury and the state to receive the interest thereon.

Salem, Jan. 15.—Having perfected organization yesterday, the house today gave evidence of great capacity for business. Although the session of the house this morning was not convened until nearly 11 o'clock about 40 resolutions were offered, the report of the committee on apportionment of clerks was received and approved, and more than a dozen bills were received and passed to second reading—this in time to admit of an adjournment at 11:50 o'clock.

A large number of investigating committees and junketing trips are already in prospect.

A railroad commission bill, including reciprocal demurrage was among the measures introduced.

Wednesday, January 16. Salem, Jan. 16.—Five bills curbing railroads in the house, and none in the

Rob Coal Cars. Pendleton—Driven to desperation by lack of fuel, the cities of Adams, headed by the mayor, held up the north bound O. R. & N. train and by force compelled the trainmen to set a car loaded with coal out on the sidetrack. When the engineer was ordered to run the car onto the sidetrack he showed fight and armed himself with a shovel. Several revolvers were quickly drawn and the engine traken from the cab. After the car had been sidetracked he was allowed to resume charge of the engine.

To Secure Locks. Salem.—To obtain free waterway in the Willamette river, at Willamette falls, Representative Jones, has introduced a bill creating a board of commissioners of the Willamette locks. This board, which is to consist of the governor, secretary of state, and state treasurer, is empowered to build, construct, operate and maintain locks on the east bank of the river at Oregon City. To raise the necessary funds, \$400,000, two tax levies are provided.

Fall Sown Clover Killed. Albany.—Willamette valley grain is yet undamaged by the cold weather. All fall sown clover in this vicinity is ruined, but thus far damage is confined to the young clover alone. Though the ground has been frozen several days farmers do not expect the grain to be damaged when it thaws out. It will take alternate freezing and thawing to kill the grain. No wheat is injured at all, nor is the brown clover damaged. It may be found that some white oats are injured, when the ground thaws out.

Linn and Lane Compromise. Salem.—At a conference the legislators from Linn and Lane counties in the state legislature agreed to a satisfactory adjustment of the boundary line between those counties. The disputed territory is divided about equally between the two counties. The boundary line as agreed upon follows the divide between the McKenzie and Calapooia rivers. The division of the district decided upon is the natural distribution of the disputed territory.

MISSION AT AN END.

British Governor Refuses Aid for Suffering Kingston.

Kingston, Jamaica, Jan. 22.—Rear Admiral Davis' mission of mercy to stricken Kingston came to an abrupt and painful conclusion in consequence of Governor Swettenham's objection to the presence of American sailors engaged in the work of clearing the streets, guarding property and succoring the wounded and sick, culminating in a letter to the admiral, peremptorily requesting him to re-embark all parties which had been landed.

Admiral Davis was greatly shocked and pained, and paid a formal visit to Governor Swettenham, informing him that the United States battleships Missouri and Indiana and the gunboat Yankton would sail.

To the Associated Press Admiral Davis said that immediate compliance with Governor Swettenham's request was the only course consistent with the dignity of the United States.

The friction between the governor and the admiral began with the arrival of the American warships, when the governor objected to the firing of a salute in his honor on the ground that the citizens might mistake the firing for a new earthquake. He also declared there was no necessity for American aid—that his government was fully able to preserve order, tend to the wounded and succor the homeless.

City Asks Davis to Stay. Kingston Council Disapproves Action of Governor.

New York, Jan. 22.—A special dispatch to the Times from Kingston says that Governor Swettenham, in addition to refusing aid from Rear Admiral Davis, has declined an offer sent by the War department of the United States to extend immediately to Kingston 10,000 rations which were intended for troops in Cuba, and would have been diverted there.

The governor's action, the Times correspondent says, is disapproved of by the community, which appreciates the kindness of the Americans. As soon as it became known what had been done by Governor Swettenham and that the American ships, in consequence, were to leave, an emergency meeting of the city council was called.

The discussion showed that the governor's attitude toward the Americans did not meet with the approval of those officials, and a letter to Admiral Davis was drafted and adopted in which the action of Sir Alexander Swettenham was wholly disapproved, and the American government and officers were warmly thanked for the thoughtful, effective and timely aid they had given in the emergency. This letter was immediately despatched.

Admiral Davis was also asked to remain in spite of the unfortunate incident. The request was dispatched to him and he made a reply in which he said that there was no misunderstanding with the Jamaican authorities, but he added significantly in reply to the request to remain:

"As a foreign naval officer I am bound to respect the wishes of the constituted authority of Jamaica."

DAMAGE TWO MILLIONS. Fierce Gale Sweeps Over Lake Erie and Buffalo.

Buffalo, Jan. 22.—During the last 24 hours this city has been swept by the most destructive wind storm of a decade. Tonight the Niagara falls lie in the midst of a scene of wreckage in the wake of the storm. Two lives are reported lost so far and a property damage that will aggregate \$2,000,000 when the accounting is made, is the toll of the storm.

Lake Erie, with its level higher than has been known for 20 years, has gorged the Niagara river to overflowing, and thousands of dollars worth of property has been carried down the stream.

Miles of docks at the great lumber market at North Tonawanda have been destroyed and millions of feet of lumber have been carried out into the river.

