Why Refer to Doctors

Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Sold for over 60 years.

"Ayer's Cherry Pectoral is a remedy that should be in every home. I have used a great deal of it for hard coughs and colds, and I know what a splendid medicine it is. I cannot recommend it too highly."—MARK E. COMEN, Hyde Park, Mass.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of

Ayer's SARSAPARILLA PILLS. HAIR VIGOR.

Ayer's Pills greatly aid the Cherry Pectoral in breaking up a cold.

The Rothschilds' Start.

The founder of the Rothschild family, Amschel Moses Rothschild, kept a coin store at 152 Judengasse—or Jewish quarter—Frankfort-on-the-Main. Before this shop was displayed a red shield (hence the name—Rothschild). Amschel dealt also in curiosities, art goods and old gold and silver. His son, Mayer Amschel, was born in 1743 and died in 1812. He, like his father, continued in the coin business. In the course of his coin business he met a collector, the court banker to the Landgrave of Hesse. This banker was so impressed by Mayer's business ability that he loaned him money for investment, and it was in this way that the great banking firm of Rothschild was established.—Elder Monthly.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.
Hall's Family Pills are the best.

Machine that Smokes Cigars.

The department of agriculture employs a machine to smoke cigars. It has four mouthpieces, in each of which a cigar is inserted. For ten seconds the smoke is drawn in and is then puffed out, the process being repeated every half minute. While the "inhaling" is going on the way in which the filling and the wrapper burn are carefully noted, the ash is examined and the odor of the burning tobacco observed. The plant from which each of the cigars is made is known and the one that makes the best showing in the competition is selected for planting. The test is proving an aid to the American tobacco industry by teaching the farmers what kinds of tobacco to plant in order to receive the highest financial returns.

AILING WOMEN.

Keep the Kidneys Well and the Kidneys Will Keep You Well.

Sick, suffering, languid women are learning the true cause of bad backs and how to cure them.

Mrs. W. G. Davis, of Groesbeck, Tex., says: "Backaches hurt me so I could hardly stand. Spells of dizziness and sick headaches were frequent and the action of the kidneys was irregular. Soon after I began taking Doan's Kidney Pills I passed several gravel stones. I got well and the trouble has not returned. My back is good and strong and my general health better."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Nothing Doing.

It was a dull morning in the police court and the magistrate, a benedict of long standing, sat in his chair looking into space. A prisoner was brought before him and the policeman made a charge.

"Intoxicated, eh?" muttered the court, absent-mindedly.

"Yes, your honor," admitted the prisoner.

"Are you married?" asked the magistrate.

"No," was the reply.

"Then what excuse do you have?" demanded the court, mechanically signing the commitment paper.

A titter ran over the audience and the magistrate came to with a start, glancing apprehensively at the reporters. When court was adjourned, contrary to his usual custom, he called the newspaper men before him.

"Do you find anything to write this morning?" he asked in a clearly apprehensive tone.

"No," was the reply.

The magistrate looked relieved. "That's good—that is—I—mean I thought there wasn't anything worth writing," he said.—New York Sun.

Backing It Up.

"Show me a man who thinks he has a bad cold, gentlemen," exclaimed the stranger who had secured the town hall for a free illustrated lecture, "and I'll show you a fraud!"

Instantly sixty-three men in the audience rose up.

"There's your fraud, gentlemen!" said the lecturer, throwing a picture of the celebrated Cardiff Giant on the screen.

"And now, my friends," he continued, "while you are looking at this monumental example, my assistant will go through the audience with small samples of my celebrated Vegetable Prescription for the Cure of all Coughs and Colds, which I guarantee—remember, ladies and gentlemen, I absolutely guarantee—to cure each and every case, or your money will be cheerfully refunded. Small samples 5 cents, to assist in paying for the rent of this hall. Larger bottles, 25 cents. After I have sold $25 worth of this wonderful remedy, ladies and gentlemen, we will have the moving pictures of the San Francisco earthquake."—Chicago Tribune.

A Warrior, Too.

The wooden boards that had marked the graves in a certain rural cemetery rotted off, and were raked up in the spring cleaning; consequently, on Memorial day, when the delegation from the G. A. R. arrived with flags and appropriate floral decorations for their departed comrades, the decorating committee found itself somewhat in doubt as to which grave belonged to Captain Blodgett and which to Hannan Ericson.

The mistaken delegates heaped their offerings upon Hannah's last resting place, and departed. That afternoon Ericson, the widower, drifted, with the rest of his world, to the cemetery. When he saw the flag and the flowers above Hannah, the astonished Swede fell to chuckling joyously.

"Vell," he explained, delightedly, "dose faller bane pooty smart, too! Ay tank dat vor all right and som gude yoke on Hannah—he vor pooty gude fighter herselluf."

Bacteria as Engineers.

Improbable as it may seem, states a scientist in the government employ, it appears to be a fact that bacteria are able to cause the breaking down of stone walls.

Recent investigations have shown that nitrifying bacteria swarm in the mud forced by the disintegration of cement in reservoirs, and it is believed that the decay of the cement results from the action of nitrous acid produced by the bacteria. Yet these same microscopic engineers, whose myriads undermine solid walls of masonry, are of boundless of immense use to man, because they are chief agents in the purification of water.—Philadelphia Record.

Different Shades.

The celebrated medium rapped three times on the black cabinet.

"And now, kind sir," she said, in a spooky voice, "what shade would you like me to tell you about?"

"Why," replied the little man in the audience, "I would like you to tell me the shade my wife told me to match when I started down town to-day."—Chicago Daily News.

PROCEEDINGS OF OREGON LEGISLATURE

Monday, February 4

Salem, Feb. 4.—By a vote of 24 to 1 the senate adopted the house joint memorial asking congress to submit to a vote of the people a proposition to elect senators by direct vote.

Two constitutioonal amendments were adopted by the house today. Originally they were those of the state tax commission providing for taxation of property by classes of subject.

The senate passed the house fertilizer inspection bill over the veto of the governor. This is one of the bills vetoed at the close of the 1905 session and has already passed the house.

A bill to repeal the anti-scalping law was defeated in the house by a vote of 28 to 26, six members being absent.

Two bills were killed in the senate by indefinite postponement. They were: Giving effect to unrecorded deeds, and creating Clark county.

The senate passed a joint memorial demanding that granted lands be sold for not more than $2.50 per acre.

The senate sustained the governor in his veto of the board of control bill of the 1905 session. All the other vetoed senate bills were indefinitely postponed.

Friday, February 1.

Salem, Feb. 1.—War on normal schools has broken out again in the legislature, and the forces demanding abolition of two of the four institutions are considerably stronger than ever before.

Representatives of the Oregon State Grange are fighting the bills enlarging the powers of eminent domain for certain corporations.

Both houses have passed the bill requiring fruit box labels to show the name and address of the grower and the packer.

Eight bills were introduced in the house, among them one to appropriate $75,000 for the purchase of additional grounds for the Agricultural college. Seven new measures were presented to the senate.

Thursday, January 31.

Salem, Jan. 31.—Speaker Davey has a proposed constitutional amendment. His plan is for the people to elect the presiding officers of the legislature the same as any other officer.

Representative Jackson's bill taxing mortgages was indefinitely postponed. Double taxation was feared by the opposition.

There is some danger of the bill giving osteopaths an independent examining board being shelved in the senate.

Among the 23 new measures in the house today was one to annex a part of Grant county to Baker county; creating the Twelfth judicial district; to prohibit "treating" in saloons and to repeal the poll tax law.

One of the most sweeping bills of its character to make its appearance in the seate legislature is that of Representative Brix, introduced yesterday and providing for appropriation and use of the streams of the state by corporations or persons. The bill declares that all streams, sloughs and waters of the state which have not sufficient water capacity of serving the uses of commerce or of profitably floating, during any part of the year, upon natural water or freshet, logs, ties, shingle bolts or other products of the forest, shall be declared public highways.

There is a proposition on fot to raise the salaries of members of the legislature from $120 to $500 for the session.

Wednesday, January 30.