The damage to shipping in Buffalo harbor alone is \$1,500,000. Five large lake liners, wintering just inside the breakwater, were driven aground. The gale still rages and no aid can be given the endangered vessels.

May Re-Elect Bailey. Austin, Tex., Jan. 22.—Senator Bailey's friends announced today that a vote on his reelection as senator would be forced in the legislature tomorrow. If subsequently he is proved guilty of improper relations with the Waters-Pipe Oil company, he will, they say, be compelled to resign from the senate. Bailey's supporters further announced they would insist on a proper hearing being given to any one who had charges to make against the senator. Representative Cook states that he will file charges against Senator Bailey.

Will Recall All Supplies. New York, Jan. 22.—The gathering of supplies here for the Kingston earthquake sufferers by the New York-Kingston relief committee, it is expected, will be discontinued for the time being, at least, and in view of the refusal on the part of Governor Swettenham, of Jamaica, to accept aid from American war vessels, it is probable that the supplies now on the way to Kingston on the steamers Allegieny and Prinz Joachim will never reach that port. Both steamers have been ordered to call at Port Antonio for instructions.

Wins Wager but Dies. Los Angeles, Jan. 22.—Edward Whelan, aged 19, died today at the receiving hospital of acute alcoholism. The young man was brought to the home of his father, a mattress manufacturer, last Saturday night, in a stupefied condition. His companions stated that he had wagered a dollar that he could drink a quart of whisky without leaving the table. Whelan won the bet, but he never regained consciousness. The police will prosecute the liquor man.

Revolt Starts in China. Shanghai, Jan.—Rumors of an anti-dynastic movement in the Middle Yangtze region have reached some confirmation. A fresh outbreak has taken place at Honan and Houf, and two regiments have been dispatched there from Shanghai. The insurgents number 3,000.

Catarrh

Is a constitutional disease originating in impure blood and requiring constitutional treatment acting through and purifying the blood for its radical and permanent cure. The greatest constitutional remedy is

Hood's Sarsaparilla

In usual liquid form or in chocolate tablets known as Sarsaparilla. 100 doses \$1. Nasal and other local forms of catarrh are relieved by Catarrhlets, which allow inflammation and desolvent discharge. 50c.

One Thing at a Time. "But don't you think," asked the argumentative boarder, "that the street car service ought to be improved?"

"That is a question for the future," said the philosophical boarder. "The present duty is to ameliorate it."

PRE'S CURED IN 6 TO 14 DAYS. PAID OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded.

The Eufasia (L. T.) Journal boasts that every copy of its weekly is fed into the press by a full-blooded Indian woman, whose husband turns the press.

Envy. Dick—Your cheeks are beautiful tonight, my dear. Katharine—Yes, Jack Frost kissed them. Dick—He did? Looky Jack.

Mothers will find Mrs. Winton's Tearing Strips the best remedy to use for their children during the tearing period.

Quite a Difference. "What?" exclaimed the angry modiste. "You mean to say that Mrs. De Flasher used all the samples we sent up to make a fancy quilt? Why, she is an old crank."

"But Mrs. De Flasher is worth a hundred thousand."

"Really? Well, in that case I suppose she is eccentric."

"And she will inherit half a million by the first of the year."

"Half a million? Why, write the lady a note at once and tell her she can have another bundle of samples and compliment her on being so delightfully bizarre."

Shake into Your Shoes. Allen's Foot-Powder. It makes tight or new shoes feel easy. It is a certain cure for sweating, chafing and hot, itchy feet. Sold by all druggists. Price 25c. Trial package mailed FREE. Address: Allen S. Gunnell, Lefroy, New York.

Barbers Ages Ago. The first barbers of whom there is any record filed their trade in Greece in the fifth century B. C. In Rome the first barbers operated in the third century B. C. In older times in England the barber and the physician were identical. Thus, a king's barber was also his chief medical adviser.

In the time of Henry VIII. of England, laws were made concerning barbers, of which the following is an extract: "No person occupying a shaving or barber's shop shall use any surgery, letting of blood or other matter, except the drawing of teeth."

Always to be Depended Upon. When a person gets up in the morning with a dull headache and a feel, strictly speaking, it is an almost certain indication that the liver, or bowels, or both are clogged with order.

At such times Nature, the wisest and best of all doctors, takes this means to give warning that she needs the help and gentle assistance which can best be obtained from that old family remedy, Brandreth's Pills, which has been in use for over a century.

They are the same fine laxative tonic pill your grand parents used, when doctors were few and far between and when people had to have a remedy that could absolutely be depended upon.

Brandreth's Pills can be depended upon and are sold in every drug and medicine store, either plain or sugar-coated.

Salt as a Dust Layer. Salt is the latest device for laying dust on roads in the country. The author of the new departure is M. Tristano, city surveyor of Rouen, who has published it as the result of a long series of experiments. The list of these, while bringing out the weak side of the new system, possesses considerable interest as showing it to possess real possibilities of utility. A long stretch of road was first watered and then sprinkled with salt. The next day the surface of the road was covered with a thin glazed crust. Rain removed this in parts, but where the glaze remained there was no dust for five days.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. These most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn sore, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the BLOOD CANNOT BE CUT AWAY. The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and all other medical advice you desire. We make no charge for the book or advice.