Salem, Jan. 30.—Plans for free locks at Willamette Falls have turned from a state appropriation of $400,000 for building new locks, or buying locks now existing, to an appropriation of $300,000, contingent on an additional appropriation from congress sufficient for building new locks, or the purchase of the old ones by the national government. Such was the outcome today of a tussle in the house over the bill appropriating $400,000 for building new locks.

But for a defect a bill would probably have been passed by the house requiring passengers on cars who are unable to obtain seats to pay but half fare. It will be corrected.

The compulsory education bill prepared by Superintendent Ackerman passed the senate. It requires teachers to compare their registers every two months with the census of the district and report to the county or city superintendent those children not attending.

The senate indefinitely postponed the bill appropriating $65,000 for the Jamestown exposition. The reason was the large appropriations needed for other purposes.

The house passed the bill increasing the appropriation of the Oregon Library commission from $2,000 to $6,000 per annum.

Twenty-five new measures were added in the house today, bringing the total up to 316. The senate added the unlucky number of 13 to their 153.

There was very strong opposition to the new quarantine law proposed by the bill of Senator Smith, of Umatilla, giving the state board of health quarantine powers in towns and on trains, but it passed the senate by a good majority.

Miners of the state are interested in a bill by Representative Moore, of Baker county, creating the office of inspector of mines, providing for the appointment of deputies, defining the duties and fixing the salaries of both.

Free passes for public officers of the state and of districts and counties must be furnished by any railroad exercising the power of eminent domain, according to a bill introduced by Representative Freeman, of Multnomah, prepared by John F. Logan, of Portland. This free transportation is intended to compensate the public for the privilege of eminent domain, and will save the taxpayers considerable money.

Tuesday, January 29.

Salem, Jan. 29. — A bill has been presented in the house providing for the branding of packed fruit with the name of the packer, the grower and the locality where grown.

According to a house bill presented last week mortgages are to be taxed by the holder thereof. This provision was not discovered until today.

A bill has been introduced in the house exempting from the state corporation tax all farmers' ditch companies of which there are many in the semi-arid districts of the state.

Committees have been appointed in both houses to investigate the state institutions. This session, however, they will not be allowed any clerks or mileage.

Much opposition is being developed to the new water code as drawn by the Portland board of trade.

To place the printer on a flat salary of $3,000 per year and appropriate $20,000 for a building and plant is the object of a bill by Speaker Davey.

The general appropriation bill, prepared by the ways and means committee, carries a total of $1,244,970.

Most of the new bills in the two houses today were of a minor character. Among them, however, was one creating the new county of Cascade, increasing appropriation for Agricultural college from $25,000 to $50,000, abolishing the death penalty and appropriating $10,000 for the portage road and authorizing its extension to The Dalles.

The house passed eight of its bills today. All were of a local character. The senate passed three and killed two of its measures.

Work of Land Thieves.

Salem—Because of the recent land-fraud investigation and other pressing reasons State Land Agent Oswald West, in his regular biennial report to the governor, has recommended several changes in the land laws and in the regulations of the land commission. The report shows that about 500,000 acres had been obtained by fraudulent methods. H. H. Turner, of Salem, executed a large portion of the certificates and sold them to A. T. Kelliher. Both were indicted by a Marion county grand jury, but Turner turned state's evidence and Kelliher, who was convicted and sentenced to five years in the penitentiary, appealed, and his case is still pending in the Supreme court.

Jamestown Fair May Win

Salem — The senate committee on federal relations has decided to report favorably the bill to appropriate $65,000 for an exhibit at the Jamestown exposition.

PORTLAND MARKETS.

Fruits—Apples, common to choice, 50@75c per box; choice to fancy, $1@2.50; pears, $1@1.50.

Mutton—Dressed, fancy, 8@8½c per pound; ordinary, 6@7c.

Pork—Dressed, 6@8½c per pound.

Demands a Commission.

Pendleton, Jan. 30.—Much feeling was manifested at the meeting of the Pendleton Commercial association, held tonight for the purpose of discussing the Chapin Railroad Commission bill, now before the legislature. A resolution indorsing the bill was unanimously adopted and forwarded to the speaker of the house and president of the senate, as well as to the Umatilla county delegation. Strong speeches in explanation and in favor of the bill were made by Judge Lowell, T. C. Taylor, W. L. Thompson and others.

State Aid for Tillamook.

Salem, Jan. 30. — Representative Beals, of Tillamook and Yamhill, in a bill introduced yesterday, asks an appropriation from the state of $50,000 to be expended in deepening and improving the harbor in Tillamook bay. The bill authorizes the appointment by the governor of a commission of five persons, reliable residents of Tillamook county, who shall have charge of the work incidental to the expenditure of the appropriation asked.

Two Normals to Get Money.

Salem, Jan. 30.—The senate today orseres the ways and means committee not to report appropriations for more than two normal schools. It was adopted without an aye and nay vote, but it was apparent that the senate strongly favors the idea and it is practically certain that not more than two normals will be provided for by this legislature. The resolution does not specify which of the normals shall be povided for, but leaves that in the hands of the ways and means committee.

Curbs Land Barons.

Salem, Jan. 30.—Curbing of Coos bay land barons, who hold lands granted by congress in 1869 for the Coos bay wagon road on condition that the grantees or their assigns would sell it at not more than $2.50 an acre and in not larger than 160-acre tracts and only to actual settlers, is the purpose of a bill introduced today by Senator Malarkey. It would compel the barons to deed to any bona fide purchaser who shall offer the $2.50 an acre stipulated in the grant.

Tramps in Many Nations.

There arrived in London last evening an aged man named Mark All who has been wandering for the last six years.

Mark All is an engineer by trade and he set out from Fleet street on Aug. 6, 1900, with the object of walking 60,000 miles in seven years. The idea of the enterprise was to disprove a theory, which All attributes to engineering employers, that after a man has reached 45 years of age he is useless for manual labor.

Some gentlemen who were desirous of disproving this theory agreed to pay All £500 if he could walk 60,000 miles in seven years, earning his living at his trade, and that he shall not beg, sell photographs of himself or pictures post cards, make speeches or exhibit himself at music halls. All these conditions, he says, he has faithfully observed. He has been all over the three kingdoms and has visited France, Spain, Switzerland, Belgium, Holland, Italy and Germany, but failed to get into Russia. His record now is 58,006 miles.

He proposes to take a week's rest in London, then walk to New Haven and cross to Dieppe, where he will resume his pedestrian exercises through France. Throughout his travels Mark All wears the union jack on his right arm.—London Chronicle.

Inviting.

The following announcement to the hungry was posted the other day in front of a restaurant conducted by a Greek in the Horseshoe section of Jersey City:

Korncut beefe and garbage in fin stile too-day.

The proprietor said he made the sign all by himself.—New York Sun.

Shake Into Your Shoes

Allen's Foot-Ease. A powder. It makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Sold by all Druggists. Price 25c. Trial package mailed FREE. Address Allen S. Olmsted, LeRoy, New York.

Unkind.

Mrs. Goodsole—We got so many Christmas presents this year that I don't know what to do with them.

Mrs. Chillicon-Kearney—I don't wonder. The stores are absolutely refusing to make any exchanges this season.

Invigorate the Digestion.

To invigorate the digestion and stimulate the torpid liver and bowels there's nothing so good as that old family remedy, Brandreth's Pills, which has been in use for over a century. They cleanse the blood and impart new vigor to the body. One or two every night for a week will usually be all that is required. For Constipation or Dyspepsia, one or two taken every night will in a short time afford great relief.

Brandreth's Pills are the same fine laxative tonic pill your grandparents used and being purely vegetable are adapted to every system.

Sold in every drug and medicine store, either plain or sugar coated.

Self-Evident.

"Don't you think," said the gloomy young lady, with a scientific twist, "that the pleasures of the table induce rapid consumption?"

"Sure," answered the practical young man, "what else are they put there for?"—Baltimore American.

FITS St. Vitus' Dance and all Nervous Diseases permanently cured by Dr. Kline's Great Nerve Restorer. Send for FREE $2 trial bottle and treatise. Dr. R. H. Kline, Ld., 931 Arch St., Phila., Pa.

Serial of One Million Words.

An advertiser in a London paper says he has immediate use for a "sensational serial," which must consist of about 1,000,000 words. The longest novel, so far, is said to be George Eliot's "Middlemarch," which contains nearly 329,000 words.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Winter of Our Discontent.

Singleton—Hello, old man! You're looking blue this morning. What's up?

Wedderly (gloomily)—The price of coal.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Beyond His Capacity.

Her—Do you speak any language other than the mother tongue?

Him—No. And I never expect to be able to talk like mother can.

The Kidneys

When they are weak, torpid, or stagnant, the whole system suffers. Don't neglect them at this time, but heed the warning of the aching back, the bloated face, the sallow complexion, the urinary disorder, and begin treatment at once with

Hood's Sarsaparilla

which contains the best and safest curative substances.

In usual liquid form or in chocolated tablets known as **Sarsatabs.** 100 doses $1.

CONTAGIOUS BLOOD POISON

NO LIMIT TO ITS POWERS FOR EVIL

Contagious Blood Poison has brought more suffering, misery and humiliation into the world than all other diseases combined; there is hardly any limit to its powers for evil. It is the blackest and vilest of all disorders, wrecking the lives of those unfortunate enough to contract it and often being transmitted to innocent offspring, a blighting legacy of suffering and shame. So highly contagious is the trouble that innocent persons may contract it by using the same table ware, toilet articles or clothing of one in whose blood the treacherous virus has taken root. Not only is it a powerful poison but a very deceptive one. Only those who have learned by bitter experience know by the little sore or ulcer, which usually makes its appearance first, of the suffering which is to follow. It comes in the form of ulcerated mouth and throat, unsightly copper colored spots, swollen glands in the groin, falling hair, offensive sores and ulcers on the body, and in severe cases the finger nails drop off, the bones become diseased, the nervous system is shattered and the sufferer becomes an object of pity to his fellow man. Especially is the treacherous nature of Contagious Blood Poison, shown when the infected person endeavors to combat the poison with mercury and potash. These minerals will drive away all outward symptoms of the troubles for a while, and the victim is deceived into the belief that he is cured. When, however, the treatment is left off he finds that the poison has only been driven deeper into the blood and the disease reappears, and usually in worse form because these strong minerals have not only failed to remove the virus from the blood but have weakened the entire system because of their destructive action. S. S. S. is the only real and certain cure for Contagious Blood Poison. It is made of a combination of healing blood-purifying roots, herbs and barks, the best in Nature's great laboratory of forest and field. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral in any form. S. S. S. goes down to the very bottom of the trouble and by cleansing the blood of every particle of the virus and adding rich, healthful qualities to this vital fluid, forever cures this powerful disorder. So thoroughly does S. S. S. cleanse the circulation that no signs of the disease are ever seen again, and offspring is protected.

S. S. S.
PURELY VEGETABLE

Write for our special book on Contagious Blood Poison, which fully explains the different stages of the trouble, and outlines a complete home treatment for all sufferers of this trouble. No charge is made for this book, and if you wish special medical advice about case or any of its symptoms, our physicians will be glad to furnish that, too, without charge,

Harvesting Dollars

is possible if the seed be judiciously planted.

Southern Alberta, Canada, has demonstrated beyond a doubt that it is the greatest cereal growing country on the continent, and "Alberta Red Wheat" grown there took both the Gold and Bronze medals at the Portland Exposition.

The Canadian Pacific Railway Company has 3,000,000 acres of the best of land, irrigable and non-irrigable, just east of Calgary, Alberta, which they are selling at from $12 to $15 per acre for non-irrigable and $18 to $25 per acre for irrigable.

Lands sold by them three months ago at these prices are now now being held by the purchasers at $50 per acre and upwards.

The harvesting of dollars invested in these lands is just as certain as the harvesting of cereals.

If you are interested drop a card to the address below for literature fully describing the opportunity of the age.
